General Information

Our 2016 Annual Meeting of Stockholders

This Proxy Statement is furnished to the stockholders of Wynn Resorts, Limited, a Nevada corporation (“Wynn Resorts,” “we” or the “Company”), in connection with the solicitation by the Company’s Board of Directors (the “Board”) of proxies for its 2016 Annual Meeting of Stockholders (the “Annual Meeting”) to be held on April 14, 2016 at the Encore Theater at Wynn Las Vegas, 3131 Las Vegas Boulevard South, Las Vegas, Nevada, at 9:00 am (local time), and at any adjournments or postponements thereof. Our principal executive offices are 3131 Las Vegas Boulevard South, Las Vegas, Nevada 89109. Matters to be considered and acted upon at the Annual Meeting are set forth in the Notice of Annual Meeting of Stockholders accompanying this Proxy Statement and are more fully described herein.

The Board recommends a vote as follows:

Proposal Number	Proposal	Board Recommendation
1	Election of the three Class II director nominees named in this Proxy Statement to serve until the 2019 Annual Meeting of Stockholders	FOR each nominee
2	Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016	FOR
3	Vote on a stockholder proposal described in this Proxy Statement, if properly presented	AGAINST

Voting and Solicitation

Only holders of record of shares of the Company’s Common Stock as of the close of business on February 18, 2016, the record date fixed by the Board (the “Record Date”), are entitled to notice of, and to vote at, the Annual Meeting and at any adjournments or postponements thereof. As of the Record Date, there were 101,749,906 shares of Common Stock outstanding. Each stockholder is entitled to one vote for each share of Common Stock held as of the Record Date on all matters presented at the Annual Meeting.

At least a majority of the outstanding shares of Common Stock must be represented at the Annual Meeting, in person or by proxy, to constitute a quorum and to transact business at the Annual Meeting. Abstentions, broker non-votes and “withhold” votes are counted for purposes determining whether there is a quorum.

A plurality of the votes cast in person or by proxy at the Annual Meeting is required for the election of the director nominees. Shares as to which a stockholder withholds voting authority in the election of directors and broker non-votes, which are described below, will not affect the outcome of the election.

For each other item to be acted upon at the Annual Meeting (Proposal Nos. 2 and 3), the item will be approved if the number of votes cast in favor of the item by the stockholders entitled to vote exceeds the number of votes cast in opposition to the item. Abstentions and broker non-votes will not be counted as votes cast on an item and, therefore, will not affect the outcome of these proposals. Shares represented by properly executed and unrevoked proxies will be voted at the Annual Meeting in accordance with the directions of stockholders indicated in their proxies. If no specification is made, shares represented by properly executed and unrevoked proxies will be voted in accordance with the specific recommendations of the Board set forth above. If any other matter properly comes before the Annual Meeting, the shares will be voted in the discretion of the persons voting pursuant to the respective proxies.

For a stockholder who holds his or her shares through an intermediary, such as a broker, bank or other nominee (referred to as “beneficial owners”), such intermediary will not be permitted to vote on the election of directors and the stockholder proposal if the stockholder does not provide the intermediary with applicable voting instructions (this situation is called a “broker non-vote”). **Accordingly, we encourage you to vote your shares on all matters being considered at the Annual Meeting.** Notwithstanding the occurrence of a broker non-vote, the intermediary may still vote the stockholder’s shares on the proposal to ratify Ernst & Young LLP as our independent auditor.

How You Can Vote

Stockholders of Record. For stockholders of record, there are four different ways you can vote:

- **By Internet.** To vote via the Internet, use the website on the enclosed proxy card.
- **By Telephone.** To vote by telephone, call the toll-free number on the enclosed proxy card.
- **By Mail.** To vote by mail, follow the instructions on the enclosed proxy card.
- **In Person.** To vote in person, you must attend the Annual Meeting as instructed below and follow the procedures for voting announced at the Annual Meeting.

The Internet and telephone voting procedures are designed to authenticate your identity, to allow you to vote your shares and to confirm that your voting instructions have been properly recorded. Specific instructions are set forth on the enclosed proxy card. In order to be timely processed, an Internet or telephone vote must be received by **11:59 p.m. Eastern Time on April 13, 2016**. Regardless of the method you choose, your vote is important. Please vote by following the specific instructions on your proxy card.

Beneficial Stockholders. For stockholders who own shares of the Company's Common Stock through an intermediary, such as a broker, bank or other nominee, the intermediary is the stockholder of record but will vote your shares in accordance with your instructions. In order to have your shares voted, you will need to follow the instructions for voting provided by your broker, bank or other nominee.

Revocability of Proxies

Stockholders of Record. If you are a record holder of shares of the Company's common stock, par value \$0.01 ("Common Stock"), as of the close of business on February 18, 2016, and you deliver a proxy pursuant to this solicitation, you may revoke that proxy at any time before it is voted by (a) giving written notice to our Secretary at the address set forth below, (b) delivering to our Secretary a later dated proxy, (c) submitting another proxy by telephone or over the Internet (your latest telephone or Internet voting instructions are followed), or (d) voting in person at the Annual Meeting. Written notice of revocation or subsequent proxy should be sent to:

Wynn Resorts, Limited
c/o Corporate Secretary
3131 Las Vegas Boulevard South
Las Vegas, Nevada 89109

Beneficial Stockholders. If your shares are held through an intermediary such as a bank, broker or other nominee, you must contact that person if you wish to revoke previously given voting instructions. In this case, attendance at the Annual Meeting, in and of itself, does not revoke a prior proxy.

Attending the Annual Meeting

Stockholders of Record. For stockholders of record, a government-issued photo identification that matches the stockholder's name on the Company's stock ledger as of the close of business on the Record Date must be presented to attend the Annual Meeting.

Beneficial Stockholders. For stockholders who own shares of the Company's Common Stock through an intermediary, such as a broker, bank or other nominee, satisfactory proof of ownership of the Company's Common Stock as of the close of business on the Record Date must be presented to attend the Annual Meeting. Satisfactory proof of ownership consists of a government-issued photo identification and a document that includes the stockholder's name and confirms ownership as of the Record Date, such as (a) the Notice of Internet Availability that was mailed to the stockholder, (b) a copy of a voting instruction form mailed to the stockholder or, (c) a valid proxy signed by the record holder.

Persons who are not stockholders will be entitled to admission only if they have a valid legal proxy from a record holder and government-issued photo identification. Each stockholder may appoint only one proxyholder to attend on his or her behalf.

Notice of Internet Availability of Proxy Materials

Under rules adopted by the U.S. Securities and Exchange Commission (the “SEC”), we are furnishing proxy materials to some stockholders via the Internet, instead of mailing printed copies of those materials to each stockholder. On or about March 4, 2016, we mailed to stockholders either a printed copy of our Annual Meeting materials or a Notice of Internet Availability containing instructions on how to access our Annual Meeting materials, including this Proxy Statement and our Annual Report for the fiscal year ending December 31, 2015. The Notice of Internet Availability also explains how to vote through the Internet or by telephone.

This electronic access process expedites stockholders’ receipt of our Annual Meeting materials, lowers the cost of our Annual Meeting and conserves natural resources. However, if you would prefer to receive a printed copy of our Annual Meeting materials, a paper proxy card or voting instructions card, please follow the instructions included in the Notice of Internet Availability. If you have previously elected to receive our Annual Meeting materials electronically or by mail, you will continue to receive these materials in that format unless you elect otherwise.

Proposal 1: Election of Directors

Under our Third Amended and Restated Articles of Incorporation (the “Articles”) and our Eighth Amended and Restated Bylaws (the “Bylaws”), the number of directors on our Board is established from time to time by resolution of the Board and must not be less than one nor more than thirteen members. Our Board currently has nine directors, divided into three classes, designated as Class I, Class II and Class III. Members of each class serve for a three-year term. At each annual meeting, the terms of one class of directors expire. The term of office of the current Class II directors will expire at the 2016 Annual Meeting. The term of office of the current Class III directors will expire at the 2017 Annual Meeting and the term of office of the current Class I directors will expire at the 2018 Annual Meeting. The Board has nominated the three individuals listed below to serve as Class II directors for terms that commence upon election at the 2016 Annual Meeting. If elected at the 2016 Annual Meeting, each nominee would serve until the 2019 Annual Meeting and until his successor has been duly elected and qualified, or until his earlier death, resignation, removal or retirement. The persons designated as proxies will have discretion to cast votes for other persons in the event any nominee for director is unable to serve. At present, it is not anticipated that any nominee will be unable to serve.

Director Nominees

Overview

Our Governance Program. Our Board and management are committed to sound and effective corporate governance. Consistent with this commitment, the Company has established a comprehensive corporate governance framework, with policies and programs designed not only to satisfy the extensive regulatory requirements applicable to our business but also to build value for the Company's stockholders and promote the vitality of the Company for its customers, employees and the other individuals and organizations that depend upon it. The key components of our corporate governance framework are set forth in the following documents:

- Articles and Bylaws;
- Corporate Governance Guidelines that govern the structure and functioning of the Board and set out the Board's position on a number of governance issues, including a requirement that all independent directors meet the heightened independence criteria applicable to audit committee members under the Securities Exchange Act of 1934, as amended (the "Exchange Act") and the rules of NASDAQ;
- Code of Business Conduct and Ethics applicable to all directors, officers, employees and certain independent contractors;
- Written charters for each of our standing Committees of the Board, which are comprised solely of independent directors: the Audit Committee, Compensation Committee and Corporate Governance Committee;
- Written compliance programs for our corporate and property level compliance committees to promote compliance with our various regulatory requirements including, among other things, gaming regulations in each jurisdiction in which we operate, and applicable federal laws and regulations related to anti-money laundering and the Foreign Corrupt Practices Act; and
- Stock Ownership Guidelines.

Other than the compliance programs, each of the above documents is available on our investor relations website at <http://www.wynnresorts.com> under the heading "Corporate Governance" on the Company Information page.

Corporate Social Responsibility. In addition, we are committed to operating our business in a manner that incorporates our core values of compassion and responsibility, including participating in wide-ranging community service and philanthropic efforts that assist underserved communities in the markets in which we operate. We issued our 2014 Corporate Social Responsibility Report on our website in 2015 and plan to issue additional reports periodically.

Board Leadership Structure

The Board has given careful consideration to the leadership model that best serves the interests of our stockholders. The Board has determined that the interests of all stockholders are currently best served with a combined Chairman and Chief Executive Officer ("CEO") position and a Lead Independent Director. The Board also believes that the issue of whether to combine or separate the offices of Chairman and CEO is part of the succession planning process and that it is in the best interests of the Company for the Board to periodically evaluate and make a determination whether to combine or separate the roles based upon current circumstances.

Chairman and CEO. Mr. Wynn currently serves as the Chairman and CEO of the Company. Mr. Wynn has served in these roles since the Company's inception in 2002. We believe that during his tenure, Mr. Wynn has delivered exceptional value to our stockholders. Under Mr. Wynn's leadership, from our initial public offering in 2002 through the end of 2015, we have paid approximately \$6.2 billion, or \$56.75 per share, in dividends to our stockholders. Our stockholders have seen a compounded annual total stockholder return (including reinvestment of dividends) of 18% over the same timeframe.

