**WYNN RESORTS, LIMITED AND SUBSIDIARIES**  
**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS**  
**(Unaudited)**

**1. Organization and Basis of Presentation**

*Organization*

Wynn Resorts, Limited, a Nevada corporation (together with its subsidiaries, “Wynn Resorts” or the “Company”), was formed in June 2002 and completed an initial public offering of its common stock on October 25, 2002.

In June 2002, the Company’s indirect subsidiary, Wynn Resorts (Macau), S.A. (“Wynn Macau, S.A.”), entered into an agreement with the government of the Macau Special Administrative Region of the People’s Republic of China (“Macau”), granting Wynn Macau, S.A. the right to construct and operate one or more casino gaming properties in Macau. Wynn Macau, S.A.’s first casino resort in Macau is hereinafter referred to as “Wynn Macau”.

The Company currently owns and operates casino hotel resort properties in Las Vegas, Nevada and Macau. In Las Vegas, Nevada, the Company owns Wynn Las Vegas, which opened on April 28, 2005 and was expanded with the opening of Encore at Wynn Las Vegas on December 22, 2008. In Macau, the Company owns Wynn Macau, which opened on September 6, 2006 and was expanded with the opening of Encore at Wynn Macau on April 21, 2010.

In October 2009, Wynn Macau, Limited, an indirect wholly-owned subsidiary of the Company and the developer, owner and operator of Wynn Macau, listed its ordinary shares of common stock on The Stock Exchange of Hong Kong Limited. Through an initial public offering, including the over allotment, Wynn Macau, Limited sold 1,437,500,000 shares (27.7%) of its common stock.

*Basis of Presentation*

The accompanying condensed consolidated financial statements include the accounts of the Company and its majority-owned subsidiaries. Investments in the 50%-owned joint ventures operating the Ferrari and Maserati automobile dealership and the Brioni mens’ retail clothing store inside Wynn Las Vegas are accounted for under the equity method. All significant intercompany accounts and transactions have been eliminated.

The accompanying condensed consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”). Certain information and footnote disclosures normally included in financial statements prepared in accordance with accounting principles generally accepted in the United States of America have been condensed or omitted pursuant to such rules and regulations, although the Company believes that the disclosures herein are adequate to make the information presented not misleading. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary for a fair presentation of the results for the interim periods have been made. The results for the three and six months ended June 30, 2010 are not necessarily indicative of results to be expected for the full fiscal year. These condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto in the Company’s Annual Report on Form 10-K for the year ended December 31, 2009.

**2. Summary of Significant Accounting Policies**

*Cash and Cash Equivalents*

Cash and cash equivalents are comprised of highly liquid investments with purchase maturities of three months or less. Cash equivalents are carried at cost, which approximates fair value. Cash and cash equivalents

## [Table of Contents](#)

total \$1.86 billion and \$1.99 billion at June 30, 2010 and December 31, 2009, respectively, of which \$1.2 billion and \$1.4 billion at June 30, 2010 and December 31, 2009, respectively, were invested in money market accounts, U.S. treasuries and time deposits. The Company utilized Level 1 inputs as described in Note 9 to determine fair value.

### *Accounts Receivable and Credit Risk*

Financial instruments that potentially subject the Company to concentrations of credit risk consist principally of casino accounts receivable. The Company issues credit in the form of “markers” to approved casino customers following investigations of creditworthiness. At June 30, 2010 and December 31, 2009, approximately 77% and 76%, respectively, of the Company’s markers were due from customers residing outside the United States, primarily in Asia. Business or economic conditions or other significant events in these countries could affect the collectibility of such receivables.

Accounts receivable, including casino and hotel receivables, are typically non-interest bearing and are initially recorded at cost. Accounts are written off when management deems them to be uncollectible. Recoveries of accounts previously written off are recorded when received. An allowance for doubtful accounts is maintained to reduce the Company’s receivables to their estimated carrying amount, which approximates fair value. The allowance is estimated based on specific review of customer accounts as well as management’s experience with collection trends in the casino industry and current economic and business conditions.

### *Inventories*

Inventories consist of retail, food and beverage items, which are stated at the lower of cost or market value, and certain operating supplies. Cost is determined by the first-in, first-out, average and specific identification methods.

### *Revenue Recognition and Promotional Allowances*

Casino revenues are measured by the aggregate net difference between gaming wins and losses, with liabilities recognized for funds deposited by customers before gaming play occurs and for chips in the customers’ possession. Hotel, food and beverage, entertainment and other operating revenues are recognized when services are performed. Advance deposits on rooms and advance ticket sales are recorded as deferred revenues until services are provided to the customer.

Revenues are recognized net of certain sales incentives which are required to be recorded as a reduction of revenue; consequently, the Company’s casino revenues are reduced by discounts, commissions and points earned in customer loyalty programs, such as the player’s club loyalty program.

The retail value of accommodations, food and beverage, and other services furnished to guests without charge is included in gross revenue and then deducted as promotional allowances. The estimated cost of providing such promotional allowances is primarily included in casino expenses as follows (amounts in thousands):

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2010	2009	2010	2009
Rooms	\$12,621	\$12,103	\$25,462	\$28,350
Food and beverage	21,765	19,957	45,113	44,106
Entertainment, retail and other	5,356	2,412	10,439	5,378
Total	<u>\$39,742</u>	<u>\$34,472</u>	<u>\$81,014</u>	<u>\$77,834</u>

## [Table of Contents](#)

### *Gaming taxes*

The Company is subject to taxes based on gross gaming revenue in the jurisdictions in which it operates, subject to applicable jurisdictional adjustments. These gaming taxes are an assessment on the Company's gaming revenue and are recorded as an expense within the "Casino" line item in the accompanying Condensed Consolidated Statements of Operations. Gaming taxes totaled approximately \$350.6 million and \$198.5 million for the three months ended June 30, 2010 and 2009, respectively. For the six months ended June 30, 2010 and 2009, gaming taxes totaled approximately \$638.4 million and \$419 million, respectively.

### *Advertising Costs*

The Company expenses advertising costs the first time the advertising takes place. Advertising costs incurred in development periods are included in pre-opening costs. Once a project is completed, advertising costs are included in general and administrative expenses. Advertising costs totaled approximately \$4.7 million and \$4 million for the three months ended June 30, 2010 and 2009, respectively. For the six months ended June 30, 2010 and 2009, advertising costs totaled approximately \$9 million and \$12.4 million, respectively.

### *Reclassifications*

Certain amounts in the condensed consolidated financial statements for 2009 have been reclassified to be consistent with the current year presentation. These reclassifications had no effect on the previously reported net income (loss).

### *Recently Issued Accounting Standards*

In June 2009, the Financial Accounting Standards Board (the "FASB") issued new accounting standards regarding the consolidation of variable interest entities. These new accounting standards address the effects of elimination of the qualifying special-purpose entity concept from previous standards. These new accounting standards also amend previous guidance in determining whether an enterprise has a controlling financial interest in a variable interest entity. This determination identifies the primary beneficiary of a variable interest entity as the enterprise that has both the power to direct the activities of a variable interest entity that most significantly impacts the entity's economic performance and the ability to absorb losses or the right to receive benefits of the entity that could potentially be significant to the variable interest entity. The Company adopted the new accounting standards on January 1, 2010. The adoption of these new accounting standards did not have a material effect on the Company's condensed consolidated financial statements.

## **3. Earnings Per Share**

Basic earnings per share ("EPS") is computed by dividing net income (loss) attributable to Wynn Resorts by the weighted average number of shares outstanding during the year. Diluted EPS reflects the addition of potentially dilutive securities which for the Company include stock options and nonvested stock.

The weighted average number of common and common equivalent shares used in the calculation of basic and diluted EPS consisted of the following (amounts in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2010	2009	2010	2009
Weighted average common shares outstanding (used in calculation of basic earnings per share)	122,521	122,161	122,467	117,391
Potential dilution from the assumed exercise of stock options and non-vested stock	1,295	225	920	—
Weighted average common and common equivalent shares outstanding (used in calculation of diluted earnings per share)	123,816	122,386	123,387	117,391

## [Table of Contents](#)

A total of 392,500 and 382,500 stock options were excluded from the calculation of diluted EPS for the three and six months ended June 30, 2010, respectively, because including them would have been anti-dilutive. Another 905,000 and 915,000 stock options were out-of-the-money for the three and six months ended June 30, 2010, respectively and were also excluded. A total of 4,922,205 and 4,960,505 stock options were out-of-the-money for the three and six months ended June 30, 2009, respectively, and therefore would have been excluded from the calculation of diluted EPS. For the six months ended June 30, 2009, the Company recorded a net loss. Accordingly, the potential dilution from the assumed exercise of stock options and nonvested stock is anti-dilutive. As a result, basic EPS is equal to diluted EPS for the six months ended June 30, 2009.

### 4. Comprehensive Income (loss)

Total comprehensive income (loss) consisted of the following (amounts in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2010	2009	2010	2009
Net income (loss)	\$88,917	\$25,479	\$146,776	\$(8,335)
Currency translation adjustment	(2,699)	(272)	(3,521)	(260)
Total comprehensive income (loss)	86,218	25,207	143,255	(8,595)
Less: Comprehensive income attributable to non-controlling interests	35,764	—	66,408	—
Comprehensive income (loss) attributable to Wynn Resorts	<u>\$50,454</u>	<u>\$25,207</u>	<u>\$ 76,847</u>	<u>\$(8,595)</u>

As of June 30, 2010 and December 31, 2009, accumulated other comprehensive income (loss) consisted solely of currency translation adjustments.

### 5. Supplemental Disclosure of Cash Flow Information

Interest paid for the six months ended June 30, 2010 and 2009 totaled approximately \$100.3 million and \$117.9 million, respectively. Interest capitalized for the six months ended June 30, 2010 and 2009, totaled approximately \$7.2 million and \$4.7 million, respectively.

During the six months ended June 30, 2010 and 2009, capital expenditures include a decrease of \$19.5 million and \$142.4 million, respectively, in construction payables and retention.

### 6. Receivables, net

Receivables, net consisted of the following (amounts in thousands):

	June 30, 2010	December 31, 2009
Casino	\$ 219,377	\$ 205,330
Hotel	18,796	18,177
Other	29,501	31,453
	267,674	254,960
Less: allowance for doubtful accounts	(110,114)	(102,081)
	<u>\$ 157,560</u>	<u>\$ 152,879</u>

[Table of Contents](#)

**7. Property and Equipment, net**

Property and equipment, net consisted of the following (amounts in thousands):

	June 30, 2010	December 31, 2009
Land and improvements	\$ 718,714	\$ 704,733
Buildings and improvements	3,738,208	3,215,400

	<u>\$3,231,013</u>	<u>\$3,566,428</u>

*6<sup>5</sup>/<sub>8</sub> % Wynn Las Vegas First Mortgage Notes*

On March 26, 2010, Wynn Las Vegas, LLC and Wynn Las Vegas Capital Corp. (the “Issuers”), each a direct or indirect wholly-owned subsidiary of Wynn Resorts, Limited, commenced an offer to exchange all outstanding 6<sup>5</sup>/<sub>8</sub>% First Mortgage Notes due 2014 (the “2014 Notes”) for 7<sup>7</sup>/<sub>8</sub>% First Mortgage Notes due 2020 (the “2020 Notes”) of the Issuers, upon the terms and subject to the conditions set forth in an offering memorandum (the “offering memorandum”), and a related letter of transmittal (the “exchange offer”). The exchange offer was conditioned upon, among other things, the tender of at least \$250 million aggregate principal amount of 2014 Notes. The 2020 Notes were offered only to qualified institutional buyers and outside the United

## [Table of Contents](#)

States in accordance with Rule 144A and Regulation S, respectively, under the Securities Act of 1933, as amended (the “Securities Act”). As of April 23, 2010, the expiration date, approximately \$352 million of the 2014 Notes were validly tendered for exchange to the 2020 Notes. The exchange offer closed on April 28, 2010.

The 2020 Notes rank pari passu in right of payment with borrowings under Wynn Las Vegas, LLC’s credit facilities, the 2014 Notes and the Issuers’ 7<sup>7</sup>/<sub>8</sub>% First Mortgage Notes due 2017 (the “2017 Notes”). The 2020 Notes are senior secured obligations of the issuers, guaranteed by certain of Wynn Las Vegas, LLC’s subsidiaries and secured by a first priority lien on substantially all of the existing and future assets of the Issuers and guarantors and, subject to approval from the Nevada Gaming Commission, a first priority lien on the equity interests of Wynn Las Vegas, LLC, all of which is the same collateral that secures borrowings under Wynn Las Vegas, LLC’s credit facilities, the 2014 Notes and the 2017 Notes.

