**Note 1 - Organization and Basis of Presentation***Organization*

Wynn Resorts, Limited, a Nevada corporation (together with its subsidiaries, "Wynn Resorts" or the "Company") is a developer, owner and operator of destination casino resorts (integrated resorts). The Company's integrated Macau resort of Wynn Macau and Encore at Wynn Macau features two luxury hotel towers with a total of 1,008 guest rooms and suites, approximately 284,000 square feet of casino space, casual and fine dining in eight restaurants, approximately 31,000 square feet of lounge and meeting space, approximately 57,000 square feet of retail space, recreation and leisure facilities, including two health clubs, spas and one pool. The Company refers to this resort as its Macau Operations.

The Company expects to open Wynn Palace in the third quarter of 2016.

Wynn Boston Harbor will be located on a 33-acre site along the Mystic River and will contain a hotel, a waterfront boardwalk, meeting space, casino space, a spa, retail offerings and food and beverage outlets. The Company has begun site remediation, site preparation and pre-construction activities.

*Basis of Presentation*

The accompanying condensed consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission ("SEC"). Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles ("GAAP") have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures herein are adequate to make the information presented not misleading. In the opinion of management, all adjustments (which include only normal recurring adjustments, except as disclosed in Note 2 under "Summary of Significant Accounting Policies: Prior Period Adjustments") necessary for a fair presentation of the results for the interim periods have been made. The results for the three months ended March 31, 2016 are not necessarily indicative of results to be expected for the full fiscal year. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto in the Company's Annual Report on Form 10-K for the year ended December 31, 2015.

**Note 2 - Summary of Significant Accounting Policies***Principles of Consolidation*

The accompanying condensed consolidated financial statements include the accounts of the Company and its majority-owned subsidiaries. In April 2016, the Company dissolved its 50%-owned joint venture operating the Ferrari and Maserati automobile dealership inside Wynn Las Vegas, which was closed in October 2015 and was accounted for under the equity method. All significant intercompany accounts and transactions have been eliminated.

Certain amounts in the Condensed Consolidated Statements of Cash Flows for the previous year have been reclassified to be consistent with the current year presentation. The payment of deposits on property and equipment, previously presented in purchase of other assets in investing activities, is now presented in capital expenditures in investing activities. The amount of

**WYNN RESORTS, LIMITED AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**  
**(Unaudited)**

deposits on property and equipment that have been reclassified for the three months ended March 31, 2015 was \$23.9 million. The reclassification had no effect on the previously reported net cash used in investing activities.

#### *Cash and Cash Equivalents*

Cash and cash equivalents are comprised of highly liquid investments with original maturities of three months or less and include both U.S. dollar-denominated and foreign currency-denominated securities. Cash equivalents are carried at cost, which approximates fair value. Cash equivalents of \$807.1 million and \$846.3 million at March 31, 2016 and December 31, 2015, respectively, were invested in bank time deposits, money market funds and commercial paper. In addition, the Company held bank deposits and cash on hand of approximately \$1.30 billion and \$1.23 billion as of March 31, 2016 and December 31, 2015, respectively.

#### *Restricted Cash*

At March 31, 2016 and December 31, 2015, the Company's non-current restricted cash consisted of cash held in trust in accordance with the Company's majority owned subsidiary's share award plan.

#### *Investment Securities*

Investment securities consist of domestic and foreign short-term and long-term investments in corporate bonds and commercial paper reported at fair value, with unrealized gains and losses, net of tax, reported in other comprehensive income (loss). Short-term investments have maturities of greater than three months but equal to or less than one year and long-term investments are those with a maturity date greater than one year. The Company's investment policy limits the amount of exposure to any one issuer with the objective of minimizing the potential risk of principal loss. Management determines the appropriate classification of its securities at the time of purchase and reevaluates such designation as of each balance sheet date. Adjustments are made for amortization of premiums and accretion of discounts to maturity computed under the effective interest method. Such amortization is included in interest income together with realized gains and losses and the stated interest on such securities.

#### *Accounts Receivable and Credit Risk*

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of casino accounts receivable. The Company issues credit in the form of "markers" to approved casino customers following investigations of creditworthiness. As of March 31, 2016 and December 31, 2015, approximately 85.1% of the Company's markers were due from customers residing outside the United States, primarily in Asia. Business or economic conditions or other significant events in these countries could affect the collectability of such receivables.

Accounts receivable, including casino and hotel receivables, are typically non-interest bearing and are initially recorded at cost. An estimated allowance for doubtful accounts is maintained to reduce the Company's receivables to their carrying amount, which approximates fair value. The allowance estimate reflects specific review of customer accounts and outstanding gaming promoter accounts as well as management's experience with historical and current collection trends and current economic and business conditions. Accounts are written off when management deems them to be uncollectible. Recoveries of accounts previously written off are recorded when received.

**WYNN RESORTS, LIMITED AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**  
**(Unaudited)**

### *Deferred Financing Costs*

Direct and incremental costs incurred and original issue discounts and premiums in connection with the issuance of long-term debt are deferred and amortized to interest expense using the effective interest method or, if the amounts approximate the effective interest method, on a straight-line basis. Deferred financing costs incurred in connection with the issuance of the Company's revolving credit facilities are presented in noncurrent assets on the Condensed Consolidated Balance Sheets. All other deferred financing costs are presented as a direct reduction of long-term debt on the Condensed Consolidated Balance Sheets. See the Recently Issued and Adopted Accounting Standards section below for details on the presentation change of deferred financing costs.

### *Redemption Price Promissory Note*

The Company records the Redemption Price Promissory Note (the "Redemption Note") at fair value in accordance with applicable accounting guidance. As of March 31, 2016 and December 31, 2015, the fair value of the Redemption Note was \$1.89 billion and \$1.88 billion, respectively. In determining this fair value, the Company estimated the Redemption Note's present value using discounted cash flows with a probability weighted expected return for redemption assumptions and a discount rate, which included time value and non-performance risk adjustments commensurate with risk of the Redemption Note.

Considerations for the redemption assumptions included the stated maturity of the Redemption Note, uncertainty of the related cash flows, as well as potential effects of the following: uncertainties surrounding the potential outcome and timing of pending litigation with Aruze USA, Inc. ("Aruze"), Universal Entertainment Corporation and Mr. Kazuo Okada (collectively, the "Okada Parties") (see Note 14 "Commitments and Contingencies"); the outcome of ongoing investigations of Aruze by the U.S. Attorney's Office, the U.S. Department of Justice and the Nevada Gaming Control Board; and other potential legal and regulatory actions. In addition, in the furtherance of various future business objectives, the Company considered its ability, at its sole option, to prepay the Redemption Note at any time in accordance with its terms without penalty. Accordingly, the Company reasonably determined that the estimated life of the Redemption Note could be less than the contractual life of the Redemption Note.

In determining the appropriate discount rate to be used in the estimated present value, the Company considered the Redemption Note's subordinated position and credit risk relative to all other debt in the Company's capital structure and credit ratings associated with the Company's traded debt. Observable inputs for the risk free rate were based on Federal Reserve rates for U.S. Treasury securities and the credit risk spread was based on a yield curve index of similarly rated debt.

### *Revenue Recognition and Promotional Allowances*

The Company recognizes revenues at the time persuasive evidence of an arrangement exists, the service is provided or the retail goods are sold, prices are fixed or determinable and collection is reasonably assured.

Casino revenues are measured by the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs and for chips in the customers' possession. Cash discounts, other cash incentives related to casino play and commissions rebated through games promoters to customers are recorded as a reduction to casino revenues. Hotel, food and beverage, entertainment and other operating revenues are recognized when services are performed. Entertainment, retail and other revenue includes rental income, which is recognized on a time proportion basis over the lease term. Contingent rental income is recognized when the right to receive such rental income is established according to the lease agreements. Advance deposits on rooms and advance ticket sales are recorded as customer deposits until services are provided to the customer.

Revenues are recognized net of certain sales incentives, which are required to be recorded as a reduction of revenue; consequently, the Company's casino revenues are reduced by discounts, commissions and points earned by customers from the Company's loyalty programs.

#### *Gaming Taxes*

The Company is subject to taxes based on gross gaming revenues in the jurisdictions in which it operates, subject to applicable jurisdictional adjustments. These gaming taxes are an assessment on the Company's gross gaming revenues and are recorded as casino expenses in the accompanying Condensed Consolidated Statements of Operations. These taxes totaled approximately \$278.7 million and \$330.0 million for the three months ended March 31, 2016 and 2015, respectively.

#### *Fair Value Measurements*

The Company measures certain of its financial assets and liabilities, such as cash equivalents, restricted cash, available-for-sale securities, interest rate swaps and the Redemption Note, at fair value on a recurring basis pursuant to accounting standards for fair value measurements. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. These accounting standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions.

*Recently Issued and Adopted Accounting Standards*

In March 2016, the Financial Accounting Standards Board ("FASB") issued an accounting standards update, which involves several aspects of the accounting for share-based payment transactions, including the income tax consequences, classification of awards as either equity or liabilities, and classification on the statement of cash flows. Under the new guidance, income tax benefits and deficiencies are to be recognized as income tax expense or benefit in the income statement and the tax effects of exercised or vested awards should be treated as discrete items in the reporting period in which they occur. An entity should also recognize excess tax benefits regardless of whether the benefit reduces taxes payable in the current period. Excess tax benefits should be classified along with other income tax cash flows as an operating activity. In regards to forfeitures, the entity may make an entity-wide accounting policy election to either estimate the number of awards that are expected to vest or account for forfeitures when they occur. The effective date for this guidance is for financial statements for fiscal years beginning after December 15, 2016, and interim periods within those fiscal periods and early application is permitted. The Company is currently assessing the impact the adoption of this guidance will have on its consolidated financial statements.

**(Unaudited)**

In February 2016, the FASB issued an accounting standards update, which changes the accounting for leases and requires expanded disclosures about leasing activities. Under the new guidance, lessees will be required to recognize a right-of-use asset and lease liability, measured on a discounted basis, at the commencement date for all leases with terms greater than 12 months. Lessor accounting will remain largely unchanged, other than certain targeted improvements intended to align lessor accounting with the lessee accounting model and with the updated revenue recognition guidance issued in 2014. Lessees and lessors are required to apply a modified retrospective transition approach for leases existing at the beginning of the earliest comparative period presented in the adoption-period financial statements. The new standard is effective for fiscal years beginning after December 15, 2018, including interim periods within those fiscal years and early adoption is permitted. The Company is currently assessing the impact the adoption of this standard will have on its consolidated financial statements.

In January 2016, the FASB issued an accounting standards update requiring all equity investments to be measured at fair value with changes in fair value recognized through net income (other than those accounted for under the equity method of accounting or those that result in consolidation of the investee). The update also requires an entity to present separately in other comprehensive income the portion of the total change in the fair value of a liability resulting from a change in the instrument-specific credit risk when the entity has elected to measure the liability at fair value in accordance with the fair value option for financial instruments. This update eliminates the requirement to disclose the methods and significant assumptions used to estimate the fair value that is required to be disclosed for financial instruments measured at amortized cost on the balance sheet for public business entities. The effective date for this guidance is for financial statements issued for fiscal years beginning after December 15, 2017. Early application is permitted as of the beginning of the fiscal year of adoption. The Company is currently assessing the impact the adoption of this standard will have on its consolidated financial statements.

