Management Discussion and Analysis

OVERVIEW

We are a developer, owner and operator of two integrated destination casino resorts, Wynn Palace and Wynn Macau, located in the Greater Bay Area region of the People's Republic of China. Our resorts in Macau include world-class hotel facilities, a variety of regional and international dining options, retail outlets and an array of one-of-a-kind entertainment options, many of which are free to the general public.

Our strategy in the Greater Bay Area encompasses investment in our integrated resorts, in our people and in the broader community. To attract and retain our customers, we design and continually make enhancements to refresh, improve and expand our resorts. We have continued with the design stages of developing the second phase of expansion of Wynn Palace. We currently expect that the next phase of our development at Wynn Palace will become a unique world-class cultural destination, incorporating an array of non-gaming amenities such as event space, interactive entertainment installations, food and beverage offerings, and additional hotel rooms. We also maintain numerous programs to invest in our approximately 12,250 Macau-based employees. Through a robust emphasis on human resources and staff training, we provide opportunities for movement within our Group to ensure employees can pursue their career goals with us and to elevate their functional and leadership skills. Through our "Wynn Care" program, we facilitate reinvestment in our community, encourage volunteerism and promote responsible gaming. Since launching this program, we have centralized our community-focused initiatives under one umbrella and expanded our efforts from various volunteer activities and community events in Macau into the Greater Bay Area and beyond. Through our charitable foundation "Wynn Care Foundation", we continue to broaden our efforts in pursuing positive social impact and supporting charitable development within Macau and the PRC. We are also fully committed to supporting sustainable development for the benefit of Macau and the planet by monitoring and reducing inefficient energy and resource consumption and embracing technologies that help us to responsibly use our resources.

Management Discussion and Analysis

Wynn Palace

Wynn Palace, a 6 million square foot integrated resort, was opened to the public on 22 August 2016 in the Cotai area of Macau, conveniently located minutes from both Macau International Airport and the Macau Taipa Ferry Terminal and directly adjacent to a stop serviced by Macau's light rail system.

We have continued with the design stages of developing the second phase of expansion of Wynn Palace. We currently expect that the next phase of our development at Wynn Palace will become a unique world-class cultural destination, incorporating an array of non-gaming amenities such as event space, interactive entertainment installations, food and beverage offerings, and additional hotel rooms.

Wynn Palace features:

- Approximately 424,000 square feet of casino space with up to 323 table games and 1,035 slot machines available, of which 676 are currently in use, offering 24-hour gaming and a full range of games, including private gaming salons and sky casinos;
 - Free public entertainment attractions including an 8-acre performance lake, animated floral art displays and fine art displays;
 - A luxury hotel with a total of 1,706 spacious rooms, suites and villas;
 - 14 food and beverage outlets;
 - Approximately 107,000 square feet of high-end, brand-name retail shopping;
 - Recreation and leisure facilities, including a cable car ("SkyCab") ride, health club, spa, salon and pool; and
 - Approximately 37,000 square feet of meeting and convention space.

Management Discussion and Analysis

Wynn Macau

Wynn Macau, a 3 million square foot integrated resort, was opened to the public on 6 September 2006 in the heart of the Macau Peninsula. We completed expansion works at Wynn Macau in December 2007 and November 2009, which added more gaming space and additional food and beverage and retail amenities. Encore at Wynn Macau, a further expansion of Wynn Macau that added hotel accommodations and a range of gaming and non-gaming amenities, opened in April 2010. In 2019, we refreshed 410 rooms in Encore tower.

In November 2019, we opened the first phase of our “Lakeside Casino” expansion at Wynn Macau which features 44 mass market table games and a refurbished high-limit slot area. We substantially completed the second phase, which will include two new restaurants and approximately 7,000 square feet of additional retail space, in December 2019, and expect to open portions of the second phase in the near future, depending on market conditions and other factors.

Wynn Macau features:

- Approximately 252,000 square feet of casino space with up to 331 table games and 818 slot machines available, of which 583 are currently in use, offering 24-hour gaming and a full range of games, including private gaming salons, sky casinos and a poker pit;
 - Free public entertainment attractions including a rotunda show featuring a Chinese zodiac-inspired ceiling along with gold “tree of prosperity” and “dragon of fortune” attractions and a performance lake;
 - Two luxury hotel towers with a total of 1,010 spacious rooms and suites;
 - 12 food and beverage outlets;
 - Approximately 59,000 square feet of high-end, brand-name retail shopping;
 - Recreation and leisure facilities, including two health clubs and spas, a salon and a pool; and
 - Approximately 31,000 square feet of meeting and convention space.

Management Discussion and Analysis

FACTORS AFFECTING OUR RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Set forth below are the key factors affecting our results of operations and financial condition. There are also risks and uncertainties inherent in our operations, many of which are beyond our control.

Visitation to Macau has fallen significantly since the outbreak of COVID-19, driven by the strong deterrent effect of the COVID-19 Pandemic on travel and social activities, quarantine measures put in place in Macau and elsewhere, travel and entry restrictions and conditions in Macau, the PRC, Hong Kong and Taiwan involving COVID-19 testing, among other things, and the suspension or reduced accessibility of transportation to and from Macau. Beginning in June 2020 certain restrictions and conditions have eased to allow for visitation to Macau as some regions continue to recover from the COVID-19 Pandemic. Quarantine-free travel, subject to COVID-19 safeguards such as testing and the usual visa requirements, has been reintroduced between Macau and most areas and cities within the PRC, and in September 2020, the PRC authorities fully resumed the Individual Visit Scheme (“IVS”) exit visa program, which permits individual PRC citizens from nearly 50 PRC cities to travel to Macau for tourism purposes. Given the evolving conditions created by and in response to the COVID-19 Pandemic, measures that have been lifted may be reintroduced if there are adverse developments in the COVID-19 situation in Macau and other regions with access to Macau, and the Group is currently unable to determine when protective measures and the suspension of certain offerings in effect at our Macau Operations will be lifted. Given the uncertainty around the extent and timing of the potential future spread or mitigation of COVID-19 and around the imposition or relaxation of protective measures, management cannot reasonably estimate the impact to the Group’s future results of operations, cash flows, or financial condition.

For further details, see the section headed “Management Discussion and Analysis — Material Risk Factors” of this annual report.

Management Discussion and Analysis

Macau Gaming Concession

The term of the Group's Concession Agreement with the Macau government ends on 26 June 2022. If the term of this Concession Agreement is not extended or renewed or is not replaced by a new gaming concession, all of the Group's gaming operations and related equipment in Macau will be automatically transferred to the Macau government without compensation on that date and the Group will cease to generate gaming revenues from its Macau Operations. In addition, under the indentures governing the Company's HK\$36.65 billion aggregate principal amount of WML Senior Notes and the facility agreement governing the WM Cayman II Revolver, upon the occurrence of any event after which the Group does not own or manage casino or gaming areas or operate casino games of fortune and chance in Macau in substantially the same manner and scope as of the issue date of the respective senior notes or the date of the facility agreement, for a period of 10 consecutive days or more in the case of the WML Senior Notes or a period of 30 consecutive days or more in the case of the WM Cayman II Revolver, and such event has a material adverse effect on the financial condition, business, properties or results of operations of WML and its subsidiaries, taken as a whole, holders of the WML Senior Notes can require the Company to repurchase all or any part of the WML Senior Notes at par, plus any accrued and unpaid interest (the "Special Put Option"), and any amounts owed under the WM Cayman II Revolver may become immediately due and payable (the "Property Mandatory Prepayment Event").

In January 2022, the Macau government published a draft of its proposed revisions to the gaming law which is currently under review by the Macau Legislative Assembly. On 3 March 2022, the Macau government announced its intention to extend the term of Macau's six concession and subconcession contracts until 31 December 2022 in order to ensure sufficient time to complete the amendment to the Macau gaming law and conduct a public tender for the awarding of new gaming concessions. The Macau government invited WRM to submit a formal request for an extension along with a commitment to pay the Macau government approximately MOP47.0 million (approximately HK\$45.6 million) and provided a bank guarantee to secure the fulfillment of WRM's payment obligations towards its employees should WRM be unsuccessful in tendering for a new concession contract after its concession expires. WRM submitted its request for an extension on 11 March 2022. The extension of WRM's concession is subject to approval by the Macau government. The Group is monitoring developments with respect to the Macau government's concession extension and renewal process, and at this time believes that its concession will be extended and renewed beyond 26 June 2022. The failure to extend or renew the Group's concession or obtain a new concession and the resulting ability of the WML Senior Notes holders to exercise the Special Put Option and triggering of the Property Mandatory Prepayment Event would have a material adverse effect on the Group's business, financial condition, results of operations, and cash flows.

Management Discussion and Analysis

Macau

Macau, which was a territory under Portuguese administration for approximately 450 years, was transferred from Portuguese to Chinese political control in December 1999. Macau is governed as a special administrative region of China and is located in the Greater Bay Area and approximately 37 miles southwest of Hong Kong. Notwithstanding certain COVID-19 Pandemic-related travel restrictions that remain in place, the journey between Macau and Hong Kong takes approximately 15 minutes by helicopter, 30 minutes by road via the opening of the Hong Kong — Zhuhai — Macau Bridge and one hour by jetfoil ferry. Macau, which has been a casino destination for more than 55 years, consists principally of a peninsula on mainland China and two neighboring islands, Taipa and Coloane, between which the Cotai area is located. In addition to WRM, SJM, Galaxy, Venetian Macau, Melco and MGM Macau are permitted to operate casinos in Macau.

We believe that Macau is located in one of the world's largest concentrations of potential gaming customers. Since the introduction of new casinos starting in 2004, the Macau market has experienced a significant increase in annual gaming revenue. According to Macau statistical information, the annual gaming revenues grew from HK\$21.53 billion in 2002 to HK\$283.94 billion in 2019, before falling to HK\$58.68 billion in 2020 and HK\$84.33 billion in 2021, respectively, due to various quarantine measures and travel and entry restrictions and conditions since the outbreak of COVID-19. We continue to believe that, despite the current challenges posed by the COVID-19 Pandemic, Macau's stated goal of becoming a world-class tourism destination will continue to drive additional visitation to the market and create future opportunities for us to invest and grow.