Mr. Wynn is the founder, creator and name behind our brand. We believe he brings extraordinary talent to our Company that is unrivaled by others in our industry. In addition, the Board believes that Mr. Wynn's combined role as Chairman and CEO promotes unified leadership and direction for the Board and management, and provides focused leadership for the Company's operational and strategic efforts.

Lead Independent Director. Governor Miller currently serves as the Lead Independent Director. The Lead Independent Director is elected annually by the independent members of the Board. In accordance with the specific duties prescribed in our Corporate Governance Guidelines, the Lead Independent Director's responsibilities include: (i) presiding at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent directors; (ii) overseeing and reviewing information sent to the Board; (iii) approving the agenda and schedule for Board meetings to provide that there is sufficient time for discussion of all agenda items; (iv) acting as the liaison between the Chairman and the independent directors; (v) overseeing the Company's engagement with stockholders on corporate governance and other appropriate issues, including being available, if requested by stockholders, when appropriate, for consultation and direct communication with significant stockholders; and (vi) performing such additional functions as designated by the Board. The Lead Independent Director also has the authority to call executive sessions of the independent directors.

Other Board Governance Measures. The combined role of Chairman and CEO is further balanced by the Board's demonstrated commitment and ability to provide independent oversight of management. Seven of the nine members of our Board satisfy the most stringent requirements of independence under the Exchange Act and NASDAQ for audit committee members, and the Audit, Compensation, and Corporate Governance Committees are each comprised entirely of independent members of the Board. We believe this structure encourages independent and effective oversight of the Company's operations and prudent management of risk. In addition, the Company is subject to stringent regulatory requirements and oversight, combining our internal controls with third-party monitoring of the Company's operations. The independent members of the Company's Board meet separately in executive session at each regular meeting of the Board. The members of the Audit Committee also meet separately in executive session with each of the Company's independent auditors, the Vice President of Internal Audit, the Chief Financial Officer, the General Counsel and the Compliance Officer. The Lead Independent Director is responsible for communicating to the CEO and management all concerns that arise during executive sessions. In addition, all Committee agendas and all agendas for meetings of the Board are provided in advance to all independent members of the Board. The independent directors are encouraged to, and do, review the proposed agenda items and add additional items of concern or interest. Further, our CEO's compensation is established and reviewed by the Compensation Committee, all of whose members are independent. The Compensation Committee engages an independent third party to evaluate the level of the compensation and employment benefits provided to Mr. Wynn. This evaluation was last completed in 2015 by Pay Governance LLC. Please refer to the "Compensation Discussion and Analysis" beginning on page 19 for the details of this review.

Director Independence

The Board has determined that seven of its nine members are independent under standards set forth in our Corporate Governance Guidelines and NASDAQ listing standards. The Board has further determined that each of the seven independent directors also meet the additional, heightened independence criteria applicable to audit and compensation committee members under the Exchange Act and NASDAQ listing standards. The seven independent directors are Ms. Mulroy and Messrs. Hagenbuch, Irani, Miller, Shoemaker, Virtue and Wayson. Based upon information requested from each director concerning his or her background, employment and affiliations, the Board has affirmatively determined that none of the independent directors has a direct or indirect material relationship with the Company. In assessing independence, the Board considered all relevant facts and circumstances, including that none of the independent directors or their immediate family members has any economic relationship with the Company other than the receipt of his or her director's compensation and compensation provided to directors' immediate family members, as defined under NASDAQ listing standards, which was less than \$120,000 in the aggregate and was not for consulting or advisory services. None of the independent directors or their immediate family members is engaged in any related party transaction with the Company.

Mr. Wynn and Ambassador Randt have been determined not to be independent. In addition, during her service as a director, Ms. Wynn was determined not to have been independent.

Meetings of the Board of Directors and Stockholders

The Board met 10 times during 2015. All of the members of our Board attended at least 75% of the meetings held by the Board and the Committees on which they served during the periods in which they served. In addition, the independent directors met in executive session, without management present, at each regular meeting of the Board.

In accordance with our Corporate Governance Guidelines, each of our directors is invited and encouraged to attend the Annual Meeting. All of our directors then serving on the Board attended the 2015 Annual Meeting.

Other Governance Measures

Director Resignation Policy. In 2013, the Board implemented a Director Resignation Policy. Under this policy, if any director in an uncontested election does not receive over 50% of the votes cast, meaning that the director receives more “withhold” votes than “for” votes, the director is required to tender his or her resignation to the Chairman of the Board within five days of the election. The members of the Board (other than the affected director) then have the discretion to accept the resignation or not and the affected director must abide by the Board’s decision.

Stock Ownership Guidelines. The Company has rigorous Stock Ownership Guidelines that are applicable to members of the Board and each of the Company’s senior corporate officers. The Guidelines require that (i) each director achieve ownership of an amount of Common Stock of the Company for which the fair market value equals or exceeds three times such director’s annual cash retainer, (ii) the Company’s CEO achieve ownership of an amount of Common Stock of the Company for which the fair market value of Common Stock owned equals or exceeds ten times his base salary, and (iii) each of the Company’s President, Chief Operating Officer, Chief Financial Officer and any Executive Vice President achieve ownership of an amount of Common Stock of the Company for which the fair market value of Common Stock owned equals or exceeds three times such officer’s base salary. Ownership requirements should be met for executives within three years of appointment to office and for directors within five years of election to the Board, with vested options and all restricted stock grants counted toward satisfaction of ownership guidelines. Any failure to meet guidelines will be referred to the Corporate Governance Committee for consideration. Compliance with the guidelines is reviewed once a year. As of April 2015, all members of the Board and senior corporate officers then serving satisfied the guidelines.

Policy Regarding Prohibited Transactions. Pursuant to the Company’s Trading Policy, our directors and executive officers are prohibited from engaging in speculative transactions in Company securities, such as trading in puts and calls, or selling securities short, and from all hedging and prospective pledging of Company securities as collateral for any loan, including by holding securities in a margin account and obtaining a loan or other margin credit under such account, unless approved in advance by the Board.

Director Education. In accordance with our Corporate Governance Guidelines, all of our directors are expected to maintain the necessary level of expertise to perform their responsibilities as directors. The directors of Wynn Macau, Limited participate in the Company’s regular compliance training program with the most recent training session held in March 2015. In February 2016, directors of the Company participated in our annual compliance training conducted by the Company’s Global Compliance Officer.

Risk Oversight

The Board has an active role in overseeing the Company’s areas of risk. The Board and its Committees regularly review information regarding the Company’s risk profile and have, in consultation with management and the Company’s independent auditors, identified specific areas of risk including: regulatory compliance, legislative and political conditions, capital availability and liquidity, gaming credit extension and collection, construction, catastrophic events and succession planning. The Board (as a whole and through its Committees) has reviewed and approved management’s process for identifying, managing and mitigating these risks. While the full Board has overall responsibility for risk oversight, the Board has assigned certain areas of risk oversight to its Committees as well as to the Company’s Compliance Committee. Throughout the year, the Board, its Committees and the Company’s Compliance Committee receive reports from management that include information regarding major risks and exposures facing the Company and the steps management has taken to monitor and control such risks and exposures. In addition, throughout the year, the Board, its Committees and the Company’s Compliance Committee dedicate a portion of their meetings to review and discuss specific risk topics in greater detail. The Audit Committee is primarily responsible for the oversight of credit, related party, construction and general financial risks. The Company’s Compliance Committee primarily oversees risks relating to regulatory, security and political compliance. For the 2015 fiscal year, management completed a review of the Company’s compensation policies and practices and presented its analysis to the Compensation Committee. The Compensation Committee concurred with management’s conclusion that such policies and practices do not present risks that are reasonably likely to have a material adverse effect on the Company.

Standing Committees

The Board of Directors has three standing committees, each comprised solely of independent directors: the Audit Committee, the Compensation Committee and the Corporate Governance Committee. The written charters for these Committees are available on our investor relations website at <http://www.wynnresorts.com> under the heading "Corporate Governance" on the Company Information page.

Corporate Compliance Committee. In accordance with Nevada gaming laws, the Company has a Compliance Committee. The purpose of this committee is to assist the Company in maintaining the highest level of regulatory compliance. In his role as a director, Governor Miller currently serves as the Chairman of this committee.

Corporate Governance Committee; Director Nominating Procedures and Diversity. The Corporate Governance Committee seeks to have the Board represent a diversity of backgrounds and experience and assesses potential nominees in light of the Board's current size and composition. The Corporate Governance Committee believes that the minimum qualifications for serving as a director of the Company are that a nominee demonstrate, by significant accomplishment in his or her field, an ability to make a meaningful contribution to the Board's oversight of the business and affairs of the Company and have a reputation for honest and ethical conduct in both his or her professional and personal activities. The Corporate Governance Committee may, from time to time, develop and recommend additional criteria for identifying and evaluating director candidates. In addition, the Corporate Governance Committee examines a candidate's other commitments, potential conflicts of interest and independence from management and the Company.

The Corporate Governance Committee implements its policy with regard to considering diversity by annually reviewing with the Board the Board's composition as a whole and recommending, if appropriate, measures to be taken so that the Board reflects the appropriate balance of knowledge, depth, diversity of backgrounds and experience, and the skills and expertise required for the Board as a whole. The Corporate Governance Committee assesses the effectiveness of this policy by periodically reviewing the Board membership criteria with the Board. This assessment enables the Board to update the skills and experience it seeks in the Board as a whole and in individual directors, as the Company's needs evolve and change over time.

The Corporate Governance Committee identifies potential nominees by asking current directors and executive officers to notify the Corporate Governance Committee if they become aware of persons meeting the criteria described above who might be available to serve on the Board. In addition, during 2015, the Corporate Governance Committee retained an independent director search firm, which served to assist in identifying and vetting potential candidates to serve as directors. The Corporate Governance Committee will also consider director candidates recommended by stockholders on the same basis as it considers all other candidates. In considering such candidates, the Corporate Governance Committee will take into consideration the Board's current size and composition; the needs of the Board, including the skills and experience of existing directors; and the qualifications of the candidate. To have a candidate considered by the Corporate Governance Committee, a stockholder must comply with all applicable provisions of the Bylaws, must submit the recommendation in writing and must include the following information:

- The name of the stockholder and evidence of the stockholder's ownership of Company stock, including the number of shares owned and the length of time of ownership; and
- The name of the candidate, the candidate's resume or a listing of his or her qualifications to be a director of the Company, and the candidate's consent to be named as a director if selected by the Corporate Governance Committee and nominated by the Board.

The stockholder recommendation and information described above must be sent to Wynn Resorts, Limited, c/o Corporate Secretary at 3131 Las Vegas Boulevard South, Las Vegas, Nevada 89109 and must be received by the Corporate Secretary not later than the close of business on the 90th day prior to the first anniversary of the Company's most recent Annual Meeting of Stockholders and not earlier than the close of business on the 120th day prior to such anniversary.