In July 2015, the FASB issued an accounting standards update which changes the measurement principle for inventories valued under the first-in, first-out or weighted-average methods from the lower of cost or market to the lower of cost and net realizable value. Net realizable value is defined by FASB as estimated selling prices in the ordinary course of business, less reasonably predictable costs of completion, disposal and transportation. The effective date for this guidance is for financial statements for fiscal years beginning after December 15, 2016, and interim periods within those fiscal years. The Company does not anticipate that the adoption of this standard will have a material effect on the Company's financial condition, results of operations, or cash flows.

In April 2015, the FASB issued an accounting standards update that requires deferred financing costs related to a recognized debt liability be presented on the balance sheet as a direct reduction from the carrying amount of that debt liability, consistent with debt discounts. The recognition and measurement guidance for deferred financing costs are not affected by the amendments in this update. In August 2015, the FASB issued an accounting standards update which clarifies that the guidance issued in April 2015 does not apply to line-of-credit arrangements. According to the additional guidance, deferred financing costs related to line-of-credit arrangements will continue to be presented as an asset and subsequently amortized ratably over the term of the arrangement. The effective date for this guidance is for financial statements for fiscal years beginning after December 15, 2015, and interim periods within those fiscal years. The Company adopted the guidance on January 1, 2016, with retrospective application in the accompanying Condensed Consolidated Balance Sheet at December 31, 2015. This change in accounting principle resulted in net deferred financing costs of \$63.1 million incurred in connection with the issuance of the Company's long-term debt (excluding revolving credit facilities) being reclassified from noncurrent assets to a direct reduction of the long-term debt balance. The presentation of the \$41.3 million of net deferred financing costs incurred in connection with the issuance of the Company's revolving credit facilities as of December 31, 2015, are not affected by the adoption of this new accounting guidance and are included in other assets on the Condensed Consolidated Balance Sheet.

In May 2014, the FASB issued an accounting standards update that amends the FASB Accounting Standards Codification and creates a new topic for Revenue from Contracts with Customers. The new guidance is expected to clarify the principles for revenue recognition and to develop a common revenue standard for GAAP applicable to revenue transactions. This guidance provides that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. This guidance also provides substantial revision of interim and annual disclosures. The update allows for either full retrospective adoption, meaning the guidance is applied for all periods presented, or modified retrospective adoption, meaning the guidance is applied only to the most current period presented in the financial statements with the cumulative effect of initially applying the guidance recognized at the date of initial application. In August 2015, the FASB issued an accounting standards update which defers the effective date of the new revenue recognition accounting guidance by one year, to annual and interim periods beginning after December 15, 2017. Early application is permitted for annual and interim periods beginning after December 15, 2016. The Company will adopt this standard effective January 1, 2018. The Company is currently assessing the impact the adoption of this standard will have on its consolidated financial statements.

*Prior Period Adjustments*

During the three months ended March 31, 2016, the Company identified \$21.9 million and \$3.7 million of additional interest that should have been capitalized instead of being expensed during the years ended December 31, 2015 and 2014, respectively. Considering both quantitative and qualitative factors, the Company has determined the amounts were immaterial to any previously issued financial statements and would be immaterial to the expected full year results for 2016. Accordingly, the Company corrected these immaterial amounts during the three months ended March 31, 2016, resulting in a decrease to interest expense of \$25.6 million and increases to net income attributable to Wynn Resorts, Limited of \$18.5 million and basic and diluted net income per common share of \$0.18. Had these amounts been corrected in the appropriate periods, it would have resulted in a decrease to interest expense of \$5.1 million and increases to net income attributable to Wynn Resorts, Limited of \$3.7 million and basic and diluted net income per common share of \$0.04, for the three months ended March 31, 2015.

**Note 3 - Earnings Per Share**

Basic earnings per share ("EPS") is computed by dividing net income attributable to Wynn Resorts, Limited by the weighted average number of common shares outstanding during the period. Diluted EPS is computed by dividing net income attributable to Wynn Resorts, Limited by the weighted average number of common shares outstanding during the period increased to include the number of additional shares of common stock that would have been outstanding if the potential dilutive securities had been issued. Potentially dilutive securities include outstanding stock options and unvested restricted stock.

The weighted average number of common and common equivalent shares used in the calculation of basic and diluted EPS consisted of the following (in thousands, except per share amounts):

	Three Months Ended March 31,	
	2016	2015
<b>Numerator:</b>		
Net income (loss) attributable to Wynn Resorts, Limited	\$ 75,221	\$ (44,601)
<b>Denominator:</b>		
Weighted average common shares outstanding	101,392	101,135
Potential dilutive effect of stock options and restricted stock	294	—
Weighted average common and common equivalent shares outstanding	101,686	101,135
Net income (loss) attributable to Wynn Resorts, Limited per common share, basic	\$ 0.74	\$ (0.44)
Net income (loss) attributable to Wynn Resorts, Limited per common share, diluted	\$ 0.74	\$ (0.44)
Anti-dilutive stock options and restricted stock excluded from the calculation of diluted earnings per share	785	1,757

For the three months ended March 31, 2015, the Company recorded a net loss attributable to Wynn Resorts, Limited. Accordingly, the potential dilutive effect of stock options and restricted stock is anti-dilutive. As a result, basic EPS is equal to diluted EPS for this period.

For investments with unrealized losses as of March 31, 2016 and December 31, 2015, the Company has determined that it does not have the intent to sell any of these investments and it is not likely that the Company will be required to sell these investments prior to the recovery of the amortized cost. Accordingly, the Company has determined that no other-than-temporary impairments exist at the reporting dates.

The Company obtains pricing information in determining the fair value of its available-for-sale securities from independent pricing vendors. Based on management's inquiries, the pricing vendors use various pricing models consistent with what other market participants would use. The assumptions and inputs used by the pricing vendors are derived from market observable sources including: reported trades, broker/dealer quotes, issuer spreads, benchmark curves, bids, offers and other market-related data. The Company has not made adjustments to such prices. Each quarter, the Company validates the fair value pricing methodology to determine the fair value is consistent with applicable accounting guidance and to confirm that the securities are classified properly in the fair value hierarchy. The Company compares the pricing received from its vendors to independent sources for the same or similar securities.

The fair values of these investment securities at March 31, 2016, by contractual maturity, are as follows (in thousands):

In connection with the cash tender, the Company expensed \$17.2 million of unamortized deferred financing costs and original issue discount related to the 2020 Notes and incurred other fees of \$0.1 million that are included in loss on extinguishment of debt in the accompanying Condensed Consolidated Statements of Operations.

#### *Debt Covenant Compliance*

As of March 31, 2016, management believes the Company was in compliance with all debt covenants.

#### *Fair Value of Long-Term Debt*

The estimated fair value of the Company's long-term debt, excluding the Redemption Note, as of March 31, 2016 and December 31, 2015 was approximately \$7.18 billion and \$6.86 billion, respectively, compared to its carrying value of \$7.52 billion and \$7.27 billion, respectively. The estimated fair value of the Company's long-term debt, excluding the Redemption Note, is based on recent trades, if available, and indicative pricing from market information (Level 2 inputs). See Note 2 "Summary of Significant Accounting Policies" for discussion on the estimated fair value of the Redemption Note.

#### **Note 9 - Interest Rate Swaps**

The Company seeks to manage its market risk, including interest rate risk associated with variable rate borrowings, through balancing fixed-rate and variable-rate borrowings with the use of derivative financial instruments. The Company currently has three interest rate swap agreements which convert a portion of its variable-rate borrowings under the Wynn Macau Senior Term Loan Facility to a fixed rate. Under the agreements, the Company pays a fixed interest rate on notional amounts corresponding to borrowings in exchange for receipts on the same amount at a variable interest rate based on the applicable LIBOR or HIBOR at the time of payment. The fair value of the interest rate swaps are recognized as assets or liabilities at each balance sheet date, with changes in fair value affecting net income as these agreements do not qualify for hedge accounting. Accordingly, changes in the fair value of the interest rate swaps are presented in the accompanying Consolidated Statements of Operations.

The Company utilized Level 2 inputs as described in Note 2 "Summary of Significant Accounting Policies" to determine fair value. The fair value approximates the amount the Company would receive if these contracts were settled at the respective valuation dates. Fair value is estimated based upon current, and predictions of future, interest rate levels along a yield curve, the remaining duration of the instruments and other market conditions, and therefore, is subject to significant estimation and a high degree of variability and fluctuation between periods. The fair value is adjusted, to reflect the impact of credit ratings of the counterparties or the Company, as applicable. These adjustments resulted in a reduction in the fair values as compared to their settlement values.

As of March 31, 2016, interest rate swaps of \$1.2 million were included in other long-term liabilities in the accompanying Consolidated Balance Sheet. As of December 31, 2015, interest rate swaps of \$0.7 million were included in other assets and \$0.1 million were included in other long-term liabilities in the accompanying Consolidated Balance Sheet. These interest rate swaps mature in July 2017.

#### **Note 10 - Related Party Transactions**

The Company periodically provides services to Stephen A. Wynn, Chairman of the Board of Directors and Chief Executive Officer ("Mr. Wynn"), and certain other officers and directors of the Company, including the personal use of employees, construction work and other personal services, for which the officers and directors reimburse the Company. Mr. Wynn also reimburses the Company for personal usage of aircraft (subject to a \$250,000 credit per calendar year) pursuant to a time sharing agreement. Mr. Wynn and other officers and directors have deposits with the Company to prepay any such items, which are replenished on an ongoing basis as needed. Mr. Wynn and the other officers and directors had a net deposit balance with the Company of \$0.5 million and \$1.0 million as of March 31, 2016 and December 31, 2015, respectively.

The Company is currently constructing Wynn Palace, an integrated resort containing a 1,700-room hotel, a performance lake, and a wide range of amenities, including meeting, retail, food and beverage, and casino spaces, in the Cotai area of Macau.

In September 2011, Wynn Resorts (Macau) S.A. ("Wynn Macau SA"), an indirect subsidiary of WML, and Palo Real Estate Company Limited ("Palo"), a subsidiary of Wynn Macau SA, formally accepted the terms and conditions of a land concession contract from the Macau government for approximately 51 acres of land in the Cotai area of Macau. On May 2, 2012, the land concession contract was gazetted by the government of Macau evidencing the final step in the granting of the land concession. The initial term of the land concession contract is 25 years from May 2, 2012, and it may be renewed with government approval for successive periods. The total land premium payable, including interest as required by the land concession contract, is \$193.4 million. An initial payment of \$62.5 million was paid in December 2011, with eight additional semi-annual payments of approximately \$16.4 million each (which includes interest at 5%) due beginning November 2012. As of March 31, 2016 and December 31, 2015, the remaining \$16.0 million obligation was recorded as a current liability. The Company also is required to make annual lease payments of \$0.8 million during the resort construction period and annual payments of approximately \$1.1 million once the development is completed.

On July 29, 2013, Wynn Macau SA and Palo, executed a guaranteed maximum price construction ("GMP") contract with Leighton Contractors (Asia) Limited, acting as the general contractor. Under the GMP contract, the general contractor is responsible for both the construction and design of the Wynn Palace project. The general contractor is obligated to substantially complete the project in the first half of 2016 for a guaranteed maximum price of HK\$20.6 billion (approximately \$2.7 billion). The performance of the general contractor is backed by a full completion guarantee given by CIMIC Group Limited (formerly Leighton Holdings Limited), the parent company of the general contractor, as well as a performance bond for 5% of the guaranteed maximum price. We have assessed certain liquidated damages for the general contractor's failure to complete certain interim milestones in accordance with the time prescribed in the GMP contract. The general contractor has requested

the reversal of liquidated damages, additional compensation and extensions of time. We view our assessment of liquidated damages as fully supported by the terms of the GMP contract and we view the general contractor's requests as unfounded and intend to adhere to the terms of the GMP contract as agreed with the general contractor. The Company expects to open the property in the third quarter of 2016.