Our Macau Operations face competition primarily from the 40 other casinos located throughout Macau in addition to casinos located throughout the world, including Singapore, South Korea, the Philippines, Vietnam, Cambodia, Malaysia, Australia, Las Vegas, cruise ships in Asia that offer gaming, and other casinos throughout Asia. Additionally, certain other Asian countries and regions have legalized or in the future may legalize gaming, such as Japan, Taiwan and Thailand, which could increase competition for our Macau Operations.

Management Discussion and Analysis

Tourism

The levels of tourism and overall gaming activities in Macau are key drivers of our business. Both the Macau gaming market and visitation to Macau grew significantly from liberalization in 2002 to 2019, but has fallen meaningfully since the outbreak of COVID-19, primarily due to certain border control and other travel related restrictions put in place as a result of the COVID-19 Pandemic. According to the Macau Statistics and Census Service Monthly Bulletin of Statistics, tourist arrivals in Macau decreased 80.4% in 2021 compared to 2019. Beginning in June 2020 certain restrictions and conditions have eased to allow for visitation to Macau as some regions continue to recover from the COVID-19 Pandemic. Visitation to Macau increased by 30.7% from 5.9 million in 2020 to 7.7 million in 2021. While total visitation from PRC to Macau increased meaningfully in 2021 compared to 2020, total visitation from PRC to Macau remained 74.8% below 2019 levels.

Tourism levels in Macau are affected by a number of factors which are beyond our control. Factors affecting tourism levels in Macau may include, among others: the prevailing economic conditions in the PRC and Asia; restrictions, conditions or other factors which affect visitation by citizens of the PRC and other regions to Macau; various countries' policies on currency exchange controls, currency export, currency withdrawal, credit and debit card usage and travel restrictions or policies impacting the issuance of travel visas that may be in place from time to time; and competition from other destinations which offer gaming and/or leisure activities.

Natural and man-made disasters, extreme weather conditions (such as typhoons and heavy rainstorms), outbreaks of highly infectious diseases (including the COVID-19 Pandemic), public incidents of violence, security alerts, riots and demonstrations, war and other events, particularly in Macau and nearby regions, may result in decreases to visitor arrivals to Macau from the PRC and elsewhere and disrupt travel to and between our resorts. Any of these events may also interfere with our operations and could have a material adverse effect on our business, financial condition and results of operations.

Although we have insurance coverage with respect to some of these events, we cannot assure you that any such coverage will be sufficient to indemnify us fully against all direct and indirect costs, including any loss of business that could result from substantial damage to, or partial or complete destruction of, any of our properties. For details of the COVID-19 Pandemic, see "Management Discussion and Analysis — Material Risk Factors — The COVID-19 Pandemic has had and will likely continue to have an adverse effect on our business, operations, financial condition and operating results, and the ability of our subsidiaries to pay dividends and distributions." of this annual report.

Management Discussion and Analysis

Premium Credit Play

We selectively extend credit to certain customers contingent upon our marketing team's knowledge of the customers, their financial background and payment history. We follow a series of credit procedures and require various signed documents from each credit recipient that are intended to ensure that, among other things, if permitted by applicable law, the debt can be legally enforced in the jurisdiction where the customer resides. In the event the customer does not reside in a jurisdiction where gaming debts are legally enforceable, we can attempt to assert jurisdiction over assets the customer maintains in jurisdictions where the debt is recognized. In addition, we typically require a check in the amount of the applicable credit line from credit customers, collateralizing the credit we grant.

Number and Mix of Table Games and Slot Machines

The mix of VIP table games, mass table games and slot machines in operation at our resorts changes from time to time as a result of marketing and operating strategies in response to changing market demand and industry competition. The shift in the mix of our games may affect casino profitability.

Renovation, Development and Construction Projects

Our current and future renovation, development and construction projects are and will be subject to significant development and construction risks. Such risks include unanticipated costs or cost increases, shortages in qualified labor, changes in laws and regulations and unforeseen engineering problems. Construction, equipment or staffing problems or difficulties in obtaining the requisite licenses, permits and authorizations from regulatory or governmental authorities could increase the total cost, delay or prevent the construction or opening or otherwise affect the project's design and features, which may adversely impact the success of the project. There can be no assurance that our proposed plans and specifications will not change, and we cannot guarantee that our proposed projects will be approved, commenced or completed as contemplated by us. Failure to complete the projects on schedule or within budget may also have a significant negative effect on us and on our ability to make payments on our debt.

Management Discussion and Analysis

ADJUSTED EBITDA

Adjusted EBITDA is earnings or losses before finance costs, finance revenues, net foreign currency differences, loss on extinguishment of debt, income taxes, depreciation, pre-opening costs, property charges and other, share-based payments, Wynn Macau, Limited corporate expenses, and other non-operating income and expenses. Adjusted EBITDA is presented exclusively as a supplemental disclosure because our Directors believe that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Our Adjusted EBITDA presented herein also differs from the Adjusted Property EBITDA presented by Wynn Resorts, Limited for its Macau segments in its filings with the SEC, primarily due to the inclusion of license fees, adjustments for IFRS differences with U.S. GAAP, corporate support and other support services in arriving at operating loss.

The following table sets forth a quantitative reconciliation of Adjusted EBITDA to its most directly comparable IFRS measurement and operating loss.

Management Discussion and Analysis

Discussion of Results of Operations

Financial results for the year ended 31 December 2021 compared to financial results for the year ended 31 December 2020

Operating Revenues

Total operating revenues increased by 54.0% from HK\$7.61 billion in 2020 to HK\$11.73 billion in 2021, primarily due to an increase in mass market table games win driven by an increase in mass market table drop at both Wynn Palace and Wynn Macau.

Casino Revenues

Casino revenues increased from HK\$5.54 billion (72.8% of total operating revenues) in 2020 to HK\$8.97 billion (76.5% of total operating revenues) in 2021. Our casino operations in Macau were closed for a 15-day period in February 2020, and have since reopened with certain COVID-19 specific protective measures in place. The components of casino revenues are as follows:

VIP casino gaming operations. VIP table games win increased by 15.5%, from HK\$2.75 billion in 2020 to HK\$3.18 billion in 2021. The increase was primarily driven by an increase in VIP table games win as a percentage of turnover at Wynn Palace from 1.75% in 2020 to 3.94% in 2021, partially offset by the lower VIP gaming volumes of both Wynn Palace and Wynn Macau, with total VIP table games turnover down 22.9%, from HK\$120.18 billion in 2020 to HK\$92.62 billion in 2021.

Mass market casino gaming operations. Mass market table games win increased by 70.7%, from HK\$4.34 billion in 2020 to HK\$7.41 billion in 2021. The increase was driven by an increase in business volumes of both Wynn Palace and Wynn Macau, with total mass market table drop up 77.0% from HK\$20.39 billion in 2020 to HK\$36.11 billion in 2021, partially offset by a decrease in mass market table games win percentage at both Wynn Palace and Wynn Macau.

Slot machine gaming operations. Slot machine win increased by 33.2% from HK\$546.1 million in 2020 to HK\$727.5 million in 2021. The increase was primarily driven by an increase in business volumes of both Wynn Palace and Wynn Macau, with total slot machine handle increasing 37.3% from HK\$14.22 billion in 2020 to HK\$19.52 billion in 2021.

Management Discussion and Analysis

Non-casino Revenues

Net non-casino revenues, which include rooms, food and beverage and retail and other revenues, increased by 32.7% from HK\$2.07 billion (27.2% of total operating revenues) in 2020 to HK\$2.75 billion (23.5% of total operating revenues) in 2021.

Rooms. Our room revenues increased by 40.4% from HK\$661.6 million in 2020 to HK\$928.7 million in 2021, primarily due to higher occupancy rates at both Wynn Palace and Wynn Macau.

The following table presents additional information about our room revenues for Wynn Palace and Wynn Macau:

Room revenues information

	For the year ended 31 December	
	2021	2020
Wynn Palace:		
Average Daily Rate	HK\$1,416	HK\$1,828
Occupancy ⁽¹⁾	58.5%	29.8%
REVPAR	HK\$828	HK\$545
Wynn Macau:		
Average Daily Rate	HK\$1,659	HK\$2,146
Occupancy ⁽¹⁾	58.8%	34.8%
REVPAR	HK\$975	HK\$747

Note:

- (1) Occupancy is the number of total hotel room nights occupied as a percentage of the number of total hotel room nights available in the applicable year. Available hotel rooms exclude those rooms out of service during the applicable year.

Management Discussion and Analysis

Food and beverage. Food and beverage revenues increased by 5.5% from HK\$592.1 million in 2020 to HK\$624.9 million in 2021, primarily due to increased covers at restaurants at Wynn Palace.

Retail and other. Our retail and other revenues increased by 46.1% from HK\$820.0 million in 2020 to HK\$1.20 billion in 2021, primarily due to an increase in visitation at both Wynn Palace and Wynn Macau.

Operating Costs and Expenses

Gaming taxes and premiums. Gaming taxes and premiums increased by 41.8% from HK\$3.43 billion in 2020 to HK\$4.86 billion in 2021. The increase was driven by the increase in casino revenues. WRM is subject to a 35% gaming tax on gross gaming win. In addition, WRM is also required to pay 4% of its gross gaming win as contributions for public development and social facilities.

Staff costs. Staff costs decreased by 2.3% from HK\$4.23 billion in 2020 to HK\$4.13 billion in 2021. The decrease was mainly due to the implementation of cost saving initiatives undertaken as a result of the COVID-19 Pandemic.

Other operating expenses. Other operating expenses increased by 17.8% from HK\$2.25 billion in 2020 to HK\$2.65 billion in 2021, driven mainly by increases in advertising and promotions expenditures, licenses fees, operating supplies and equipment costs, utilities and fuel and other expenses, partially offset by the decrease in provision for credit losses. The provision for credit losses decreased from HK\$237.6 million in 2020 to HK\$185.0 million in 2021, primarily due to the impact of historical collection patterns and expectations of current and future collection trends, as well as the specific review of customer accounts, on our estimated credit loss for the respective years.