As further described in the offering memorandum, noteholders who validly tendered 2014 Notes prior to the early delivery time received an early delivery payment on April 28, 2010 of 1% of the amount tendered in cash, which totaled approximately \$3.5 million. In accordance with accounting standards, this will be included as deferred financing costs and amortized over the life of the 2020 Notes. The direct costs of the exchange offer incurred with third parties of \$3.2 million were expensed.

### *Wynn Macau Senior Revolving Credit Facility*

During the six months ended June 30, 2010, the Company repaid approximately \$371 million of borrowings under the Wynn Macau Senior Revolving Credit Facility. As of June 30, 2010, the outstanding balance was approximately \$130.2 million and the Company had approximately \$869.8 million available to borrow under the Wynn Macau Credit Facilities.

### *Debt Covenant Compliance*

As of June 30, 2010, management believes the Company was in compliance with all debt covenants.

### *Fair Value of Long-Term Debt*

The net book value of the 2014 Notes, the 2017 Notes and the 2020 Notes at June 30, 2010 and December 31, 2009, was approximately \$2.1 billion and \$2.1 billion, respectively. The estimated fair value of the 2014 Notes, the 2017 and the 2020 Notes was approximately \$2.2 billion and \$2.1 billion at June 30, 2010 and December 31, 2009, respectively. The net book value of the Company’s other debt instruments was approximately \$1.1 billion and \$1.5 billion at June 30, 2010 and December 31, 2009, respectively. The estimated fair value of the Company’s other debt instruments was approximately \$1 billion and \$1.3 billion at June 30, 2010 and December 31, 2009, respectively.

## **9. Interest Rate Swaps**

The Company has entered into floating-for-fixed interest rate swap arrangements in order to manage interest rate risk relating to certain of its debt facilities. These interest rate swap agreements modify the Company’s exposure to interest rate risk by converting a portion of the Company’s floating-rate debt to a fixed rate. These interest rate swaps essentially fix the interest rate at the percentages noted below; however, changes in the fair value of the interest rate swaps for each reporting period have been recorded as an increase/decrease in swap fair value in the accompanying Condensed Consolidated Statements of Operations, as the interest rate swaps do not qualify for hedge accounting.

The Company measures the fair value of its interest rate swaps on a recurring basis pursuant to accounting standards for fair value measurements. These standards establish a three-tier fair value hierarchy, which prioritizes the inputs used in measuring fair value. These tiers include: Level 1, defined as observable inputs such

## [Table of Contents](#)

as quoted prices in active markets; Level 2, defined as inputs other than quoted prices in active markets that are either directly or indirectly observable; and Level 3, defined as unobservable inputs in which little or no market data exists, therefore requiring an entity to develop its own assumptions. The Company categorizes these interest rate swaps as Level 2.

The following table presents the historical fair value of the interest rate swaps recorded in the accompanying Condensed Consolidated Balance Sheets as of June 30, 2010 and December 31, 2009. The fair value approximates the amount the Company would pay if these contracts were settled at the respective valuation dates. Fair value is estimated based upon current, and predictions of future, interest rate levels along a yield curve, the remaining duration of the instruments and other market conditions, and therefore, is subject to significant estimation and a high degree of variability and fluctuation between periods. The fair value is adjusted to reflect the impact of credit ratings of the counterparties or the Company, as applicable. These adjustments resulted in a reduction in the fair values as compared to their settlement values. As of June 30, 2010 and December 31, 2009, these interest rate swaps are included in other long-term liabilities.

<u>Liability fair value:</u> <u>(amounts in thousands)</u>	<u>Wynn</u> <u>Las Vegas</u>	<u>Wynn</u> <u>Macau</u>	<u>Total</u> <u>Interest</u> <u>Rate Swaps</u>
June 30, 2010	\$ 8,779	\$17,067	\$ 25,846
December 31, 2009	\$ 4,224	\$16,345	\$ 20,569

### *Wynn Las Vegas Swap*

The Company currently has one interest rate swap agreement to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Las Vegas Credit Facilities. Under this swap agreement, the Company pays a fixed interest rate of 2.485% on borrowings of \$250 million incurred under the Wynn Las Vegas Credit Facilities in exchange for receipts on the same amount at a variable interest rate based on the applicable LIBOR at the time of payment. This interest rate swap fixes the interest rate on \$250 million of borrowings at approximately 5.485%. This interest rate swap agreement matures in November 2012.

### *Wynn Macau Swaps*

The Company has two interest rate swap agreements to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Macau Term Loan. Under the first swap agreement, the Company pays a fixed interest rate of 3.632% on U.S. dollar borrowings of approximately \$153.8 million incurred under the Wynn Macau Term Loan in exchange for receipts on the same amount at a variable interest rate based on the applicable LIBOR at the time of payment. Under the second swap agreement, the Company pays a fixed interest rate of 3.39% on Hong Kong dollar borrowings of approximately HK \$991.6 million (approximately U.S. \$127.9 million) incurred under the Wynn Macau Term Loan in exchange for receipt on the same amount at a variable interest rate based on the applicable HIBOR at the time of payment. These interest rate swaps fix the interest rates on the U.S. dollar and the Hong Kong dollar borrowings under the Wynn Macau Term Loan at approximately 5.382% and 5.14%, respectively. These interest rate swap agreements mature in August 2011.

The Company entered into a third interest rate swap agreement effective November 27, 2009, to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Macau Revolver. Under this swap agreement, the Company pays a fixed interest rate of 2.15% on borrowings of approximately HK\$2.3 billion (approximately U.S. \$300 million) incurred under the Wynn Macau Revolver in exchange for receipts on the same amount at a variable interest rate based on the applicable HIBOR at the time of payment. This interest rate swap fixes the interest rate on such borrowings at approximately 3.9%. This interest rate swap agreement matures in June 2012.

## 10. Related Party Transactions

### *Amounts Due to Officers*

The Company periodically provides services to Stephen A. Wynn, Chairman of the Board of Directors and Chief Executive Officer (“Mr. Wynn”), and certain other officers and directors of the Company, including household employees, construction work and other personal services. Mr. Wynn and the other officers and directors have deposits with the Company to prepay any such items, which are replenished on an ongoing basis as needed. As of June 30, 2010 and December 31, 2009, Mr. Wynn and the other officers and directors had a net deposit balance with the Company of approximately \$367,238 and \$789,095 respectively.

### *Villa Suite Lease*

On March 17, 2010, Elaine P. Wynn, a director of Wynn Resorts, and Wynn Las Vegas entered into an Agreement of Lease (the “EW Lease”) for the lease of a villa suite as Elaine P. Wynn’s personal residence. The EW Lease was approved by the Audit Committee of the Board of Directors of the Company. The term of the lease commenced as of March 1, 2010 and terminates December 31, 2010. Pursuant to the terms of the EW Lease, Elaine P. Wynn will pay annual rent equal to \$350,000, which amount was determined by the Audit Committee with the assistance of a third-party appraisal. Certain services for, and maintenance of, the villa suite are included in the rental. The EW Lease superseded the terms of a prior agreement.

On March 18, 2010, Mr. Wynn and Wynn Las Vegas entered into an Amended and Restated Agreement of Lease (the “SW Lease”) for a villa suite to serve as Mr. Wynn’s personal residence. The SW Lease amends and restates a prior lease. The SW Lease was approved by the Audit Committee of the Board of Directors of the Company. The term of the SW Lease commenced as of March 1, 2010 and runs concurrent with Mr. Wynn’s employment agreement with the Company; provided that either party may terminate on 90 days notice. Pursuant to the SW Lease, the rental value of the villa suite will be treated as imputed income to Mr. Wynn, and will be equal to the fair market value of the accommodations provided. Effective March 1, 2010, and for the first two years of the term of the SW Lease, the rental value will be \$503,831 per year. The rental value for the villa suite will be re-determined every two years during the term of the lease by the Audit Committee, with the assistance of an independent third-party appraisal. Certain services for, and maintenance of, the villa suite is included in the rental.

### *Home Purchase*

In May 2010, the Company entered into a new employment agreement with Linda Chen, who is also a director. The term of the new employment agreement is through February 24, 2020. Under the terms of the new employment agreement, the Company purchased a home in Macau for use by Ms. Chen for approximately \$5.4 million, and will expend additional funds to renovate the home and will also provide Ms. Chen the use of an automobile in Macau. Ms. Chen shall have the option to purchase the home at a percentage of the fair market value of the home that is reduced by ten percent per year during the term of the agreement (the “Discount Percentage”). The option is exercisable for (a) no consideration at the end of the term, (b) \$1.00 in the event of termination of Ms. Chen’s employment without “cause” or termination of Ms. Chen’s employment for “good reason” following a “change of control” and (c) at a price based on the applicable Discount Percentage in the event Ms. Chen terminates the agreement due to material breach by the Company. Upon Ms. Chen’s termination for “cause,” Ms. Chen will be deemed to have elected to purchase the Macau home based on the applicable Discount Percentage unless the Company determines to not require Ms. Chen to purchase the home. If Ms. Chen’s employment terminates for any other reason before the expiration of the term (e.g., because of her death or disability or due to revocation of gaming license), the option will terminate.

## [Table of Contents](#)

### *The “Wynn” Surname Rights Agreement*

On August 6, 2004, the Company entered into agreements with Mr. Wynn that confirm and clarify the Company’s rights to use the “Wynn” name and Mr. Wynn’s persona in connection with its casino resorts. Under the parties’ Surname Rights Agreement, Mr. Wynn granted the Company an exclusive, fully paid-up, perpetual, worldwide license to use, and to own and register trademarks and service marks incorporating the “Wynn” name for casino resorts and related businesses, together with the right to sublicense the name and marks to its affiliates. Under the parties’ Rights of Publicity License, Mr. Wynn granted the Company the exclusive, royalty-free, worldwide right to use his full name, persona and related rights of publicity for casino resorts and related businesses, together with the ability to sublicense the persona and publicity rights to its affiliates, until October 24, 2017.

### **11. Property Charges and Other**

Property charges and other for the three months ended June 30, 2010 and 2009 were \$3 million and a net gain of \$5.9 million, respectively. Property charges and other for the six months ended June 30, 2010 and 2009 were \$4.8 million and \$10.5 million, respectively. Property charges generally include costs related to the retirement of assets for remodels and asset abandonments. Property charges and other for the three months ended June 30, 2010, were related to miscellaneous renovations, abandonments and gain/loss on sale of equipment at Wynn Las Vegas and Wynn Macau. Property charges and other for the three months ended June 30, 2009 include the return of \$8.1 million of aircraft deposits written off in the first quarter of 2009. On February 19, 2009, the Company cancelled the agreements to purchase two aircraft. The deposit on one of the aircraft was refundable to the extent another buyer was found. Due to the uncertainty as to the recoverability of this deposit and a \$1.5 million nonrefundable deposit on a second aircraft, the Company wrote off these deposits in the first quarter of 2009. In May 2009, another buyer was found for one of the aircraft and in accordance with the original purchase agreement, a portion of the Company’s deposit was refunded. The Company also incurred property charges of \$2.2 million during the three months ended June 30, 2009 which were related to miscellaneous renovations, abandonments and loss on sale of equipment at Wynn Las Vegas and Wynn Macau.

Property charges and other for the six months ended June 30, 2010, were related to miscellaneous renovations, abandonments and gain/loss on sale of equipment at Wynn Las Vegas and Wynn Macau. Property charges and other for the six months ended June 30, 2009, include the net write-off of \$6.8 million of aircraft purchase deposits as discussed above. The remaining property charges were related to renovations, abandonments and loss on sale of equipment at Wynn Las Vegas and Wynn Macau.

### **12. Non-controlling Interest**

In October 2009, Wynn Macau, Limited, an indirect wholly-owned subsidiary of the Company and the developer, owner and operator of Wynn Macau, listed its ordinary shares of common stock on The Stock Exchange of Hong Kong Limited. Through an initial public offering, including the over allotment, Wynn Macau, Limited sold 1,437,500,000 shares (27.7%) of its common stock (the “Wynn Macau Limited IPO”). The shares of Wynn Macau, Limited were not and will not be registered under the Securities Act and may not be offered or sold in the United States absent a registration under the Securities Act as amended, or an applicable exception from such registration requirements. Net income attributable to non-controlling interest was \$36.5 million and \$67.4 million for the three and six months ended June 30, 2010, respectively.

### **13. Stockholders Equity**

On May 26, 2010, the Company paid a dividend of \$0.25 per share to holders of record on May 12, 2010. For the six months ended June 30, 2010, \$30.9 million was recorded as a distribution against retained earnings. Of this amount approximately \$0.2 million was recorded as a liability which will be paid to holders of nonvested stock upon the vesting of that stock.