As of March 31, 2016, the Company has incurred approximately \$3.7 billion of the approximately \$4.2 billion total project budget costs. The total project budget includes all construction costs, capitalized interest, pre-opening expenses, land costs and financing fees.

#### *Litigation*

In addition to the actions noted below, the Company and its affiliates are involved in litigation arising in the normal course of business. In the opinion of management, such litigation is not expected to have a material effect on the Company's financial condition, results of operations or cash flows.

#### *Determination of Unsuitability and Redemption of Aruze and Affiliates*

On February 18, 2012, Wynn Resorts' Gaming Compliance Committee received an independent report by Freeh, Sporkin & Sullivan, LLP (the "Freeh Report") detailing a pattern of misconduct by the Okada Parties. The factual record presented in the Freeh Report included evidence that the Okada Parties had provided valuable items to certain foreign gaming officials who were responsible for regulating gaming in a jurisdiction in which entities controlled by Mr. Okada were developing a gaming resort. Mr. Okada denied the impropriety of such conduct to members of the Board of Directors of Wynn Resorts and, while serving as one of the Company's directors, Mr. Okada refused to acknowledge or abide by Wynn Resorts' anti-bribery policies and refused to participate in the training all other directors received concerning these policies.

Based on the Freeh Report, the Board of Directors of Wynn Resorts determined that the Okada Parties are "unsuitable persons" under Article VII of the Company's articles of incorporation. The Board of Directors was unanimous (other than Mr. Okada) in its determination. After authorizing the redemption of Aruze's shares, as discussed below, the Board of Directors took certain actions to protect the Company and its operations from any influence of an unsuitable person, including placing limitations on the provision of certain operating information to unsuitable persons and formation of an Executive Committee of the Board to manage the business and affairs of the Company during the period between each annual meeting. The Charter of the Executive Committee provides that "Unsuitable Persons" are not permitted to serve on the Committee. All members of the Board, other than Mr. Okada, were appointed to the Executive Committee on February 18, 2012. The Board of Directors also requested that Mr. Okada resign as a director of Wynn Resorts (under Nevada corporation law, a board of directors does not have the power to remove a director) and recommended that Mr. Okada be removed as a member of the Board of Directors of WML. On February 18, 2012, Mr. Okada was removed from the Board of Directors of Wynn Las Vegas Capital Corp., an indirect wholly owned subsidiary of Wynn Resorts. On February 24, 2012, Mr. Okada was removed from the Board of Directors of WML and on February 22, 2013, he was removed from the Board of Directors of Wynn Resorts by a stockholder vote in which 99.6% of the over 86 million shares voted were cast in favor of removal. Mr. Okada resigned from the Board of Directors of Wynn Resorts on February 21, 2013. Although the Company has retained the structure of the Executive Committee, the Board has resumed its past role in managing the business and affairs of the Company.

Based on the Board of Directors' finding of "unsuitability," on February 18, 2012, Wynn Resorts redeemed and canceled Aruze's 24,549,222 shares of Wynn Resorts' common stock. Following a finding of "unsuitability," Article VII of Wynn Resorts' articles of incorporation authorizes redemption at "fair value" of the shares held by unsuitable persons. The Company engaged an independent financial advisor to assist in the fair value calculation and concluded that a discount to the then current trading price was appropriate because of, among other things, restrictions on most of the shares held by Aruze under the terms of the Stockholders Agreement (as defined below). Pursuant to its articles of incorporation, Wynn Resorts issued the Redemption Note to Aruze in redemption of the shares. The Redemption Note has a principal amount of \$1.94 billion, matures on February 18, 2022, and bears interest at the rate of 2% per annum, payable annually in arrears on each anniversary of the date of the Redemption Note. The Company may, in its sole and absolute discretion, at any time and from time to time, and without penalty or premium, prepay the whole or any portion of the principal or interest due under the Redemption Note. In no instance shall any payment obligation under the Redemption Note be accelerated except in the sole and absolute discretion of Wynn Resorts or as specifically mandated by law. The indebtedness evidenced by the Redemption Note is and shall be subordinated in right of payment, to the extent and in the manner provided in the Redemption Note, to the prior payment in full of all existing and future obligations of Wynn Resorts or any of its affiliates in respect of indebtedness for borrowed money of any kind or nature.

**(Unaudited)**

The Company provided the Freeh Report to appropriate regulators and law enforcement agencies and has been cooperating with related investigations that such regulators and agencies have undertaken. The conduct of the Okada Parties and any resulting regulatory investigations could have adverse consequences to the Company and its subsidiaries. A finding by regulatory authorities that Mr. Okada violated anti-corruption statutes and/or other laws or regulations applicable to persons affiliated with a gaming licensee on Company property and/or otherwise involved the Company in criminal or civil violations could result in actions by regulatory authorities against the Company and its subsidiaries.

*Redemption Action and Counterclaim*

On February 19, 2012, Wynn Resorts filed a complaint in the Eighth Judicial District Court, Clark County, Nevada against the Okada Parties (as amended, the "Complaint"), alleging breaches of fiduciary duty and related claims (the "Redemption Action") arising from the activities addressed in the Freeh Report. The Company is seeking compensatory and special damages as well as a declaration that it acted lawfully and in full compliance with its articles of incorporation, bylaws and other governing documents in redeeming and canceling the shares of Aruze.

On March 12, 2012, the Okada Parties removed the action to the United States District Court for the District of Nevada (the action was subsequently remanded to Nevada state court). On that same date, the Okada Parties filed an answer denying the claims and a counterclaim (as amended, the "Counterclaim") that purports to assert claims against the Company, each of the members of the Company's Board of Directors (other than Mr. Okada) and Wynn Resorts' General Counsel (the "Wynn Parties"). The Counterclaim alleges, among other things: (1) that the shares of Wynn Resorts common stock owned by Aruze were exempt from the redemption-for-unsuitability provisions in the Wynn Resorts articles of incorporation (the "Articles") pursuant to certain agreements executed in 2002; (2) that the Wynn Resorts directors who authorized the redemption of Aruze's shares acted at the direction of Mr. Wynn and did not independently and objectively evaluate the Okada Parties' suitability, and by so doing, breached their fiduciary duties; (3) that the Wynn Resorts directors violated the terms of the Wynn Resorts Articles by failing to pay Aruze fair value for the redeemed shares; and (4) that the terms of the Redemption Note that Aruze received in exchange for the redeemed shares, including the Redemption Note's principal amount, duration, interest rate, and subordinated status, were unconscionable. Among other relief, the Counterclaim seeks a declaration that the redemption of Aruze's shares was void, an injunction restoring Aruze's share ownership, damages in an unspecified amount and rescission of the Amended and Restated Stockholders Agreement, dated as of January 6, 2010, by and among Aruze, Mr. Wynn, and Elaine Wynn (the "Stockholders Agreement").

On June 19, 2012, Elaine Wynn asserted a cross claim against Mr. Wynn and Aruze seeking a declaration that (1) any and all of Elaine Wynn's duties under the Stockholders Agreement shall be discharged; (2) the Stockholders Agreement is subject to rescission and is rescinded; (3) the Stockholders Agreement is an unreasonable restraint on alienation in violation of public policy; and/or (4) the restrictions on sale of shares shall be construed as inapplicable to Elaine Wynn. On March 28, 2016, Elaine Wynn filed an amended cross claim which added Wynn Resorts and Wynn Resorts' General Counsel (together with Mr. Wynn, the "Wynn Cross Defendants") as cross defendants. The amended cross claim substantially repeats its earlier allegations and further alleges that Mr. Wynn engaged in acts of misconduct that, with the Wynn Cross Defendants, resulted in Mr. Wynn allegedly breaching the Stockholders Agreement and violating alleged duties under the Stockholders Agreement by preventing Elaine Wynn from being nominated and elected to serve as one of the Company's directors. In addition to continuing to seek the declarations asserted under the original cross claim, the amended cross claim seeks an order compelling Mr. Wynn to comply with the Stockholders Agreement by assuring the nomination and election of Elaine Wynn to the Board of Directors and seeks unspecified monetary damages from Mr. Wynn and the Wynn Cross Defendants. The Wynn Cross Defendants filed motions to dismiss and a motion to sever in April 2016 and will vigorously defend against the claims asserted against them. On May 5, 2016, the court granted Wynn Resorts' and Wynn Resorts' General Counsel's motions to dismiss and denied Mr. Wynn's motion to dismiss. Mr. Wynn is continuing to oppose Elaine Wynn's cross claim. The motion to sever is scheduled to be heard by the court on May 26, 2016.

The indenture for Wynn Las Vegas, LLC's 4 1/4% Senior Notes due 2023 (the "2023 Indenture") provides that if Mr. Wynn, together with certain related parties, in the aggregate beneficially owns a lesser percentage of the voting power of the outstanding common stock of the Company than is beneficially owned by any other person, a change of control will have occurred. The indenture for Wynn Las Vegas, LLC's 5 1/2% Senior Notes due 2025 (the "2025 Indenture") provides that if any event constitutes a "change of control" under the 2023 Indenture, it will constitute a change of control under the 2025 Indenture. If the Stockholders Agreement is determined not to be enforceable pursuant to Elaine Wynn's cross claim, Mr. Wynn would not beneficially own or control Elaine Wynn's shares, which could increase the likelihood that a change in control may occur under the Wynn Las Vegas debt documents. Under the 2023 Indenture and the 2025 Indenture, if (1) a change of control

**WYNN RESORTS, LIMITED AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**  
**(Unaudited)**

occurs and (2) at any time within 60 days after that occurrence, the 4 1/4% Senior Notes due 2023 or the 5 1/2% Senior Notes due 2025, as applicable, are rated below investment grade by both rating agencies that rate such notes, the Company is required to make an offer to each applicable holder to repurchase all or any part of such holder's notes at a purchase price equal to 101% of the aggregate principal amount thereof plus accrued and unpaid interest on the notes purchased, if any, to the date of repurchase (unless the notes have been previously called for redemption).

The Company's Complaint and the Okada Parties' Counterclaim have been, and continue to be, challenged through motion practice. At a hearing held on November 13, 2012, the Nevada state court granted the Wynn Parties' motion to dismiss the Counterclaim with respect to the Okada Parties' claim under the Nevada Racketeer Influenced and Corrupt Organizations Act with respect to certain Company executives but otherwise denied the motion. At a hearing held on January 15, 2013, the court denied the Okada Parties' motion to dismiss the Company's Complaint. On April 22, 2013, the Company filed a second amended complaint. On August 30, 2013, the Okada Parties filed their third amended Counterclaim. On September 18, 2013, the Company filed a Partial Motion to Dismiss related to a claim in the third amended Counterclaim alleging civil extortion by Mr. Wynn and the Company's General Counsel. On October 29, 2013, the court granted the motion and dismissed the claim. On November 26, 2013, the Okada Parties filed their fourth amended Counterclaim, and the Company filed an answer to that pleading on December 16, 2013. On September 16, 2014, Aruze filed a motion for partial summary judgment related to its counterclaim alleging the Company's directors violated the terms of the Articles by failing to pay Aruze fair value for the redeemed shares. At a hearing held on October 21, 2014, the court denied Aruze's motion. On October 10, 2014, the Okada Parties filed a motion for partial judgment on the pleadings principally to seek dismissal of certain breach of fiduciary claims against Mr. Okada included in the Company's Complaint. On November 13, 2014, the court denied the motion and issued an order setting the trial and trial-related dates. On April 14, 2016, the court entered a new stipulation between the parties for a discovery schedule closing on November 1, 2016. The trial is scheduled to begin on February 6, 2017.