Depreciation. Depreciation decreased by 10.0% from HK\$2.92 billion in 2020 to HK\$2.62 billion in 2021. The decrease was primarily driven by the result of certain assets at both Wynn Palace and Wynn Macau being fully depreciated.

Property charges and other. Property charges and other decreased from HK\$186.2 million in 2020 to HK\$104.4 million in 2021. The decrease was mainly driven by the decrease in net loss on the sale of equipment as well as costs related to assets retired or abandoned. The decrease was partially offset by an increase in other contingency expenses.

As a result of the foregoing, total operating costs and expenses increased by 10.5%, from HK\$13.01 billion in 2020 to HK\$14.38 billion in 2021.

Management Discussion and Analysis

Finance Revenues

Finance revenues decreased from HK\$84.8 million in 2020 to HK\$19.9 million in 2021. The decrease was primarily due to holding lower average cash balances in 2021 compared to 2020. During 2021 and 2020, our short-term investment strategy has been to preserve capital while retaining sufficient liquidity. The majority of our cash equivalents were primarily in time deposits and fixed deposits with a maturity of three months or less.

Finance Costs

Finance costs increased by 19.9% from HK\$1.95 billion in 2020 to HK\$2.34 billion in 2021. The increase was mainly due to an increase in average interest-bearing borrowing balances in 2021 compare to 2020 as a result of issuances of WML senior notes during 2020, partially offset by the prepayments and contractual amortization payments of the Wynn Macau Credit Facilities during 2020 and 2021.

Income Tax Expense

Income tax expense was HK\$12.4 million in 2020 and 2021. Our income tax expense relates to the current tax expense recorded by our subsidiaries owning WRM's shares under the WRM Shareholder Dividend Tax Agreement.

Net Loss Attributable to Owners of the Company

As a result of the foregoing, net loss attributable to owners of the Company decreased by 28.2% from HK\$7.22 billion in 2020 to HK\$5.18 billion in 2021.

LIQUIDITY AND CAPITAL RESOURCES

Capital Resources

The COVID-19 Pandemic has impacted and is likely to continue to impact, materially, our business, financial condition and results of operations. While we believe our strong liquidity position will enable us to fund our current obligations for the foreseeable future, COVID-19 has resulted in significant disruption, which has had and will likely continue to have a negative impact on our operating profit and could have a negative impact on our ability to access capital in the future. We continue to monitor the rapidly evolving situation and guidance from international and domestic authorities.

Management Discussion and Analysis

Our cash and cash equivalents balance as at 31 December 2021 were approximately HK\$11.66 billion. This cash is available for operations, new development activities, enhancements to our operating properties, debt service and retirement, and general corporate purposes. The Company paid no dividends during 2021 or 2020.

On 16 September 2021, WM Cayman II, an indirect wholly owned subsidiary of WML, entered into an unsecured revolving credit facility agreement in an aggregate principal amount of HK\$11.70 billion consisting of one tranche in an amount of US\$312.5 million (approximately HK\$2.44 billion) and one tranche in an amount of HK\$9.26 billion. WM Cayman II has the ability to upsize the total revolving credit facility by an additional HK\$7.80 billion equivalent under the facility agreement and related agreements upon the satisfaction of various conditions. During the first half of 2021, the Group voluntarily prepaid approximately HK\$3.20 billion equivalent and made contractual amortization payments of HK\$405.0 million equivalent of the term loan facility of the Wynn Macau Credit Facilities. In September 2021, borrowings of HK\$8.48 billion under the WM Cayman II Revolver, along with HK\$1.56 billion of cash, were used to facilitate the prepayment of the outstanding HK\$9.79 billion of borrowings under the Wynn Macau Credit Facilities and to pay related fees and expenses. The borrowings under the WM Cayman II Revolver bear interest at LIBOR or HIBOR, as applicable, plus a margin of 2.625% per annum until 30 June 2022, the date from which the margin will be 1.875% to 2.875% per annum based on WM Cayman II's leverage ratio on a consolidated basis. The final maturity of all outstanding loans under the revolving facility is 16 September 2025. As at 31 December 2021, the Group had approximately HK\$1.66 billion of available borrowing capacity under the WM Cayman II Revolver.

During 2020, the Company issued US\$1.00 billion (approximately HK\$7.80 billion) of 5.500% senior notes due 2026 and US\$1.35 billion (approximately HK\$10.53 billion) of 5.625% senior notes due 2028. On 17 December 2019, the Company completed the issuance of 5.125% senior notes due 2029 with an aggregate principal amount of US\$1.00 billion (approximately HK\$7.80 billion). Certain amounts from the net proceeds were used to facilitate repayments of the Wynn Macau Credit Facilities and the Company expects to use the remaining proceeds for general corporate purposes.

Cash Flows

The following table presents a summary of the Group's cash flows.

	For the year ended 31 December	
	2021	2020
	HK\$	HK\$
	(in millions)	
Net cash used in operating activities	(1,212.4)	(3,708.2)
Net cash used in investing activities	(453.9)	(642.8)

Net (decrease)/increase in cash and cash equivalents	(7,231.4)	4,777.4
Cash and cash equivalents at beginning of year	18,831.1	14,087.5
Effect of foreign exchange rate changes, net	64.4	(33.8)
Cash and cash equivalents at end of year	11,664.1	18,831.1

Net cash used in operating activities

Our net cash used in operating activities is primarily driven by changes in our working capital and operating loss generated by our Macau Operations. Net cash used in operating activities was HK\$1.21 billion in 2021, compared to HK\$3.71 billion in 2020. As a result of COVID-19 Pandemic, operating loss was HK\$2.65 billion in 2021, compared to HK\$5.40 billion in 2020. The decrease in net cash used in operating activities was primarily due to the decreased operating loss and partially offset by changes in working capital accounts, including a decrease in other payables and accruals primarily due to withdrawals by gaming promoters. As of 31 December 2021, the Group did not have any agreements in place with gaming promoters. In 2020, the decrease in net cash from operating activities was primarily due to the adverse effects of the COVID-19 Pandemic.

Net cash used in investing activities

Net cash used in investing activities was HK\$453.9 million in 2021, compared to HK\$642.8 million in 2020. Net cash used in 2021 included HK\$476.0 million of costs, primarily related to maintenance capital expenditures, partially offset by HK\$17.9 million of interest receipts and HK\$4.2 million of proceeds from insurance claims. Net cash used in 2020 included HK\$749.1 million of costs, primarily related to maintenance capital expenditures, partially offset by HK\$89.9 million of interest receipts and HK\$16.6 million of proceeds from insurance claims.

Management Discussion and Analysis

Net cash used in financing activities

Net cash used in financing activities was HK\$5.57 billion in 2021, compared to net cash of HK\$9.13 billion generated from financing activities in 2020. During 2021, net cash used in financing activities was primarily due to HK\$13.40 billion in repayments of the Wynn Macau Credit Facilities, HK\$2.26 billion of interest payments and HK\$250.4 million payments on debt financing costs, partially offset by HK\$10.04 billion proceeds from WM Cayman II Revolver and HK\$388.6 million proceeds from the revolving credit facility of Wynn Macau Credit Facilities. During 2020, net cash generated from financing activities was primarily due to receipts of HK\$18.40 billion proceeds from issuance of WML 2026 Notes and WML 2028 Notes and HK\$438.5 million net proceeds from our revolving credit facility of the Wynn Macau Credit Facilities, partially offset by HK\$8.06 billion in repayments of our term loan facility of the Wynn Macau Credit Facilities, HK\$1.50 billion of interest payments and HK\$153.1 million payments on debt financing costs.

Indebtedness

The following table presents a summary of our indebtedness.

Management Discussion and Analysis

WM Cayman II Revolver

On 16 September 2021, WM Cayman II, an indirect wholly owned subsidiary of WML, as borrower and WML as guarantor, entered into a facility agreement with, among others, Bank of China Limited, Macau Branch as agent and a syndicate of lenders, pursuant to which the lenders will make available in an aggregate amount of HK\$11.70 billion equivalent revolving unsecured credit facility consisting of one tranche in an amount of US\$312.5 million (approximately HK\$2.44 billion) and one tranche in an amount of HK\$9.26 billion to WM Cayman II. WM Cayman II has the ability to upsize the total WM Cayman II Revolver by an additional HK\$7.80 billion equivalent under the facility agreement and related agreements upon the satisfaction of various conditions.

The final maturity of all outstanding loans under the WM Cayman II Revolver is 16 September 2025 (or if 16 September 2025 is not a business day, the next business day in the relevant calendar month), by which time any outstanding borrowings from the WM Cayman II Revolver must be repaid.

Each loan under the revolving facility, consisting of both United States dollar and Hong Kong dollar tranches, will bear interest at LIBOR or HIBOR, as applicable, plus a margin of 2.625% per annum until 30 June 2022, the date from which the margin will be 1.875% to 2.875% per annum based on the leverage ratio of WM Cayman II on a consolidated basis.

Borrowings of HK\$8.48 billion under the WM Cayman II Revolver, along with HK\$1.56 billion of cash, were used to facilitate the prepayment of the outstanding HK\$9.79 billion of borrowings under the Wynn Macau Credit Facilities, and to pay related fees and expenses. As at 31 December 2021, the Group had approximately HK\$1.66 billion in funding available under WM Cayman II Revolver.

The facility agreement contains representations, warranties, covenants and events of default customary for similar financings, including, but not limited to, restrictions on indebtedness to be incurred by WM Cayman II or its group members and restrictions on creating security over the assets of WM Cayman II or by its group members. The facility agreement also requires WM Cayman II to maintain a certain leverage ratio and interest coverage ratio from time to time as provided under the facility agreement. The facility agreement also contains certain events of default (some of which are subject to grace and remedy periods and materiality qualifiers). It is a property mandatory prepayment event under the facility agreement if there is a loss of gaming operation or Concession Agreement by the Group. Customary fees and expenses were paid by WM Cayman II in connection with the facility agreement and related agreements. It is a mandatory prepayment event under the facility agreement if Wynn Resorts, Limited ceases to legally and beneficially own and control, directly or indirectly, more than 50% of the outstanding share capital of WM Cayman II through the Company measured by voting power.