If the Corporate Governance Committee determines to pursue consideration of a person who has been identified as a potential candidate, the Corporate Governance Committee may take any or all of the following steps: collect and review publicly available information regarding the person, contact the person and request information from the candidate, conduct one or more interviews with the candidate and contact one or more references provided by the candidate or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The Corporate Governance Committee's evaluation process takes into account the person's accomplishments and qualifications, including in comparison to any other candidates that the Corporate Governance Committee might be considering and does not vary based on whether or not a candidate is recommended by a stockholder.

Compensation Committee. The Compensation Committee sets all elements of compensation for our named executive officers based upon consideration of their contributions to the development and operating performance of the Company, and is primarily responsible for monitoring risks relating to the Company's compensation policies and practices to determine whether they create risks that are reasonably likely to have a material adverse effect on the Company. The Compensation Committee considers the recommendations of the CEO in establishing compensation for all named executive officers, other than the CEO. The CEO is not present during the voting or deliberations regarding his compensation. In addition, the CEO performs annual reviews of all of our senior management and makes recommendations to the Compensation Committee concerning their compensation. The Compensation Committee reviews the recommendations and makes final decisions regarding compensation for members of our senior management. The Compensation Committee has the authority to retain compensation consulting firms exclusively to assist it in the evaluation of executive officer and employee compensation and benefit programs. Since 2011, the Compensation Committee has retained Pay Governance LLC, a nationally recognized independent compensation consulting firm, to assist in performing its duties. Pay Governance does not provide services to the Company other than the advice on director and executive compensation that it provides the Compensation Committee. In 2014, Pay Governance advised the Compensation Committee with respect to compensation trends and best practices, competitive pay levels, equity grant practices and competitive levels, peer group benchmarking and proxy disclosure. In 2015, Pay Governance provided the Compensation Committee with an updated benchmarking analysis, which included competitive analysis of compensation, peer pay mix and analysis of peer trends, in connection with the Compensation Committee's review of compensation levels of our named executive officers. The Compensation Committee retains sole responsibility for engaging advisors and meets with advisors, as needed, in the Compensation Committee's sole discretion.

Compensation Committee Interlocks and Insider Participation. The members of the Compensation Committee are appointed by the Board each year. The members of the Compensation Committee that served in 2015 were Messrs. Hagenbuch, Irani, Shoemaker and Virtue and as of October 15, 2015, Ms. Mulroy. No member of the Compensation Committee is, or was formerly, one of our officers or employees. No interlocking relationship exists between the Board or Compensation Committee and the board of directors or compensation committee of any other company, nor has any interlocking relationship existed in the past.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires the Company's executive officers and directors and persons who own more than 10% of the Company's Common Stock to file reports of ownership on Forms 3, 4 and 5 with the SEC. Executive officers, directors and greater than 10% beneficial owners are also required to furnish the Company with copies of all Forms 3, 4 and 5 they file. Based solely on the Company's review of the copies of such forms it has received, the Company believes that all its executive officers, directors and greater than 10% beneficial owners, other than one late Form 3 by Wynn Family Limited Partnership, complied with all the filing requirements applicable to them with respect to transactions during 2015.

Compensation Discussion and Analysis —

Executive Summary

The Compensation Committee views 2015 as a challenging but productive year for the Company, as Wynn Resorts executed its operating strategy, enhanced its liquidity position, and made significant investments that will drive the Company's future growth despite an uncertain macroeconomic environment. In addition to advancing the pillars of the Company's operating, financial, and growth strategies, Wynn Resorts returned significant capital to stockholders through the payment of dividends. Key highlights from 2015 include:

- **Market-Leading Results at Wynn Las Vegas.** Wynn Las Vegas | Encore generated \$477 million of adjusted property EBITDA in 2015, which management believes is the highest publicly reported EBITDA result for any single property in the Las Vegas market. Non-gaming revenue at Wynn Las Vegas reached an all-time property record of \$1.2 billion in 2015, which the Company believes is the highest publicly reported non-gaming revenue result generated by a single property in the history of Las Vegas. See our Annual Report on Form 10-K for the year ended December 31, 2015, Item 8, Note 18—"Segment Information" to our Consolidated Financial Statements for the definition of "adjusted property EBITDA" and a reconciliation of adjusted property EBITDA to net income.
- **Wynn Macau Well Positioned for Long-Term Growth.** Wynn Macau | Encore generated \$709 million of adjusted property EBITDA in 2015, a 44% decline due primarily to market-wide declines in gaming revenues. The Company believes that future adjustments to its existing property, Wynn Macau | Encore, and opening of Wynn Palace in the Cotai area of Macau, will position the Company well to gain market share starting in 2016. See our Annual Report on Form 10-K for the year ended December 31, 2015, Item 8, Note 18—"Segment Information" to our Consolidated Financial Statements for the definition of "adjusted property EBITDA" and a reconciliation of adjusted property EBITDA to net income.
- **Earned More Forbes Five-Star Awards than Any Independent Hotel Company.** Reflecting the Company's commitment to maintaining its properties at five-star levels and delivering five-star customer service, Forbes Travel Guide awarded eleven Five-Star awards to Wynn Macau | Encore as well as Wynn Las Vegas | Encore in 2015. Collectively, Wynn Resorts earned more Forbes Travel Guide Five-Star awards than any other independent hotel company in the world. Wynn Macau | Encore is the only resort in the world with seven Five-Star awards, with its hotel, spa and restaurants garnering Five-Star recognitions for the second consecutive year. In addition, Wynn Resorts was honored as the highest ranking casino resort on FORTUNE Magazine's 2016 World's Most Admired Companies list in the hotel, casino and resort category.
- **Maintained Robust Re-investment Program at Existing Properties.** We continually enhance and refine our integrated resorts through strategic capital investments. At Wynn Las Vegas | Encore, we completed the full remodel of the Encore hotel room tower, expanded the number of stores in the Wynn retail esplanade, and launched the renovation of the Tryst nightclub and various restaurants. In Macau, we renovated many of the public areas of Wynn Macau in addition to refurbishing several restaurants, the salon, and spas. We are continuously evaluating additional changes to enhance the guest experiences in both Las Vegas and Macau.
- **Maintained Solid Liquidity and Financial Flexibility.** As of December 31, 2015, the Company had approximately \$2.3 billion of cash and investments on-hand and approximately \$1.5 billion of undrawn debt capacity to help fund its current development projects. During 2015, we executed several re-financings designed to increase the Company's financial flexibility and borrowing capacity and extend maturity dates. In September 2015, the Company amended its Wynn Macau senior secured credit facilities to, among other things, increase borrowing capacity and extend maturity dates. We also amended the Wynn America Credit Facilities to extend the available borrowing period. In February 2015, the Company issued \$1.8 billion of Wynn Las Vegas 5 1/2% senior notes due March 1, 2025, the net proceeds from which were used to purchase approximately \$1.6 billion of 2020 Notes and for general corporate purposes.
- **Massachusetts Project Progressing, Diversifying Future Revenue Streams.** In 2014, the Massachusetts Gaming Commission officially designated Wynn Resorts as the award winner for the coveted Greater Boston (Region A) gaming license, concluding a nearly two-year competitive process. The Company plans to develop and construct an integrated resort in Everett, Massachusetts containing a hotel, restaurants, casino, spa, premium retail offerings, meeting and convention space and a waterfront boardwalk. Following the award of a key environmental permit in 2015, we commenced site preparation and environmental cleanup activities on the project site.
- **Return of Significant Capital to our Stockholders.** During 2015, we returned approximately \$304 million, or \$3.00 per share, of cash to our stockholders through the payment of dividends. Since our initial public offering in 2002 through the end of 2015, we have returned approximately \$6.2 billion, or approximately \$56.75 per share, of cash to our stockholders through the payment of dividends.

Compensation Discussion and Analysis

Pay for Performance. We believe that our executive compensation programs have been effective at incentivizing strong results by appropriately aligning pay and performance.

- **Long-Term TSR Performance Remains Strong.** We believe that our compensation programs have over time provided appropriate incentives that reflect the challenges of our industry and operations while motivating superior performance. Historically, our Total Stockholder Return (“TSR”), including the reinvestment of dividends, has outperformed the S&P 500 by a significant margin. Since our initial public offering in 2002, the Company has averaged an 18% TSR compared to 9% for the S&P 500.
- **Annual Incentive Awards Reflected Challenging but Productive 2015 Performance.** In setting annual incentive performance targets, our Compensation Committee considered that 2015 was expected to be a challenging year due primarily to the ongoing macroeconomic uncertainty in China and its impact on our global operations. Despite these challenges, the Company continued to execute its operating strategy, enhanced its liquidity position, advanced development projects that will drive the Company’s future growth, and, in the opinion of the Compensation Committee, maintained the Company’s reputation as one of the pre-eminent developers and operators of integrated casino resorts globally. These achievements, in combination with the recognition that 2015 was a challenging year for Wynn Resorts and the global gaming industry as a whole, resulted in earned annual incentive award payouts as described in “Compensation Discussion and Analysis—Elements of Executive Compensation”.
- **Exercised its Discretion to Reduce Annual Incentive Awards.** Under our 2014 Omnibus Incentive Plan (the “Omnibus Plan”), which was approved at our May 16, 2014 Annual Meeting of Stockholders, the Compensation Committee retains discretion to reduce payouts of annual incentive awards based on corporate and individual performance as it determines appropriate. The Committee exercised this discretion to reduce the payouts of 2015 awards between 20-30% based on various factors, including the performance of the Company’s Las Vegas and Macau operations.
- **Aligning Executive Compensation with the Interests of our Stockholders.** For the 2015 annual incentive awards, the Compensation Committee paid 50% of the earned annual incentive awards for all except one of our NEO participants in shares of Common Stock, subject to a three year holding period (the “Holding Period”). The Holding Period did not apply to any executive officer who holds 5% or more of the outstanding shares of Common Stock, in recognition that Mr. Wynn’s existing stock ownership already adequately fulfills the goal of a stock retention policy. This approach replaces our prior practice of paying all annual incentive awards solely in cash and was first implemented in 2014 to more closely align our senior executive officers with the interests of our stockholders.
- **Enhancing Performance-Based At-Risk Elements of Our CEO’s Compensation.** Mr. Wynn’s employment agreement and other relevant agreements with the Company were modified, effective as of January 1, 2015, to, among other things, (i) reduce his annual base salary from \$4 million to \$2.5 million so that a higher proportion of his compensation is attributable to variable, at-risk components that are linked to driving stockholder value and (ii) eliminate a number of perquisites by providing that Mr. Wynn will reimburse the Company for certain expenses for his personal use of Company aircraft, subject to a \$250,000 credit per calendar year as approved by the Compensation Committee, and that Mr. Wynn will pay market value for the use of a villa suite at our Wynn Las Vegas property.