On each of February 14, 2013 and February 13, 2014, the Company issued a check to Aruze in the amount of \$38.7 million, representing the interest payments due on the Redemption Note at those times. However, those checks were not cashed. In February 2014, the Okada Parties advised of their intent to deposit any checks for interest and principal, past and future, due under the terms of the Redemption Note to the clerk of the court for deposit into the clerk's trust account. On March 17, 2014, the parties stipulated that the checks be returned to the Company for reissue in the same amounts, payable to the clerk of the court for deposit into the clerk's trust account. Pursuant to the stipulation, on March 20, 2014, the Company delivered to the clerk of the court the reissued checks that were deposited into the clerk's trust account and filed a notice with the court with respect to the same. On each of February 13, 2015 and February 12, 2016, the Company issued a check for the interest payment due at those times to the clerk of the court for deposit into the clerk's trust account.

On April 8, 2013, the United States Attorney's Office and the U.S. Department of Justice filed a Motion to Intervene and for Temporary and Partial Stay of Discovery in the Redemption Action. The parties had been engaged in discovery at the time of the filing. The motion stated that the federal government has been conducting a criminal investigation of the Okada Parties involving the "same underlying allegations of misconduct-that is, potential violations of the Foreign Corrupt Practice Act and related fraudulent conduct-that form the basis of" the Company's complaint, as amended, in the Redemption Action. The motion sought to stay all discovery in the Redemption Action related to the Okada Parties' allegedly unlawful activities in connection with their casino project in the Philippines until the conclusion of the criminal investigation and any resulting criminal prosecution, with an interim status update to the court in six months. At a hearing on May 2, 2013, the court granted the motion and ordered that all discovery in the Redemption Action be stayed for a period of six months (the "Stay"). On May 30, 2013, Elaine Wynn filed a motion for partial relief from the Stay, to allow her to conduct limited discovery related to her cross and counterclaims. The Wynn Parties opposed the motion so as to not interfere with the United States government's investigation. At a hearing on August 1, 2013, the court denied the motion. On October 29, 2013, the United States Attorney's Office and the U.S. Department of Justice filed a Motion to Extend the Stay for a further period of six months. At a hearing on October 31, 2013, the court granted the requested extension based upon an affidavit provided under seal that outlined, among other things, concerns for witness safety. The court did, however, order the parties to exchange written discovery propounded prior to May 2, 2013, including discovery related to the Elaine Wynn cross and counterclaims referred to above. The extended Stay expired on May 5, 2014. On April 29, 2014, the United States Attorney's Office and the U.S. Department of Justice filed a Motion for a Second Extension of Temporary Stay of Discovery for a further six months. At a hearing on May 1, 2014, the court denied the motion.

The lawsuit is currently in the discovery phase of litigation. The Company will continue to vigorously pursue its claims against the Okada Parties, and the Company and the Wynn Parties will continue to vigorously defend against the counterclaims asserted against them. Management has determined that based on proceedings to date, it is currently unable to determine the

**WYNN RESORTS, LIMITED AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**  
**(Unaudited)**

probability of the outcome of this matter or the range of reasonably possible loss, if any. An adverse judgment or settlement involving payment of a material amount could cause a material adverse effect on the Company's financial condition.

*Litigation Commenced by Kazuo Okada*

Japan Action:

On August 28, 2012, Mr. Okada, Universal Entertainment Corporation and Okada Holdings ("Okada Japan Parties") filed a complaint in Tokyo District Court against the Wynn Parties, alleging that the press release issued by Wynn Resorts with respect to the redemption has damaged plaintiffs' social evaluation and credibility. The Okada Japan Parties seek damages and legal fees from the Wynn Parties. After asking the Okada Japan Parties to clarify the allegations in their complaint, the Wynn Parties objected to the jurisdiction of the Japanese court. On April 30, 2013, the Wynn Parties filed a memorandum in support of their jurisdictional position. On October 21, 2013, the court dismissed the action on jurisdictional grounds. On November 1, 2013, the Okada Japan Parties filed an appeal moving the matter to the Tokyo High Court. On June 11, 2014, the Tokyo High Court ruled in favor of the Wynn Parties and upheld the motion for dismissal. On June 25, 2014, the Okada Japan Parties filed a notice of appeal to the Supreme Court of Japan. The Supreme Court of Japan dismissed the appeal as to all of the individuals (including the Company directors) in February 2016 and as to Wynn Resorts in March 2016, thus upholding the motion for dismissal of the Okada Japan Parties' defamation action against the Wynn Parties.

Indemnification Action:

On March 20, 2013, Mr. Okada filed a complaint against the Company in Nevada state court for indemnification under the Company's Articles, bylaws and agreements with its directors. The complaint sought advancement of Mr. Okada's costs and expenses (including attorney's fees) incurred pursuant to the various legal proceedings and related regulatory investigations described above. The Company's answer and counterclaim was filed on April 15, 2013. The counterclaim named each of the Okada Parties as defendants and sought indemnification under the Company's Articles for costs and expenses (including attorney's fees) incurred pursuant to the various legal proceedings and related regulatory investigations described above. On April 30, 2013, Mr. Okada filed his reply to the counterclaim. On February 4, 2014, the court entered an order on the parties' stipulation that: (1) dismissed all claims Mr. Okada asserted against the Company; (2) reserved Mr. Okada's right to assert, in the future, any claims for indemnity following the resolution of the Redemption Action; and (3) stayed the claims asserted by the Company against Mr. Okada pending the resolution of the Redemption Action.

Macau Action:

On July 3, 2015, WML announced that the Okada Parties filed a complaint in the Court of First Instance of Macau ("Macau Court") against Wynn Macau SA and certain individuals who are or were directors of Wynn Macau SA and or WML (collectively, the "Wynn Macau Parties"). The principal allegations in the lawsuit are that the redemption of the Okada Parties' shares in Wynn Resorts was improper and undervalued, that the previously disclosed payment by Wynn Macau SA to an unrelated third party in consideration of relinquishment by that party of certain rights in and to any future development on the land in Cotai where Wynn Resorts is building Wynn Palace was unlawful and that the previously disclosed donation by Wynn Resorts to the University of Macau Development Foundation was unlawful. The plaintiffs seek dissolution of Wynn Macau SA and compensatory damages. The Okada Parties recently released one of the defendants from the lawsuit. The Macau Court has served the complaint on all of the remaining defendants and the Wynn Macau Parties are in the process of preparing a response.

The Company believes these actions commenced by the Okada Parties discussed above are without merit and will vigorously defend the Wynn Macau Parties against them. Management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of these actions or the range of reasonably possible loss, if any.

*Related Investigations and Derivative Litigation*

Investigations:

In the U.S. Department of Justice's Motion to Intervene and for Temporary and Partial Stay of Discovery in the Redemption Action, the Department of Justice states in a footnote that the government also has been conducting a criminal investigation into the Company's previously disclosed donation to the University of Macau Development Foundation. The Company has not received any target letter or subpoena in connection with such an investigation. The Company intends to cooperate fully with the government in response to any inquiry related to the donation to the University of Macau Development Foundation.

Other regulators may pursue separate investigations into the Company's compliance with applicable laws arising from the allegations in the matters described above and in response to the Counterclaim and other litigation filed by Mr. Okada suggesting improprieties in connection with the Company's donation to the University of Macau Development Foundation. While the Company believes that it is in full compliance with all applicable laws, any such investigations could result in actions by regulators against the Company. Prior investigations by the Nevada Gaming Control Board and SEC were closed with no actions taken.

Derivative Claims:

Six derivative actions were commenced against the Company and all members of its Board of Directors: four in the United States District Court, District of Nevada, and two in the Eighth Judicial District Court of Clark County, Nevada.

The four federal actions brought by the following plaintiffs have been consolidated: (1) The Louisiana Municipal Police Employees' Retirement System, (2) Maryanne Solak, (3) Excavators Union Local 731 Welfare Fund, and (4) Boilermakers Lodge No. 154 Retirement Fund (collectively, the "Federal Plaintiffs").

The Federal Plaintiffs filed a consolidated complaint on August 6, 2012, asserting claims for: (1) breach of fiduciary duty; (2) waste of corporate assets; (3) injunctive relief; and (4) unjust enrichment. The claims were against the Company and all Company directors, including Mr. Okada; however, the plaintiffs voluntarily dismissed Mr. Okada as a defendant in this consolidated action on September 27, 2012. The Federal Plaintiffs claimed that the individual defendants breached their fiduciary duties and wasted assets by: (a) failing to ensure the Company's officers and directors complied with federal and state laws and the Company's Code of Conduct; (b) voting to allow the Company's subsidiary to make the donation to the University of Macau Development Foundation; and (c) redeeming Aruze's stock such that the Company incurs the debt associated with the redemption. The Federal Plaintiffs seek unspecified compensatory damages, restitution in the form of disgorgement, reformation of corporate governance procedures, an injunction against all future payments related to the donation/pledge, and all fees (attorneys, accountants, and experts) and costs. The directors responded to the consolidated complaint by filing a motion to dismiss on September 14, 2012. On February 1, 2013, the federal court dismissed the complaint for failure to plead adequately the futility of a pre-suit demand on the Board. The dismissal was without prejudice to the Federal Plaintiffs' ability to file a motion within 30 days seeking leave to file an amended complaint. On April 9, 2013, the Federal Plaintiffs filed their amended complaint. The Company and the directors filed their motion to dismiss the amended complaint on May 23, 2013. On March 13, 2014, the federal court granted the motion to dismiss and entered judgment in favor of the Company and directors and against the Federal Plaintiffs without prejudice. On April 10, 2014, the Federal Plaintiffs filed a notice of appeal to the United States Court of Appeals for the Ninth Circuit. Oral argument is scheduled for May 2016.

The two state court actions brought by the following plaintiffs also have been consolidated: (1) IBEW Local 98 Pension Fund and (2) Danny Hinson (collectively, the "State Plaintiffs"). Through a coordination of efforts by all parties, the directors and the Company (a nominal defendant) have been served in all of the actions. The State Plaintiffs filed a consolidated complaint on July 20, 2012 asserting claims for (1) breach of fiduciary duty; (2) abuse of control; (3) gross mismanagement; and (4) unjust enrichment. The claims are against the Company and all Company directors during the applicable period, including Mr. Okada, as well as the Company's Chief Financial Officer who signed financial disclosures filed with the SEC during the applicable periods. The State Plaintiffs claim that the individual defendants failed to disclose to the Company's stockholders the investigation into, and the dispute with director Okada as well as the alleged potential violations of the FCPA related to, the University of Macau Development Foundation donation. The State Plaintiffs seek unspecified monetary damages (compensatory and punitive), disgorgement, reformation of corporate governance procedures, an order directing the Company to internally investigate the donation, as well as attorneys' fees and costs. On October 13, 2012, the court entered the parties' stipulation providing for a stay of the state derivative action for 90 days, subject to the parties' obligation to monitor the

**WYNN RESORTS, LIMITED AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (continued)**  
**(Unaudited)**

progress of the pending litigation, discussed above, between Wynn Resorts (among others) and Mr. Okada (among others). Per the stipulation, the Company and the individual defendants were not required to respond to the consolidated complaint while the stay remained in effect. Following the expiration of the stay, the State Plaintiffs advised the Company and the individual defendants that they intended to resume the action by filing an amended complaint, which they did, on April 26, 2013. The Company and directors filed their motion to dismiss on June 10, 2013. However, on July 31, 2013, the parties agreed to a stipulation that was submitted to, and approved by the court. The stipulation contemplates a stay of the consolidated state court derivative action of equal duration as the Stay entered by the court in the Redemption Action. On June 18, 2014, the court entered a new stipulation between the parties that provides for further stay of the state derivative action and directs the parties, within 45 days of the conclusion of the latter of the Redemption Action or the federal derivative action, to discuss how the state derivative action should proceed and to file a joint report with the court.