## [Table of Contents](#)

### 14. Share-Based Compensation

The total compensation cost relating both to stock options and nonvested stock is allocated as follows (amounts in thousands):

	Three Months Ended June 30,		Six Months Ended June 30,	
	2010	2009	2010	2009
Casino	\$ 2,481	\$ 2,112	\$ 4,982	\$ 3,962
Rooms	131	135	266	270
Food and beverage	126	56	182	234
Entertainment, retail and other	34	36	69	86
General and administrative	4,267	4,026	8,467	7,242
Total stock-based compensation expense	7,039	6,365	13,966	11,794
Total stock-based compensation capitalized	146	146	292	292
Total stock-based compensation costs	<u>\$ 7,185</u>	<u>\$ 6,511</u>	<u>\$14,258</u>	<u>\$12,086</u>

### 15. Commitments and Contingencies

#### *Wynn Macau*

Encore at Wynn Macau. Encore at Wynn Macau opened on April 21, 2010. Total development and construction costs were approximately \$550 million. As of June 30, 2010, the Company has incurred approximately \$537.5 million of project costs related to the development and construction of Encore at Wynn Macau.

Cotai Development. The Company has applied to the government of Macau for a land concession on approximately 52 acres of land on Cotai and is awaiting final government approval on the concession. The Company continues to work on the concept and design of this property, but cannot prepare a final timeline or budget until government approval on the land concession has been received.

Cotai Land Agreement. On August 1, 2008, subsidiaries of Wynn Resorts, Limited entered into an agreement with an unrelated third party to make a one-time payment in the amount of \$50 million in consideration of the unrelated third party's relinquishment of certain rights in and to any future development on the 52 acres of land in the Cotai area of Macau. The payment will be made within 15 days after the Government of the Special Administrative Region of the People's Republic of China publishes the Company's rights to the land in the government's official gazette.

#### *Philadelphia Casino Project*

On February 23, 2010, the Company entered into a letter of intent with Philadelphia Entertainment and Development Partners, LP, providing that an affiliate of the Company will become the manager and managing general partner in a casino project slated for the Philadelphia waterfront. On April 8, 2010, the Company and its subsidiaries announced the termination of its negotiations with respect to this project.

#### *Litigation*

On May 3, 2010, Atlantic-Pacific Capital, Inc. ("APC") filed an arbitration demand with Judicial Arbitration and Mediation Services regarding an agreement with the Company. The action concerns a claim for compensation pursuant to an agreement entered into between APC and the Company on or about March 30, 2008 (the "Agreement") whereby APC was engaged to raise equity capital for an investment vehicle sponsored by the Company. APC is seeking compensation unrelated to the investment vehicle. The Company has denied APC's

## [Table of Contents](#)

claims for compensation. The Company filed a Complaint for Damages and Declaratory Relief against APC in the District Court, Clark County, Nevada, on May 10, 2010. APC removed the action to the United States District Court, District of Nevada. Management believes that APC's claim against the Company is without merit and intends to defend this matter vigorously.

### **Sales and Use Tax on Complimentary Meals**

In March 2008, the Nevada Supreme Court ruled, in the matter captioned *Sparks Nugget, Inc. vs. The State of Nevada Ex Rel. Department of Taxation*, that food and non-alcoholic beverages purchased for use in providing complimentary meals to customers and to employees was exempt from sales and use tax. In July 2008, the Court denied the State's motion for rehearing. Through April 2008, Wynn Las Vegas paid use tax on these items and has filed for refunds for the periods from April 2005 to April 2008. The amount subject to these refunds is approximately \$5.4 million. As of June 30, 2010, the Company had not recorded a receivable related to this matter.

### **16. Income Taxes**

During the six months ended June 30, 2010, the Company recorded a tax expense of \$7 million. The Company's provision for income taxes is primarily comprised of increases in the Company's foreign and domestic valuation allowances relating to foreign tax loss carryforwards, other foreign deferred tax assets and U.S. foreign tax credits not considered more likely than not realizable in the future. The tax provision recorded for the valuation allowance increases was reduced by an income tax benefit recorded for the loss from the Company's U.S. operations. As of June 30, 2010, the Company no longer considers its portion of the earnings of Wynn Macau, Limited to be permanently reinvested. No additional U.S. tax provision has been made with respect to this amount as the Company anticipates that U.S. foreign tax credits should be sufficient to reduce any U.S. tax provision relating to such repatriation. Prior to this change, the Company's earnings attributable to periods after September 2009 were considered permanently reinvested abroad. The decrease in the Company's current deferred tax liability is primarily attributable to the repatriation of approximately \$1.14 billion of Wynn Macau, Limited IPO proceeds not considered permanently reinvested. During the six months ended June 30, 2010, the Company recognized income tax benefits related to excess tax deductions associated with stock compensation costs of \$1.9 million.

Effective September 6, 2006, Wynn Macau, S.A. received a 5-year exemption from Macau's 12% Complementary Tax on casino gaming profits. Accordingly, the Company was exempted from the payment of approximately \$28.1 million in such taxes during the six months ended June 30, 2010. The Company's non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau Special Gaming tax and other levies together totaling 39% in accordance with its concession agreement.

During June 2010, the Macau Finance Bureau commenced an examination of the 2006 and 2007 Macau income tax returns of Wynn Resorts (Macau) S.A. Since the examination is in its initial stages, the Company is unable to determine if it will conclude within the next 12 months. The Company believes that its liability for uncertain tax positions is adequate with respect to these years.

[Table of Contents](#)

**17. Segment Information**

The Company monitors its operations and evaluates earnings by reviewing the assets and operations of Wynn Las Vegas, including Encore at Wynn Las Vegas, and Wynn Macau, including Encore at Wynn Macau. The Company's total assets by segment are as follows (amounts in thousands):

	June 30, 2010	December 31, 2009
<b>Total assets</b>		
Wynn Las Vegas (including Encore)	\$ 4,138,885	\$ 4,254,324

(1) "Adjusted property EBITDA" is earnings before interest, taxes, depreciation, amortization, pre-opening costs, property charges and other, corporate expenses, stock-based compensation, and other non-operating

## [Table of Contents](#)

income and expenses and includes equity in income (loss) from unconsolidated affiliates. Adjusted Property EBITDA is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDA as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors. The Company also presents Adjusted Property EBITDA because it is used by some investors as a way to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDA as a supplement to financial measures in accordance with U.S. generally accepted accounting principles ("GAAP"). In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including Wynn Resorts, Limited, have historically excluded from their EBITDA calculations pre-opening expenses, property charges and corporate expenses, which do not relate to the management of specific casino properties. However, Adjusted Property EBITDA should not be considered as an alternative to operating income as an indicator of the Company's performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike net income (loss), Adjusted Property EBITDA does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. The Company has significant uses of cash flows, including capital expenditures, interest payments, debt principal repayments, taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDA. Also, Wynn Resorts' calculation of Adjusted Property EBITDA may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

### **18. Subsequent Events**

On August 4, 2010, the Issuers issued \$1.32 billion aggregate principal amount of 7<sup>3</sup>/<sub>4</sub>% First Mortgage Notes due August 15, 2020 (the "New 2020 Notes"). The New 2020 Notes were issued at par. The New 2020 Notes were offered only to qualified institutional buyers and outside the U.S. in accordance with Rule 144A and Regulation S, respectively, under the Securities Act of 1933. Wynn Las Vegas, LLC plans to use the net proceeds of the offering along with the proceeds of a capital contribution from Wynn Resorts, Limited to purchase, and, as applicable, make consent payments for, any and all of the Issuers' 2014 Notes that are validly tendered and accepted for payment pursuant to Wynn Las Vegas, LLC's concurrent offer to purchase and consent solicitation with respect to the 2014 Notes and to redeem any 2014 Notes not tendered. On or prior to August 3, 2010, valid tenders had been received with respect to approximately \$987 million of the \$1.3 billion aggregate principal amount of 2014 Notes outstanding. On August 4, 2010, tendering holders received the tender offer consideration in the amount of \$1,004.38 plus a consent payment of \$30.00 for each \$1,000 principal amount of 2014 Notes. The consent solicitation expired on August 3, 2010 and the tender offer expires August 18, 2010.

On August 4, 2010, the Trustee, at the request of the Issuers, gave notice of redemption of any and all of the outstanding 2014 Notes. The redemption price shall be equal to 103.313% of the aggregate principal amount of the 2014 Notes redeemed plus accrued and unpaid interest thereon to September 3, 2010.

The New 2020 Notes rank pari passu in right of payment with borrowings under Wynn Las Vegas, LLC's credit facilities, the 2014 Notes, the 2017 Notes and existing 2020 Notes. The New 2020 Notes are senior secured obligations of the Issuers, guaranteed by certain of Wynn Las Vegas, LLC's subsidiaries and secured on an equal and ratable basis (with certain exceptions) by a first priority lien on substantially all of the existing and future assets of the Issuers and guarantors, and, subject to prior approval from the Nevada gaming authorities, a first priority lien on the equity interests of Wynn Las Vegas, LLC, all of which is the same collateral that secures borrowings under Wynn Las Vegas, LLC's credit facilities, the 2014 Notes, the 2017 Notes and the existing 2020 Notes.

The New 2020 Notes have not been registered under the Securities Act of 1933 or under any state securities laws. Therefore, the issuers may not offer or sell the notes within the United States to, or for the account or

---

[Table of Contents](#)

benefit of, any United States person unless the offer or sale would qualify for a registration exemption from the Securities Act and applicable state securities laws.

Concurrently with the issuance of the New 2020 Notes, the Company entered into a seventh amendment dated August 4, 2010 to the Wynn Las Vegas Amended and Restated Credit Agreement. After giving effect to this amendment, the maturity date with respect to a portion on the revolving credit facility and the term facility was extended to July 2015 and August 2015, respectively, and the interest margin in respect of the extended portion will increase after June 30, 2013. In addition, lenders made incremental term loans of \$248.5 million having a maturity date of August 2015. The amendment made certain other changes including eliminating the maximum Consolidated Leverage Ratio and reducing the minimum Consolidated Interest Coverage Ratio.

On July 29, 2010, the Board of Directors of the Company declared a cash dividend of \$0.25 per share, payable on August 26, 2010 to stockholders of record as of August 12, 2010.

**Item 2. Management’s Discussion and Analysis of Financial Condition and Results of Operations**

The following discussion should be read in conjunction with, and is qualified in its entirety by, the condensed consolidated financial statements and the notes thereto included elsewhere in this Quarterly Report on Form 10-Q. Unless the context otherwise requires, all references herein to the “Company,” “we,” “us” or “our,” or similar terms, refer to Wynn Resorts, Limited, a Nevada corporation and its consolidated subsidiaries.

**Forward-Looking Statements**

The Private Securities Litigation Reform Act of 1995 provides a “safe harbor” for forward-looking statements. Certain information included in this Quarterly Report on Form 10-Q contains statements that are forward-looking, including, but not limited to, statements relating to our business strategy and development activities as well as other capital spending, financing sources, the effects of regulation (including gaming and tax regulations), expectations concerning future operations, margins, profitability and competition. Any statements contained in this report that are not statements of historical fact may be deemed to be forward-looking statements. Without limiting the generality of the foregoing, in some cases you can identify forward-looking statements by terminology such as “may,” “will,” “should,” “would,” “could,” “believe,” “expect,” “anticipate,” “estimate,” “intend,” “plan,” “continue” or the negative of these terms or other comparable terminology. Such forward-looking information involves important risks and uncertainties that could significantly affect anticipated results in the future and, accordingly, such results may differ from those expressed in any forward-looking statements made by us. These risks and uncertainties include, but are not limited to:

- adverse tourism and consumer spending trends reflecting current domestic and international economic conditions;
- volatility and weakness in world-wide credit and financial markets;
- general global macroeconomic conditions;
- further decreases in levels of travel, leisure and consumer spending;
- fluctuations in occupancy rates and average daily room rates;
- conditions precedent to funding under the agreements governing the disbursement of the proceeds of borrowings under our credit facilities;
- continued compliance with all provisions in our credit agreements;
- competition in the casino/hotel and resort industries and actions taken by our competitors in reaction to adverse economic conditions;
- doing business in foreign locations such as Macau (including the risks associated with developing gaming regulatory frameworks);
- restrictions or conditions on visitation by citizens of mainland China to Macau;
- new development and construction activities of competitors;
- our dependence on Stephen A. Wynn and existing management;
- our dependence on a limited number of properties and locations for all of our cash flow;
- leverage and debt service (including sensitivity to fluctuations in interest rates);
- changes in federal or state tax laws or the administration of such laws;
- changes in state law regarding water rights;
- changes in U. S. laws regarding health care;
- changes in gaming laws or regulations (including the legalization of gaming in certain jurisdictions);
- approvals under applicable jurisdictional laws and regulations (including gaming laws and regulations);

## [Table of Contents](#)

- the impact that an outbreak of an infectious disease or the impact of a natural disaster may have on the travel and leisure industry;
- the consequences of the wars in Iraq and Afghanistan and other military conflicts in the Middle East and any future security alerts and/or terrorist attacks; and
- pending or future legal proceedings.