Management Discussion and Analysis

As at 31 December 2021, the Directors confirmed that there was no non-compliance with covenants contained in the WM Cayman II Revolver.

Wynn Macau Credit Facilities

As at 31 December 2020, the Group's Wynn Macau Credit Facilities consisted of an approximately HK\$9.83 billion equivalent senior secured term loan facility (the "Wynn Macau Term Loan") and an approximately HK\$5.82 billion equivalent senior secured revolving credit facility. The borrower was WRM, an indirect subsidiary of the Company.

The borrowings under the Wynn Macau Credit Facilities bear interest at LIBOR or HIBOR plus a margin of 1.50% to 2.25% per annum based on WRM's leverage ratio. Customary fees and expenses were paid by WRM in connection with the Wynn Macau Credit Facilities.

During 2020, the Group prepaid HK\$7.28 billion equivalent, excluding contractual amortization payments of HK\$780.5 million equivalent, on the Wynn Macau Term Loan using the proceeds from issuances of WML senior notes and operating cash. In January 2021, the Group prepaid HK\$3.20 billion equivalent of the Wynn Macau Term Loan, and accordingly, has presented that amount as a current liability on the accompanying consolidated statement of financial position as of 31 December 2020.

As discussed above, in September 2021, the Wynn Macau Credit Facilities were prepaid in full along with related financing costs.

WML Senior Notes

On 20 September 2017, the Company completed the issuance of WML 2024 Notes and WML 2027 Notes. The Company used the net proceeds from the WML 2024 Notes and WML 2027 Notes and cash on hand to fund the cost of extinguishing the WML 2021 Notes. Interest on the WML 2024 Notes and WML 2027 Notes is payable semi-annually in arrears on 1 April and 1 October of each year, beginning on 1 April 2018. The WML 2024 Notes and WML 2027 Notes, which are listed on the Hong Kong Stock Exchange, mature on 1 October 2024 and 1 October 2027, respectively.

Management Discussion and Analysis

On 17 December 2019, the Company completed the issuance of WML 2029 Notes. Interest on the WML 2029 Notes is payable semi-annually in arrears on 15 June and 15 December of each year, beginning on 15 June 2020. The WML 2029 Notes, which are listed on the Hong Kong Stock Exchange, mature on 15 December 2029. During 2020, the Company completed the issuance of WML 2026 Notes and WML 2028 Notes. Interest on the WML 2026 Notes is payable semi-annually in arrears on 15 January and 15 July of each year, beginning on 15 January 2021. Interest on the WML 2028 Notes is payable semi-annually in arrears on 26 February and 26 August of each year, beginning on 26 February 2021. The WML 2026 Notes and WML 2028 Notes, which are listed on the Hong Kong Stock Exchange, mature on 15 January 2026 and 26 August 2028 respectively. Certain amounts from the net proceeds were used to facilitate repayments of the Wynn Macau Credit Facilities and the Company expects to use the remaining proceeds for general corporate purposes.

The WML Senior Notes are WML's general unsecured obligations and rank *pari passu* in right of payment with all of WML's existing and future senior unsecured indebtedness, will rank senior to all of WML's future subordinated indebtedness, if any; will be effectively subordinated to all of WML's future secured indebtedness to the extent of the value of the assets securing such debt; and will be structurally subordinated to all existing and future obligations of WML's subsidiaries, including the WM Cayman II Revolver.

The WML Senior Notes indentures contain covenants limiting WML's (and certain of its subsidiaries') ability to, among other things: merge or consolidate with another company; transfer or sell all or substantially all of its properties or assets; and lease all or substantially all of its properties or assets. The WML Senior Notes indentures also contain customary events of default. In the case of an event of default arising from certain events of bankruptcy or insolvency, all WML Senior Notes then outstanding will become due and payable immediately without further action or notice.

Upon the occurrence of (1) any event after which none of the Company or any of its subsidiaries have such licenses, concessions, subconcessions or other permits or authorizations as necessary to conduct gaming activities in substantially the same manner and scope as it does on the date on which each of the WML Senior Notes are issued, for a period of ten consecutive days or more, and such event has a material adverse effect on the financial condition, business, properties, or results of operations of WML and its subsidiaries, taken as a whole, or (2) the termination, rescission, revocation or modification of any such licenses, concessions, subconcessions or other permits or authorizations which has had a material adverse effect on the financial condition, business, properties, or results of operations of the Company and its subsidiaries, taken as a whole, each holder of the WML Senior Notes will have the right to require the Company to repurchase all or any part of such holder's WML Senior Notes at a purchase price in cash equal to 100% of the principal amount thereof, plus accrued and unpaid interest.

Management Discussion and Analysis

If the Company undergoes a Change of Control (as defined in the WML Senior Notes indentures), it must offer to repurchase the WML Senior Notes at a price equal to 101% of the aggregate principal amount thereof, plus accrued and unpaid interest. Under the indentures of the WML 2024 Notes and WML 2027 Notes, the circumstances that will constitute a Change of Control include, among others, the sale, transfer, conveyance or other disposition of all or substantially all of the properties or assets of the Group to any person other than to the Company's former Chairman and Chief Executive Officer or a related party of the Company's former Chairman and Chief Executive Officer, the consummation of any transaction that results in any party other than the Company's former Chairman and Chief Executive Officer and his related parties becoming the direct or indirect owner of more than 50% of the outstanding voting stock of WRL and the first day on which a majority of the members of the Board are not continuing directors. Under the indentures of the WML 2026 Notes, WML 2028 Notes and WML 2029 Notes, respectively, the circumstances that will constitute a Change of Control include, among others, the consummation of any transaction that results in any party other than WRL or any affiliate of WRL becoming the beneficial owner, directly or indirectly, of more than 50% of the outstanding voting stock of the Company, measured by voting power rather than number of equity interests.

OFF BALANCE SHEET ARRANGEMENTS

We have not entered into any transactions with special purpose entities nor do we engage in any transactions involving derivatives. We do not have any retained or contingent interest in assets transferred to an unconsolidated entity.

OTHER LIQUIDITY MATTERS

We expect to fund our operations and capital expenditure requirements from cash on hand, availability under our credit facilities, new borrowings and operating cash flows. However, we cannot be sure that operating cash flows will be sufficient for those purposes. We may refinance all or a portion of our indebtedness on or before maturity. We cannot be sure that we will be able to refinance any of the indebtedness on acceptable terms or at all.

New business developments or other unforeseen events, including related to COVID-19, may occur, resulting in the need to raise additional funds. There can be no assurances regarding the business prospects with respect to any other opportunity. Any other development would require us to obtain additional financing.

In the ordinary course of business, in response to market demands and client preferences, and in order to increase revenues, we have made and will continue to make enhancements and refinements to our resorts. We have incurred and will continue to incur capital expenditures related to these enhancements and refinements.

Management Discussion and Analysis

Taking into consideration our financial resources, including our cash and cash equivalents, availability under our credit facilities, proceeds from notes issuance and internally generated funds, we believe that we have sufficient liquid assets to meet our current and anticipated working capital and operating requirements.

RELATED PARTY TRANSACTIONS

Except for the share-based payment expenses incurred with WRL, the related party transactions during the year ended 31 December 2021 as disclosed under note 26 to the Financial Statements constituted continuing connected transactions of the Company under Chapter 14A of the Listing Rules. For details of the related party transactions, see note 26 to the Financial Statements and “Report of the Directors — Connected Transactions” of this annual report. Our Directors have confirmed that all related party transactions have complied with the requirements under Chapter 14A of the Listing Rules, and have been conducted on normal commercial terms, and that their terms are fair and reasonable.

MATERIAL RISK FACTORS

There are certain risks and uncertainties involved in our operations, some of which are beyond our control. Set forth below are the material risk factors involved in our operations, which have been broadly categorized into: (i) risks related to our business; (ii) risks associated with our operations in Macau; and (iii) risks related to our indebtedness. Additional risks and uncertainties not currently known to us or that we currently consider to be immaterial may also have a material adverse impact on our business, financial condition, results of operations and cash flows.

Risks Related to our Business

The COVID-19 Pandemic has had and will likely continue to have an adverse effect on our business, operations, financial condition and operating results, and the ability of our subsidiaries to pay dividends and distributions.

In January 2020, an outbreak of a new strain of coronavirus, COVID-19, was identified and has since then spread around the world. The COVID-19 Pandemic and the spread, and risk of resurgence, of COVID-19 and related variants may continue to negatively impact many aspects of our business and the ability and desire of people to travel and participate in activities at crowded indoor places, such as those we offer at our properties.

In response to and as part of a continuing effort to reduce the initial spread of COVID-19, our casino operations in Macau were closed temporarily pursuant to government directives. Since reopening, we have implemented certain COVID-19 specific protective measures. Currently, measures such as limiting the number of seats per table game, increasing the space between slot machines, temperature checks, and mask protection, health declarations and proof of negative COVID-19 test results for travelers seeking entry to Macau remain in effect at the present time. Although all of our properties are currently open, we cannot predict whether future closures, in full or in part, will occur.