Say-on-Pay Vote History and Stockholder Engagement

Our Board and management are committed to maintaining sound and effective compensation and governance programs, with policies and programs designed not only to satisfy the extensive regulatory requirements applicable to the Company’s business but to build value for the Company’s stockholders and promote the vitality of the Company for its customers, employees and the other individuals and organizations that depend upon it. At our 2014 Annual Meeting of Stockholders, over 91% of the votes cast were in favor of the advisory vote to approve our executive compensation. Buttressed by this support in favor of our existing executive compensation practices, the Compensation Committee continues to refine our programs to maintain alignment with stockholders and their views on compensation.

In 2015, we engaged in outreach to a significant percentage of our stockholder base. We have ongoing discussions with our largest investors and often solicit their feedback on a variety of corporate governance topics, including executive compensation practices. In addition to soliciting feedback from our stockholders, the Compensation Committee routinely assesses our compensation programs and seeks to maximize alignment between stockholder return and executive compensation while incentivizing and retaining a successful management team.

Executive Compensation Practices Highlights

What We Do	What We Don't Do
<ul style="list-style-type: none">✓ Maintain a Compensation Committee comprised solely of independent directors✓ Use an independent compensation consultant retained directly by the Compensation Committee, in its sole discretion, who performs no consulting or other services for the Company's management✓ Provide long-term vesting for principal stock option and restricted stock awards (including certain grants with ten-year vesting) which has an ownership effect similar to that of a holding period policy✓ Paid a significant portion of the 2015 annual incentive awards in the form of equity rather than cash for all but one NEO as discussed below✓ Apply a three-year holding period to the equity portions of the 2015 annual incentive awards, except the equity award to the CEO (who already is a significant stockholder)✓ Maintain meaningful stock ownership requirements for our NEOs and independent directors (including ten times base salary for the CEO, who owns approximately 12% of the Company's outstanding Common Stock)✓ Provide for double-trigger change in control provisions✓ Annually assess potential risks relating to the Company's compensation policies and practices✓ Use multiple performance goals for annual incentive awards	<ul style="list-style-type: none">✗ Pay dividends or dividend equivalents on option awards✗ Re-price underwater options✗ Provide supplemental retirement or pension benefits to NEOs✗ Provide excise tax gross ups for new executives

The Company continues to monitor the SEC's rulemaking with respect to clawback requirements under the Dodd-Frank Wall Street Reform and Consumer Protection Act and will adopt a clawback policy when the final rules go into effect.

Philosophy and Overview of Our Executive Compensation Program

Our Compensation Philosophy. The Compensation Committee believes that stockholder interests are best advanced by attracting and retaining a high-performing management team. To promote this objective, the Compensation Committee is guided by the following underlying principles in developing our executive compensation program:

- **Top talent**—Our program is designed to gain a long-term commitment from proven, accomplished executives that lead our success.
- **Pay-for-performance**—A high proportion of total compensation is at risk and tied to achievement of annual operating and strategic goals that drive stockholder value. As noted above, even when our EBITDA goals are achieved, the Compensation Committee retains negative discretion to reduce the amounts payable based upon other performance considerations.
- **Stockholder alignment**—Long-term incentives are provided in Company equity to encourage executives to plan and act with the perspective of stockholders.
- **Long-term performance orientation**—The mix of incentives provided is designed to motivate long-term sustainable growth in the value of our brand and enterprise.

Compensation Discussion and Analysis

- **Focus on total compensation**—Compensation opportunities are considered in the context of total compensation relative to the pay practices of major gaming companies and other competitors for key talent.

The Compensation Committee regularly reviews and evaluates the Company's compensation arrangements to assess whether they are appropriately structured to support these objectives and are effective in enabling the Company to attract and retain top talent in key leadership positions.

Mr. Wynn's Talent, Image and Likeness Are Key to our Continued Success. Mr. Wynn has served as our CEO since the Company's inception in 2002, and we believe that during that period he has delivered exceptional value to our stockholders. Under Mr. Wynn's leadership, from our initial public offering in 2002 through the end of 2015, we have paid approximately \$6.2 billion, or \$56.75 per share, in dividends to our stockholders. Our stockholders have seen a compounded annual total stockholder return (including reinvestment of dividends) of 18% over the same timeframe. Mr. Wynn is the founder, creator and name behind our brand. We believe that he brings extraordinary talent to our Company that is unrivaled in our industry. The Compensation Committee believes that Mr. Wynn's contributions to our longstanding, consistent achievement over the last decade have been, and continue to be, instrumental in creating significant stockholder value. These factors were key in the determination of Mr. Wynn's compensation during fiscal 2015.

Program Overview. This Compensation Discussion and Analysis focuses on the following executives who were our NEOs in 2015:

Name	Title
Stephen A. Wynn	Chairman and Chief Executive Officer
Matt Maddox	President
Linda Chen	President of Wynn International Marketing, Limited
Kim Sinatra	Executive Vice President, General Counsel and Secretary
John Strzemp	Executive Vice President and Chief Administrative Officer
Stephen Cootey	Senior Vice President, Chief Financial Officer and Treasurer

Our Compensation Committee believes that it has structured our executive compensation program to be simple in design and limited in scope. Each program component and the rationale for it are highlighted below.

Element	Role and Objectives
Base salary	<i>Provide a competitive, fixed level of cash compensation to attract and retain talented and skilled employees.</i> <i>Recognize sustained performance, capabilities, job scope and experience.</i>
Annual incentives	<i>Motivate and reward achievement of annual operating and strategic goals, which drive stockholder value. Under the Omnibus Plan, in addition to the adjusted property EBITDA goal, additional qualifying annual operating and strategic goals are available for the Compensation Committee to choose from.</i> <i>Encourage executive retention. For the 2015 annual incentive awards, the Compensation Committee paid a significant portion of these awards in equity, subject to the Holding Period for all but Mr. Wynn.</i> <i>Enforce accountability for individual performance through discretionary reductions in awards as deemed appropriate.</i>
Long-term incentive: Stock options & restricted stock	<i>Align executives with stockholders.</i> <i>Make periodic grants with long-term vesting (up to ten years) to encourage a long-term value perspective and executive retention.</i>
Executive benefits	<i>Promote executive health through supplemental health benefits and provide for executives' families through supplemental life insurance policies.</i>

Compensation Discussion and Analysis

Offer industry-competitive merchandise discounts and certain complimentary privileges with respect to the Company's resorts.

Effective as of January 1, 2015, Mr. Wynn's employment agreement and other relevant agreements with the Company were modified, to, among other things, provide that Mr. Wynn will reimburse the Company for certain expenses for his personal use of Company aircraft, subject to a \$250,000 credit per calendar year as approved by the Compensation Committee.

We maintain a comprehensive security program for the Company. Because of the importance of Mr. Wynn to the Company, as a component of that program, we provide Mr. Wynn with personal security services, which we view as a necessary and appropriate business expense. In determining the level and form of protection, we consider both security risks faced by multinational corporations generally and security risks specific to our Company and Mr. Wynn.

Consistent with competitive practice in Macau, we provide Ms. Chen with a car and driver, certain housing and living expenses and assistance with tax preparation.

2015 Executive Compensation Decisions

We do not use a specific formula or weighting for allocating total compensation opportunities among the principal elements of our executive compensation program, which consists primarily of base salary, annual incentives, long-term equity awards and executive benefits and perquisites. Instead, we offer total compensation packages that the Compensation Committee views to be effective for attracting and retaining key leaders while motivating management to maximize long-term Company value for our stockholders.

Base Salary. Negotiated employment agreements establish the initial base salaries of our NEOs. We review and adjust their base salaries periodically as deemed necessary due to competitive reasons, to reflect improvements in sustained performance, capabilities, and experience, and reward expansions of responsibility or other extraordinary circumstances.

For 2015, Mr. Wynn's salary was reduced to \$2,500,000 as part of the Compensation Committee's renegotiation of his compensation arrangements, in order to reduce elements of fixed, non-performance based compensation, such as salary and perquisites, and to make a greater percentage of his total compensation variable and performance-based. Salaries for the other NEOs were maintained at their 2014 levels.

Executive	2015 Base Salary	2014 Base Salary	Increase (Decrease)
Stephen A. Wynn	\$2,500,000	\$4,000,000	(38)% ⁽¹⁾
Matt Maddox	\$1,500,000	\$1,500,000	0%
Linda Chen	\$1,500,000	\$1,500,000	0%
Kim Sinatra	\$ 850,000	\$ 850,000	0%
John Strzemp	\$ 750,000	\$ 750,000	0%
Stephen Cootey	\$ 625,000	\$ 625,000	0%

⁽¹⁾ Mr. Wynn has not received a base salary increase since 2011 and effective January 1, 2015, his base salary decreased from \$4,000,000 to \$2,500,000 so that a higher proportion of his compensation is attributable to variable, at-risk components that drive stockholder value.

Annual Incentives. For 2015, our NEOs were granted annual incentive awards under our Omnibus Plan. Within 90 days after the commencement of the year, the Compensation Committee established the annual performance criteria for the senior executive officers it selected to participate in the Omnibus Plan. The 2015 annual performance criteria provided that the maximum annual incentive would be \$25 million for Mr. Wynn and one to two times base salary for the other NEO participants. For the 2015 annual incentive awards, the Compensation Committee approved the use of three performance goals: (a) a 2015 adjusted property EBITDA goal, (b) a goal that would be satisfied if, as of December 1, 2015, at least one of the Wynn properties maintains Forbes Five-Star distinction, and (c) a goal that would be satisfied if, as of December 1, 2015, Wynn Palace is on track to open in 2016.

For the adjusted property EBITDA goal, the Compensation Committee established a target of \$1 billion adjusted property EBITDA on a consolidated basis for maximum funding and a threshold of \$900 million for partial funding. These performance goals were below the level of adjusted property EBITDA achieved by the Company in 2014 in light of the competitive

Compensation Discussion and Analysis

environment for the Company's facilities, including the dramatic increase in supply in Macau, uncertainty as to the overall macroeconomic conditions in both China and the United States and the Company's development cycle for the opening of its new resort in Cotai. The Committee determined these factors could cause variability and unpredictability in our results, notwithstanding that the Company has achieved strong results for prior periods, and therefore that the target level of adjusted property EBITDA was achievable but not certain. These same considerations underlie the Company's practice of not providing guidance or projections for its financial results.

If each of the performance goals was achieved at maximum levels, the NEO participants would be eligible to receive the maximum awards set forth in the table below. These awards (i) were subject to the limitations set forth in the Omnibus Plan, including the cash and stock grant limits and requirement of continued employment through the end of the calendar year performance period, (ii) were subject to the Compensation Committee's right, in its discretion, to take into account other performance considerations, including corporate, property level and individual performance, as well as general macroeconomic conditions, and if appropriate, reduce actual bonus amounts paid, and (iii) if paid in shares of Common Stock, are subject to the Holding Period (except awards to the CEO who already is a significant stockholder).