Further information on potential factors that could affect our financial condition, results of operations and business are included in this report and our other filings with the SEC. You should not place undue reliance on any forward-looking statements, which are based only on information currently available to us. We undertake no obligation to publicly release any revisions to such forward-looking statements to reflect events or circumstances after the date of this report.

### Overview

We are a developer, owner and operator of destination casino resorts. We currently own and operate two casino resort complexes. In Las Vegas, Nevada, we own and operate Wynn Las Vegas, a destination casino resort which opened on April 28, 2005. In December 2008, we expanded Wynn Las Vegas with the opening of Encore at Wynn Las Vegas. We refer to the fully integrated Wynn Las Vegas and Encore at Wynn Las Vegas as our Las Vegas Operations. In the Macau Special Administrative Region of the People's Republic of China ("Macau"), we own and operate Wynn Macau, which opened on September 6, 2006. On April 21, 2010 we opened Encore at Wynn Macau, a further expansion of Wynn Macau. We refer to the fully integrated Wynn Macau and Encore at Wynn Macau as our Macau Operations.

#### *Our Resorts*

The following table sets forth information about our operations as of July 2010:

	<u>Hotel Rooms &amp; Suites</u>	<u>Approximate Casino Square Footage</u>	<u>Approximate Number of Table Games</u>	<u>Approximate Number of Slots</u>
Las Vegas	4,750	186,000	240	2,675
Macau	1,014	256,000	460	1,190

#### *Las Vegas Operations*

Wynn Las Vegas is located at the intersection of the Las Vegas Strip and Sands Avenue, and occupies approximately 217 acres of land fronting the Las Vegas Strip. In addition, we own approximately 18 acres across Sands Avenue, a portion which is utilized for employee parking and approximately 5 acres adjacent to the golf course on which an office building is located.

Wynn Las Vegas features:

- an approximately 110,000 square foot casino offering 24-hour gaming and a full range of games, including private gaming salons, a poker room, and a race and sports book;
- luxury hotel accommodations in 2,716 spacious hotel rooms, suites and villas;
- 21 food and beverage outlets featuring signature chefs;
- a Ferrari and Maserati automobile dealership;
- approximately 74,000 square feet of high-end, brand-name retail shopping, including stores and boutiques by Alexander McQueen, Brioni, Cartier, Chanel, Dior, Graff, Louis Vuitton, Manolo Blahnik, Oscar de la Renta, Vertu and others;

## [Table of Contents](#)

- recreation and leisure facilities, including an 18-hole golf course, five swimming pools, private cabanas, a full service spa and salon; and
- a showroom, two nightclubs and lounges.

Encore at Wynn Las Vegas features:

- an approximately 76,000 square foot casino offering 24-hour gaming and a full range of games, including private gaming salons and a sports book;
- luxury hotel accommodation in 2,034 all-suite rooms;
- 13 food and beverage outlets;
- approximately 27,000 square feet of high-end brand name retail shopping, including stores and boutiques by Hermes, Chanel and others;
- recreation and leisure facilities including swimming pools, private cabanas, a full service spa and salon; and
- a beach club, showroom, two nightclubs and lounges.

In response to our evaluation of our Las Vegas Operations and the reactions of our guests, we have and expect to continue to make enhancements and refinements to this resort complex.

In July 2010, we commenced a project to refurbish and upgrade the rooms and suites at Wynn Las Vegas. The total project budget is approximately \$83 million and is expected to be completed early in the second quarter of 2011. As a part of this project, we will be temporarily removing floors from service which will reduce our total number of rooms available during the construction period.

### *Macau Operations*

We opened Wynn Macau on September 6, 2006 and completed expansions of this resort in December 2007 and November 2009. We operate our Macau Operations under a 20-year casino concession agreement granted by the Macau government in June 2002.

Wynn Macau features:

- an approximately 222,000 square foot casino offering 24-hour gaming and a full range of games, including private gaming salons;
- luxury hotel accommodations in 600 rooms and suites;
- casual and fine dining in six restaurants;
- approximately 48,000 square feet of high-end, brand-name retail shopping, including stores and boutiques by Bvlgari, Chanel, Dior, Dunhill, Fendi, Ferrari, Giorgio Armani, Gucci, Hermes, Hugo Boss, Louis Vuitton, Miu Miu, Piaget, Prada, Rolex, Tiffany, Van Cleef & Arpels, Versace, Vertu, Zegna and others;
- recreation and leisure facilities, including a health club, pool and spa; and
- lounges and meeting facilities.

Encore at Wynn Macau features:

- an approximately 22,000 square foot casino offering 24-hour gaming and a full range of games, including private gaming salons;
- a sky casino of approximately 12,000 square feet;

## [Table of Contents](#)

- luxury hotel accommodations in 414 spacious suites and villas;
- approximately 3,200 square feet of high-end brand name retail space featuring Chanel, Piaget and Cartier;
- two restaurants; and
- full service luxury spa facilities.

In response to our evaluation of our Macau Operations and the reactions of our guests, we have and expect to continue to make enhancements and refinements to this resort complex.

### *Future Development*

Approximately 142 acres of land comprising Wynn Las Vegas is currently improved with a golf course. While we may develop this property in the future, we have no immediate plans to do so.

The Company has applied to the government of Macau for a land concession on approximately 52 acres of land on Cotai and is awaiting final government approval on the concession. We continue work on the concept and design of this property, but cannot prepare a final timeline or budget until government approval on the land concession has been received.

### *Current Economic and Operating Environment*

Due to a number of factors affecting consumers, including a slowdown in global economies, contracted credit markets and reduced consumer spending, the outlook for the gaming, travel and entertainment industries domestically continues to remain highly uncertain. This slow down was particularly significant in the fourth quarter of 2008 and has continued throughout the first half of 2010, most significantly affecting our Las Vegas Operations. Based on our experience over this past year and current market conditions, we believe that our Las Vegas operations will continue to experience lower than historical room rates, casino volumes and departmental profitability. Significant new supply in Las Vegas has and will continue to put additional pressure on occupancy and room rates during 2010. As a result of the current economic and market conditions, we have focused on efficiency initiatives that we began implementing at both of our resorts and corporate offices in early 2009. We continually review the cost structure of our resorts and corporate offices to identify further opportunities to reduce costs.

## **Results of Operations**

Our operating results in Macau were strong during the first half of 2010; however we believe that our results in Las Vegas for the six months ended June 30, 2010, continued to be adversely impacted by the weakened global economy. Disruptions in the financial markets and reduced levels of consumer spending have and may continue to adversely impact our financial results in Las Vegas. Also, our results for the three and six months ended June 30, 2010 for Wynn Macau include the operations of Encore at Wynn Macau which opened on April 21, 2010.

The table below presents our net revenues (amounts in thousands):

	<b>Three Months Ended</b>		<b>Six Months Ended</b>	
	<b>June 30,</b>		<b>June 30,</b>	
	<b>2010</b>	<b>2009</b>	<b>2010</b>	<b>2009</b>
<b>Net revenues</b>				
Las Vegas	\$ 318,230	\$ 312,814	\$ 636,501	\$ 604,090
Macau	714,413	410,442	1,305,060	859,121
<b>Total net revenues</b>	<b>\$ 1,032,643</b>	<b>\$ 723,256</b>	<b>\$ 1,941,561</b>	<b>\$ 1,463,211</b>

## [Table of Contents](#)

Reliance on only two resort complexes (in two geographic regions) for our operating cash flow exposes us to certain risks that competitors, whose operations are more diversified, may be better able to control. In addition to the concentration of operations in two resort complexes, many of our customers are high-end gaming customers who wager on credit, thus exposing us to increased credit risk. High-end gaming also increases the potential for variability in our results.

### *Operating Measures*

Certain key operating statistics specific to the gaming industry are included in our discussion of our operational performance for the periods for which a Condensed Consolidated Statement of Operations is presented. There are two methods used to calculate win percentage in the casino industry. In Las Vegas and in the general casino in Macau, customers primarily purchase cash chips from gaming tables. The cash and net markers used to purchase the cash chips from gaming tables are deposited in the gaming table's drop box. This is the base of measurement that we use in the casino at our Las Vegas Operations and in the general casino at our Macau Operations for calculating win percentage.

In our VIP casino in Macau, customers primarily purchase non-negotiable rolling chips from the casino cage and there is no deposit into a gaming table drop box from chips purchased from the cage. Non-negotiable chips can only be used to make wagers. Winning wagers are paid in cash chips. The loss of the non-negotiable rolling chips in the VIP casino is recorded as turnover and provides a base for measuring VIP casino win percentage. Because of this difference in chip purchase activity, the measurement base used in the general casino is not the same that is used in the VIP casino. It is customary in Macau to measure VIP casino play using this Rolling Chip method.

The measurement method in Las Vegas and in the general casino in Macau effectively tracks the initial purchase of chips while the measurement method in the VIP casino in Macau effectively tracks the sum of all losing wagers. Accordingly, the base measurement in the VIP casino is much larger than the general casino. As a result, the expected win percent with the same amount of gaming win is smaller in the VIP casino in Macau when compared to the general casino in Las Vegas and Macau.

Even though both use the same measurement method, we experience different win percentages in the general casino activity in Las Vegas versus Macau. This difference is primarily due to the difference in the mix of table games between the two casinos. Each type of table game has its own theoretical win percentage. The life to date table games win percentage for our Las Vegas Operations is 21.9% whereas the life to date table games win percentage for the general casino at our Macau Operations is 20.2%.

Below are definitions of the statistics discussed:

- Table games win is the amount of drop or turnover that is retained and recorded as casino revenue.
- Drop is the amount of cash and net markers issued that are deposited in a gaming table's drop box.
- Turnover is the sum of all losing Rolling Chip wagers within our Macau VIP program.
- Rolling Chips are identifiable chips that are used to track VIP wagering volume (turnover) for purposes of calculating incentives.
- Slot win is the amount of handle (representing the total amount wagered) that is retained by us and is recorded as casino revenue.
- Average Daily Rate ("ADR") is calculated by dividing total room revenue (less service charges, if any) by total rooms occupied.
- Revenue per Available Room ("REVPAR") is calculated by dividing total room revenue (less service charges, if any) by total rooms available.

**Financial results for the three months ended June 30, 2010 compared to the three months ended June 30, 2009.**

*Revenues*

Net revenues for the three months ended June 30, 2010 are comprised of \$789.2 million in casino revenues (76.4% of total net revenues) and \$243.4 million of net non-casino revenues (23.6% of total net revenues). Net revenues for the three months ended June 30, 2009 were comprised of \$508.3 million in casino revenues (70.3% of total net revenues) and \$215 million of net non-casino revenues (29.7% of total net revenues).

Casino revenues are comprised of the net win from our table games and slot machine operations. Casino revenues for the three months ended June 30, 2010 of approximately \$789.2 million represents a \$280.9 million (or 55.2%) increase from casino revenues of \$508.3 million for the three months ended June 30, 2009. Our Las Vegas Operations experienced a \$7.1 million decrease in casino revenues compared to the prior year due to a 1.8% decrease in drop and a decrease in our average table games win percentage. Our average table games win percentage (before discounts) for the three months ended June 30, 2010 was 20.0%, which was below the expected range of 21% to 24% and compares to 20.7% for the prior year's quarter. Slot handle at our Las Vegas Operations decreased 19.7% compared to the prior year quarter; however slot win declined only 1.6% as more play shifted to higher hold machines.