Management Discussion and Analysis

Visitation to Macau and gross gaming revenues in Macau significantly decreased following the outbreak of COVID-19, driven by the strong deterrent effect of the COVID-19 Pandemic on travel and social activities, broad quarantine measures and travel restrictions and advisories, and in Macau, the suspension or reduced availability of the IVS, group tour scheme and other travel visas for visitors. While some of the initial protective measures and restrictions have eased since their initial implementation, certain border control, travel-related restrictions and conditions, including COVID-19 testing and other procedures remain in place. Given the evolving conditions created by and in response to the COVID-19 Pandemic, we are currently unable to determine when all travel-related restrictions and conditions will be fully lifted. Measures that have been lifted may also be reintroduced if there are adverse developments in the COVID-19 situation. Moreover, once travel advisories and restrictions are fully lifted, demand for casino resorts may remain weak for a significant length of time and inbound tourism to Macau may be slow to recover. We cannot predict when, or even if, operating results at our properties will return to pre-outbreak levels. In particular, consumer behavior related to discretionary spending and traveling, including demand for casino resorts may be negatively impacted by the adverse changes in the perceived or actual economic climate, including higher unemployment rates, declines in income levels and loss of personal wealth resulting from the impact of the COVID-19 Pandemic. In addition, we cannot predict the impact that the COVID-19 Pandemic will have on our partners, such as tenants, travel agencies, suppliers and other vendors, which may adversely impact our operations or planned development projects.

Given the uncertainty around the extent and timing of the potential future spread or mitigation of COVID-19 and around the imposition or relaxation of containment measures, the impact on our results of operations, cash flows and financial condition in 2022 and potentially thereafter may be material, but cannot be reasonably estimated at this time. To the extent the COVID-19 Pandemic adversely affects our business, operations, financial condition and operating results, it may also have the effect of heightening many of the other risks related to our business, including those relating to our ability to raise capital, our high level of indebtedness, our need to generate sufficient cash flows to service our indebtedness, and our ability to comply with the covenants or other restrictions contained in the agreements that govern our indebtedness. In addition, the COVID-19 Pandemic has significantly increased global economic and demand uncertainty. Global recovery from the economic fallout of the COVID-19 Pandemic could take many years, which could continue to adversely impact our financial condition and operations.

Management Discussion and Analysis

If we are unable to secure an extension or renewal of our concession, or a new concession, by 26 June 2022, our business and financial condition would experience material adverse effects.

The term of our Concession Agreement with the Macau government ends on 26 June 2022. Unless the term of our Concession Agreement is extended or renewed or we receive a new gaming concession or other right to operate gaming at our resorts in Macau, subject to any separate arrangement with the Macau government, all of our gaming operations and related equipment in Macau will be automatically transferred to the Macau government without compensation to us and we will cease to generate any revenues from these operations at the end of the term of our Concession Agreement. The failure to extend or renew our concession or obtain a new concession would have a material adverse effect on our results of operations.

In addition, under the indentures governing the Company's HK\$36.65 billion aggregate principal amount of WML Senior Notes and the facility agreement governing the WM Cayman II Revolver, upon the occurrence of any event after which the Group does not own or manage casino or gaming areas or operate casino games of fortune and chance in Macau in substantially the same manner and scope as of the issue date of the respective senior notes or the date of the facility agreement, for a period of 10 consecutive days or more in the case of the WML Senior Notes or a period of 30 consecutive days or more in the case of the WM Cayman II Revolver, and such event has a material adverse effect on the financial condition, business, properties or results of operations of WML and its subsidiaries, taken as a whole, holders of the WML Senior Notes can exercise the Special Put Option, and the WM Cayman II Revolver would incur a Property Mandatory Prepayment Event. In such event, there is no certainty that we would be able to secure financing to repay the WML Senior Notes and the WM Cayman II Revolver on acceptable terms or at all. Such repayment would have a material adverse effect on our financial condition and results of operations.

Laws and regulations in the jurisdictions in which we operate can be changed or interpreted differently in the future.

Our operations are exposed to the risk of changes in laws and policies of the jurisdictions in which we operate. In addition, those laws and regulations could be interpreted differently in the future. We cannot predict the future likelihood or outcome of legislation or referendums in jurisdictions where we operate or the impact of those changes on our business, financial condition, results of operations and cash flows. For example, on 18 January 2022, the Macau authorities published proposed amendments to the Macau gaming law. These amendments contemplate, for example, the awarding of up to six gaming concessions with a term up to ten years with a maximum three-year extension possible, and an increase in the minimum capital requirement applicable to concession holders to MOP5.00 billion (approximately HK\$4.85 billion), and a prohibition on revenue sharing arrangements between gaming promoters and concession holders. Until the adoption of final revisions to the Macau gaming law by the Macau authorities, we cannot predict the amendments that will ultimately be adopted and whether such amendments will have a material impact on our business, financial condition, results of operations, and cash flows.

Management Discussion and Analysis

We are subject to Macau Laws and Regulations. The cost of compliance or failure to comply with such regulations and authorities could have a negative effect on our business.

The operations of our resorts are contingent upon us maintaining all regulatory licenses, permits, approvals, registrations, findings of suitability, orders and authorizations pursuant to Macau laws and regulations. The laws, regulations and ordinances requiring these licenses, permits and other approvals generally relate to the responsibility, financial stability and character of the owners and managers of the gaming operations, as well as persons financially interested or involved in gaming operations.

WRM and its directors, key employees, managing companies and shareholders who own 5% or more of WRM's shares must be found suitable and are subject to the continuous monitoring and supervision of the Macau government for the term of the Concession Agreement to ensure that they are suitable to conduct a gaming business in Macau. The objectives of the Macau government's supervision are to preserve the conduct of gaming in Macau in a fair and honest manner and to safeguard and protect the interests of Macau in receiving taxes from the operation of casinos in the jurisdiction.

Our activities are also subject to administrative review and approval by various agencies of the Macau government, including DICJ, Health Bureau, Labour Affairs Bureau, Land, Public Works and Transport Bureau, Fire Services Bureau, Financial Services Bureau (including the Tax Department), Monetary Authority of Macau, Financial Intelligence Office and Macau Government Tourism Office. We cannot assure you that we will be able to maintain all necessary approvals and licenses, and our failure to do so may materially affect our business and operations.

Failure to comply with the terms of the Concession Agreement and adapt to the regulatory and gaming requirements in Macau could result in the revocation of the Concession Agreement or otherwise negatively affect our operations in Macau. Developments in the regulation of the gaming industry could be difficult to comply with and significantly increase our costs, which could adversely affect our business.

Moreover, we are a subsidiary of WRL and therefore are subject to the risk that U.S. regulators may not permit us to conduct operations in Macau in a manner consistent with the way in which we intend, or the applicable U.S. gaming authorities require us, to conduct our operations in the United States.

Management Discussion and Analysis

Our business is particularly sensitive to reductions in discretionary consumer spending, including as a result of economic downturns or increasing geopolitical tensions.

Our financial results have been, and are expected to continue to be, affected by the global and regional economy. Any severe or prolonged slowdown in the global or regional economy may materially and adversely affect our business, results of operations and financial condition.

Recently there have also been heightened tensions in international relations, notably with respect to international trade, including increases in tariffs and company and industry specific restrictions. These issues, in addition to changes in national security policies and geopolitical issues, can impact the global and regional economy and impact our business in a negative fashion. Various types of restrictions have been placed by government agencies on targeted industries and companies which could potentially negatively impact the intended subject as well as other companies and persons sharing a common country of operations. These types of events have also caused significant volatility in global equity and debt capital markets, which could trigger a severe contraction of liquidity in the global credit markets.

Consumer demand for hotels, casino resorts, trade shows, conventions and for the type of luxury amenities that we offer is particularly sensitive to downturns in the economy, which adversely affect discretionary spending on leisure activities. Because a significant number of our customers come from the PRC, Hong Kong and Taiwan, the economic condition of our surrounding region, in particular, affects the gaming industry in Macau and our business. Changes in discretionary consumer spending or consumer preferences brought about by factors such as perceived or actual general economic conditions, high unemployment, perceived or actual changes in disposable consumer income and wealth, inflationary pressure, economic recession, changes in consumer confidence in the economy, fears of war and acts of terrorism could reduce customer demand for the luxury amenities and leisure activities we offer and may negatively impact our operating results.

Ongoing investigations, litigation and other disputes could distract management and result in negative publicity and additional scrutiny from regulators.

We are subject to various claims related to our operations. These foregoing investigations, litigation and other disputes and any additional such matters that may arise in the future, can be expensive and may divert management's attention from the operations of our businesses. The investigations, litigation and other disputes may also lead to additional scrutiny from regulators, which could lead to investigations relating to, and possibly a negative impact on, our gaming licenses and our ability to bid successfully for new gaming market opportunities. In addition, the actions, litigation and publicity could negatively impact our business, reputation and competitive position and could reduce demand for our shares and thereby have a negative impact on the trading prices of our shares.

Management Discussion and Analysis

We depend on the continued services of key managers and employees. If we do not retain our key personnel or attract and retain other highly skilled employees, our business will suffer.

Our ability to maintain our competitive position is dependent to a large degree on the services of our senior management team. Our success depends upon our ability to attract, hire, and retain qualified operating, marketing, financial, and technical personnel in the future. We rely on the continued services of key managers and an adequate number of qualified employees to achieve our goals and to deliver our high service standards. There is intense competition for labor resources in Macau due to the limited supply of local-Macau labor and imported-labor restrictions and quotas. Competition in Macau for key managers and qualified employees is further exacerbated by the labor needs of large-scale resorts that have recently opened or are expected to open in the future and other opportunities for local-Macau labor. If we are unable to obtain, attract, retain and train key managers and an adequate number of qualified employees, and obtain any required visas or work permits for our staff, our ability to adequately manage and staff our operations and development projects could be impaired, which could have a material adverse effect on our business, financial condition, results of operations and cash flows. The loss of key management and operating personnel would likely have a material adverse effect on our business, prospects, financial condition, and results of operations.

Demand for our products and services may be negatively impacted by strained international relations, economic disruptions, visa and travel restrictions or difficulties, anti-corruption campaigns, restrictions on international money transfers and other policies or campaigns implemented by regional governments.