Actual adjusted property EBITDA for 2015 was \$1.186 billion, and as of December 1, 2015, the Company maintained its Forbes Five-Star distinction at Wynn Macau (i.e., Wynn Macau and Encore at Wynn Macau) and at Wynn Las Vegas (i.e., Wynn Tower Suites and Encore Tower Suites), and as of December 1, 2015, Wynn Palace was on track to open in 2016. Accordingly, all performance metrics for maximum payout were attained.

While the Committee certified that each of the three performance goals were attained at the maximum levels, the Committee exercised its discretion to reduce the payouts for each individual NEO between 20-30% based on various factors, including the performance of the Company's Las Vegas and Macau operations and the competitive landscape of the labor market. The Committee determined the actual award payouts set forth below in January 2016.

Named Executive Officer	Maximum Award	Actual Award	
		Cash	Equity ⁽¹⁾⁽²⁾⁽³⁾
Stephen A. Wynn	\$25,000,000	\$8,750,000	\$8,750,000
Matt Maddox	\$ 3,000,000	\$1,200,000	\$1,200,000
Linda Chen	\$ 3,000,000	\$1,125,000	\$1,125,000
Kim Sinatra	\$ 1,700,000	\$ 680,000	\$ 680,000
John Strzemp	\$ 1,500,000	\$ 600,000	\$ 600,000
Stephen Cootey	\$ 625,000	\$ 500,000	\$ 0

⁽¹⁾ These stock awards are fully vested, but, except with respect to Mr. Wynn, are subject to a three year holding period.

⁽²⁾ The amounts set forth in this column reflect the aggregate grant date fair value of stock awards granted.

⁽³⁾ Participants with a maximum award payout of two or more times his or her salary received their award in cash and equity. Mr. Cootey, who became Chief Financial Officer in May 2014, was eligible for up to one times his salary under the 2015 performance-based annual incentive awards program and was paid solely in cash.

Long-term Incentives. The Company historically has only made periodic (not annual) equity grants to executives including our NEOs. The Compensation Committee has used equity awards and, from time to time, long-term cash retention awards, to attract qualified individuals to work for the Company, to align executives with the perspective of stockholders, and to reward extraordinary performance and encourage retention. Periodic grants to NEOs typically have been made with long-term vesting dates of up to ten years to promote retention of talent deemed important to the Company's continued prosperity, thereby building a talent base to drive sustained Company performance and growth. For 2015, the Compensation Committee did not grant long-term equity awards to any of the NEOs.

Executive Benefits. We provide our NEOs with other benefits that we believe are reasonable, competitive and consistent with our overall executive compensation programs. We believe that these benefits generally allow our executives to work more efficiently, promote our brand and are legitimate business expenses. Our primary executive benefits include certain health insurance coverage, life insurance premiums, discounts and complimentary privileges with respect to the Company's resorts, which are described in the footnotes to the "Summary Compensation Table." In addition, Mr. Wynn has access to the Company's aircraft pursuant to a time sharing agreement described in "Certain Relationships and Related Transactions—Aircraft Arrangements." For security purposes, the Board requires Mr. Wynn to travel on Company aircraft for both personal and business travel, and the Company provides cars and a driver in Las Vegas for his business and personal use. In January 2015, Mr. Wynn's employment agreement and other relevant agreements with the Company were modified to, among other things, require Mr. Wynn to reimburse the Company for certain expenses for his personal use of Company aircraft, subject to a \$250,000 credit per calendar year as approved by the Compensation Committee. Consistent with competitive practice in Macau, Ms. Chen receives a car and driver, certain housing and living expenses and assistance with tax preparation.

How We Make Pay Decisions

Role of the Compensation Committee and Management in Setting Compensation. The Compensation Committee sets all elements of compensation for our NEOs based upon consideration of their contributions to the operating and strategic performance of the Company. The Compensation Committee considers the recommendations of the CEO in establishing compensation for all other NEOs. In addition, the CEO performs annual reviews of all of our senior executive officers and makes recommendations to the Compensation Committee. The Compensation Committee reviews the recommendations and makes final decisions regarding compensation for our senior executive officers.

Role of the Compensation Consultant. The Compensation Committee has the authority to retain compensation consulting firms exclusively to assist it in the evaluation of senior executive officer and employee compensation and benefit programs. Since 2011, the Compensation Committee has retained Pay Governance LLC, a nationally-recognized independent compensation consulting firm, to assist in performing its duties. Pay Governance does not provide other services to the Company or the Company's management. In 2014, Pay Governance advised the Compensation Committee with respect to compensation trends and best practices, competitive pay levels, equity grant practices and competitive levels, peer group benchmarking and proxy disclosure. In 2015, Pay Governance provided an updated benchmarking analysis, which included competitive analysis of compensation, peer pay mix and analysis of peer trends, to the Compensation Committee in connection with its review of compensation levels of our named executive officers. The Compensation Committee retains sole responsibility for engaging any advisor and meets with its advisors, as needed, in the Compensation Committee's sole discretion.

Independence of the Compensation Consultant. The Compensation Committee has determined that Pay Governance is independent and the services provided by Pay Governance LLC currently do not and during 2015 did not raise any conflict of interests. In reaching these conclusions, the Compensation Committee considered the factors set forth in Rule 10C-1 of the Exchange Act and applicable listing standards.

Setting Executive Compensation. Generally, in determining base salary, annual incentive award goals and guidelines for equity awards, the Compensation Committee uses the NEOs' current level of compensation as the starting point. Our compensation decisions consider:

- the scope and complexity of the functions executives oversee;
- the contribution of those functions to our overall performance;
- executives' experience and capabilities;
- individual performance; and
- practices of our peers in order to obtain a general understanding of the competitive compensation environment.

In addition, wealth accumulation is considered when making equity grants to assure alignment of the interests of our senior executive officers and those of our stockholders.

The Compensation Committee reviews total compensation, along with the value of past equity awards, to assess the general competitiveness of compensation. Annual cash and equity incentive compensation awards and special bonuses are considered on the basis of Company and individual performance. However, increases to base salary and additional equity incentive awards are made only on a periodic basis or in recognition of notable contributions to value creation for Company stockholders.

Other Key Considerations. We believe that Mr. Wynn's aesthetic vision, direction, and the public's association of his name and likeness with our casino resorts and services are unique and integral components of our success and these considerations provided the context for determining Mr. Wynn's compensation for 2015. The Compensation Committee is mindful that gaming companies have historically provided total compensation packages that may be higher than many of their non-gaming counterparts due to the unique blend of entrepreneurial and managerial skills required to be successful in gaming and certain regulatory and other extraordinary demands. In addition, the Company's operations in widely separated international locations, has required that NEOs provide extraordinary levels of commitment and financial, development and operating expertise. In fulfilling the Company's goal of attracting and retaining high-quality and experienced executives, the Compensation Committee considers these factors in its determination of total compensation for the NEOs.

Compensation Discussion and Analysis

Other Aspects of Our Executive Compensation

Peer Group and Market Analysis. The Compensation Committee believes that it is appropriate to offer competitive total compensation packages to senior executive officers in order to attract and retain top executive talent. The compensation peer group allows the Compensation Committee to monitor the compensation practices of our primary competitors for executive talent. The Compensation Committee does not target any specific pay percentile for the Company's senior executive officers. Instead, the Compensation Committee uses this information as a general overview of market practices and to ensure that it makes informed decisions on senior executive officer pay packages.

In 2015, as part of our regular review of our compensation programs, the Compensation Committee considered peer group data from gaming and other related industries that the Compensation Committee believes reflect the competitive market for executive talent similar to that required by the Company.

Employment Agreements. We have a longstanding practice of entering into employment agreements with our senior executive officers and select members of our senior management. We believe that employment agreements provide greater assurance of continuity and retention of critical creative and operating talent in a highly competitive industry. Employment agreements for our NEOs are approved by the Compensation Committee in consultation with the Compensation Committee's independent compensation advisors. The employment agreements for the NEOs specify their base salary and provide that if the executive's employment (i) terminates without cause at the Company's election or (ii) is terminated by the executive for good reason after a change in control, the executive will receive a separation payment as described in more detail under the heading "Potential Payments Upon Termination or Change in Control." The employment agreements and the terms of equity awards also provide that vesting of some or all of an executive's equity awards will accelerate upon such event, and the employment agreements (except for Mr. Maddox's and Mr. Cootey's) provide for an excise tax gross up. We believe that providing for these benefits in such situations enhances the value of the business by preserving the continuity of management during potential change in control situations and by focusing our senior executives on our long-term priorities. Additional information regarding payments under these provisions is provided under the heading "Potential Payments Upon Termination or Change in Control."

Tax Deductibility Under Section 162(m). Internal Revenue Code Section 162(m) prevents publicly traded companies from receiving a tax deduction on certain compensation paid to the chief executive officer and three other highest-paid executive officers (other than the chief financial officer) in excess of \$1,000,000 in any taxable year, unless the compensation qualifies as "performance-based." The Company generally seeks for tax deductibility purposes to design and administer some components of executive compensation to allow for tax deductibility when consistent with the overall objectives of the

Compensation Discussion and Analysis

compensation program. However, the Compensation Committee may elect to provide non-deductible compensation when it determines that to be advisable to achieve its compensation objectives of attracting or retaining key executives, or where the Committee determines that achieving maximum tax deductibility would be disadvantageous to the best interests of the Company.

Compensation Committee Report

We have reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management. Based on such review and discussion, we have recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

⁽¹⁾ The amounts set forth in this column reflect the aggregate grant date fair value of stock awards granted in the specified year, computed in accordance with accounting standards for stock based compensation. See our Annual Report on Form 10-K for the year ended December 31, 2015, Item 8, Note 15—“Stock-Based Compensation” to our Consolidated Financial Statements for assumptions used in computing fair value.

⁽²⁾ For all NEOs other than Mr. Cootey, Stock awards granted as a component of the 2015 and 2014 annual incentive awards are reported in this column as 2015 and 2014 compensation, respectively, to reflect the applicable service period for such awards; however, these stock grants were approved by the Compensation Committee in January of the following calendar year. The amount reported in 2014 for Mr. Cootey, a portion of such amount for Ms. Sinatra and all NEOs' prior year stock awards are reported in the year of grant.

⁽³⁾ As described above under “Compensation Discussion and Analysis—Elements of Executive Compensation—Annual Incentives,” in January of 2016, the Compensation Committee exercised its discretion to pay 50% of the actual earned annual incentive for all NEOs, except Mr. Cootey, in stock. Such shares are subject to a 3-year holding period other than with respect to Mr. Wynn's stock.

⁽⁴⁾ For executives other than Mr. Wynn, “All Other Compensation” for 2015 consists of cash dividends accrued on unvested stock, which is paid if and when the stock vests. Also, for 2015, the Company paid nonresident state income taxes imposed on employees who are required by us to travel on Company business and perform services in states (i.e., Massachusetts) other than their states of employment. The reimbursement covers the incremental cost of these nonresident taxes and puts the employees in the same economic position as though they had worked in their normal places of business. The Company does not gross-up or pay any state income taxes that the employees incur in their normal work locations.