Casino revenues at Wynn Macau, including Encore at Wynn Macau which fully opened on April 21, 2010, increased \$288 million during the three months ended June 30, 2010, compared to the prior year quarter. We experienced a 110% increase in the VIP revenue segment due to a 71.7% increase in turnover. Our win as a percent of turnover was 3.22%, which is above the expected range of 2.7% to 3.0%, and compares to 2.66% in the prior year quarter. In November 2009 we added two new private gaming salons with 29 VIP tables and on April 21, 2010 we added 37 VIP tables with the opening of Encore, which helped drive some of the growth in our VIP segment during the three months ended June 30, 2010 compared to the prior year quarter. Our VIP casino segment win as a percent of turnover includes a nominal beneficial effect attributable to non-rolling chip play. In our general casino drop increased 14% when compared to the prior year quarter and the average table games win percentage was 22.9%, which is above the expected range of 19% to 21%. The average table games win percentage for the three months ended June 30, 2009 was 21.5%. Slot handle at Wynn Macau increased 21% compared to the prior year quarter primarily due to the opening of Encore at Wynn Macau, while slot win increased 16%.

For the three months ended June 30, 2010, room revenues were approximately \$100.5 million, an increase of \$5.3 million compared to room revenue of \$95.2 million for the three months ended June 30, 2009. Room revenue at our Las Vegas Operations decreased approximately \$2.6 million compared to the prior year quarter. In Las Vegas, although occupancy increased from the prior year, we continued to experience a decrease in room rates. We believe this is due to the current economic conditions in which we operate in the U.S. and increased capacity in the Las Vegas market with the opening of a new large scale casino hotel in December 2009. Room revenue at our Macau Operations increased approximately \$7.9 million due to the 414 additional suites added with the addition of Encore at Wynn Macau which opened on April 21, 2010 and an increase in room rates compared to the prior year quarter.

## [Table of Contents](#)

The table below sets forth key operating measures related to room revenue.

	Three Months Ended	
	June 30,	
	2010	2009
<b>Average Daily Rate</b>		
Las Vegas	\$ 197	\$ 218
Macau	287	263
<b>Occupancy</b>		
Las Vegas	92.6%	86.6%
Macau	81.3%	86.7%
<b>REVPAR</b>		
Las Vegas	\$ 182	\$ 188
Macau	234	228

Other non-casino revenues for the three months ended June 30, 2010 included food and beverage revenues of approximately \$127.4 million, retail revenues of approximately \$52.6 million, entertainment revenues of approximately \$15.6 million, and other revenues from outlets such as the spa and salon, of approximately \$18.8 million. Other non-gaming revenues for the three months ended June 30, 2009 included food and beverage revenues of approximately \$111.6 million, retail revenues of approximately \$39.8 million, entertainment revenues of approximately \$12.2 million, and other revenues from outlets, including the spa and salon, of approximately \$17.5 million. Food and beverage revenues at our Las Vegas Operations increased approximately \$11.5 million while our Macau Operations increased \$4.3 million, as compared to the prior year quarter. The increase in Las Vegas is due primarily to business in our nightclubs including the opening of the Encore Beach Club and Surrender nightclub in May 2010. Our retail revenues in Macau increased \$13.4 million, offset by a decrease of \$0.6 million in Las Vegas. The increase in Macau is due primarily to increased sales at several outlets, the opening of Wynn and Co. Watches and Jewelry in November 2009, which sells Cartier and Jaeger Le Coultre products and new outlets at Encore at Wynn Macau including Chanel, Piaget and Cartier. Entertainment revenues increased over the prior year quarter primarily due to performances by Garth Brooks in the Encore Theater which started in December 2009, as well as increased revenue from our Le Rêve show.

### *Departmental, Administrative and Other Expenses*

During the three months ended June 30, 2010, departmental expenses included casino expenses of \$519 million, room expenses of \$31.6 million, food and beverage expenses of \$72.7 million, and entertainment, retail and other expenses of \$47.6 million. Also included are general and administrative expenses of approximately \$95.7 million and approximately \$6.9 million charged as a provision for doubtful accounts receivable. During the three months ended June 30, 2009, departmental expenses included casino expenses of \$325.6 million, room expenses of \$27.3 million, food and beverage expenses of \$64.9 million, and entertainment, retail and other expenses of \$40 million. Also included are general and administrative expenses of approximately \$81.9 million and approximately \$3.9 million charged as a provision for doubtful accounts receivable. Casino expenses have increased during the three months ended June 30, 2010 due to an increase in casino revenues especially at our Macau Operations where we incur a gaming tax and other levies at a rate totaling 39% in accordance with its concession agreement. Room expenses increased during the three months ended June 30, 2010, compared to the prior year quarter, primarily due to increased customer acquisition and marketing costs and the opening of Encore at Wynn Macau in April 2010.

Entertainment, retail and other expense increased primarily as a result of performances by Garth Brooks in the Encore Theater at Wynn Las Vegas and increased retail sales at Wynn Macau as noted above. General and administrative expenses increased primarily due to general volume increases, real estate taxes, and higher spending associated with corporate development activities. Our provision for doubtful accounts receivable increased during the three months ended June 30, 2010, compared to the prior year's quarter. This increase is

## [Table of Contents](#)

primarily due to a reduction in the bad debt reserve taken in the prior year quarter as a result of stronger collection trends during the prior year period, as well as a higher casino revenue base for the three months ended June 30, 2010 compared to June 30, 2009.

### *Pre-opening costs*

During the three months ended June 30, 2010, we incurred \$6.7 million of pre-opening costs. We incurred minimal pre-opening costs during the three months ended June 30, 2009. Pre-opening costs incurred during the three months ended June 30, 2010 primarily related to Encore at Wynn Macau which opened on April 21, 2010 and the Encore Beach Club which opened in Las Vegas on May 28, 2010.

### *Depreciation and amortization*

Depreciation and amortization for the three months ended June 30, 2010 was \$101.4 million compared to \$102.7 million for the three months ended June 30, 2009. This decrease is due to assets with a 5-year life being fully depreciated as of April 2010 at Wynn Las Vegas, offset in part by the depreciation of the assets of Encore at Wynn Macau which were placed into service in April 2010, and the assets of the Encore Beach Club which were placed into service in May 2010.

During the construction of our properties, costs incurred in the construction of the buildings, improvements to land and the purchases of assets for use in operations were capitalized. Once these properties opened, their assets were placed into service and we began recognizing the associated depreciation expense. Depreciation expenses will continue throughout the estimated useful lives of these assets. In addition, we continually evaluate the useful life of our property and equipment, intangibles and other assets and adjust them when warranted.

The maximum useful life of our assets at our Macau Operations is the remaining life of the gaming concession or land concession, which currently expires in June 2022 and August 2029, respectively. Consequently, depreciation related to our Macau Operations is charged on an accelerated basis when compared to our Las Vegas Operations.

### *Property charges and other*

Property charges and other for the three months ended June 30, 2010, were \$3 million compared to a net gain of approximately \$5.9 million for the three months ended June 30, 2009. Property charges and other for the three months ended June 30, 2010 related to miscellaneous renovations, abandonments and gain/loss on sale of equipment at our resorts.

Property charges and other for the three months ended June 30, 2009 include the return of \$8.1 million of aircraft purchase deposits written off during the first quarter of 2009. On February 19, 2009, we cancelled the agreements to purchase two aircraft. The deposit on one of the aircraft was refundable to the extent another buyer was found. Due to the uncertainty as to the recoverability of this deposit and a \$1.5 million nonrefundable deposit on a second aircraft, we wrote off these deposits in the first quarter of 2009. In May 2009, another buyer was found for one of the aircraft and in accordance with the original purchase agreement, a portion of the deposit was refunded. The remaining property charges were related to miscellaneous renovations, abandonments and loss on sale of equipment at our resorts.

In response to our evaluation of our properties and the reactions of our guests, we continue to remodel and make enhancements to our resorts.

### *Other non-operating costs and expenses*

Interest income was \$0.6 million and \$0.5 million for the six months ended June 30, 2010 and 2009, respectively. During 2010 and 2009, our short-term investment strategy has been to preserve capital while

## [Table of Contents](#)

retaining sufficient liquidity. Accordingly, our short-term investments were primarily in investments in money market accounts, U.S. Treasury Bills and time deposits with a maturity of three months or less.

Interest expense was \$53.6 million, net of capitalized interest of \$1.8 million, for the three months ended June 30, 2010, compared to \$53.7 million, net of capitalized interest of \$2.3 million, for the three months ended June 30, 2009. Our interest expense decreased primarily due to lower average borrowings outstanding on the Wynn Macau and Wynn Las Vegas credit facilities and the payoff of the Wynn Resorts term loan in June 2009, partially offset by increased interest due to the Wynn Las Vegas 7<sup>7</sup>/<sub>8</sub>% First Mortgage Notes issued in October 2009.

Changes in the fair value of our interest rate swaps are recorded as an increase (or decrease) in swap fair value in each period. We recorded an expense of approximately \$1.7 million for the three months ended June 30, 2010 resulting from the decrease in the fair value of our interest rate swaps from March 31, 2010 to June 30, 2010. During the three months ended June 30, 2009 we recorded a net gain of \$3.3 million resulting from the net increase in the fair value of interest rate swaps between March 31, 2009 and June 30, 2009. For further information on our interest rate swaps, see Item 3 – “Quantitative and Qualitative Disclosures about Market Risk.”

As described in Note 8 to our Condensed Consolidated Financial Statements in this Quarterly Report on Form 10-Q, we completed an exchange offer for a portion of our 6<sup>5</sup>/<sub>8</sub>% first mortgage notes in April 2010. In connection with that exchange offer, the direct costs incurred with third parties of \$3.2 million were expensed.

During the three months ended June 30, 2009, we purchased and retired outstanding loans of \$375 million under the Wynn Resorts Term Loan Facility for \$364.7 million, reflecting a discounted price of 97.25%. In connection with this transaction, we recognized an \$8.8 million gain on early retirement of debt, net of the write-off of unamortized debt issue cost. During this same period, Wynn Resorts purchased \$26.5 million face amount of the Wynn Las Vegas 6<sup>5</sup>/<sub>8</sub>% First Mortgage Notes due 2014 through open market purchases at a discount. This transaction resulted in a gain on early extinguishment of debt of \$3.1 million net of the write off of unamortized debt discount and debt issue costs. As of June 30, 2010, Wynn Resorts holds this debt and has not contributed it to its wholly-owned subsidiary, Wynn Las Vegas. However, for accounting purposes this transaction has been treated as an extinguishment of debt by Wynn Resorts.

### *Income Taxes*

During the three months ended June 30, 2010, we recorded a tax expense of \$1.9 million. Our provision for income taxes is primarily comprised of increases in our foreign and domestic valuation allowances relating to foreign tax loss carryforwards, other foreign deferred tax assets and U.S. foreign tax credits not considered more likely than not realizable in the future. The tax provision recorded for the valuation allowance increases was reduced by an income tax benefit recorded for the loss from our U.S. operations. As of June 30, 2010, we no longer consider our portion of the earnings of Wynn Macau, Limited to be permanently reinvested. No additional U.S. tax provision has been made with respect to this amount as we anticipate that U.S. foreign tax credits should be sufficient to reduce any U.S. tax provision relating to such repatriation. Prior to this change, our foreign earnings attributable to periods after September 2009 were considered permanently reinvested abroad. During the three months ended June 30, 2010, the Company recognized income tax benefits related to excess tax deductions associated with stock compensation costs of \$1.6 million.

Effective September 6, 2006, Wynn Macau, S.A. received a 5-year exemption from Macau's 12% Complementary Tax on casino gaming profits. Accordingly, we were exempted from the payment of approximately \$14.8 million in such taxes for the three months ended June 30, 2010. Our non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau Special Gaming tax and other levies at a rate totaling 39% in accordance with its concession agreement.

## [Table of Contents](#)

During the three months ended June 2010, the Macau Finance Bureau commenced an examination of the 2006 and 2007 Macau income tax returns of Wynn Resorts (Macau) S.A. Since the examination is in its initial stages, we are unable to determine if it will conclude within the next 12 months. We believe that our liability for uncertain tax positions is adequate with respect to these years.

### *Net income attributable to non-controlling interests*

In October 2009, Wynn Macau, Limited, our indirect wholly-owned subsidiary and the developer, owner and operator of Wynn Macau, listed its ordinary shares of common stock on The Stock Exchange of Hong Kong Limited. Wynn Macau, Limited sold 1,437,500,000 shares (27.7%) of its common stock through an initial public offering. The \$36.5 million represents the non-controlling interests share of net income for the three months ended June 30, 2010.

### **Financial results for the six months ended June 30, 2010 compared to the six months ended June 30, 2009.**

#### *Revenues*

Net revenues for the six months ended June 30, 2010 are comprised of \$1,480.8 million in casino revenues (76.3% of total net revenues) and \$460.8 million of net non-casino revenues (23.7% of total net revenues). Net revenues for the six months ended June 30, 2009 were comprised of \$1,050 million in casino revenues (71.8% of total net revenues) and \$413.2 million of net non-casino revenues (28.2% of total net revenues).