A significant amount of our gaming revenues is generated from customers arriving from the PRC, Hong Kong and Taiwan. Strained international relations, economic disruption and other similar events could negatively impact the number of visitors to our facilities and the amount they spend. In addition, policies adopted from time to time by governments, including any visa and travel restrictions or difficulties faced by our customers such as restrictions on exit visas for travelers requiring them or restrictions on visitor entry visas for the jurisdiction in which we operate, could disrupt the number of visitors to our properties from those affected places, including from the PRC, Hong Kong and Taiwan. It is not known when, or if, policies restricting visitation by PRC citizens will be put in place and such policies may be adjusted, without notice, in the future. Furthermore, anti-corruption campaigns may influence the behavior of certain of our customers and their spending patterns. Such campaigns, as well as monetary outflow policies have specifically led to tighter monetary transfer regulations in a number of areas. These policies may affect and impact the number of visitors and the amount of money they spend. The overall effect of these campaigns and monetary transfer restrictions may negatively affect our revenues and results of operations.

Management Discussion and Analysis

Our business is particularly sensitive to the willingness of our customers to travel to and spend time at our resorts. Acts or the threat of acts of terrorism, outbreak of infectious disease, regional political events and developments in certain countries could cause severe disruptions in air and other travel and may otherwise negatively impact tourists' willingness to visit our resorts. Such events or developments could reduce the number of visitors to our facilities, resulting in a material adverse effect on our business and financial condition, results of operations or cash flows.

We are dependent on the willingness of our customers to travel. Only a small amount of our business is and will be generated by local residents. Most of our customers travel to reach our Macau properties. Acts of terrorism or concerns over the possibility of such acts may severely disrupt domestic and international travel, which would result in a decrease in customer visits to Macau, including our properties. Regional conflicts could have a similar effect on domestic and international travel. Disruptions in air or other forms of travel as a result of any terrorist act, outbreak of hostilities, escalation of war or worldwide infectious disease outbreak would have an adverse effect on our business and financial condition, results of operations and cash flows. In addition, governmental action and uncertainty resulting from global political trends and policies of major global economies, including potential barriers and restrictions to travel, trade and immigration can reduce demand for our hospitality products and services, and reduce visitation to our resorts.

Our continued success depends on our ability to maintain the reputation of our resorts.

Our strategy and integrated resort business model rely on positive perceptions of our resorts and the level of service we provide. Any deterioration in our reputation could have a material adverse effect on our business, results of operations and cash flows. Our reputation could be negatively impacted by our failure to deliver the superior design and customer service for which we are known or by events that are beyond our control. Our reputation may also suffer as a result of negative publicity regarding the Company or our resorts, including as a result of social media reports, regardless of the accuracy of such publicity. The continued expansion of media and social media formats has compounded the potential scope of negative publicity and has made it more difficult to control and effectively manage negative publicity.

Management Discussion and Analysis

We are entirely dependent on a limited number of resorts for all of our cash flow, which subjects us to greater risks than a gaming company with more operating properties.

We are currently entirely dependent upon our Macau Operations for all of our operating cash flow. As a result, we are subject to a greater degree of risk than a gaming company with more operating properties or greater geographic diversification. The risks to which we have a greater degree of exposure include the following:

- changes in local economic and competitive conditions;
- the impact on the travel and leisure industry from factors such as an outbreak of an infectious disease, including the COVID-19 Pandemic, public incidents of violence, riots, demonstrations, extreme weather patterns or natural disasters, military conflicts, civil unrest, and any future security alerts and/or terrorist attacks in Macau and nearby regions;
- changes in local governmental laws and regulations, or interpretations thereof, including gaming laws and regulations, anti-smoking legislation and travel and visa policies;
- extensive regulation of our business and the cost of compliance or failure to comply with applicable laws and regulations;
- restrictions or conditions on visitation by citizens of the PRC, Hong Kong or Taiwan to Macau, including as a result of the COVID-19 Pandemic and certain initiatives impacting applicable visa issuance for prospective travelers to Macau in place from time to time;
- increased government oversight with respect to international financial transactions;
- shortages of skilled and unskilled labor affecting construction, development and/or operations;
- an increase in the cost of maintaining our properties;
- a decline in the number of visitors to Macau; and
- a decrease in gaming and non-casino activities at our resorts.

Any of the factors outlined above could negatively affect our results of operations and our ability to generate sufficient cash flow to make payments or maintain our covenants with respect to our debt.

Management Discussion and Analysis

We are a parent company and our primary source of cash is and will be distributions from our subsidiaries.

The Company is a holding company and our main operating subsidiary, WRM, owns and operates the destination casino resorts “Wynn Palace” in the Cotai area of Macau and “Wynn Macau” on the Macau peninsula. Accordingly, our primary sources of cash are dividends and distributions with respect to our ownership interests in our subsidiaries that are derived from the earnings and cash flow generated by our operating properties. Our subsidiaries might not generate sufficient earnings and cash flow to pay dividends or distributions in the future. For example, the Board concluded not to recommend the payment of a dividend with respect to the years ended 31 December 2021, 2020 and 2019 due to the financial impact of the COVID-19 Pandemic. Currently, there is no certainty as to whether the Board will recommend a payment of dividend for 2022. If the COVID-19 Pandemic continues to interrupt our gaming operations or visitation to Macau or if the outbreak escalates, it may continue to have an adverse effect on our subsidiaries’ results of operations and their ability to pay dividends or distributions to us in the future.

Our casino, hotel, convention and other facilities face intense competition, which may further intensify in the future.

The casino/hotel industry is highly competitive. Since the liberalization of Macau’s gaming industry in 2002, there has been a significant increase in the number of casino properties in Macau. There are six gaming operators in Macau, including WRM. The three concessionaires are WRM, SJM, and Galaxy. The three subconcessionaires are Melco, MGM Macau, and Venetian Macau. As at 31 December 2021, there were 42 casinos in Macau, including 23 operated by SJM. Each of the six current operators has operational casinos and several have expansion plans underway. Although the Macau government has indicated that it intends to grant only six concessions when the current concessions and subconcessions terminate, if the Macau government were to allow additional competitors to operate in Macau through the grant of additional concessions or subconcessions, we would face additional competition, which could have a material adverse effect on our business, financial condition, results of operations and cash flows. Several of the current concessionaires and subconcessionaires have opened facilities in the Cotai area over the past few years, which has significantly increased gaming and non-gaming offerings in Macau, with continued development and further openings in Cotai expected in the near future.

Wynn Palace and Wynn Macau also face competition from casinos throughout the world, including Singapore, South Korea, the Philippines, Malaysia, Vietnam, Cambodia, Australia, Las Vegas, and cruise ships in Asia that offer gaming and other casinos throughout Asia. Additionally, certain Asian countries and regions have legalized or in the future may legalize gaming, such as Japan, Taiwan and Thailand, which could increase competition for our business. Increased competition could result in a loss of customers, which may negatively affect our cash flows and results of operations.

Management Discussion and Analysis

Our business relies on premium customers. We often extend credit, and we may not be able to collect gaming receivables from our credit players or credit play may decrease.

Although the law in Macau permits casino operators to extend credit to gaming customers, our Macau Operations may not be able to collect all of its gaming receivables from its credit players. We expect that our Macau Operations will be able to enforce these obligations only in a limited number of jurisdictions, including Macau. To the extent our gaming customers are visitors from other jurisdictions, we may not have access to a forum in which we will be able to collect all of our gaming receivables because, among other reasons, courts of many jurisdictions do not enforce gaming debts and we may encounter forums that will refuse to enforce such debts. Our inability to collect gaming debts could have a significant negative impact on our operating results.

Currently, the gaming tax in Macau is calculated as a percentage of gross gaming revenue, including the face value of credit instruments issued. The gross gaming revenues calculation in Macau does not include deductions for uncollectible gaming debts. As a result, if we extend credit to our customers in Macau and are unable to collect on the related receivables from them, we remain obligated to pay taxes on our winnings from these customers regardless of whether we collect on the credit instrument.

Any violation of applicable Anti-Money Laundering laws, regulations or the Foreign Corrupt Practices Act or sanctions could adversely affect our business, performance, prospects, value, financial condition, and results of operations.

We deal with significant amounts of cash in our operations and are subject to various jurisdictions' reporting and anti-money laundering laws and regulations. Macau governmental authorities focus heavily on the gaming industry and compliance with anti-money laundering laws and regulations. From time to time, the Company may receive governmental and regulatory inquiries about compliance with such laws and regulations. The Company will cooperate with all such inquiries. Any violation of anti-money laundering laws or regulations could adversely affect our business, performance, prospects, value, financial condition, and results of operations.

Further, as a subsidiary of WRL, we are subject to regulations imposed by the Foreign Corrupt Practices Act (the "FCPA") and other anti-corruption laws that generally prohibit U.S. companies and their intermediaries from offering, promising, authorizing or making improper payments to foreign government officials for the purpose of obtaining or retaining business. Violations of the FCPA and other anti-corruption laws may result in severe criminal and civil sanctions as well as other penalties, and the SEC and U.S. Department of Justice have increased their enforcement activities with respect to such laws and regulations. The Office of Foreign Assets Control and the Commerce Department administer and enforce economic and trade sanctions based on U.S. foreign policy and national security goals against targeted foreign states, organizations, and individuals. Failure to comply with these laws and regulations could increase our cost of operations, reduce our profits, or otherwise adversely affect our business, financial condition, and results of operations.

Management Discussion and Analysis

Internal control policies and procedures and employee training and compliance programs that we have implemented to deter prohibited practices may not be effective in prohibiting our and our affiliates' directors, employees, contractors or agents from violating or circumventing our policies and the law. If we or our affiliates, or either of our respective directors, employees or agents fail to comply with applicable laws or Company policies governing our operations, the Company may face investigations, prosecutions and other legal proceedings and actions, which could result in civil penalties, administrative remedies and criminal sanctions. Any such government investigations, prosecutions or other legal proceedings or actions could adversely affect our business, performance, prospects, value, financial condition, and results of operations.

Adverse incidents or adverse publicity concerning our resorts or our corporate responsibilities could harm our brand and reputation and negatively impact our financial results.