The following amounts for 2015 are included in “All Other Compensation” for Mr. Wynn:

- (i) personal use of Company aircraft of \$250,000 (Mr. Wynn receives no tax gross ups relating to the value of aircraft usage that is imputed to him as compensation);
- (ii) the Company's incremental cost of \$271,306 to provide personal security to Mr. Wynn;
- (iii) insurance premiums and benefits including executive life and medical insurance of \$77,295;
- (iv) allocated compensation and benefits for the personal use of a driver whom we employ for Mr. Wynn and the personal use of vehicles of \$34,984;
- (v) merchandise discounts of \$28,149; and
- (vi) reimbursement of taxes related to work performed in Massachusetts of \$18,657.

The following amounts for 2015 are included in “All Other Compensation” for Mr. Maddox:

- (i) insurance premiums and benefits including executive life and medical insurance of \$8,740;
- (ii) reimbursement of taxes related to work performed in Massachusetts of \$20,192; and
- (iii) accrued cash dividends on unvested restricted stock of \$150,000.

Executive Compensation Tables

The following amounts for 2015 are included in "All Other Compensation" for Ms. Chen:

- (i) housing and other living expenses in Macau of \$272,752;
- (ii) insurance premiums and benefits including executive life and medical insurance of \$2,610; and
- (iii) accrued cash dividends on unvested restricted stock of \$300,000.

The following amounts for 2015 are included in "All Other Compensation" for Ms. Sinatra:

- (i) insurance premiums and benefits including executive life and medical insurance of \$6,028;
- (ii) reimbursement of taxes related to work performed in Massachusetts of \$48,128; and
- (iii) accrued cash dividends on unvested restricted stock of \$75,000.

The following amounts for 2015 are included in "All Other Compensation" for Mr. Strzemp:

- (i) insurance premiums and benefits including executive life and medical insurance of \$5,544; and
- (ii) accrued cash dividends on unvested restricted stock of \$63,750.

The following amounts for 2015 are included in "All Other Compensation" for Mr. Cootey:

- (i) insurance premiums and benefits including executive life and medical insurance of \$1,035;
- (ii) reimbursement of taxes related to work performed in Massachusetts of \$371; and
- (iii) accrued cash dividends on unvested restricted stock of \$60,000.

⁽⁵⁾ Mr. Cootey joined the Company as Senior Vice President – Finance in January 2014 and was promoted to Chief Financial Officer, effective as of May 16, 2014.

Discussion of Summary Compensation Table

In 2015, each of the NEOs received a base salary in accordance with the terms of his or her employment agreement, as approved by the Compensation Committee. Key terms of the current agreements, as in effect on December 31, 2015, were as follows:

<u>Named Executive Officer</u>	<u>Contract Expiration</u>	<u>Base Salary</u>
Stephen A. Wynn	10/24/22	\$2,500,000
Matt Maddox	12/31/16	\$1,500,000
Linda Chen	2/24/20	\$1,500,000
Kim Sinatra	2/17/17	\$ 850,000
John Strzemp	3/31/17	\$ 750,000
Stephen Cootey	1/02/17	\$ 625,000

Each of the employment agreements provide that the executive will participate in company profit sharing and retirement plans if offered, disability or life insurance plans, medical and/or hospitalization plans, vacation and expense reimbursement programs. In addition, the agreements provide for severance payments and benefits upon certain terminations of employment, including termination following a change in control, as discussed in the section below entitled "Potential Payments Upon Termination or Change in Control."

2015 Grants of Plan-Based Awards Table

The Omnibus Plan rewards management for creation of superior return to stockholders, measured by the operating performance of our resorts. The amounts shown in the table below reflect potential payments when the performance criteria under this plan were established in the first quarter of 2015. Actual payouts are reflected in the “Stock Awards” and “Non-Equity Incentive Plan” columns of the Summary Compensation table.

Named Executive Officer	Grant Date	Estimated Future Payouts Under Non-Equity Incentive Plan Awards (\$) ⁽¹⁾		All Other Stock Awards: Number of Shares of Stock or Units (#)	Grant Date Fair Value of Stock and Option Awards (\$)
		Threshold (\$)	Target/Maximum (\$)

Matt Maddox	N/A	\$ 2,250,000	\$ 3,000,000	—	—
Linda Chen	N/A	\$ 2,250,000	\$ 3,000,000	—	—
Kim Sinatra	N/A	\$ 1,275,000	\$ 1,700,000	—	—
John Strzemp	N/A	\$ 1,125,000	\$ 1,500,000	—	—
Stephen Cootey	N/A	\$ 468,750	\$ 625,000	—	—

⁽¹⁾ The potential 2015 performance-based annual incentive awards that could have been earned for 2015 are subject to (1) the limitations set forth in the Omnibus Plan, including the cash and stock grant limits and continued employment through the end of the performance period, (2) the Compensation Committee’s ability to reduce awards in its discretion and (3) the Compensation Committee’s discretion to pay a portion of the awards in shares of Common Stock, subject to a holding period, if applicable. Actual awards were based upon achievement of the 2015 performance criteria: (1) achievement of a 2015 adjusted property EBITDA goal; (2) retention of specified third party recognition of quality and performance as of December 1, 2015; and (3) achievement of certain goals related to the development of Wynn Palace as of December 1, 2015, and were reduced under the Compensation Committee’s discretion to do so. Amounts in the Threshold column reflect potential awards for achievement of 2015 adjusted property EBITDA between \$900 million to \$1.0 billion and achievement of goals 2 and 3. No awards would have been payable under goal 1 if the 2015 adjusted property EBITDA were below \$900 million. Amounts in the Target/Maximum column reflect potential awards for achievement of 2015 adjusted property EBITDA of over \$1.0 billion and achievement of goals 2 and 3. Actual payouts are described in “Compensation Discussion and Analysis—Elements of Executive Compensation—Annual Incentives.”

Potential Payments Upon Termination or Change in Control

Payments Made Upon Termination Due to Death, Complete Disability or License Revocation. The Company's employment agreements with its NEOs provide that such agreements terminate automatically upon death or complete disability of the employee, as well as upon failure of the employee to obtain or maintain any required gaming licenses. Upon such termination, (a) for all NEOs other than Mr. Wynn, such NEO is entitled to a lump sum payment of accrued and unpaid base salary and vacation pay through the termination date and (b) for Mr. Wynn, Mr. Wynn is entitled to a lump sum separation payment (described below), payment of accrued and unpaid base salary and vacation pay through the termination date and an excise tax gross up. In addition, certain of the stock option agreements and restricted stock agreements held by the NEOs provide that unvested options and shares will vest upon such termination.

Payments Made Upon Termination Without Cause at Employer's Election During the Term. The Company's employment agreements with its NEOs provide that such agreements are terminable by the Company without cause upon notice to the employee, so long as a "separation payment" is paid as provided in such contracts. Cause is defined as (i) willful destruction of property of the Company or an affiliate having a material value to the Company or such affiliate; (ii) fraud, embezzlement, theft, or comparable dishonest activity; (iii) conviction of or entering a plea of guilty or nolo contendere to any crime constituting a felony or any misdemeanor involving fraud, dishonesty or moral turpitude; (iv) breach, neglect, refusal, or failure to materially discharge duties (other than due to physical or mental illness) commensurate with title and function, or failure to comply with the lawful directions of the Company, that is not cured within 15 days after written notice thereof; (v) willful and knowing material misrepresentation to the Company's or an affiliate's board of directors; (vi) willful violation of a material policy of the Company or an affiliate, which does or could result in material harm to the Company or to the Company's reputation; or (vii) material violation of a statutory or common law duty of loyalty or fiduciary duty to the Company or an affiliate.

The "separation payment" for all NEOs except for Mr. Cootey, consists of a multiple (ranging from one to, in the case of Mr. Wynn, three times) of the sum of (a) base salary through the end of the term of the agreement, but not less than 12 months (and in Mr. Wynn's and Ms. Chen's cases, not more than four years); (b) bonus for all bonus periods based upon last bonus paid pursuant to the employment agreement through the end of the term of the agreement but not less than 12 months (and in Mr. Wynn's and Ms. Chen's cases, not more than four years); (c) any accrued but unpaid vacation pay; and (d) except for Mr. Maddox, an excise tax gross up. For Mr. Cootey, the "separation payment" consists of a sum equal to

base salary through the end of the term of agreement, but not less than 12 months, plus the bonus that was paid to him for the preceding bonus period, plus any accrued but unpaid vacation pay. If Ms. Chen or Mr. Cootey is terminated without cause, then as a condition to receiving such separation payment, Ms. Chen and Mr. Cootey, as applicable, must execute a written release-severance agreement that (1) releases the Company, its affiliates, and their officers, directors, agents and employees, from any claims or causes of action, (2) provides for the confidentiality of both the terms of the release-severance agreement and the compensation paid, and (3) except for Mr. Cootey, provides that all non-compete provisions of the employment agreement shall terminate after the period of time for which Ms. Chen receives such compensation. In addition, except for Ms. Chen and Mr. Cootey, the NEOs are entitled to health benefits coverage under the same plan or arrangement as the NEO was covered immediately prior to termination. Health benefits are to be provided until the earlier of the remainder of the original term, or until the employee is covered by a plan of another employer. Ms. Sinatra's employment agreement, in providing such health benefits also provides that, so long as Ms. Sinatra continues to receive health benefits, she may not engage or participate in any business that is in competition with the Company or its affiliates. Some of the stock option agreements and restricted stock agreements held by the NEOs provide that unvested options and shares will vest upon termination without cause.

In July 2011, Ms. Chen was granted a \$10 million retention award, which vests in full on July 27, 2021, subject to certain provisions. This retention award was awarded to Ms. Chen for her current and expected future contributions to the success of the Company and to provide an incentive to her to remain an employee of the Company. If Ms. Chen's employment is terminated without "Cause" (as such term is defined in the applicable agreement) prior to the vesting date by the Company or one of its affiliates (including, without limitation, termination due to death or disability), a prorated portion of the award equal to the number of full calendar months elapsed between the grant date and the date of such termination of employment divided by 120 shall vest and become payable within 30 days following such termination of employment. If Ms. Chen's employment is terminated for any other reason (including termination for Cause or Ms. Chen's voluntary resignation) prior to the vesting date, the award shall be forfeited in full with no compensation paid under the award.