Casino revenues are comprised of the net win from our table games and slot machine operations. Casino revenues for the six months ended June 30, 2010 of approximately \$1,480.8 million represents a \$430.8 million (or 41%) increase from casino revenues of \$1,050 million for the six months ended June 30, 2009. Our Las Vegas Operations experienced a \$14.9 million increase in casino revenues compared to the prior year due to a 2.8% increase in drop and an increase in our average table games win percentage. Our average table games win percentage (before discounts) for the six months ended June 30, 2010 was 21.7%, which was within the expected range of 21% to 24% and compares to 19.2% for the prior year. Slot handle at our Las Vegas Operations decreased 23.3% compared to the prior year; however slot win decreased only 12.8%.

Casino revenues at Wynn Macau, including the recently opened Encore at Wynn Macau which opened on April 21, 2010, increased \$415.9 million during the six months ended June 30, 2010, compared to the prior year. We experienced a 77.1% increase in the VIP revenue segment due to a 79.8% increase in turnover. Our win as a percent of turnover was 2.97%, which is at the higher end of the expected range of 2.7% to 3.0%, and compares to 3.07% in the prior year. In November 2009 we added two new private gaming salons with 29 VIP tables and on April 21, 2010 we added 37 VIP tables with the opening of Encore, which helped drive some of the growth in our VIP segment during the six months ended June 30, 2010 compared to the prior year. Our VIP casino segment win as a percent of turnover includes a nominal beneficial effect attributable to non-rolling chip play. In our general casino drop increased 9.5% when compared to the prior year and the average table games win percentage was 22.5%, which is above the expected range of 19% to 21%. The average table game win percentage for the six months ended June 30, 2009 was 21.8%. Slot handle increased 8% compared to the prior year due primarily due to the opening of Encore at Wynn Macau and slot win increased 5.5%.

For the six months ended June 30, 2010, room revenues were approximately \$193.4 million, a decrease of \$0.2 million compared to prior year room revenue of \$193.6 million. Room revenue at our Las Vegas Operations decreased approximately \$10.1 million compared to the prior year. In Las Vegas, we continued to experience a decrease in room rates during the six months ended June 30, 2010, compared to the six months ended June 30, 2009. We believe this is due to the current economic conditions in which we operate in the U.S. and the increased capacity in the Las Vegas market including the opening of a new large scale casino hotel in Las Vegas in December 2009. Room revenue at our Macau Operations increased approximately \$9.9 million due to the 414 additional suites added with the addition of Encore at Wynn Macau in April 2010 and an increase in room rates compared to the prior year.

## [Table of Contents](#)

The table below sets forth key operating measures related to room revenue.

	Six Months Ended	
	June 30,	
	2010	2009
<b>Average Daily Rate</b>		
Las Vegas	\$ 200	\$ 220
Macau	285	265
<b>Occupancy</b>		
Las Vegas	91.0%	88.0%
Macau	85.0%	85.0%
<b>REVPAR</b>		
Las Vegas	\$ 182	\$ 194
Macau	242	225

Other non-casino revenues for the six months ended June 30, 2010 included food and beverage revenues of approximately \$239.2 million, retail revenues of approximately \$101.2 million, entertainment revenues of approximately \$33.8 million, and other revenues from outlets such as the spa and salon, of approximately \$34.9 million. Other non-gaming revenues for the six months ended June 30, 2009 included food and beverage revenues of approximately \$221.1 million, retail revenues of approximately \$74.8 million, entertainment revenues of approximately \$25 million, and other revenues from outlets, including the spa and salon, of approximately \$32.8 million. Food and beverage revenues at our Las Vegas Operations increased approximately \$10.6 million, while our Macau Operations increased \$7.5 million, as compared to the prior year. The increase in Las Vegas is due primarily to business in our nightclubs including the opening of the Encore Beach Club and Surrender nightclub in May 2010. Retail revenues at our Macau Operations increased \$27.7 million, offset by a decrease of \$1.3 million in Las Vegas. The increase in Macau is due primarily to increased sales at several outlets, the opening of Wynn and Co. Watches and Jewelry in November 2009, which sells Cartier and Jaeger Le Coultre products and new outlets at Encore at Wynn Macau including Chanel, Piaget and Cartier. Entertainment revenues increased over the prior year primarily due to performances by Garth Brooks in the Encore Theater which started in December 2009, as well as increased revenue from our Le Rêve show.

### *Departmental, Administrative and Other Expenses*

During the six months ended June 30, 2010, departmental expenses included casino expenses of \$967.2 million, room expenses of \$62.8 million, food and beverage expenses of \$134.5 million, and entertainment, retail and other expenses of \$97.8 million. Also included are general and administrative expenses of approximately \$182.7 million and approximately \$13.9 million charged as a provision for doubtful accounts receivable. During the six months ended June 30, 2009, departmental expenses included casino expenses of \$699.6 million, room expenses of \$54.4 million, food and beverage expenses of \$125.7 million, and entertainment and retail and other expenses of \$76 million. Also included are general and administrative expenses of approximately \$174.8 million and approximately \$7.8 million charged as a provision for doubtful accounts receivable. Casino expenses have increased during the six months ended June 30, 2010 due to an increase in casino revenues especially at our Macau Operations where we incur a gaming tax and other levies at rate totaling 39% in accordance with its concession agreement. Room expenses increased during the six months ended June 30, 2010, compared to the prior year, primarily due to increased customer acquisition and marketing costs and the opening of Encore at Wynn Macau in April 2010.

Entertainment, retail and other expense increased primarily as a result of performances by Garth Brooks in the Encore Theater at Wynn Las Vegas and increased retail sales in Macau as noted above. General and administrative expenses increased primarily due to general volume increases, real estate taxes, and higher spending associated with corporate development activities. Our provision for doubtful accounts receivable increased during the six months ended June 30, 2010, compared to the prior year. This increase is primarily due

## [Table of Contents](#)

to a reduction in the bad debt reserve taken in the prior year as a result of stronger collection trends during that period, as well as a higher casino revenue base for the six months ended June 30, 2010 compared to June 30, 2009.

### *Pre-opening costs*

During the six months ended June 30, 2010, we incurred \$9 million of pre-opening costs. We incurred minimal preopening costs during the six months ended June 30, 2009. Pre-opening costs incurred during the six months ended June 30, 2010, primarily related to Encore at Wynn Macau which opened on April 21, 2010 and the Encore Beach Club which opened in Las Vegas on May 28, 2010.

### *Depreciation and amortization*

Depreciation and amortization for the six months ended June 30, 2010 was \$205.9 million compared to \$204.2 million for the six months ended June 30, 2009. This increase is primarily due to depreciation of the assets of Encore at Wynn Macau which were placed in to service in April 2010 and the assets of the Encore Beach Club which were placed in to service in May 2010, offset by a decrease due to assets with a 5-year life being fully depreciated as of April 2010 at Wynn Las Vegas.

During the construction of our properties, costs incurred in the construction of the buildings, improvements to land and the purchases of assets for use in operations were capitalized. Once these properties opened, their assets were placed into service and we began recognizing the associated depreciation expense. Depreciation expenses will continue throughout the estimated useful lives of these assets. In addition, we continually evaluate the useful life of our property and equipment, intangibles and other assets and adjust them when warranted.

The maximum useful life of assets at our Macau Operations is the remaining life of the gaming concession or land concession, which currently expire in June 2022 and August 2029, respectively. Consequently, depreciation related to our Macau Operations is charged on an accelerated basis when compared to our Las Vegas Operations.

### *Property charges and other*

Property charges and other for the six months ended June 30, 2010, were \$4.8 million compared to approximately \$10.5 million for the six months ended June 30, 2009. Property charges and other for the six months ended June 30, 2010 related to miscellaneous renovations, abandonments and gain/loss on sale of equipment at our resorts.

Property charges and other for the six months ended June 30, 2009 include the write-off of \$14.9 million of aircraft purchase deposits. On February 19, 2009, we cancelled agreements to purchase two aircraft. The deposit on one of the aircraft was refundable to the extent another buyer was found. Due to the uncertainty as to the recoverability of this deposit and a \$1.5 million nonrefundable deposit on a second aircraft, we wrote off these deposits in the first quarter of 2009. In the second quarter of 2009 another buyer was found and we recovered \$8.1 million of our deposit. The remaining property charges were related to miscellaneous renovations, abandonments and loss on sale of equipment at our resorts.

In response to our evaluation of our properties and the reactions of our guests, we continue to remodel and make enhancements at our resorts.

### *Other non-operating costs and expenses*

Interest income was \$0.9 million and \$0.8 million for the six months ended June 30, 2010 and 2009, respectively. During 2010 and 2009, our short-term investment strategy has been to preserve capital while retaining sufficient liquidity. Accordingly, our short-term investments were primarily in investments in money market accounts, U.S. Treasury Bills and time deposits with a maturity of three months or less.

## [Table of Contents](#)

Interest expense was \$102.9 million, net of capitalized interest of \$7.2 million, for the six months ended June 30, 2010, compared to \$110.7 million, net of capitalized interest of \$4.7 million, for the six months ended June 30, 2009. Our interest expense decreased primarily due to lower average borrowings outstanding on the Wynn Macau and Wynn Las Vegas credit facilities, an increase in capitalized interest during the period and the payoff of the Wynn Resorts term loan in June 2009. These decreases were offset by an increase related to the Wynn Las Vegas 7<sup>7</sup>/<sub>8</sub>% First Mortgage Notes issued in October 2009.

Changes in the fair value of our interest rate swaps are recorded as an increase (or decrease) in swap fair value in each period. We recorded an expense of approximately \$5.3 million for the six months ended June 30, 2010 resulting from the decrease in the fair value of our interest rate swaps from December 31, 2009 to June 30, 2010. During the six months ended June 30, 2009 we recorded a net gain of \$4.4 million resulting from the net increase in the fair value of interest rate swaps between December 31, 2008 and June 30, 2009. For further information on our interest rate swaps, see Item 3 – “Quantitative and Qualitative Disclosures about Market Risk.”

As described in Note 8 to our Condensed Consolidated Financial Statements in this Quarterly Report on Form 10-Q, we completed an exchange offer for a portion of our 6<sup>5</sup>/<sub>8</sub>% first mortgage notes in April 2010. In connection with that exchange offer, the direct costs incurred with third parties of \$3.2 million were expensed.

During the six months ended June 30, 2009, we purchased and retired outstanding loans of \$375 million under the Wynn Resorts Term Loan Facility at a discounted price of 97.25%. In connection with this transaction, we recognized an \$8.8 million gain on early retirement of debt, net of the write-off of unamortized debt issue cost. During this same period, we purchased \$65.8 million face amount of the Wynn Las Vegas 6<sup>5</sup>/<sub>8</sub>% First Mortgage Notes due 2014 through open market purchases at a discount. This transaction resulted in a gain on early extinguishment of debt of \$13.7 million, net of the write off of unamortized debt discount and debt issue costs. As of June 30, 2010, Wynn Resorts holds this debt and has not contributed it to its wholly-owned subsidiary, Wynn Las Vegas. However, for accounting purposes this transaction has been treated as an extinguishment of debt by Wynn Resorts.

### *Income Taxes*

During the six months ended June 30, 2010, we recorded a tax expense of \$7 million. Our provision for income taxes is primarily comprised of increases in our foreign and domestic valuation allowances relating to foreign tax loss carryforwards, other foreign deferred tax assets and U.S. foreign tax credits not considered more likely than not realizable in the future. The tax provision recorded for the valuation allowance increases was reduced by an income tax benefit recorded for the loss from our U.S. operations. As of June 30, 2010, we no longer consider our portion of the earnings of Wynn Macau, Limited to be permanently reinvested. No additional U.S. tax provision has been made with respect to this amount as we anticipate that U.S. foreign tax credits should be sufficient to reduce any U.S. tax provision relating to such repatriation. Prior to this change, our earnings attributable to periods after September 2009, were considered permanently reinvested abroad. The decrease in our current deferred tax liability is primarily attributable to the repatriation of approximately \$1.14 billion of Wynn Macau, Limited IPO proceeds not considered permanently reinvested. During the six months ended June 30, 2010, the Company recognized income tax benefits related to excess tax deductions associated with stock compensation costs of \$1.9 million.

Effective September 6, 2006, Wynn Macau, S.A. received a 5-year exemption from Macau’s 12% Complementary Tax on casino gaming profits. Accordingly, we were exempted from the payment of approximately \$28.1 million in such taxes for the six months ended June 30, 2010. Our non-gaming profits remain subject to the Macau Complementary Tax and casino winnings remain subject to the Macau Special Gaming tax and other levies at a rate totaling 39% in accordance with its concession agreement.