The individual defendants are vigorously defending against the claims pleaded against them in the state derivative action. Management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this action or the range of reasonably possible loss, if any.

#### *Massachusetts Gaming License Related Actions*

On September 17, 2014, the Massachusetts Gaming Commission ("MGC") designated Wynn MA, LLC ("Wynn MA"), an indirect wholly owned subsidiary of the Company, the award winner of the Greater Boston (Region A) gaming license. On November 7, 2014, the gaming license became effective.

**Revere Action:** On October 16, 2014, the City of Revere, the host community to the unsuccessful bidder for the same license, and the International Brotherhood of Electrical Workers, Local 103, ("IBEW"), filed a complaint against the MGC and each of the five gaming commissioners in Suffolk Superior Court in Boston, Massachusetts (the "Revere Action"). The complaint challenges the MGC's decision and alleges that the MGC failed to follow statutory requirements outlined in the Gaming Act. The complaint (1) seeks to appeal the administrative decision, (2) asserts that certiorari provides a remedy to correct errors in proceedings by an agency such as the MGC, (3) challenges the constitutionality of that section of the gaming law which bars judicial review of the MGC's decision to deny an applicant a gaming license, and (4) alleges violations of the open meeting law requirements. The court allowed Mohegan Sun ("Mohegan"), the other applicant for the Greater Boston (Region A) gaming license, to intervene in the Revere Action, and on February 23, 2015, Mohegan filed its complaint. The Mohegan complaint challenges the license award to Wynn MA, seeks judicial review of the MGC's decision, and seeks to vacate the MGC's license award to Wynn MA. On July 1, 2015, the MGC filed motions to dismiss Mohegan's and the City of Revere's complaints. Oral argument on these motions was heard on September 22, 2015. On December 3, 2015, the court granted the motion to dismiss the claims asserted in the Revere Action. Also on December 3, 2015, the court granted the motion to dismiss three of the four counts asserted by Mohegan but denied the motion as to Mohegan's certiorari claim. The City of Revere and IBEW have sought immediate appellate review of the dismissal of their claims and the MGC has requested immediate appellate review of the court's denial of the MGC's motion to dismiss Mohegan's certiorari claim. All three petitions for interlocutory review were denied. The MGC filed a Notice of Appeal on January 29, 2016. The Notice of Appeal is currently pending before the Massachusetts Appeals Court.

**Somerville Action:** On December 4, 2014, the City of Somerville filed a complaint similar to the one in the Revere Action against the MGC and each of the five gaming commissioners in Suffolk Superior Court. The City of Somerville filed a motion to stay its case pending the results of the Massachusetts Department of Environmental Protection's review of Wynn MA's proposed project and the required mitigation actions. The motion to stay was not opposed by the MGC and on July 9, 2015, the court granted the City of Somerville's motion to stay. The stay remains in effect.

**Boston Action:** On January 5, 2015, the City of Boston filed a complaint against the MGC and each of the five gaming commissioners in Suffolk Superior Court for certiorari and declaratory relief in connection with the MGC's award of the license to Wynn MA. The complaint seeks to contest the MGC's decision that Boston is a surrounding community, rather than a host community to Wynn Boston Harbor. On May 20, 2015, the City of Boston filed an amended complaint requesting the court to nullify and vacate all decisions made by the MGC leading to and resulting in MGC's license award to Wynn MA; to declare invalid the MGC's regulations regarding the arbitration of surrounding community agreements; and to issue a declaration disqualifying all gaming commissioners from further participating in the gaming licensing process for Region A. The MGC filed a motion to dismiss Boston's amended complaint. Oral argument was heard on September 22, 2015. On December 3, 2015, the court granted the MGC's motion and dismissed the City of Boston's amended complaint. In January 2016, all actions among the City of Boston, Wynn MA and the MGC were resolved through a settlement set forth in a Surrounding Community Agreement.

Wynn MA is not named in the above complaints. The MGC has retained private legal representation at its own nontaxpayer-funded expense.

On August 28, 2015, the Secretary of Energy and Environmental Affairs issued a certificate determining that Wynn MA's Second Supplemental Final Environmental Impact Report ("Report") submitted with respect to the project "adequately and properly complies" with the Massachusetts environmental and implementing regulations. On September 29, 2015, following the issuance of this certificate, the City of Boston filed a complaint against Wynn MA in Suffolk Superior Court seeking declaratory judgment that the certificate issued to Wynn MA is invalid due to an alleged failure to comply with certain provisions of the state environmental regulations and seeking to restrain Wynn MA from causing damage to the environment. In addition, on September 29, 2015, the City of Somerville filed a complaint against Wynn MA and the MGC in Suffolk Superior Court alleging that Wynn MA's Report failed to comply with certain provisions of the state environmental regulations and seeking declaratory relief with respect to the effect of the issuance of Wynn MA's gaming license. All City of Boston claims have been resolved by settlement between Wynn MA and the City of Boston. Wynn MA has until June 30, 2016 to respond to the City of Somerville's complaint.

On February 11, 2016, City of Somerville filed an appeal challenging the draft waterways license ("Chapter 91 License") issued by the Massachusetts Department of Environmental Protection ("MassDEP") on January 22, 2016. The Chapter 91 License authorized Wynn MA's proposed remediation and redevelopment of the project site. The City of Somerville challenges the Chapter 91 License contending that it fails to conform to the Waterways Regulations and that certain prerequisites to its issuance are "...flawed and based on legally untenable grounds and are the subject of pending appeals." The appeal is pending before MassDEP's Office of Appeals and Dispute Resolution and an administrative hearing has been set for June 2, 2016. Until the resolution of this appeal, Wynn MA cannot commence construction activities within the portion of the project site that is within Chapter 91 License jurisdiction.

The Company will vigorously defend Wynn MA against the claims. Management has determined that based on proceedings to date, it is currently unable to determine the probability of the outcome of this action or the range of reasonably possible loss, if any.

#### **Note 15 - Income Taxes**

For the three months ended March 31, 2016 and 2015, the Company recorded tax expense of \$3.9 million and \$3.2 million, respectively. The Company's income tax expense for the three months ended March 31, 2016 and 2015 is primarily related to an increase in the domestic valuation allowance for U.S. foreign tax credits ("FTCs").

Since June 30, 2010, the Company no longer considers its portion of the tax earnings and profits of WML to be permanently invested. The Company recorded deferred U.S. income taxes of \$2.9 million with respect to amounts not considered permanently invested. The Company has not provided deferred U.S. income taxes or foreign withholding taxes on temporary differences as U.S. FTCs should be sufficient to eliminate any U.S. federal income tax in the event of repatriation. The Company recognized minimal income tax benefits related to excess tax deductions associated with stock compensation costs for the three months ended March 31, 2016 and \$0.3 million for the same period of 2015.

In assessing the need for a valuation allowance, the Company relies solely on the reversal of net taxable temporary differences. The valuation allowance for foreign tax credits was determined by scheduling the existing U.S. taxable temporary differences that are expected to reverse and result in foreign source income during the 10-year foreign tax credit carryover period.

Wynn Macau SA has received a 5-year exemption from Macau's Complementary Tax on casino gaming profits through December 31, 2020. During the three months ended March 31, 2016 and 2015, the Company was exempt from the payment of \$11.3 million and \$13.8 million, respectively, in such taxes. The Company's non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau Special Gaming tax and other levies together totaling 39% in accordance with its concession agreement.

In 2011, Wynn Macau SA entered into an agreement with the Macau Special Administrative Region that provides for an annual payment of 15.5 million Macau patacas (approximately \$1.9 million) to the Macau Special Administrative Region as complementary tax due by shareholders on dividend distributions. This agreement on dividends was effective through

December 31, 2015. In June 2015, Wynn Macau SA applied for an extension of the agreement for an additional five years effective through December 31, 2020.

The Company has participated in the Internal Revenue Service ("IRS") Compliance Assurance Program ("CAP") for the 2013 through 2015 tax years and will continue to participate in the IRS CAP for the 2016 tax year. In February 2016, the IRS completed an examination of the 2014 U.S. tax return and had no changes.

In April 2016, the Financial Services Bureau commenced an examination of the 2011 and 2012 Macau income tax returns of Palo. Since the examination is in its initial stages, the Company is unable to determine if it will conclude within the next 12 months. The Company believes that its liability for uncertain tax positions is adequate with respect to these years.

**Note 16 - Segment Information**

The Company reviews the results of operations for each of its operating segments. Wynn Macau and Encore at Wynn Macau are managed as a single integrated resort and have been aggregated as one reportable segment ("Macau Operations"). Wynn Las Vegas and Encore at Wynn Las Vegas are managed as a single integrated resort and have been aggregated as one reportable segment ("Las Vegas Operations"). The Company identifies each resort as a reportable segment considering operations within each resort have similar economic characteristics, type of customers, types of services and products, the regulatory environment of the operations and the Company's organizational and management reporting structure. The Company also reviews construction and development activities for each of its projects under development, in addition to its reportable segments.

The Company's projects under development are Wynn Palace and Wynn Boston Harbor. In the following tables, the assets of Wynn Boston Harbor are included in Corporate and Other. Other Macau primarily represents cash and cash equivalents held at the Company's Macau holding company. The following tables present the Company's segment information (in thousands):

Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDA as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors. The Company also presents Adjusted Property EBITDA because it is used by some investors as a way to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDA as a supplement to financial measures in accordance with U.S. GAAP. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including Wynn Resorts, Limited, have historically excluded from their EBITDA calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation that do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income as an indicator of the Company's performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike measures of net income, Adjusted Property EBITDA does not include depreciation or interest expense

and therefore does not reflect current or future capital expenditures or the cost of capital. The Company has significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, Wynn Resorts' calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

## Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

The following discussion and analysis of our financial condition and results of operations should be read in conjunction with our condensed consolidated financial statements and related notes included elsewhere in this Form 10-Q and our consolidated financial statements appearing in our annual report on Form 10-K for the year ended December 31, 2015. Unless the context otherwise requires, all references herein to the "Company," "we," "us" or "our," or similar terms, refer to Wynn Resorts, Limited, a Nevada corporation, and its consolidated subsidiaries. This discussion and analysis contains forward-looking statements. Please refer to the section below entitled "Special Note Regarding Forward-Looking Statements."

### Overview

We are a developer, owner and operator of destination casino resorts (integrated resorts). In the Macau Special Administrative Region of the People's Republic of China ("Macau"), we own 72% of Wynn Macau, Limited and operate Wynn Macau and Encore at Wynn Macau, which we refer to as Wynn Macau | Encore or as our Macau Operations. In Las Vegas, Nevada, we own 100% of and operate Wynn Las Vegas and Encore at Wynn Las Vegas, which we refer to as Wynn Las Vegas | Encore or our Las Vegas Operations. We are developing Wynn Palace, an integrated casino resort in the Cotai area of Macau, as well as Wynn Boston Harbor, an integrated casino resort in Everett, Massachusetts.

#### *Macau Operations*

We operate Wynn Macau | Encore under a 20-year casino concession agreement granted by the Macau government in June 2002. We lease from the Macau government approximately 16 acres of land in downtown Macau's inner harbor where Wynn Macau | Encore is located.

