Wynn Resorts, Limited Reports Fourth Quarter and Year End 2020 Results

LAS VEGAS, February 4, 2021 — Wynn Resorts, Limited (NASDAQ: WYNN) (the "Company") today reported financial results for the fourth quarter and year ended December 31, 2020.

Operating revenues were \$686.0 million for the fourth quarter of 2020, a decrease of 58.5%, or \$967.5 million, from \$1.65 billion for the fourth quarter of 2019. Net loss attributable to Wynn Resorts, Limited was \$269.5 million, or \$2.53 per diluted share, for the fourth quarter of 2020, compared to net loss attributable to Wynn Resorts, Limited of \$72.9 million, or \$0.68 per diluted share, in the fourth quarter of 2019. Our fourth quarter 2019 results included a net tax provision of \$157.4 million, primarily related to an increase in the valuation allowance on our deferred tax assets. "We are encouraged by the progress we have made at each of our properties over the past several months, as we continue along the road to recovery from the pandemic," said Matt Maddox, CEO of Wynn Resorts, Limited. "In Macau, the gradual and thoughtful easing of visitation restrictions allowed us to return to Adjusted Property EBITDA profitability in the fourth quarter, with particular strength in our premium mass business. In the US, our operations at both Wynn Las Vegas and Encore Boston Harbor were resilient as we continue to deliver our industry-leading service, while remaining focused on costs. On the development front, our WynnBet online casino and sports betting app is currently available in three states following successful launches in Colorado and Michigan, with additional launches planned over the coming months. We believe our product will be increasingly compelling with each release over the coming months and look forward to growing the business in 2021."

Property Results

Macau Operations

Our casino operations at Wynn Palace and Wynn Macau were closed for a 15-day period in February 2020 and resumed operations on a reduced basis on February 20, 2020. Our casinos' operations have since been fully restored; however, certain COVID-19 specific protective measures, such as limiting the number of seats per table game, increasing the spacing between active slot machines and visitor entry checks and requirements involving temperature checkpoints, mask wearing, health declarations and proof of negative COVID-19 test results remain in effect at the present time. On September 23, 2020, PRC authorities fully resumed the Individual Visit Scheme exit visa program, subject to certain testing requirements and health declarations. Given the evolving conditions created by and in response to the COVID-19 pandemic, we are currently unable to determine when travel-related restrictions and conditions will be further lifted. Measures that have been lifted or are expected to be lifted may be reintroduced if there are adverse developments in the COVID-19 situation in Macau and other regions with access to Macau.

Wynn Palace

Operating revenues from Wynn Palace were \$221.5 million for the fourth quarter of 2020, a 62.5% decrease from \$590.0 million for the fourth quarter of 2019. Adjusted Property EBITDA from Wynn Palace was \$28.7 million for the fourth quarter of 2020, compared with \$177.6 million for the fourth quarter of 2019. VIP table games win as a percentage of turnover was 1.97%, below the property's expected range of 2.7% to 3.0% and below the 3.07% experienced in the fourth quarter of 2019. Table games win percentage in mass market operations was 21.6%, below the 25.2% experienced in the fourth quarter of 2019.

Wynn Macau

Operating revenues from Wynn Macau were \$181.9 million for the fourth quarter of 2020, a 65.4% decrease from \$525.4 million for the fourth quarter of 2019. Adjusted Property EBITDA from Wynn Macau was \$10.7 million for the fourth quarter of 2020, compared with \$170.1 million for the fourth quarter of 2019. VIP Table games win as a percentage of turnover was 3.10%, above the property's expected range of 2.7% to 3.0% and below the 3.27% experienced in the fourth quarter of 2019. Table games win percentage in mass market operations was 17.9%, below the 20.3% experienced in the fourth quarter of 2019.

Las Vegas Operations

Wynn Las Vegas ceased all operations and closed to the public on March 17, 2020, and reopened on June 4, 2020 with certain COVID-19 specific protective measures in place, such as limiting the number of seats per table game, slot machine spacing, temperature checks, mask protection, and suspension of certain entertainment and nightlife offerings. Beginning October 19, 2020, Encore at Wynn Las Vegas adjusted its operating schedule to five days/four nights each week due to currently reduced customer demand levels. We are currently unable to determine when certain of these measures will be lifted.

Operating revenues from our Las Vegas Operations were \$172.5 million for the fourth quarter of 2020, a 53.2% decrease from \$368.8 million for the fourth quarter of 2019. Adjusted Property EBITDA from our Las Vegas Operations for the fourth quarter of 2020 was \$21.0 million, compared with \$80.1 million for the fourth quarter of 2019. Table games win percentage was 24.4%, within the property's expected range of 22% to 26% and above the 17.4% experienced in the fourth quarter of 2019.