## [Table of Contents](#)

During the six months ended June 2010, the Macau Finance Bureau commenced an examination of the 2006 and 2007 Macau income tax returns of Wynn Resorts (Macau) S.A. Since the examination is in its initial stages, we are unable to determine if it will conclude within the next 12 months. We believe that our liability for uncertain tax positions is adequate with respect to these years.

### *Net income attributable to non-controlling interests*

In October 2009, Wynn Macau, Limited, our newly formed and indirect wholly-owned subsidiary and the developer, owner and operator of Wynn Macau, listed its ordinary shares of common stock on The Stock Exchange of Hong Kong Limited. Wynn Macau, Limited sold 1,437,500,000 shares (27.7%) of its common stock through an initial public offering. The \$67.4 million represents the non-controlling interests share of net income for the six months ended June 30, 2010.

### **Adjusted Property EBITDA**

Adjusted property EBITDA is used by us to manage the operating results of our segments. The following table summarizes adjusted property EBITDA for our domestic (Las Vegas) and foreign (Macau) operations as reviewed by management and summarized and defined in Note 17 to our Condensed Consolidated Financial Statements in this Quarterly Report on Form 10-Q. Note 17 also presents a reconciliation of adjusted property EBITDA to net income (loss).

	Three Months Ended		Six Months Ended	
	June 30,		June 30,	
	2010	2009	2010	2009
Las Vegas	\$ 65,126	\$ 75,506	\$ 125,431	\$ 119,357
Macau	216,248	117,173	397,838	231,816
<b>Total Adjusted Property EBITDA</b>	<b>\$ 281,374</b>	<b>\$ 192,679</b>	<b>\$ 523,269</b>	<b>\$ 351,173</b>

During the past several quarters we have experienced economic disparity between our domestic (Las Vegas) and our foreign (Macau) operations. Adjusted property EBITDA has grown at our Macau Operations, while we have experienced little or no growth in Las Vegas. This disparity is a direct result of areas of economic weakness and expansion of supply, especially the United States. Demand in Las Vegas has significantly declined while demand in Macau has steadily increased. During 2010, the gaming and hotel markets in Las Vegas continued to experience very little growth in visitation and Las Vegas Strip gaming revenue, as well as continued declines in average daily room rates, all as compared to the prior year. While our customers in the United States have greatly reduced their spending levels due to weakness in the overall economy, increases in unemployment and weak consumer confidence, our customer base and market in Macau has not been impacted by such economic factors and continues to grow.

Also contributing to the decrease in our Las Vegas Operations adjusted property EBITDA from 2009 to 2010 was the opening of Encore at Wynn Las Vegas in December 2008. While we added significant capacity to our Las Vegas operations, we experienced a relatively small increase in revenues while incurring significant additional operating expenses. Our Macau adjusted property EBITDA has increased as that market continues to grow and as we have expanded our resort. Refer to the discussions above regarding the specific details of our results of operations.

### **Liquidity and Capital Resources**

#### *Cash Flow from Operations*

Our operating cash flows primarily consist of operating income generated by our Las Vegas and Macau resorts (excluding non-cash charges), interest paid and changes in working capital accounts such as receivables, inventories, prepaid expenses and payables. Our table games play both in Macau and Las Vegas is a mix of cash

## [Table of Contents](#)

play and credit play, while our slot machine play is conducted primarily on a cash basis. A significant portion of our table games revenue is attributable to the play of a limited number of high-end international customers that gamble on credit. Our ability to collect these gaming receivables may impact our operating cash flow for the period. Our rooms, food and beverage, and entertainment, retail and other revenue is conducted primarily on a cash basis or as a trade receivable. Accordingly, operating cash flows will be impacted by changes in operating income and accounts receivable.

Net cash provided by operations for the six months ended June 30, 2010 was \$422.6 million compared to \$171.7 million provided by operations for the six months ended June 30, 2009. This increase is primarily due to the increase in operating income as a result of increased casino department profitability at our Macau Operations as described above. Also contributing to this increase was the positive impact of ordinary working capital changes driven by accrued expenses and a decrease in cash paid for interest during the six months ended June 30, 2010.

### *Capital Resources*

We require a certain amount of cash on hand for operations. At June 30, 2010, we had approximately \$1.86 billion of cash and cash equivalents available for operations, debt service and retirement, development activities, general corporate purposes and enhancements to our resorts. Approximately \$1.2 billion of our cash balance is held by Wynn Resorts, Limited, which is not a guarantor of the debt of its subsidiaries, including Wynn Las Vegas, LLC and Wynn Macau, S.A. As of June 30, 2010, we had approximately \$146.3 million available to draw under our Wynn Las Vegas credit facilities and approximately \$869.8 million available to draw under our Wynn Macau credit facilities. Except for scheduled quarterly payments on two notes payable totaling \$0.9 million, we have no debt maturities in 2010. We believe that cash flow from operations and our existing cash balances will be adequate to satisfy our anticipated uses of capital during 2010.

Cash and cash equivalents include investments in U.S. Treasury Bills, money market accounts and bank time deposits, all with maturities of less than 90 days.

### *Investing Activities*

Capital expenditures were approximately \$188.6 million for the six months ended June 30, 2010, and related primarily to the construction of Encore at Wynn Macau and the Beach Club at Encore at Wynn Las Vegas.

Encore at Wynn Macau opened on April 21, 2010. Total development and construction costs were approximately \$550 million. As of June 30, 2010, we have incurred approximately \$537.5 million of project costs related to the development and construction of Encore at Wynn Macau.

### *Financing Activities*

#### *Las Vegas Operations*

As of June 30, 2010, our Wynn Las Vegas Amended and Restated Credit Agreement (the "Credit Agreement"), consisted of a \$457.9 million revolving credit facility (the "Wynn Las Vegas Revolver") and an \$80.4 million term loan facility (the "Wynn Las Vegas Term Loan") (together the "Wynn Las Vegas Credit Facilities"). As of June 30, 2010, we had borrowed \$291.7 million under the Wynn Las Vegas Revolver. We also had \$19.9 million of outstanding letters of credit that reduce our availability under the Wynn Las Vegas Revolver. We have availability of approximately \$146.3 million under the Wynn Las Vegas Revolver as of June 30, 2010.

The Wynn Las Vegas Credit Facilities are obligations of Wynn Las Vegas, LLC and are guaranteed by and secured by substantially all of the assets (except the corporate aircraft) of each of its subsidiaries (other than Wynn Completion Guarantor, LLC). The obligations of Wynn Las Vegas, LLC and the guarantors under the Wynn Las Vegas Credit Facilities rank pari passu in right of payment with their existing and future senior indebtedness, including indebtedness with respect to the 6<sup>5</sup>/<sub>8</sub>% and 7<sup>7</sup>/<sub>8</sub>% First Mortgage Notes and senior in right of payment to all of their existing and future subordinated indebtedness.

## [Table of Contents](#)

On March 26, 2010, Wynn Las Vegas, LLC and Wynn Las Vegas Capital Corp. (the “issuers”), each a direct or indirect wholly-owned subsidiary of us, commenced an offer to exchange all outstanding 6<sup>5</sup>/<sub>8</sub>% First Mortgage Notes due 2014 (the “2014 Notes”) for 7<sup>7</sup>/<sub>8</sub>% First Mortgage Notes due 2020 (the “2020 Notes”) of the issuers, upon the terms and subject to the conditions set forth in an offering memorandum (the “offering memorandum”), and a related letter of transmittal (the “exchange offer”). The exchange offer was conditioned upon, among other things, the tender of at least \$250 million aggregate principal amount of 2014 Notes. The 2020 Notes were offered only to qualified institutional buyers and outside the United States in accordance with Rule 144A and Regulation S, respectively, under the Securities Act of 1933, as amended. As of April 23, 2010, the expiration date, approximately \$352 million of the 2014 Notes were validly tendered for exchange to the 2020 Notes. The exchange offer closed on April 28, 2010.

The 2020 Notes rank pari passu in right of payment with borrowings under Wynn Las Vegas, LLC’s Credit Facilities, the 2014 Notes and the issuers’ 7<sup>7</sup>/<sub>8</sub>% First Mortgage Notes due 2017 (the “2017 Notes”). The 2020 Notes are senior secured obligations of the issuers, guaranteed by certain of Wynn Las Vegas, LLC’s subsidiaries and secured by a first priority lien on substantially all of the existing and future assets of the issuers and guarantors and, subject to approval from the Nevada Gaming Commission, a first priority lien on the equity interests of Wynn Las Vegas, LLC, all of which is the same collateral that secures borrowings under Wynn Las Vegas, LLC’s credit facilities, the 2014 Notes and the 2017 Notes.

As further described in the offering memorandum, noteholders who validly tendered 2014 Notes prior to the early delivery time received an early delivery payment of 1% of the amount tendered in cash which totaled approximately \$3.5 million. In accordance with accounting standards, this will be included as deferred financing costs and amortized over the life of the 2020 Notes.

In August 2010, Wynn Las Vegas issued \$1.32 billion of 7<sup>3</sup>/<sub>4</sub>% First Mortgage Notes due 2020 (the “New 2020 Notes”), concurrently tendered for all of its 2014 Notes, and amended its Credit Facilities. For a description of this transaction see Note 18 to the Condensed Consolidated Financial Statements in this Quarterly Report on Form 10-Q.

### *Macau Operations*

As of June 30, 2010, our Wynn Macau credit facilities, as amended, consisted of a \$550 million equivalent fully-funded senior term loan facility (the “Wynn Macau Term Loan”), and a \$1 billion equivalent senior revolving credit facility (the “Wynn Macau Revolver”) in a combination of Hong Kong and U.S. dollars (together the “Wynn Macau Credit Facilities”). Wynn Macau, S.A. also has the ability to increase the total facilities by an additional \$50 million pursuant to the terms and provisions of the Amended Common Terms Agreement. During the six months ended June 30, 2010, we repaid approximately \$371 million of borrowings under the Wynn Macau Revolver. As of June 30, 2010, the Wynn Macau Term Loan was fully drawn and we had borrowed \$130.2 million under the Wynn Macau Revolver. We have approximately \$869.8 million of availability under the Wynn Macau Revolver as of June 30, 2010.

The Wynn Macau Term Loan matures in June 2014, and the Wynn Macau Revolver matures in June 2012. The principal amount of the term loans is required to be repaid in quarterly installments, commencing in September 2011. Borrowings under the Wynn Macau Credit Facilities bear interest at LIBOR or HIBOR plus a margin of 1.75%.

Collateral for the Wynn Macau Credit Facilities consists of substantially all of the assets of Wynn Macau, S.A. Certain affiliates that own interests in Wynn Macau, S.A., either directly or indirectly through other subsidiaries, have executed guarantees of the loans and pledged their interests in Wynn Macau, S.A. as additional security for repayment of the loans.

### *Dividend*

On May 26, 2010, we paid a dividend of \$0.25 per share, totaling \$ 30.9 million, to holders of record on May 12, 2010.

## [Table of Contents](#)

### *Off Balance Sheet Arrangements*

We have not entered into any transactions with special purpose entities nor do we engage in any derivatives except for straight forward interest rate swaps. We do not have any retained or contingent interest in assets transferred to an unconsolidated entity. At June 30, 2010, we had outstanding letters of credit totaling \$19.9 million.

### *Contractual Obligation and Commitments*

Other than the paydown of approximately \$371 million under our Wynn Macau Revolver, and the exchange offer at Wynn Las Vegas described in Note 8 to our Condensed Consolidated Financial Statements in this Quarterly Report on Form 10-Q, there have been no material changes during the quarter to our contractual obligations or off balance sheet arrangements as disclosed in our Annual Report on Form 10-K for the year ended December 31, 2009.

### *Other Liquidity Matters*

Wynn Resorts is a holding company and, as a result, our ability to pay dividends is highly dependent on our ability to obtain funds and our subsidiaries' ability to provide funds to us. Restrictions imposed by our Wynn Las Vegas and Wynn Macau debt instruments significantly restrict our ability to pay dividends. Specifically, Wynn Las Vegas, LLC and certain of its subsidiaries are restricted under the indentures governing the 2014 Notes, the 2017 Notes and the 2020 Notes from making certain "restricted payments" as defined in the indentures. These restricted payments include the payment of dividends or distributions to any direct or indirect holders of equity interests of Wynn Las Vegas, LLC. These restricted payments may not be made unless certain financial and non-financial criteria have been satisfied. The credit facilities of Wynn Las Vegas, LLC and Wynn Macau, S.A. contain similar restrictions; although the Wynn Macau, S.A. loan agreements permit, provided certain conditions are met, distributions of earnings and the distribution of loan proceeds. As a result of the sale of shares in Wynn Macau, Limited in October 2009, we have approximately \$1.2 billion of available cash that is not subject to such restrictions.