Wynn Macau | Encore features the following as of April 15, 2016:

- Approximately 284,000 square feet of casino space offering 24-hour gaming and a full range of games with 488 table games and 774 slot machines, private gaming salons, sky casinos and a poker pit;
- Two luxury hotel towers with a total of 1,008 guest rooms and suites;
- Casual and fine dining in eight restaurants;
- Approximately 57,000 square feet of high-end, brand-name retail shopping, including stores and boutiques by Bvlgari, Cartier, Chanel, Dior, Dunhill, Ermenegildo Zegna, Ferrari, Giorgio Armani, Graff, Gucci, Hermes, Hugo Boss, Jaeger-LeCoultre, Loro Piana, Louis Vuitton, Miu Miu, Piaget, Prada, Richard Mille, Roger Dubuis, Rolex, Tiffany, Vacheron Constantin, Van Cleef & Arpels, Versace, Vertu, and others;

- A rotunda show featuring a Chinese zodiac-inspired ceiling along with gold "prosperity tree" and "dragon of fortune" attractions.

In response to our evaluation of our Macau Operations and our commitment to creating a unique customer experience, we have made and expect to continue to make enhancements and refinements to this resort.

#### *Las Vegas Operations*

Wynn Las Vegas | Encore is located at the intersection of the Las Vegas Strip and Sands Avenue, and occupies approximately 215 acres of land fronting the Las Vegas Strip. In addition, we own approximately 18 acres across Sands Avenue, a portion of which is utilized for employee parking and an office building, and approximately five acres adjacent to the golf course on which an office building is located.

Wynn Las Vegas | Encore features the following as of April 15, 2016:

- Approximately 186,000 square feet of casino space, offering 24-hour gaming and a full range of games with 238 table games and 1,887 slot machines, private gaming salons, a sky casino, a poker room, and a race and sports book;
- Two luxury hotel towers with a total of 4,748 guest rooms, suites and villas;

- 34 food and beverage outlets featuring signature chefs;
- Approximately 99,000 square feet of high-end, brand-name retail shopping, including stores and boutiques by Alexander McQueen, Brioni, Cartier, Chanel, Chloé, Chopard, Dior, Givenchy, Graff, Hermes, IWC Schaffhausen, Jaeger-LeCoultre, Loro Piana, Louis Vuitton, Moncler, Nicholas Kirkwood, Piaget, Prada, Rolex, Vertu and others;
- Approximately 290,000 square feet of meeting and convention space;
- Three nightclubs and a beach club;
- A specially designed theater presenting "Le Rêve-The Dream," a water-based theatrical production and a theater presenting "Steve Wynn's ShowStoppers," a Broadway-style entertainment production; and
- Recreation and leisure facilities, including an 18-hole golf course, swimming pools, private cabanas, two full service spas and salons, and a wedding chapel.

In response to our evaluation of our Las Vegas Operations and our commitment to creating a unique customer experience, we have made and expect to continue to make enhancements and refinements to this resort.

In October 2015, we closed the Ferrari and Maserati automobile dealership inside Wynn Las Vegas. We plan to transform the dealership and adjacent space into more than 75,000 square feet of additional high-end retail space.

#### *Future Development*

We are currently constructing Wynn Palace, an integrated resort containing a 1,700-room hotel, a performance lake, and a wide range of amenities, including meeting, retail, food and beverage, and casino spaces, in the Cotai area of Macau. We have a \$2.7 billion guaranteed maximum price ("GMP") contract for the project's construction costs. The total project budget, including construction costs, capitalized interest, pre-opening expenses, land costs and financing fees, is approximately \$4.2 billion. As of March 31, 2016, we have invested approximately \$3.7 billion in the project. We expect to open Wynn Palace on Cotai in the third quarter of 2016.

In November 2014, the Company was awarded a gaming license to develop and construct Wynn Boston Harbor, an integrated resort in Everett, Massachusetts, adjacent to Boston. Wynn Boston Harbor will be located on a 33-acre site along the Mystic River and will contain a hotel, a waterfront boardwalk, meeting space, casino space, a spa, retail offerings and food and beverage outlets. The total project budget, including construction costs, capitalized interest, pre-opening expenses and land costs, is estimated to be between \$1.9 billion and \$2.1 billion. We have begun site remediation, site preparation and pre-construction activities.

We continually seek out new opportunities for additional gaming or related businesses, in the United States, and worldwide.

#### **Key Operating Measures**

Certain key operating measures specific to the gaming industry are included in our discussion of our operational performance for the periods for which Condensed Consolidated Statements of Operations are presented. Below are definitions of these key operating measures discussed:

- Table drop for our Macau Operations is the amount of cash that is deposited in a gaming table's drop box plus cash chips purchased at the casino cage.
- Table drop for our Las Vegas Operations is the amount of cash and net markers issued that are deposited in a gaming table's drop box.
- Turnover is the sum of all losing rolling chip wagers within our Macau Operations' VIP program.
- Table games win is the amount of table drop or turnover that is retained and recorded as casino revenues.
- Rolling chips are identifiable chips that are used to track turnover for purposes of calculating incentives.
- Slot win is the amount of handle (representing the total amount wagered) that is retained by us and is recorded as casino revenues.
- Average daily rate ("ADR") is calculated by dividing total room revenues, including the retail value of promotional allowances (less service charges, if any), by total rooms occupied including complimentary rooms.
- Revenue per available room ("REVPAR") is calculated by dividing total room revenues, including the retail value of promotional allowances (less service charges, if any), by total rooms available.

- Occupancy is calculated by dividing total occupied rooms, including complimentary rooms, by the total rooms available.

Below is a discussion of the methodologies used to calculate win percentage at our resorts.

In our VIP casino in Macau, customers primarily purchase non-negotiable chips, commonly referred to as rolling chips, from the casino cage and there is no deposit into a gaming table drop box from chips purchased from the cage. Non-negotiable chips can only be used to make wagers. Winning wagers are paid in cash chips. The loss of the non-negotiable chips in the VIP casino is recorded as turnover and provides a base for calculating VIP casino win percentage. It is customary in Macau to measure VIP casino play using this rolling chip method. We expect our win as a percentage of turnover in this segment to be within the range of 2.7% to 3.0%.

In our mass market casino in Macau, customers may purchase cash chips at either the gaming tables or at the casino cage. Commencing in the second quarter of 2015, the sum of these purchases is the base of measurement used for calculating win percentage in our mass market casino in accordance with standard Macau industry practice. All prior period amounts have been adjusted to conform to this new measurement.

The measurements in our VIP casino and the mass market casino are not comparable as the mass market casino tracks the initial purchase of chips at the table while the measurement method in our VIP casino tracks the sum of all losing wagers. Accordingly, the base measurement in the VIP casino is much larger than the base measurement in the mass market casino. As a result, the expected win percentage with the same amount of gaming win is smaller in the VIP casino when compared to the mass market casino.

In Las Vegas, customers purchase chips at the gaming tables. The cash and net markers used to purchase chips are deposited in the gaming table's drop box. This is the base of measurement that we use for calculating win percentage in Las Vegas. Each type of table game has its own theoretical win percentage. Our expected table games win percentage in Las Vegas is 21% to 25%.

NM - not meaningful			

During the three months ended March 31, 2016, our net income attributable to Wynn Resorts, Limited was \$75.2 million, resulting in diluted net income per share of \$0.74. During the three months ended March 31, 2015 we experienced a net loss attributable to Wynn Resorts, Limited of \$44.6 million, primarily due to \$116.2 million in losses from the extinguishment of debt related to the purchase of the 7 7/8% First Mortgage Notes due May 1, 2020 (the "7 7/8% 2020 Notes") and the 7 3/4% First Mortgage Notes due August 15, 2020 (the "7 3/4% 2020 Notes" and together with the 7 7/8% 2020 Notes, the "2020 Notes") pursuant to a cash tender offer.

Adjusted Property EBITDA decreased year-over-year by 7.0%, from \$323.0 million for the three months ended March 31, 2015 to \$300.3 million for the same period of 2016. Our results reflect continued weak performance from our Macau Operations, with year-over-year decreases in VIP turnover and mass market table drop of 21.4% and 5.6%, respectively. The VIP turnover reduction is a result of the current economic and political conditions in Macau and China as well as the effect of regional economic factors on gaming promoters and our premium customers. We continue to experience a significant slowdown in activity from our premium customers with a reduction in overall visitation to our Macau Operations.

**Financial results for the three months ended March 31, 2016 compared to the three months ended March 31, 2015.***Net revenues*

The following table presents net revenues from our Macau and Las Vegas Operations (dollars in thousands):

	Three Months Ended March 31,		Percent Change
	2016	2015	
<b>Net revenues</b>			
Macau Operations	\$ 608,243	\$ 705,357	(13.8)
Las Vegas Operations	389,435	386,881	0.7
	\$ 997,678	\$ 1,092,238	(8.7)

Net revenues decreased 8.7%, or \$94.6 million, to \$997.7 million for the three months ended March 31, 2016, from \$1.09 billion for the same period in 2015. The continued decline is primarily due to a \$92.6 million decrease in casino revenues from our Macau Operations.

Non-casino revenues consist of operating revenues from rooms, food and beverage, entertainment, retail and other, less promotional allowances. The following table presents net revenues from our casino and non-casino revenues (dollars in thousands):

	Three Months Ended March 31,		Percent Change
	2016	2015	
<b>Net revenues</b>

Non-casino revenues	264,948	266,139	(0.4)
	\$ 997,678	\$ 1,092,238	(8.7)

Casino revenues were 73.4% of total net revenues for the three months ended March 31, 2016, compared to 75.6% for the same period of 2015, while non-casino revenues were 26.6% of total net revenues, compared to 24.4% for the same period of 2015, reflecting the relative stability in non-casino revenues notwithstanding the declines in casino revenues.

*Casino revenues*

Casino revenues decreased 11.3%, or \$93.4 million, to \$732.7 million for the three months ended March 31, 2016, from \$826.1 million in the same period of 2015. The decline is primarily due to our Macau Operations, which experienced a year-over-year decrease in casino revenues of 13.9% from \$664.3 million to \$571.8 million. Our VIP gaming operations drove the Macau Operations casino revenues reduction, with \$13.47 billion in VIP turnover for the three months ended March 31, 2016, compared to \$17.13 billion for the same period of 2015. In addition, our mass market gaming operations contributed to the decline in casino revenues from our Macau Operations with a 5.6% decrease in table drop combined with a reduction in table games win percentage of 1.3 percentage points.

Food and beverage revenues decreased 4.1%, or \$5.6 million, to \$130.4 million for the three months ended March 31, 2016, from \$136.0 million for the same period of 2015. We experienced decreases from our Las Vegas Operations and Macau Operations of \$3.5 million and \$2.1 million, respectively. Our Las Vegas Operations decreased primarily due to one of our nightclubs being closed for re-branding during the three months ended March 31, 2016, while the decrease from our Macau Operations was mainly from a decline in revenues at our restaurants.

Entertainment, retail and other revenues decreased 9.3%, or \$8.4 million, to \$82.0 million for the three months ended March 31, 2016, from \$90.4 million for the same period of 2015. The decrease is primarily due to a decline in revenue from retail shops at our Macau Operations.

Promotional allowances decreased 10.0%, or \$9.2 million, to \$83.1 million for the three months ended March 31, 2016, from \$92.3 million for the same period of 2015. As a percentage of total casino revenues, promotional allowances were 11.3% for the three months ended March 31, 2016, compared to 11.2% for the same period of 2015.