Encore Boston Harbor

Encore Boston Harbor ceased all operations and closed to the public on March 15, 2020, and reopened on July 10, 2020 with certain COVID-19 specific protective measures in place, such as limiting the number of seats per table game, slot machine spacing, temperature checks, capacity restrictions, and mask protection. Subsequent to reopening, certain food and beverage outlets have remained temporarily closed and our hotel operations were limited to Thursday through Sunday. On November 6, 2020, pursuant to a Massachusetts directive implementing an overnight curfew on certain businesses, Encore Boston Harbor limited its daily operating hours and temporarily closed the hotel tower. On January 25, 2021, the limitations on operating hours were lifted, and Encore Boston Harbor restored certain operations and reopened its hotel tower on a Thursday through Sunday weekly schedule. The protective measures, including capacity restrictions, are still in place. We are currently unable to determine when the remaining measures will be lifted.

Operating revenues from Encore Boston Harbor were \$103.9 million for the fourth quarter of 2020, a 38.6% decrease from \$169.3 million for the fourth quarter of 2019. Adjusted Property EBITDA from Encore Boston Harbor for the fourth quarter of 2020 was \$16.7 million, compared with \$15.3 million for the fourth quarter of 2019. Table games win percentage was 20.9%, within the property's expected range of 18% to 22% and above the 19.2% experienced in the fourth quarter of 2019.

Forward-looking Statements

This release contains forward-looking statements regarding operating trends and future results of operations. Such forward-looking statements are subject to a number of risks and uncertainties that could cause actual results to differ materially from those we express in these forward-looking statements, including, but not limited to, the recent global pandemic of COVID-19, caused by a novel strain of the coronavirus, and the continued impact of its consequences, extensive regulation of our business, pending or future legal proceedings, ability to maintain gaming licenses and concessions, dependence on key employees, general global political and economic conditions, adverse tourism trends, dependence on a limited number of resorts, competition in the casino/hotel and resort industries, uncertainties over the development, and success of new gaming and resort properties, construction risks, cybersecurity risk and our leverage and debt service. Additional information concerning potential

The Company is under no obligation to (and expressly disclaims any such obligation to) update or revise its forward-looking statements as a result of new information, future events or otherwise.

Non-GAAP Financial Measures

(1) "Adjusted Property EBITDA" is net income (loss) before interest, income taxes, depreciation and amortization, pre-opening expenses, property charges and other, management and license fees, corporate expenses and other (including intercompany golf course and water rights leases), stock-based compensation, change in derivatives fair value, loss on extinguishment of debt, and other non-operating income and expenses. Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDA as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors, as well as a basis for determining certain incentive compensation. We also present Adjusted Property EBITDA because it is used by some investors to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDA as a supplement to GAAP. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including us, have historically excluded from their EBITDA calculations preopening expenses, property charges, corporate expenses and stock-based compensation, that do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income as an indicator of our performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike net income, Adjusted Property EBITDA does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. We have significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, income taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, our calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

(2) "Adjusted net income (loss) attributable to Wynn Resorts, Limited" is net income (loss) attributable to Wynn Resorts, Limited before nonrecurring regulatory expense, litigation settlement net gain, pre-opening expenses, property charges and other, change in derivatives fair value, loss on extinguishment of debt, and foreign currency remeasurement and other, net of noncontrolling interests and income taxes calculated using the specific tax treatment applicable to the adjustments based on their respective jurisdictions. Adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited per diluted share are presented as supplemental disclosures to financial measures in accordance with GAAP because management believes that these non-GAAP financial measures are widely used to measure the performance, and as a principal basis for valuation, of gaming companies. These measures are used by management and/or evaluated by some investors, in addition to net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, in addition to net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited a

The Company has included schedules in the tables that accompany this release that reconcile (i) net income (loss) attributable to Wynn Resorts, Limited to adjusted net income (loss) attributable to Wynn Resorts, Limited, (ii) operating income (loss) to Adjusted Property EBITDA, and (iii) net income (loss) attributable to Wynn Resorts, Limited to Adjusted Property EBITDA.

Note: Our casino operations in Macau were closed for a 15-day period in February 2020 and resumed operations on a reduced basis on February 20, 2020. Our casinos' operations have since been fully restored; however, certain COVID-19 specific protective measures, such as limiting the number of seats per table game, increasing the spacing between active slot machines and visitor entry checks and requirements involving temperature checkpoints, mask wearing, health declarations and proof of negative COVID-19 test results remain in effect at the present time. We are currently unable to determine when these measures will be lifted.

On July 10, 2020, Encore Boston Harbor reopened with certain COVID-19 specific protective measures in place, such as limiting the number of seats per table game, slot machine spacing, temperature checks, and mask protection. We are currently unable to determine when these measures will be lifted. In addition, certain food and beverage outlets remain closed, and hotel reservations were limited to Thursday through Sunday until their temporary closure on November 6, 2020, pursuant to a state directive limiting the operating hours of certain businesses, including restaurants and casinos.