Our reputation and the value of our brand, including the perception held by our customers, business partners, other key stakeholders and the communities in which we do business, are important assets. Our business faces increasing scrutiny related to environmental, social and governance activities, and risk of damage to our reputation and the value of our brands if we fail to act responsibly in a number of areas, such as diversity and inclusion, environmental stewardship, supply chain management, sustainability, workplace conduct, human rights, philanthropy, and support for local communities. Any harm to our reputation could have a material adverse effect on our business, results of operations, and cash flows.

Compliance with changing laws and regulations may result in additional expenses and compliance risks.

Changing laws and regulations are creating uncertainty for gaming companies. These changing laws and regulations are subject to varying interpretations in many cases due to their lack of specificity, recent issuance and/or lack of guidance. As a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. In addition, further regulation of casinos, financial institutions and public companies is possible. This could result in continuing uncertainty and higher costs regarding compliance matters. Due to our commitment to maintain high standards of compliance with laws and public disclosure, our efforts to comply with evolving laws, regulations and standards have resulted in and are likely to continue to result in increased general and administrative expense. In addition, we are subject to different parties' interpretation of our compliance with these new and changing laws and regulations.

Management Discussion and Analysis

System failure, information leakage and the cost of maintaining sufficient cybersecurity could adversely affect our business.

We rely on information technology and other systems (including those maintained by third parties with whom we contract to provide data services) to maintain and transmit large volumes of customer financial information, credit card settlements, credit card funds transmissions, mailing lists and reservations information and other personally identifiable information. We also maintain important internal company data such as personally identifiable information about our employees and information relating to our operations. The systems and processes we have implemented to protect customers, employees and company information are subject to the ever-changing risk of compromised security. These risks include cyber and physical security breaches, system failure, computer viruses, and negligent or intentional misuse by customers, company employees, or employees of third-party vendors. The steps we take to deter and mitigate these risks may not be successful and our insurance coverage for protecting against cybersecurity risks may not be sufficient. Our third-party information system service providers face risks relating to cybersecurity similar to ours, and we do not directly control any of such parties' information security operations.

Despite the security measures we currently have in place, our facilities and systems and those of our third-party service providers may be vulnerable to security breaches, acts of vandalism, phishing attacks, computer viruses, misplaced or lost data, programming or human errors and other events. Cyber-attacks are becoming increasingly more difficult to anticipate and prevent due to their rapidly evolving nature and, as a result, the technology we use to protect our systems from being breached or compromised could become outdated due to advances in computer capabilities or other technological developments.

Any perceived or actual electronic or physical security breach involving the misappropriation, loss, or other unauthorized disclosure of confidential or personally identifiable information, including penetration of our network security, whether by us or by a third party, could disrupt our business, damage our reputation and our relationships with our customers or employees, expose us to risks of litigation, significant fines and penalties and liability, result in the deterioration of our customers' and employees' confidence in us, and adversely affect our business, results of operations and financial condition. Since we do not control third-party service providers and cannot guarantee that no electronic or physical computer break-ins and security breaches will occur in the future, any perceived or actual unauthorized disclosure of personally identifiable information regarding our employees, customers or website visitors could harm our reputation and credibility and reduce our ability to attract and retain employees and customers. As these threats develop and grow, we may find it necessary to make significant further investments to protect data and our infrastructure, including the implementation of new computer systems or upgrades to existing systems, deployment of additional personnel and protection-related technologies, engagement of third-party consultants, and training of employees. The occurrence of any of the cyber incidents described above could have a material adverse effect on our business, results of operations and cash flows.

Management Discussion and Analysis

Our business could suffer if there is any misappropriation of confidential or personally identifiable information gathered, stored or used by us.

Our business uses and transmits large volumes of employee and customer data, including credit card numbers and other personal information in various information systems that we maintain in areas such as human resources outsourcing, website hosting, and various forms of electronic communications. Our customers and employees have a high expectation that we will adequately protect their personal information. Our collection and use of personal data are governed by privacy laws and regulations, and privacy law is an area that changes often and varies significantly by jurisdiction. In addition to governmental regulations, there are credit card industry standards or other applicable data security standards we must comply with as well. Compliance with applicable privacy regulations may increase our operating costs and/or adversely impact our ability to market our products, properties and services to our guests. In addition, non-compliance with applicable privacy regulations by us (or in some circumstances non-compliance by third parties engaged by us) or a breach of security on systems storing our data may result in damage of reputation and/or subject us to fines, payment of damages, lawsuits or restrictions on our use or transfer of data. Any misappropriation of confidential or personally identifiable information gathered, stored or used by us, be it intentional or accidental, could have a material impact on the operation of our business, including severely damaging our reputation and our relationships with our customers, employees and investors.

Our business could suffer if our computer systems and websites are disrupted or cease to operate effectively.

We are dependent on our computer systems to record and process transactions and manage and operate our business, including processing payments, accounting for and reporting financial results, and managing our employees and employee benefit programs. Given the complexity of our business, it is imperative that we maintain uninterrupted operation of our computer hardware and software systems. Despite our preventative efforts, our systems are vulnerable to damage or interruption from, among other things, security breaches, computer viruses, technical malfunctions, inadequate system capacity, power outages, natural disasters, and usage errors by our employees or third-party consultants. If our information technology systems become damaged or otherwise cease to function properly, we may have to make significant investments to repair or replace them. Additionally, confidential or sensitive data related to our customers or employees could be lost or compromised. Any material disruptions in our information technology systems could have a material adverse effect on our business, results of operations, and financial condition.

Management Discussion and Analysis

Our business may be adversely affected by fraud, cheating and theft.

Acts of fraud or cheating through the use of counterfeit chips, covert schemes and other tactics, possibly in collusion with our employees, may be attempted or committed by our customers with the aim of increasing their winnings. Our customers, visitors and employees may also commit crimes such as theft in order to obtain chips not belonging to them. We have taken measures to safeguard our interests including the implementation of systems, processes and technologies to mitigate against these risks, extensive employee training, surveillance, security and investigation operations and adoption of appropriate security features on our chips such as embedded radio frequency identification tags. Despite our efforts, we may not be successful in preventing or detecting such culpable behavior and schemes in a timely manner and the relevant insurance we have obtained may not be sufficient to cover our losses depending on the incident, which could result in losses to our gaming operations and generate negative publicity, both of which could have an adverse effect on our reputation, business, results of operations and cash flows.

Our business may be adversely affected by fraudulent websites.

There has been a substantial increase in the international operation of fraudulent online gambling and investment websites attempting to scam and defraud members of the public. These fraudulent websites mainly target PRC citizens and often falsely represent affiliates of one or more Macau casinos and even the Macau government. These fraudulent websites can appear highly professional and will often feature false statements on their websites in an attempt to pass off as a legitimate business or purport to be in association with, or be accredited by, a legitimate business or governmental authority. Such websites may also wrongfully display logos and trademarks owned by legitimate businesses or governmental authorities, or use deceptively similar logos and imagery, to appear legitimate. We do not offer online gambling or investment accounts of any kind. Websites offering these or similar activities and opportunities that use our names, such as "Wynn Resorts (Macau) S.A.", "Wynn"-related trademarks, including our marks for "Wynn Palace" and "Wynn Macau", or similar names or images in likeness to ours, are doing so without our authorization and possibly unlawfully and with criminal intent. The Group is not responsible for the contents of such websites.

If our efforts to cause these sites to be shut down through civil action and by reporting these sites to the appropriate authorities (where applicable, including for possible criminal prosecution) are unsuccessful or not timely completed, these unauthorized activities may continue and harm our reputation and negatively affect our business. Efforts we take to acquire and protect our intellectual property rights against unauthorized use throughout the world, may be costly and may not be successful in protecting and preserving the status and value of our intellectual property assets.

To report fraudulent websites or e-mails purportedly connected to the Group, please e-mail inquiries@wynnmacau.com.

Management Discussion and Analysis

If a third party successfully challenges our ownership of, or right to use, the Wynn-related trademarks and/or service marks, our business or results of operations could be harmed.

We have licensed the right to use certain "WYNN"-related trademarks and service marks from Wynn Resorts, Limited and Wynn Resorts Holdings, LLC, an affiliate of Wynn Resorts, Limited. Our intellectual property assets, especially the logo version of "WYNN," are among our most valuable assets. Pursuant to the licensing arrangement, WRM licenses the right to use the "WYNN" trademark in connection with WRM's operation of hotel casinos in Macau in return for a monthly royalty payment. The licensing arrangement is not a fixed term arrangement; it is terminable on the occurrence of certain events, including if the WRL Group loses its rights in the "WYNN" mark, if Wynn Resorts, Limited ceases to hold more than a 50% voting interest in WRM or by the court appointed administrator in the event Wynn Resorts, Limited or Wynn Resorts Holdings, LLC enters into bankruptcy proceedings. If the existing licensing arrangement were terminated and we fail to enter into new arrangements with the WRL Group in respect of the "WYNN" mark, we would lose our rights to use the "WYNN" brand name, and "WYNN" trademarks and domain names. The loss of our ability to use these "WYNN"-related marks could cause severe disruption to our business and have an adverse effect on our business, financial condition and results of operations.

Wynn Resorts Holdings, LLC has filed applications with the United States Patent and Trademark Office (the "PTO") and trademark registries including registries in Macau, the PRC, Hong Kong, Singapore, Taiwan, Japan, certain European countries and various other jurisdictions throughout the world, to register a variety of "WYNN"-related trademarks and service marks in connection with a variety of goods and services.

If a third party successfully challenges our ownership of, or right to use, the "WYNN"-related trademarks and service marks, our business or results of operations could be harmed. We also are exposed to the risk that third parties may use "WYNN"-related trademarks without authorization.

Furthermore, due to the increased use of technology in computerized gaming machines and in business operations generally, other forms of intellectual property rights (such as patents and copyrights) are becoming increasingly relevant. It is possible that, in the future, third parties might assert superior intellectual property rights or allege that their intellectual property rights cover some aspect of our operations. The defense of such allegations may result in substantial expenses, and, if such claims are successfully prosecuted, may have a material impact on our business.

Management Discussion and Analysis

Risks associated with our operations in Macau

Our Macau Operations may be affected by adverse political and economic conditions.