Payments Made Upon Termination by Employee for Good Reason after Change in Control. The Company's employment agreements with its NEOs provide that such agreements are terminable by the employee for good reason after a change in control. A change in control is defined as (a) any person or group (other than Mr. Wynn and his affiliates) becomes the beneficial owner of more than 50% of the Company's outstanding securities, (b) the existing directors of the Company (including those elected in the normal course and not including those elected as a result of an actual or threatened election contest) cease to constitute a majority of the Board of the Company, or (c) the consummation of a merger, consolidation or reorganization to which the Company is a party or the sale or disposition of substantially all of the assets of the Company. Good reason is defined as: (i) reduction of employee's base salary; (ii) discontinuation of employer's bonus plan without immediately replacing such bonus plan with a plan that is the substantial economic equivalent of such bonus plan, or amends such bonus plan so as to materially reduce employee's potential bonus at any given level of economic performance of employer or its successor entity; (iii) material reduction in the aggregate benefits and perquisites to employee; (iv) requirement that such employee change the location of his or her job or office by a distance of more than 25 miles; (v) reduction of responsibilities or required reporting to a person of lower rank or responsibilities; or (vi) a successor's failure to expressly assume in writing the employment agreement. Upon termination by the employee pursuant to this provision, the employee is entitled to the same amounts and in the case of the post-employment health benefits of Ms. Sinatra, subject to the same obligations described under "Payments Made Upon Termination Without Cause at Employer's Election During the Term" above. In addition, if an executive's termination is deemed to occur in connection with a change in control under the Internal Revenue Code, certain executives are entitled to a tax gross up on the excise tax if the executive's benefits trigger an excise tax. Pursuant to the terms of the applicable stock option agreements and restricted stock grant agreements, some or all of the unvested options and restricted stock held by the NEOs would immediately vest upon termination by the Company without cause or upon termination by the employee for good reason after a change in control.

Ms. Chen's employment agreement includes a non-competition obligation providing that Ms. Chen may not engage or participate in any business that is in competition with the Company or its affiliates for such period as the Company continues to compensate Ms. Chen, including through periodic separation payments made due to her termination of her employment for good reason after a change in control.

Payments Made Upon Termination. The tables below reflect the amount of compensation that would become payable to each of the NEOs under existing agreements and arrangements if the named executive's employment had terminated on December 31, 2015, given the named executive's compensation as of such date and, if applicable, based on the Company's closing stock price on that date. These benefits are in addition to benefits available prior to the occurrence of any termination of employment, including under then-exercisable stock options, and benefits generally available to all salaried employees, such as distributions under the Company's 401(k) plan. In addition, in connection with any actual termination of employment,

Executive Compensation Tables

the Compensation Committee may determine to enter into an agreement or to establish an arrangement providing additional benefits or amounts, or altering the terms of benefits described below, as the Compensation Committee determines appropriate. The actual amounts that would be paid upon an NEO's termination of employment can only be determined at the time of such executive's separation from the Company. Due to the number of factors that affect the nature and amount of any benefits provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event and the Company's stock price.

Stephen A. Wynn

In the case of Mr. Wynn, the payment to be made upon death or disability is the salary and bonus that would be payable during the remaining term of the contract with a limit at four years and upon "Termination Without Cause at Employer's Election During the Term" and "Termination by Employee for Good Reason After Change in Control" is three times the salary and bonus that would be payable during the remaining term of the contract with a limit of four years.

Certain Relationships and Related Transactions

Pursuant to Company policy, the Audit Committee reviews for approval or ratification all transactions with any related person, which SEC rules define to include directors, director nominees, executive officers, beneficial owners of in excess of 5% of the outstanding shares of the Company's Common Stock, and their respective immediate family members. The policy classifies as pre-approved (a) employment of executive officers and director compensation if the compensation is required to be reported under Item 402 of Regulation S-K; (b) transactions with another company or charitable contributions if the related person's only relationship is as an employee (other than executive officer), director or beneficial owner of less than 10% of that company's or donee's shares if the aggregate amount does not exceed the greater of \$200,000 or 5% of that company's or donee's total annual revenues; (c) transactions where the related person's interest arises solely from the ownership of the Company's stock and all stockholders benefit on a pro rata basis; (d) transactions involving competitive bids; (e) regulated transactions involving services as a common carrier or public utility at rates fixed in conformity with law or governmental authority; and (f) transactions with related parties involving a bank as depository of funds, transfer agent, registrar, trustee under a trust indenture or similar services. The Audit Committee receives notice of the occurrence of all pre-approved transactions. All other transactions with related persons are subject to approval or ratification by the Audit Committee. In determining whether to approve or ratify a transaction, the Audit Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the related person's interest in the transaction.

The following are the material transactions or agreements between the Company and related persons. The Audit Committee has approved or ratified all of these transactions that occurred after the date of the adoption of the policy.

Stockholders Agreement. On January 6, 2010, Mr. Wynn, the Chairman of the Board and Chief Executive Officer of the Company, Ms. Elaine P. Wynn, and Aruze USA, Inc. ("Aruze"), each of whom were then greater than 5% stockholders of the Company, entered into an amended and restated stockholders agreement (the "Amended and Restated Stockholders Agreement"), which amended and restated the stockholders agreement between Mr. Wynn and Aruze (which was entered into as of April 11, 2002, was amended as of November 8, 2006, and was subject to waivers and consents, dated July 31, 2009, and August 13, 2009). Pursuant to the Amended and Restated Stockholders Agreement, Ms. Wynn (a) became a party to the Amended and Restated Stockholders Agreement in connection with her ownership of 11,076,709 shares of the Company's Common Stock that were transferred to Ms. Wynn by Mr. Wynn and (b) became subject to the covenants and provisions thereof, including with respect to voting agreements, preemptive rights, rights of first refusal, tag-along rights and certain other restrictions on transfer of such shares subject to release of \$10 million of such shares on January 6, 2010 and on each of the following nine anniversaries thereof. In addition, the Amended and Restated Stockholders Agreement amended the voting agreement provision to provide that each of Mr. Wynn, Ms. Wynn and Aruze agree to vote all shares of the Company held by them and subject to the terms of the Amended and Restated Stockholders Agreement in a manner so as to elect to the Company's Board of Directors each of the nominees contained on each and every slate of directors endorsed by Mr. Wynn, which slate will include, subject to certain conditions, Ms. Wynn and, so long as such slate results in a majority of directors at all times being candidates endorsed by Mr. Wynn, nominees approved by Aruze. As a result of the Company's redemption and cancellation (see Item 3—"Legal Proceedings" and elsewhere in our Annual Report on Form 10-K for the year ended December 31, 2015) on February 18, 2012 of the 24,549,222 shares of the Company's Common Stock then held by Aruze (the "Former Aruze Shares"), the Former Aruze Shares are no longer issued and outstanding and neither Mr. Wynn nor Ms. Wynn has or shares the power to vote or dispose of the Former Aruze Shares. Further, by virtue of the redemption of the Former Aruze Shares, neither Mr. Wynn nor Ms. Wynn remains a member of any "group" with Aruze nor is either of Mr. Wynn or Ms. Wynn otherwise a beneficial owner of the Former Aruze Shares.

Artwork. Since June 2006, Wynn Las Vegas, LLC has leased certain pieces of fine art from Mr. Wynn for an annual fee of \$1.00. Wynn Las Vegas, LLC is responsible for all expenses incurred in exhibiting and safeguarding those works that it exhibits under the lease, including the cost of insurance (including terrorism insurance) and taxes.

The "Wynn" Surname Rights Agreement. On August 6, 2004, the Company entered into agreements with Mr. Wynn that confirm and clarify the Company's rights to use the "Wynn" name and Mr. Wynn's persona in connection with its casino resorts. Under the parties' Surname Rights Agreement, Mr. Wynn granted the Company an exclusive, fully paid-up, perpetual, worldwide license to use, and to own and register trademarks and service marks incorporating the "Wynn" name for casino resorts and related businesses, together with the right to sublicense the name and marks to its affiliates. Under the parties' Rights of Publicity License, Mr. Wynn granted the Company the exclusive, royalty-free, worldwide right to use his full name, persona and related rights of publicity for casino resorts and related businesses, together with the ability to sublicense his persona and publicity rights to the Company's affiliates, until October 24, 2017.

Villa Lease. Mr. Wynn currently leases a villa at Wynn Las Vegas for use as his personal residence. The lease, including each amendment and/or restatement thereof was approved by the Audit Committee of the Board. The members of the Audit Committee and Board believe that having Mr. Wynn's personal residence on the Company's property provides significant

Certain Relationships and Related Transactions

value to the Company and our stockholders. Accordingly, prior to November 2013, the villa was provided to Mr. Wynn as part of his compensation arrangements, with the rental value of the villa being reported as imputed income to Mr. Wynn, based on the fair market value of the accommodations provided. However, after considering evolving compensation practices, beginning in November 2013, pursuant to the 2013 Second Amended and Restated Agreement of Lease, dated as of November 7, 2013 and amended as of February 25, 2015 (the “SW Lease”), Mr. Wynn pays Wynn Las Vegas annual rent for the villa at its fair market value of the accommodations based independent third-party expert opinions of value, which is \$525,000 per year through February 28, 2015 and \$559,295 per year from March 1, 2015 through February 28, 2017. The rental value for the villa will be re-determined every two years during the term of the SW Lease by the Audit Committee. Certain services for, and maintenance of, the villa are included in the annual rent.

Home Purchase. In May 2010, the Company entered into an employment agreement with Linda Chen, who is an Executive Director and the Chief Operating Officer of Wynn Macau, Limited and President of Wynn International Marketing, Limited. The term of the employment agreement is through February 24, 2020. Under the terms of the employment agreement, the Company purchased a home in Macau for use by Ms. Chen and has made renovations to the home with total costs of \$9.4 million through December 31, 2015. Upon the occurrence of certain events set forth below, Ms. Chen has the option to purchase the home at the then fair market value of the home (as determined by an independent appraiser) less a discount equal to ten percentage points multiplied by each anniversary of the term of the agreement that has occurred (the “Discount Percentage”). The option is exercisable for (a) no consideration at the end of the term, (b) \$1.00 in the event of termination of Ms. Chen’s employment without “cause” or termination of Ms. Chen’s employment for “good reason” following a “change of control”, or (c) at a price based on the applicable Discount Percentage in the event Ms. Chen terminates the agreement due to material breach by the Company. Upon Ms. Chen’s termination for “cause,” Ms. Chen will be deemed to have elected to purchase the Macau home based on the applicable Discount Percentage unless the Company determines to not require Ms. Chen to purchase the home. If Ms. Chen’s employment terminates for any other reason before the expiration of the term (e.g., because of her death or disability or due to revocation of her gaming license), the option will terminate.

Aircraft Arrangements. Consistent with the Board’s requirement that Mr. Wynn travel privately for security reasons, the Company historically has provided him with access to Company aircraft for both personal and business travel. In January 2015, Mr. Wynn’s employment agreement and other relevant agreements with the Company were modified, effective as of January 1, 2015, to, among other things, provide that Mr. Wynn will reimburse the Company for certain expenses for his personal use of Company aircraft, subject to a \$250,000 credit per calendar year as approved by the Compensation Committee. Additionally, the Company is required to include as taxable compensation of Mr. Wynn, the direct costs that the Company incurs in operating the aircraft where personal passengers accompany him on business flights, up to an amount determined by using the Internal Revenue Service Standard Industry Fare Level (SIFL) tables. During 2015, \$231,700 was included in Mr. Wynn’s taxable compensation and Mr. Wynn reimbursed the Company \$550,439 through his deposit account described below.