#### *Operating costs and expenses*

Operating costs and expenses decreased 7.5%, or \$67.8 million, to \$839.4 million for the three months ended March 31, 2016, from \$907.2 million for the same period of 2015, mainly from a decrease in casino expenses.

Casino expenses decreased 13.6%, or \$71.5 million, to \$452.5 million for the three months ended March 31, 2016, from \$524.1 million for the same period of 2015, primarily due to lower gaming taxes from the 39.0% gross win tax incurred at our Macau Operations. The decline in gaming taxes was commensurate with the 13.9% decrease in casino revenues at our Macau Operations.

Room expenses increased 2.8%, or \$1.0 million, to \$37.7 million for the three months ended March 31, 2016, from \$36.7 million for the same period of 2015, primarily due to an increase in payroll related expenses from our Las Vegas Operations.

Food and beverage expenses increased 3.9%, or \$3.0 million, to \$79.4 million for the three months ended March 31, 2016, from \$76.4 million for the same period of 2015. The increase was primarily due to an increase in payroll related expenses from our Las Vegas Operations.

Entertainment, retail, and other expenses decreased 5.0%, or \$2.0 million, to \$38.3 million for the three months ended March 31, 2016, from \$40.3 million for the same period of 2015. The decrease was commensurate with the decrease in entertainment, retail and other revenues for the period.

General and administrative expenses decreased 3.9%, or \$4.8 million, to \$117.4 million for the three months ended March 31, 2016, from \$122.2 million in the same period of 2015. The decrease was due to a decrease of \$7.4 million in corporate related expenses, offset by increases from our Las Vegas Operations and Macau Operations of \$1.8 million and \$0.8 million, respectively.

Provision for doubtful accounts decreased \$5.4 million to \$0.7 million for the three months ended March 31, 2016, compared to \$6.1 million for the same period of 2015. The change in the provision was primarily due to the collection of an account in Macau that resulted in a \$6.7 million reversal of the previously recorded allowance for doubtful accounts.

Pre-opening costs were \$33.8 million for the three months ended March 31, 2016, compared to \$16.1 million for the same period of 2015 and were associated with the design and planning for our development projects. During the three months ended March 31, 2016, we incurred pre-opening costs of \$26.3 million related to Wynn Palace, \$6.8 million related to Wynn Boston Harbor and \$0.7 million at Wynn Las Vegas. During the three months ended March 31, 2015, we incurred pre-opening costs of \$9.5 million and \$6.6 million related to Wynn Palace and Wynn Boston Harbor, respectively.

Depreciation and amortization decreased 5.9%, or \$4.9 million, to \$78.0 million for the three months ended March 31, 2016, from \$82.9 million for the same period of 2015. The decrease is primarily due to a change in estimated useful lives of buildings and improvements for Wynn Macau, which was effective September 1, 2015, to more accurately reflect the estimated periods during which these assets are expected to remain in service.

*Interest expense, net of amounts capitalized*

The following table summarizes information related to interest expense (dollars in thousands):

	<u>Three Months Ended March 31,</u>		<u>Percent Change</u>
	<u>2016</u>	<u>2015</u>	
<b>Interest expense</b>			
Interest cost, including amortization of deferred financing costs and original issue discount and premium	\$ 93,171	\$ 88,843	4.9
Capitalized interest	(48,400)	(10,860)	345.7
	<u>\$ 44,772</u>	<u>\$ 77,983</u>	(42.6)
Weighted average total debt balance	\$ 9,402,706	\$ 7,525,217	
Weighted average interest rate	3.95%	4.69%	

Interest expense decreased 42.6%, or \$33.2 million, to \$44.8 million for the three months ended March 31, 2016, from \$78.0 million for the same period of 2015, primarily due to an increase in capitalized interest of \$37.5 million. During the first quarter of 2016, we corrected immaterial amounts of additional interest of \$25.6 million that should have been capitalized instead of being expensed during the years ended December 31, 2015 and 2014. Had these amounts been corrected in the appropriate periods, the capitalized interest for the three months ended March 31, 2015, would have been \$5.1 million higher. For further information, see Item 1—"Notes to Condensed Consolidated Financial Statements," Note 2 "Summary of Significant Accounting Policies." Interest cost increased \$4.3 million to \$93.2 million for the three months ended March 31, 2016, due to an increase in our weighted average total debt balance, offset by a decrease in our weighted average interest rate.

*Other non-operating income and expenses*

During the three months ended March 31, 2016, we recognized a loss of \$5.0 million from the change in fair value of the Redemption Note as a result of changes in certain variables to calculate the estimated fair value. No change was recognized in the same period of 2015. For further information on the fair value of the Redemption Note, see Item 1—"Notes to Condensed Consolidated Financial Statements," Note 2 "Summary of Significant Accounting Policies."

We incurred a loss of \$116.2 million on the extinguishment of debt for the three months ended March 31, 2015, in connection with the cash tender offer of the 2020 Notes. We expensed \$98.9 million for the consideration to holders who tendered, \$17.2 million of unamortized deferred financing costs and original issue discount, and \$0.1 million in other fees incurred. We incurred no loss on extinguishment of debt for the three months ended March 31, 2016.

We incurred losses of \$1.8 million and \$4.6 million for the three months ended March 31, 2016 and 2015, respectively, from the change in the fair value of our interest rate swaps. For further information on our interest rate swaps, see Item 3 — "Quantitative and Qualitative Disclosures about Market Risk."

Interest income was \$3.5 million for the three months ended March 31, 2016, compared to \$1.7 million for the three months ended March 31, 2015. During 2016 and 2015, our short-term investment strategy has been to preserve capital while retaining sufficient liquidity. The majority of our investment securities were in time deposits, fixed deposits and money market accounts with a maturity of three months or less.

#### *Income taxes*

For the three months ended March 31, 2016 and 2015, we recorded a tax expense of \$3.9 million and \$3.2 million, respectively. Our income tax expense in the three months ended March 31, 2016 and 2015 is primarily related to an increase in the domestic valuation allowance for U.S. foreign tax credits ("FTCs") that are expected to provide a U.S. tax benefit in future years.

Since June 30, 2010, we have no longer considered our portion of the tax earnings and profits of Wynn Macau, Limited to be permanently invested. We recorded deferred U.S. income taxes of \$2.9 million with respect to amounts not considered permanently invested. We have not provided deferred U.S. income taxes or foreign withholding taxes on temporary differences as U.S. foreign tax credits should be sufficient to eliminate any U.S. federal income tax in the event of repatriation. We recognized minimal income tax benefits related to excess tax deductions associated with stock compensation costs for the three months ended March 31, 2016 and \$0.3 million for the same period of 2015.

Wynn Resorts (Macau) S.A. ("Wynn Macau SA") has received a 5-year exemption from Macau's Complementary Tax on casino gaming profits through December 31, 2020. During the three months ended March 31, 2016 and 2015, we were exempt from the payment of \$11.3 million and \$13.8 million in such taxes respectively. Our non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau Special Gaming tax and other levies together totaling 39% in accordance with our concession agreement.

In 2011, Wynn Macau SA entered into an agreement with the Macau Special Administrative Region that provides for an annual payment of 15.5 million Macau patacas (approximately \$1.9 million) to the Macau Special Administrative Region as complementary tax due by shareholders on dividend distributions. This agreement on dividends was effective through December 31, 2015. In June 2015, Wynn Macau SA applied for an extension of the agreement for an additional five years effective through December 31, 2020.

We have participated in the Internal Revenue Service ("IRS") Compliance Assurance Program ("CAP") for the 2013 through 2015 tax years and will continue to participate in the IRS CAP for the 2016 tax year. In February 2016, the IRS completed an examination of the 2014 U.S. tax return and had no changes.

In April 2016, the Financial Services Bureau commenced an examination of the 2011 and 2012 Macau income tax returns of Palo Real Estate Company Limited. Since the examination is in its initial stages, we are unable to determine if it will conclude within the next 12 months. We believe that our liability for uncertain tax positions is adequate with respect to these years.

#### *Net income attributable to noncontrolling interest*

Net income attributable to noncontrolling interest was \$30.6 million for the three months ended March 31, 2016, compared to \$30.7 million for the three months ended March 31, 2015. These amounts represent the noncontrolling interest's share of net income from Wynn Macau, Limited.

## Adjusted Property EBITDA

We use Adjusted Property EBITDA to manage the operating results of our segments. Adjusted Property EBITDA is net income before interest, taxes, depreciation and amortization, pre-opening costs, property charges and other, management and license fees, corporate expenses and other (including intercompany golf course and water rights leases), stock-based compensation, loss on extinguishment of debt, change in interest rate swap fair value, change in Redemption Note fair value and other non-operating income and expenses, and includes equity in income from unconsolidated affiliates. Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because we believe that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. We use Adjusted Property EBITDA as a measure of the operating performance of our segments and to compare the operating performance of our properties with those of our competitors. We also present Adjusted Property EBITDA because it is used by some investors as a way to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDA as a supplement to financial measures in accordance with U.S. generally accepted accounting principles ("GAAP"). In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including us, have historically excluded from their EBITDA calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation that do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income as an indicator of our performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike measures of net income, Adjusted Property EBITDA does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. We have significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, our calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

The following table summarizes Adjusted Property EBITDA (in thousands) for our Macau and Las Vegas Operations as reviewed by management and summarized in Item 1—"Notes to Condensed Consolidated Financial Statements," Note 16 "Segment Information." That footnote also presents a reconciliation of Adjusted Property EBITDA to net income (loss).

	Three Months Ended March 31,	
	2016	2015
Macau Operations	\$ 191,245	\$ 212,342
Las Vegas Operations	109,024	110,677
	<u>\$ 300,269</u>	<u>\$ 323,019</u>

Adjusted Property EBITDA at our Macau Operations decreased year-over-year by 9.9% for the three months ended March 31, 2016, primarily due to the decline in casino revenues.

Adjusted Property EBITDA at our Las Vegas Operations decreased year-over-year by 1.5% for the three months ended March 31, 2016, primarily due to a decline in operating income from our food and beverage operations.

Refer to the discussion above regarding the specific details of our results of operations.

## Liquidity and Capital Resources

### Operating Activities

Our operating cash flows primarily consist of our operating income generated by our Macau and Las Vegas Operations (excluding depreciation and other non-cash charges), interest paid and earned, and changes in working capital accounts such as receivables, inventories, prepaid expenses and payables. Our table games play both in Macau and Las Vegas is a mix of cash play and credit play, while our slot machine play is conducted primarily on a cash basis. A significant portion of our table games revenue is attributable to the play of a limited number of premium international customers that gamble on credit. The ability to collect these gaming receivables may impact our operating cash flow for the period. Our rooms, food and beverage, and entertainment, retail and other revenue is conducted primarily on a cash basis or as a trade receivable. Accordingly, operating cash flows will be impacted by changes in operating income and accounts receivables.

Net cash provided by operations for the three months ended March 31, 2016 was \$115.4 million, compared to net cash used of \$15.0 million for the three months ended March 31, 2015. The increase was primarily due to the change in ordinary working capital accounts.

### ***Investing Activities***

Net cash used in investing activities for the three months ended March 31, 2016 was \$272.7 million, compared to \$521.6 million for the same period in 2015. Capital expenditures, net of construction payables and retention, were \$273.2 million and \$519.6 million for the three months ended March 31, 2016 and 2015, respectively, primarily associated with Wynn Palace construction.

