

Financing for Wynn AI Marjan Island Completed

February 6, 2025

Significant Milestone Toward the Resort's 2027 Opening

LAS VEGAS--(BUSINESS WIRE)--Feb. 6, 2025-- Wynn Resorts, Limited (WYNN) today announced that Wynn AI Marjan Island has obtained a \$2.4 billion construction facility with a global syndicate of lenders to finance the development of Wynn AI Marjan Island, the first integrated resort in the United Arab Emirates. Wynn AI Marjan Island is located 50 minutes from Dubai International Airport in the emirate of Ras Al Khaimah.

The secured term loan facility, made available to Wynn AI Marjan Island FZ-LLC which is a subsidiary of the 40%-owned joint venture, is denominated in a combination of AED and USD currencies, reflecting the bulk of the expected development expenditures to be incurred in AED. The term of the loan is seven years at a competitive market interest rate and is structured as a delayed draw facility which provides significant financial flexibility to the joint venture partners.

This landmark transaction represents the largest hospitality financing transaction in the history of the United Arab Emirates.

The bank syndicate includes a mix of globally recognized regional and international lenders. Abu Dhabi Commercial Bank PJSC and Deutsche Bank AG acted as Joint Coordinators of the financing. The joint coordinators as well as First Abu Dhabi Bank PJSC, Emirates NBD Capital Limited, and The National Bank of Ras Al Khaimah acted as Initial Mandated Lead Arrangers, Bookrunners and Underwriters, and Sumitomo Mitsui Banking Corporation DIFC Branch, Dubai acted as Lead Arranger. First Abu Dhabi Bank PJSC is acting as Agent and Security Agent for the lenders.

Project construction is proceeding well with 64% of the structural concrete completed up to the 34th floor of the main resort tower and elevator cores extending to the 36th floor. The construction team is completing one floor per week, working toward a topping off in December of this year. In the last 100 days, the resort tower has grown approximately 140 feet.

The resort will offer 1,542 rooms and well-appointed suites. To date, 1,226 guest rooms in the tower structure have been completed, or 80% of the total. The exterior façade window glazing is progressing with 2,840 of 13,734 panels completed, which is more than 20% of the total. Fit out is underway in approximately 1,121 rooms – including walls, floors, and ceilings, as well as all mechanical, electrical, and plumbing services.

In the low-rise portion of the building, the concrete and steel structures are a combined 70% complete. Exterior facades and interior fit out have commenced. Elevator and escalator installation across the property is also progressing.

Overlooking its own beautiful white sand beach with views of the Arabian Gulf and the distant Hajar Mountains, Wynn Resorts is developing the resort in partnership with Marjan and RAK Hospitality Holding. Wynn Design and Development is overseeing all facets of the project's design and construction.

Wynn AI Marjan Island will have twenty-two restaurants, lounges and bars, as well as a nightclub and beach club. Guests will enjoy a luxury shopping promenade and a signature Wynn spa and salon. There will be an extensive 39,000 square foot poolscape adjacent to the beach. The 145,000 square-foot meetings and events center will include outdoor event terraces and lawns. The theater and a new resident show are also being created specifically for Marjan Island.