Wynn Las Vegas, LLC intends to fund its operations and capital requirements from operating cash flow and availability under the Wynn Las Vegas Revolver. We cannot assure you, however, that our Las Vegas Operations will generate sufficient cash flow from operations or that the availability of additional indebtedness, if any will be sufficient to enable us to service and repay Wynn Las Vegas, LLC's indebtedness and to fund its other liquidity needs. Similarly, we expect that Wynn Macau will fund Wynn Macau, S.A.'s debt service obligations with existing cash, operating cash flow and availability under the Wynn Macau Revolver. However, we cannot assure you that operating cash flows will be sufficient to do so. We may refinance all or a portion of our indebtedness on or before maturity. We cannot assure you that we will be able to refinance any of the indebtedness on acceptable terms or at all.

On a continuing basis, we and our subsidiaries will evaluate, depending on market conditions, purchasing, refinancing, exchanging, tendering for or retiring certain of our outstanding debt in privately negotiated transactions, open market transactions, or by other direct or indirect means.

New business developments or other unforeseen events may occur, resulting in the need to raise additional funds. We continue to explore opportunities to develop additional gaming or related businesses in Las Vegas, as well as other domestic or international markets. There can be no assurances regarding the business prospects with respect to any other opportunity. Any other development would require us to obtain additional financing. We may decide to conduct any such development through Wynn Resorts or through subsidiaries separate from the Las Vegas or Macau-related entities.

## **Critical Accounting Policies and Estimates**

A description of our critical accounting policies is included in Item 7 of our Annual Report on Form 10-K for the year ended December 31, 2009. There has been no material change to these policies for the six months ended June 30, 2010.

## **Recently Issued Accounting Standards**

In June 2009, the Financial Accounting Standards Board (the "FASB") issued new accounting standards regarding the consolidation of variable interest entities. These new accounting standards address the effects of elimination of the qualifying special-purpose entity concept from previous standards. These new accounting standards amend previous guidance in determining whether an enterprise has a controlling financial interest in a variable interest entity. This determination identifies the primary beneficiary of a variable interest entity as the enterprise that has both the power to direct the activities of a variable interest entity that most significantly impacts the entity's economic performance and the ability to absorb losses or the right to receive benefits of the entity that could potentially be significant to the variable interest entity. We adopted the new accounting standards on January 1, 2010. The adoption of these new accounting standards did not have a material effect on our condensed consolidated financial statements.

## **Item 3. Quantitative and Qualitative Disclosures About Market Risk**

Market risk is the risk of loss arising from adverse changes in market rates and prices, such as interest rates, foreign currency exchange rates and commodity prices.

### *Interest Rate Risks*

One of our primary exposures to market risk is interest rate risk associated with our debt facilities that bear interest based on floating rates. We attempt to manage interest rate risk by managing the mix of long-term fixed rate borrowings and variable rate borrowings, and using hedging activities. We cannot assure you that these risk management strategies will have the desired effect, and interest rate fluctuations could have a negative impact on our results of operations. We do not use derivative financial instruments, other financial instruments or derivative commodity instruments for trading or speculative purposes.

### *Interest Rate Swap Information*

We have entered into floating-for-fixed interest rate swap arrangements relating to certain of our floating-rate debt facilities. We measure the fair value of our interest rate swaps on a recurring basis.

### *Wynn Las Vegas*

As of June 30, 2010, we have one interest rate swap intended to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Las Vegas Revolver. Under this swap agreement, we pay a fixed interest rate of 2.485% on borrowings of \$250 million incurred under the Wynn Las Vegas Revolver in exchange for receipts on the same amount at a variable interest rate based on the applicable LIBOR at the time of payment. This interest rate swap fixes the interest rate on \$250 million of borrowings under the Wynn Las Vegas Revolver at approximately 5.485%. This interest rate swap agreement matures in November 2012. Changes in the fair value of this interest rate swap have and will continue to be recorded as an increase/ (decrease) in swap fair value in our Condensed Consolidated Statements of Operations as this swap does not qualify for hedge accounting.

### *Wynn Macau*

As of June 30, 2010, we had three interest rate swaps intended to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Macau Credit Facilities. Under the first swap agreement, we pay a fixed

## [Table of Contents](#)

interest rate of 3.632% on U.S. dollar borrowings of \$153.8 million incurred under the Wynn Macau Term Loan in exchange for receipts on the same amounts at a variable interest rate based on the applicable LIBOR at the time of payment. This interest rate swap fixes the interest rate on \$153.8 million of the current U.S. dollar borrowings under the Wynn Macau Term Loan at approximately 5.382%. Under the second swap agreement, we pay a fixed interest rate of 3.39% on Hong Kong dollar borrowings of approximately HK\$991.6 million (approximately U.S. \$127.9 million) incurred under the Wynn Macau Term Loan in exchange for receipts on the same amounts at a variable interest rate based on the applicable HIBOR at the time of payment. This interest rate swap fixes the interest rate on approximately \$127.9 million of the current Hong Kong dollar borrowings under the Wynn Macau Term Loan at approximately 5.14%. Both of these interest rate swap agreements mature in August 2011. We entered into a third interest rate swap agreement on August 17, 2009, with an effective date of November 27, 2009, to hedge a portion of the underlying interest rate risk on borrowings under the Wynn Macau Senior Revolving Credit Facility. Under this swap agreement, we pay a fixed interest rate of 2.15% on borrowings of approximately HK\$2.3 billion (approximately U.S. \$300 million) incurred under the Wynn Macau Revolver in exchange for receipts on the same amount at a variable interest rate based on the applicable HIBOR at the time of payment. This interest rate swap fixes the interest rate on HK\$2.3 billion (approximately U.S. \$300 million) of borrowings under the Wynn Revolver at approximately 3.9%. This interest rate swap agreement matures in June 2012. Changes in the fair values of these interest rate swaps for each reporting period recorded are, and will continue to be, recognized as an increase/(decrease) in swap fair value in our Condensed Consolidated Statements of Operations as the swaps do not qualify for hedge accounting.

### *Summary of Historical Fair Values*

The following table presents the historical liability fair values of our interest rate swap arrangements as of June 30, 2010 and December 31, 2009 (all amounts in thousands):

<u>Liability fair value:</u>	<u>Las Vegas</u>	<u>Macau</u> (amounts in thousands)	<u>Total Interest Rate Swaps</u>
June 30, 2010	\$ 8,779	\$17,067	\$ 25,846
December 31, 2009	\$ 4,224	\$16,345	\$ 20,569

The fair value approximates the amount the Company would pay if these contracts were settled at the respective valuation dates. Fair value is estimated based upon current, and predictions of future, interest rate levels along a yield curve, the remaining duration of the instruments and other market conditions, and therefore, is subject to significant estimation and a high degree of variability and fluctuation between periods. We adjust this amount by applying a non-performance valuation, considering our creditworthiness or the creditworthiness of our counterparties at each settlement date as applicable.

### *Interest Rate Sensitivity*

As of June 30, 2010, approximately 91% of our long-term debt was based on fixed rates, including the notional amounts related to interest rate swaps. Based on our borrowings as of June 30, 2010, an assumed 1% change in variable rates would cause our annual interest cost to change by approximately \$2.8 million.

### *Foreign Currency Risks*

The currency delineated in Wynn Macau's concession agreement with the government of Macau is the Macau pataca. The Macau pataca, which is not a freely convertible currency, is linked to the Hong Kong dollar, and in many cases the two are used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. However, the exchange linkages of the Hong Kong dollar and the Macau pataca, and the Hong Kong dollar and the U.S. dollar, are subject to potential changes due to, among other things, changes in Chinese governmental policies and international economic and political developments.

## [Table of Contents](#)

If the Hong Kong dollar and the Macau pataca are not linked to the U.S. dollar in the future, severe fluctuations in the exchange rate for these currencies may result. We cannot assure you that the current rate of exchange fixed by the applicable monetary authorities for these currencies will remain at the same level.

Because many of Wynn Macau's payment and expenditure obligations are in Macau patacas, in the event of unfavorable Macau pataca or Hong Kong dollar rate changes, Wynn Macau's obligations, as denominated in U.S. dollars, would increase. In addition, because we expect that most of the revenues for any casino that we operate in Macau will be in Hong Kong dollars, we are subject to foreign exchange risk with respect to the exchange rate between the Hong Kong dollar and the U.S. dollar. Also, because our Macau-related entities incur U.S. dollar-denominated debt, fluctuations in the exchange rates of the Macau pataca or the Hong Kong dollar, in relation to the U.S. dollar, could have adverse effects on our Macau Operations financial condition and ability to service its debt.

### **Item 4. Controls and Procedures**

(a) *Disclosure Controls and Procedures.* The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, has evaluated the effectiveness of the Company's disclosure controls and procedures (as such term is defined in Rules 13a-15(e) and 15d-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the period covered by this report. In designing and evaluating the disclosure controls and procedures, management recognized that any controls and procedures, no matter how well designed and operated, can only provide reasonable assurance of achieving the desired control objectives and management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures. Based on such evaluation, the Company's Chief Executive Officer and Chief Financial Officer have concluded that, as of the end of such period, the Company's disclosure controls and procedures were effective, at the reasonable assurance level, in recording, processing, summarizing and reporting, on a timely basis, information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act and were effective in ensuring that information required to be disclosed by the Company in the reports that it files or submits under the Exchange Act is accumulated and communicated to the Company's management, including the Company's Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

(b) *Internal Control Over Financial Reporting.* There were no changes in our internal control over financial reporting (as such term is defined in Rules 13a-15(f) and 15d-15(f) under the Exchange Act) during the quarter to which this report relates that materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Part II—OTHER INFORMATION**

**Item 1. Legal Proceedings**

For information regarding the Company's legal matters see Note 15 to our Condensed Consolidated Financial Statements in this Quarterly Report on Form 10-Q.

**Item 1A. Risk Factors**

A description of our risk factors can be found in Item IA of our Annual Report on Form 10-K for the year ended December 31, 2009. There were no material changes to those risk factors during the six months ended June 30, 2010.

**Item 2. Unregistered Sales of Equity Securities and Use of Proceeds**

*Dividend Restrictions*

In November 2009, our Board of Directors approved the commencement of a regular quarterly cash dividend program beginning in 2010. On April 28, 2010, our Board of Directors declared a dividend of \$0.25 per share, which was paid on May 26, 2010 to stockholders of record as of May 12, 2010. On July 29, 2010, our Board of Directors declared a dividend of \$0.25 per share, payable on August 26, 2010 to stockholders of record as of August 12, 2010.

Wynn Resorts is a holding company and, as a result, our ability to pay dividends is highly dependent on our ability to obtain funds and our subsidiaries' ability to provide funds to us. Restrictions imposed by our subsidiaries' debt instruments significantly restrict our ability to pay dividends. Specifically, Wynn Las Vegas, LLC and certain of its subsidiaries are restricted under the indenture governing the 2014 Notes, the 2017 Notes and the 2020 Notes from making certain "restricted payments" as defined in the indentures. These restricted payments include the payment of dividends or distributions to any direct or indirect holders of equity interests of Wynn Las Vegas, LLC. These restricted payments may not be made unless certain financial and non-financial criteria have been satisfied. The credit facilities of Wynn Las Vegas, LLC and Wynn Macau, S.A. contain similar restrictions; although the Wynn Macau, S.A. loan agreements permit, provided certain conditions are met, distribution of earnings and the distribution of loan proceeds. As a result of the sale of shares in Wynn Macau, Limited in October 2009, we have approximately \$1.2 billion of cash that is not subject to such restrictions.

**Certification of the Chief Executive Officer  
Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002**

I, Stephen A. Wynn, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Wynn Resorts, Limited;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.

Date: August 6, 2010

Stephen A. Wynn  
Chairman of the Board and Chief Executive Officer  
(Principal Executive Officer)

**Certification of the Chief Financial Officer  
Pursuant to Section 302 of the Sarbanes-Oxley Act of 2002**

I, Matt Maddox, certify that:

1. I have reviewed this Quarterly Report on Form 10-Q of Wynn Resorts, Limited;
2. Based on my knowledge, this report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this report;
3. Based on my knowledge, the financial statements, and other financial information included in this report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this report;
4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f) for the registrant and have:
  - a) Designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this report is being prepared;
  - b) Designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) Evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) Disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of registrant's board of directors (or persons performing the equivalent functions):
  - a) All significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) Any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