### ***Financing Activities***

Net cash provided by financing activities for the three months ended March 31, 2016 was \$184.8 million, compared to net cash used of \$3.4 million for the three months ended March 31, 2015. During the three months ended March 31, 2016, our net cash provided by financing activities was mainly due to borrowings of \$150.1 million under the Wynn Macau Senior Revolving Credit Facility and \$100.3 million under the Wynn America Senior Term Loan Facility, primarily offset by dividends paid of \$50.6 million. Net cash used in financing activities for the three months ended March 31, 2015 consisted primarily of \$1.8 billion provided upon issuance of 5 1/2% Senior Notes due 2025, offset by the purchase of \$1.42 billion of our 2020 Notes pursuant to a cash tender offer, dividends paid of \$346.8 million and payments of \$124.8 million in financing costs.

### ***Capital Resources***

As of March 31, 2016, we had approximately \$2.11 billion of cash and cash equivalents and \$251.9 million of available-for-sale investments in domestic debt securities and commercial paper. Cash and cash equivalents include cash on hand, cash in bank and fixed deposits, investments in money market funds, domestic and foreign bank time deposits and commercial paper, all with maturities of less than 90 days. Our cash is available for operations, debt service and retirement, development activities, general corporate purposes and enhancements to our resorts. Of these amounts, Wynn Macau, Limited (of which we own 72%) and its subsidiaries held \$857.5 million in cash. If our portion of this cash was repatriated to the U.S. on March 31, 2016, it would be subject to minimal U.S. taxes in the year of repatriation. Wynn Las Vegas, LLC held cash balances of \$73.9 million. Wynn Resorts, Limited (including its subsidiaries other than Wynn Las Vegas, LLC and Wynn Macau, Limited), which is not a guarantor of the debt of its subsidiaries, held \$1.18 billion and \$251.9 million of cash and available-for-sale investments, respectively.

The Wynn Macau credit facilities consist of a \$2.27 billion equivalent fully funded senior secured term loan facility and a \$750.0 million equivalent senior secured revolving credit facility (together, the "Wynn Macau Credit Facilities"). Borrowings under the Wynn Macau Credit Facilities consist of both United States dollar and Hong Kong dollar tranches and were used to refinance Wynn Macau SA's existing indebtedness, and will be used to fund the construction and development of Wynn Palace and for general corporate purposes. As of March 31, 2016, we had \$168.5 million of available borrowing capacity under the senior secured revolving credit facility.

The Wynn America credit facilities consist of a \$375 million senior secured revolving credit facility and an \$875 million delay draw senior secured term loan facility (together, the "Wynn America Credit Facilities"). Borrowings under the Wynn America Credit Facilities will be used to fund the design, development, construction and pre-opening expenses of Wynn Boston Harbor and for general corporate purposes. As of March 31, 2016, we had borrowed \$170.3 million of the delay draw senior secured term loan facility with the remaining \$704.7 million available until June 30, 2016. As of March 31, 2016, we had \$1.07 billion of available borrowing capacity under the senior secured revolving credit facility, which includes a reduction for outstanding letters of credit totaling \$8.2 million.

We expect that our future cash needs will relate primarily to operations, funding of development projects and enhancements to our operating resorts, debt service and retirement and general corporate purposes. We expect to meet our cash needs including our contractual obligations with future anticipated cash flow from operations, availability under our bank credit facilities and our existing cash balances. We intend to primarily fund our current development projects, Wynn Palace and Wynn Boston Harbor, with the available borrowing capacity under our bank credit facilities.

### ***Off Balance Sheet Arrangements***

We have not entered into any transactions with special purpose entities nor do we engage in any derivatives except for previously discussed interest rate swaps. We do not have any retained or contingent interest in assets transferred to an unconsolidated entity. At March 31, 2016, we had outstanding letters of credit totaling \$8.2 million.

### *Contractual Obligations and Commitments*

There have been no material changes outside the ordinary course of our business during the three months ended March 31, 2016 to our contractual obligations or off balance sheet arrangements as disclosed in our Annual Report on Form 10-K for the year ended December 31, 2015.

### *Other Factors Affecting Liquidity*

Wynn Resorts is a holding company and, as a result, our ability to pay dividends is highly dependent on our ability to obtain funds and our subsidiaries' ability to provide funds to us. Wynn Las Vegas, LLC, Wynn America, LLC and Wynn Macau SA debt instruments contain customary negative covenants and financial covenants, including, but not limited to, covenants that restrict our ability to pay dividends or distributions to any direct or indirect subsidiaries.

Wynn Las Vegas, LLC intends to fund its operations and capital requirements from cash on hand and operating cash flow. We cannot assure you however, that our Las Vegas Operations will generate sufficient cash flow from operations or the availability of additional indebtedness will be sufficient to enable us to service and repay Wynn Las Vegas, LLC's indebtedness and to fund its other liquidity needs. Similarly, we expect that our Macau Operations will fund Wynn Macau SA and Wynn Macau, Limited's debt service obligations with existing cash, operating cash flow and availability under the Wynn Macau Credit Facilities. However, we cannot assure you that operating cash flows will be sufficient to do so. We may refinance all or a portion of our indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of the indebtedness on acceptable terms or at all.

Legal proceedings in which we are involved also may impact our liquidity. No assurance can be provided as to the outcome of such proceedings. In addition, litigation inherently involves significant costs. For information regarding legal proceedings, see Item 1—"Notes to Condensed Consolidated Financial Statements," Note 14 "Commitments and Contingencies."

We have in the past repurchased, and in the future, we may periodically consider repurchasing our outstanding notes for cash. The amount of any notes to be repurchased, as well as the timing of any repurchases, will be based on business, market and other conditions and factors, including price, contractual requirements or consents, and capital availability.

The Company's Board of Directors has authorized an equity repurchase program. Under the equity repurchase program, we may repurchase the Company's outstanding shares from time to time through open market purchases, in privately negotiated transactions, and under plans complying with Rules 10b5-1 and 10b-18 under the Exchange Act. As a result of an increase in repurchase authority from the Board of Directors on April 14, 2016, we currently have authorization to repurchase up to \$1 billion of the Company's outstanding shares.

New business developments or other unforeseen events may occur, resulting in the need to raise additional funds. We continue to explore opportunities to develop additional gaming or related businesses in domestic and international markets. There can be no assurances regarding the business prospects with respect to any other opportunity. Any new development would require us to obtain additional financing. We may decide to conduct any such development through Wynn Resorts or through subsidiaries separate from the Las Vegas or Macau-related entities.

### **Critical Accounting Policies and Estimates**

A description of our critical accounting policies is included in Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2015. There have been no significant changes to these policies for the three months ended March 31, 2016.

### **Recently Issued and Adopted Accounting Standards**

See related disclosure at Item 1—"Notes to Condensed Consolidated Financial Statements," Note 2 "Summary of Significant Accounting Policies."

Further information on potential factors that could affect our financial condition, results of operations and business are included in this report and our other filings with the SEC. You should not place undue reliance on any forward-looking

statements, which are based only on information available to us at the time this statement is made. We undertake no obligation to update or revise any forward-looking statement, whether as a result of new information, future developments or otherwise.

### **Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices.

#### *Interest Rate Risks*

One of our primary exposures to market risk is interest rate risk associated with our debt facilities that bear interest based on floating rates. We attempt to manage interest rate risk by managing the mix of long-term fixed rate borrowings and variable-rate borrowings, and using hedging activities. We cannot assure you that these risk management strategies will have the desired effect, and interest rate fluctuations could have a negative impact on our results of operations. We do not use derivative financial instruments, other financial instruments or derivative commodity instruments for trading or speculative purposes.

#### *Interest Rate Swap Information*

We have entered into floating-for-fixed interest rate swap arrangements relating to certain of our floating-rate debt facilities. We measure the fair value of our interest rate swaps on a recurring basis. Changes in the fair values of our interest rate swaps for each reporting period recorded are, and will continue to be, recognized as a change in swap fair value in our Condensed Consolidated Statements of Operations, as the swaps do not qualify for hedge accounting.

We currently have three interest rate swap agreements intended to hedge a portion of the underlying interest rate risk on borrowings under our Wynn Macau Credit Facilities. Under two of the swap agreements, we pay a fixed interest rate (excluding the applicable interest margin) of 0.73% on notional amounts corresponding to borrowings of HK\$3.95 billion (approximately \$509.4 million) incurred under the Wynn Macau Senior Term Loan Facility in exchange for receipts on the same amount at a variable interest rate based on the applicable HIBOR at the time of payment. These interest rate swaps fix the all-in interest rate on such amounts at 2.23% to 2.98%. These interest rate swap agreements mature in July 2017.

Under the third swap agreement, we pay a fixed interest rate (excluding the applicable interest margin) of 0.68% on notional amounts corresponding to borrowings of \$243.8 million incurred under the Wynn Macau Senior Term Loan Facility in exchange for receipts on the same amount at a variable-rate based on the applicable LIBOR at the time of payment. This interest rate swap fixes the all-in interest rate on such amounts at 2.18% to 2.93%. This interest rate swap agreement matures in July 2017.

As of March 31, 2016, interest rate swaps of \$1.2 million were included in other long-term liabilities in the accompanying Consolidated Balance Sheet. As of December 31, 2015, interest rate swaps of \$0.7 million were included in other assets and \$0.1 million were included in other long-term liabilities in the accompanying Consolidated Balance Sheet.

#### *Interest Rate Sensitivity*

As of March 31, 2016, approximately 76% of our long-term debt was based on fixed rates, including the notional amounts related to interest rate swaps. Based on our borrowings as of March 31, 2016, an assumed 100 basis point change in the variable rates would cause our annual interest cost to change by \$22.6 million.

#### *Foreign Currency Risks*

The currency delineated in Wynn Macau's concession agreement with the government of Macau is the Macau pataca. The Macau pataca, which is not a freely convertible currency, is linked to the Hong Kong dollar, and in many cases the two are used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. However, the exchange linkages of the Hong Kong dollar and the Macau pataca, and the Hong Kong dollar and the U.S. dollar, are subject to potential changes due to, among other things, changes in Chinese governmental policies and international economic and political developments.

If the Hong Kong dollar and the Macau pataca are not linked to the U.S. dollar in the future, severe fluctuations in the exchange rate for these currencies may result. We also cannot assure you that the current rate of exchange fixed by the applicable monetary authorities for these currencies will remain at the same level.

Because many of Wynn Macau's payment and expenditure obligations are in Macau patacas, in the event of unfavorable Macau pataca or Hong Kong dollar rate changes, Wynn Macau's obligations, as denominated in U.S. dollars, would increase. In addition, because we expect that most of the revenues for any casino that Wynn Macau operates in Macau will be in Hong Kong dollars, we are subject to foreign exchange risk with respect to the exchange rate between the Hong Kong dollar and the U.S. dollar. Also, if any of our Macau-related entities incur U.S. dollar-denominated debt, fluctuations in the exchange rates of the Macau pataca or the Hong Kong dollar, in relation to the U.S. dollar, could have adverse effects on Wynn Macau's results of operations, financial condition, and ability to service its debt. To date, we have not engaged in hedging activities intended to protect against foreign currency risk. Based on our balances at March 31, 2016, an assumed 1% change in the dollar/Hong Kong dollar exchange rate would cause a foreign currency transaction gain/loss of approximately \$33.0 million.

#### **Item 4. Controls and Procedures**

(a) *Disclosure Controls and Procedures.* The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can only provide reasonable assurance of achieving the desired control objectives and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective, at the reasonable assurance level, in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act and were effective in ensuring that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

(b) *Internal Control Over Financial Reporting.* There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter to which this report relates that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