Reimbursable Costs. The Company periodically provides services to certain of its executive officers and directors, including the personal use of employees, construction work and other personal services. These certain officers and directors have deposits with the Company to prepay any such items. These deposits are replenished on an ongoing basis as needed. At December 31, 2015, Mr. Wynn had net deposit balances with the Company of \$862,883.

Plane Option Agreement. On January 3, 2013, the Company and Mr. Wynn entered into an agreement pursuant to which Mr. Wynn agreed to terminate a previously granted option to purchase an approximately two acre tract of land located on the Wynn Las Vegas golf course and, in return, the Company granted Mr. Wynn the right to purchase any or all of the aircraft owned by the Company or its direct wholly owned subsidiaries. The aircraft purchase option is exercisable upon 30 days written notice and at a price equal to the book value of such aircraft and will terminate on the date of termination of the employment agreement between the Company and Mr. Wynn, which expires in October 2022.

Consulting Agreement. From March 1, 2015 to September 30, 2015, Wynn Resorts Development, LLC, a direct subsidiary of the Company (“WRD”), was party to a consulting agreement with Randt & Co. LLC, a consulting firm of which Ambassador Randt is the president and sole owner, pursuant to which Ambassador Randt provided advice to WRD. The consulting agreement was terminated in connection with Ambassador Randt joining the Company’s Board. WRD paid Randt & Co. LLC \$600,000 and reimbursed expenses in the amount of \$27,535 under the consulting agreement.

Other. In addition to the above, the Company (or its subsidiaries) employs Mary Ann Pascal, the sister-in-law of former director Elaine P. Wynn, as Vice President – Player Development at Wynn Las Vegas. The Audit Committee of the Company approved the employment arrangement in advance and determined that compensation was at (or below) levels paid to non-family members. Total compensation paid to Ms. Pascal for 2015 included the following amounts calculated in the same manner as the Summary Compensation Table values presented for NEOs: base salary of \$200,000, bonus of \$60,000, and other compensation of \$824. Ms. Pascal’s annual base salary for 2016 is \$200,000.

Proposal 2: Ratification of Appointment of Independent Auditors

The Audit Committee of the Board has selected Ernst & Young LLP, a registered public accounting firm, as our independent public accountants to examine and report to our stockholders on the consolidated financial statements of our Company and its subsidiaries for the fiscal year ending December 31, 2016. Representatives of Ernst & Young LLP will be present at the Annual Meeting and will be given an opportunity to make a statement. They also will be available to respond to appropriate questions.

As a matter of good corporate governance, the Audit Committee has determined to seek stockholder ratification of its selection of Ernst & Young LLP as the Company's independent public accountants, although this is not required under Nevada law the Company's Articles or Bylaws, SEC rules or NASDAQ listing standards. If the stockholders do not ratify the selection of Ernst & Young LLP as the Company's independent auditors for 2016, the Audit Committee will evaluate what would be in the best interests of the Company and its stockholders and consider whether to select new independent auditors. Even if the stockholders ratify the selection of Ernst & Young LLP, the Audit Committee, in its discretion, may direct the appointment of a different independent public accounting firm at any time during the year if the Audit Committee determines that such a change would be in the best interests of the Company and its stockholders.

Audit and Other Fees

The following table presents the aggregate fees billed to the Company for audit and other services provided by Ernst & Young LLP, the Company's independent auditor for each of the fiscal years ended December 31, 2015, and December 31, 2014:

Category	Aggregate Fees	
	2015	2014
Audit fees	\$2,175,212	\$1,779,725
Audit-related fees	\$ 72,700	\$ 31,000
Tax fees	\$ 71,412	\$ 274,563
All other fees	—	—

"Audit fees" includes the aggregate fees billed for professional services rendered for the reviews of our consolidated financial statements for the quarterly periods ended March 31, June 30 and September 30, for the audit of our consolidated financial statements and the consolidated financial statements of certain of our subsidiaries for the years ended December 31, 2015, and 2014, and the audit of our internal controls over financial reporting as of December 31, 2015, and 2014. "Audit fees" also include amounts billed for services provided in connection with securities offerings, audit related accounting consultations and statutory audits of certain subsidiaries of the Company. "Audit-related fees" include the aggregate fees billed for the audit of the Company's defined contribution employee benefit plan and consultation with management as to certain transactions or events. "Tax fees" include fees for domestic and international tax planning and other research. All of our independent auditor's fees were pre-approved by the Audit Committee in 2015. The Audit Committee pre-approves services either by: (1) approving a request from management describing a specific project at a specific fee or rate; or (2) by pre-approving certain types of services that would comprise the fees within each of the above categories at usual and customary rates.

OUR BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT PUBLIC ACCOUNTANTS FOR THE YEAR 2016.

Proposal 2: Ratification of Appointment of Independent Auditors

Report of the Audit Committee

Our role is to oversee the accounting and financial reporting processes of the Company and the audits of the Company's financial statements. The Company's management is responsible for the preparation, presentation and integrity of our financial statements, and for maintaining appropriate accounting and financial reporting principles and policies, and internal controls and procedures that are reasonably designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing our financial statements and expressing an opinion as to their conformity with generally accepted accounting principles in the United States of America and for auditing and providing an attestation report on the effectiveness of our internal control over financial reporting.

We have reviewed and discussed with management the Company's audited financial statements for the year ended December 31, 2015. We have discussed with the independent registered public accounting firm the matters required to be discussed by the applicable standards of the Public Company Accounting Oversight Board ("PCAOB"), including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of the disclosures in the financial statements. We have received the written disclosures and the letter from the independent auditors required by applicable requirements of the PCAOB regarding the independent auditors' communications with the audit committee concerning independence and have discussed with the independent auditors their firm's independence. Based on the review and discussion referred to above, we recommended to the Board that the audited financial statements referred to above be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2015, filed with the SEC.

Proposal 3: Stockholder Proposal Regarding A Political Contributions Report —

The Company has been advised that the New York State Common Retirement Fund, 59 Maiden Lane, 30th Floor, New York, NY 10038, the beneficial owner of 186,400 shares as of November 6, 2015, intends to submit the following proposal for consideration at the Annual Meeting:

“Resolved, that the shareholders of Wynn Resorts (“Wynn” or “Company”) hereby request that the Company provide a report, updated semiannually, disclosing the Company’s:

1. Policies and procedures for making, with corporate funds or assets, contributions and expenditures (direct or indirect) to (a) participate or intervene in any political campaign on behalf of (or in opposition to) any candidate for public office, or (b) influence the general public, or any segment thereof, with respect to an election or referendum.
2. Monetary and non-monetary contributions and expenditures (direct and indirect) used in the manner described in section 1 above, including:
 - a. The identity of the recipient as well as the amount paid to each; and
 - b. The title(s) of the person(s) in the Company responsible for decision-making.

The report shall be presented to the board of directors or relevant board committee and posted on the Company’s website within 12 months from the date of the annual meeting.”

Supporting Statement of the New York State Common Retirement Fund

As long-term shareholders of Wynn, we support transparency and accountability in corporate spending on political activities. These include any activities considered intervention in any political campaign under the Internal Revenue Code, such as direct and indirect contributions to political candidates, parties, or organizations; independent expenditures; or electioneering communications on behalf of federal, state or local candidates.

Disclosure is in the best interest of the company and its shareholders. The Supreme Court said in its *Citizens United* decision: “[D]isclosure permits citizens and shareholders to react to the speech of corporate entities in a proper way. This transparency enables the electorate to make informed decisions and give proper weight to different speakers and messages.” Gaps in transparency and accountability may expose the company to reputational and business risks that could threaten long-term shareholder value.

Publicly available records show that Wynn contributed at least \$7.2 million in corporate funds since the 2004 election cycle. (CQ: <http://moneyline.cq.com> and National Institute on Money in State Politics: <http://www.followthemoney.org>)

Relying on publicly available data does not provide a complete picture of the Company’s political spending. For example, the Company’s payments to trade associations used for political activities are undisclosed and unknown. In some cases, even management does not know how trade associations use their company’s money politically. The proposal asks the Company to disclose all of its political spending, including payments to trade associations and other tax exempt organizations used for political purposes. This would bring our Company in line with a growing number of leading companies, including H&R Block, Yum! Brands, and Target Corp. that support political disclosure and accountability and present this information on their websites.

The Company’s Board and its shareholders need comprehensive disclosure to be able to fully evaluate the political use of corporate assets. We urge your support for this critical governance reform.

The Board of Directors’ Statement in Opposition

After careful consideration, the Board of Directors recommends that stockholders vote AGAINST this proposal for the following reasons:

The Company operates in a highly regulated industry, and the decisions of federal, state, and local governments can significantly impact the Company. Therefore, the Board believes that it is critical that the Company participate in the political process to protect its business interests and its stockholders’ interests. The Company is committed to participating in the political process as a good corporate citizen, in full compliance with applicable laws. Accordingly, the Company has adopted the Political Contributions Policy (the “Policy”). In addition to the Company’s Code of Business Conduct and Ethics, the Policy governs the Company’s consideration of political activities, including the Company’s political contributions at the federal, state, and local levels, and the Company’s membership in trade associations.

Proposal 3: Stockholder Proposal Regarding A Political Contributions Report

Under the Policy, the Company's political contributions at the federal, state, and local levels are subject to extensive internal review and oversight to confirm their compliance with applicable contribution limits and regulations. Recognizing that the Company likely will not agree with every position a candidate takes, the Company's government affairs team meets with a candidate prior to making significant contributions to determine whether supporting the candidate is in the best interests of the Company and its stockholders. In addition, the Company reports to the Audit Committee on its political contributions on a periodic basis.

The Company also believes that it provides sufficient transparency with respect to its political contributions. The Company's participation in political activities includes contributions to federal elections through Wynn Resorts Limited Initiative for Public Policy, a separate segregated fund for the purposes of soliciting and accepting political contributions ("Wynn PAC"). In compliance with federal law, Wynn PAC files regular reports with the Federal Election Commission (the "FEC") to disclose political contributions by Wynn PAC. These reports are publicly available on the FEC website. In addition, reports regarding the Company's specific political contributions in various jurisdictions are publicly available at each jurisdiction's official website.

From time to time, the Company pays annual membership dues to industry trade associations. The trade associations in which the Company participates may engage in political activities, but such decisions are governed by those associations' respective bylaws. Thus, even when the Company participates in trade associations, the Company does not control how they use membership dues. The Company expects these trade associations to comply with applicable laws with respect to their political activities. As such, the Board believes that additional disclosures regarding the specific payments made to these trade associations would not benefit stockholders.

In sum, the Company already discloses sufficient information regarding its political contributions and already has an appropriate system of oversight in place, including the Policy, to confirm that the Company's political contributions comply with applicable law and are in the best, long-term interests of the Company and its stockholders. Accordingly, the Board believes that preparing an additional report as requested by the proposal would be an unnecessary and imprudent use of the Company's time and resources.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE AGAINST THE STOCKHOLDER PROPOSAL REGARDING POLITICAL CONTRIBUTIONS.