Our Macau Operations are subject to significant political, economic and social risks inherent in doing business in an emerging market. The future success of our Macau Operations will depend on political and economic conditions in Macau and the PRC. For example, fiscal decline, international relations, and civil, domestic or international unrest in the region could significantly harm our business, not only by reducing customer demand for casino resorts, but also by increasing the risk of imposition of taxes and exchange controls or other governmental restrictions, laws or regulations that might impede our Macau Operations or our ability to repatriate funds.

The smoking control legislation in Macau could have an adverse effect on our business, financial condition, results of operations and cash flows.

Under the Macau Smoking Prevention and Tobacco Control Law, as of 1 January 2019, smoking on casino premises is only permitted in authorized segregated smoking lounges with no gaming activities and such smoking lounges are required to comply with the conditions set out in the regulations. The existing smoking legislation, and any smoking legislation intended to fully ban all smoking in casinos, may deter potential gaming customers who are smokers from frequenting casinos in Macau and disrupt the number of customers visiting or the amount of time visiting customers spend at our property, which could have a material adverse effect on our business, financial condition, results of operations and cash flows.

Extreme weather conditions may have an adverse impact on our Macau Operations.

Macau's subtropical climate and location on the South China Sea are subject to extreme weather conditions including typhoons and heavy rainstorms, such as Typhoon Mangkhut in 2018 and Typhoon Hato in 2017. Unfavorable weather conditions could negatively affect the profitability of our resorts and prevent or discourage guests from traveling to Macau. Any flooding, unscheduled interruption in the technology or transportation services or interruption in the supply of public utilities may lead to a shutdown of our properties. The occurrence and timing of such events cannot be predicted or controlled by us and may have a material adverse effect on our business, financial condition, results of operations, and cash flows.

Management Discussion and Analysis

If our Macau Operations fail to comply with the Concession Agreement, the Macau government can terminate our concession without compensation to us, which would have a material adverse effect on our business and financial condition.

The Macau government has the right to unilaterally terminate our concession in the event of our material non-compliance with the basic obligations under the concession and applicable Macau laws. The Concession Agreement expressly provides a non exhaustive list of facts and circumstances under which the government of Macau may unilaterally rescind the Concession Agreement of our Macau Operations, including if it:

- conducts unauthorized games or activities that are excluded from its corporate purpose;
- suspends gaming operations in Macau for more than seven consecutive days (or more than 14 days in a civil year) without justification;
- defaults in payment of taxes, premiums, contributions or other required amounts;
- does not comply with government inspections or supervision;
- systematically fails to observe its obligations under the concession system;
- or does not comply with directions issued by the Macau government, in particular the Macau gaming regulator;
- fails to maintain bank guarantees or bonds satisfactory to the government;
- is the subject of bankruptcy proceedings or becomes insolvent;
- engages in serious fraudulent activity, damaging to the public interest; or
- repeatedly violates applicable gaming laws.

If the government of Macau unilaterally rescinds the Concession Agreement, our Macau Operations will be required to compensate the government in accordance with applicable law, and the areas defined as casino space under Macau law and all of the gaming-related equipment pertaining to our gaming operations will be transferred to the government without compensation. The loss of our concession would prohibit us from conducting gaming operations in Macau, which would have a material adverse effect on our business and financial condition.

Management Discussion and Analysis

On 18 January 2022, the Macau government published a draft bill on gaming law amendments, according to which up to six gaming concessions can be granted by public tender, with a maximum term of 10 years and a maximum three-year extension possible under certain circumstances. No subconcessions would be permitted. The draft bill is subject to the consideration and approval by the Macau Legislative Assembly. The current term of our gaming concession ends on 26 June 2022. The gaming concession or subconcession held by each of SJM, MGM Macau, Galaxy, Venetian Macau, and Melco also end on 26 June 2022. On 3 March 2022, the Macau government announced its intention to extend the term of Macau's six concession and subconcession contracts until 31 December 2022 in order to ensure sufficient time to complete the amendment to the Macau gaming law and conduct a public tender for the awarding of new gaming concessions. The Macau government invited WRM to submit a formal request for an extension along with a commitment to pay the Macau government approximately MOP47.0 million (approximately HK\$45.6 million) and provided a bank guarantee to secure the fulfillment of WRM's payment obligations towards its employees should WRM be unsuccessful in tendering for a new concession contract after its concession expires. WRM submitted its request for an extension on 11 March 2022. The extension of WRM's concession is subject to approval by the Macau government. We are monitoring developments with respect to the Macau government's concession extension and renewal process and proposed amendments to the gaming law, and we continue to believe that our concession will be extended and renewed beyond 26 June 2022.

We have historically depended on gaming promoters to generate gaming revenue and our ability to maintain or grow our gaming revenues could be adversely affected by the termination of our agreements with gaming promoters.

A gaming promoter, also known colloquially as a junket representative, is a person or entity who, for the purpose of promoting casino gaming activity, arranges customer transportation and accommodations, and provides credit in their sole discretion, food and beverage services and entertainment in exchange for commissions or other compensation from a concessionaire. As of 31 December 2021, we do not have any agreements in place with gaming promoters.

Although the portion of our gaming revenue in Macau that has been generated by clientele of our gaming promoters has decreased in the last several years, gaming revenue from that clientele remains important. There is intense competition among casino operators in Macau for premium customers. Our ability to maintain or grow our gaming revenues may be adversely affected by the termination of our agreements with gaming promoters and we will have to seek alternative ways of developing relationships with premium customers. Furthermore, on 19 November 2021, Macau's Court of Final Appeal ruled that gaming concessionaires may be held jointly liable with gaming promoters for deposits made with gaming promoters. If any of our former gaming promoters violated Macau gaming laws while on our premises, the Macau government may, in its discretion, take enforcement action against us, the gaming promoter, or each concurrently, and we may be sanctioned and our reputation could be harmed.

Management Discussion and Analysis

Unfavorable changes in currency exchange rates could negatively impact our Macau Operations.

The financial statements of foreign operations are translated into Hong Kong dollars, the Company's functional and presentation currency, for incorporation into the consolidated financial statements. The majority of our assets and liabilities are denominated in U.S. dollars, Hong Kong dollars and Macau patacas, and there are no significant assets and liabilities denominated in other currencies. Assets and liabilities are translated at the prevailing foreign exchange rates in effect at the end of the reporting period. Income, expenditures and cash flow items are measured at the actual foreign exchange rates or average foreign exchange rates for the period. Besides, the currency delineated in our Macau Operations' Concession Agreement with the government of Macau is the Macau pataca. The Macau pataca is linked to the Hong Kong dollar, and the two are often used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. If the Hong Kong dollar and the Macau pataca are no longer linked to the U.S. dollar, the exchange rate for these currencies may severely fluctuate. The current rate of exchange fixed by the applicable monetary authorities for these currencies may also change.

Many of our payment and expenditure obligations are in Macau patacas. We expect that most of the revenues for any casino that we operate in Macau will be in Hong Kong dollars. As a result, we are subject to foreign exchange risk with respect to the exchange rate between Macau pataca and Hong Kong dollar and the Hong Kong dollar and the U.S. dollar. Also, in connection with any U.S. dollar-denominated debt we incur, fluctuations in the exchange rates of the Macau pataca or the Hong Kong dollar, in relation to the U.S. dollar, could have adverse effects on our results of operations, financial condition and ability to service our debt.

Currency exchange controls and currency export restrictions could negatively impact our Macau Operations.

Currency exchange controls and restrictions on the export of currency by certain countries may negatively impact the success of our Macau Operations. For example, there are currently existing currency exchange controls and restrictions on the export of the renminbi, the currency of the PRC. Restrictions on the export of the renminbi may impede the flow of gaming customers from the PRC to Macau, inhibit the growth of gaming in Macau and negatively impact our Macau Operations.

Management Discussion and Analysis

Conflicts of interest may arise because certain of our directors and officers are also directors of WRL.

WRL, the Company's controlling shareholder, is listed on the NASDAQ global select market. WRL owned approximately 72% of our Shares as of 31 December 2021. We and certain of our officers and Directors also serve as officers and/or directors of WRL. Decisions that could have different implications for us and WRL, including contractual arrangements that we have entered into or may in the future enter into with WRL, may give rise to the appearance of a potential conflict of interest.

The Macau government has established a maximum number of gaming tables that can be operated in Macau and has limited the number of new gaming tables at new gaming areas in Macau.

As at 31 December 2021, we had a total of 323 table games at Wynn Palace and 331 at Wynn Macau approved by the Macau's DICJ. The mix of table games in operation at Wynn Palace and Wynn Macau changes from time to time as a result of marketing and operating strategies in response to changing market demand and industry competition. Failure to shift the mix of our table games in anticipation of market demands and industry trends may negatively impact our operating results.

Risks related to our indebtedness

We are highly leveraged and future cash flow may not be sufficient for us to meet our obligations, and we might have difficulty obtaining more financing.

We have a substantial amount of consolidated debt in relation to our equity. However, we are permitted to incur additional indebtedness if certain conditions are met, including conditions under our WM Cayman II Revolver.

Our indebtedness could have important consequences. For example:

- failure to meet our payment obligations or other obligations could result in acceleration of our indebtedness, foreclosure upon our assets that serve as collateral or bankruptcy and trigger cross defaults under other agreements;
 - servicing our indebtedness requires a substantial portion of our cash flow from our operations and reduces the amount of available cash, if any, to fund working capital and other cash requirements or pay for other capital expenditures;
 - we may not be able to obtain additional financing, if needed; and
 - rates with respect to a portion of the interest we pay will fluctuate with market rates and, accordingly, our interest expense will increase if market interest rates increase.
-

Management Discussion and Analysis

We are exposed to interest rate risks associated with our credit facilities, which bear interest based on floating rates.

We are exposed to interest rate risk associated with our credit facilities, which bear interest based on floating rates. We attempt to manage interest rate risk by managing the mix of long-term fixed rate borrowings and variable rate borrowings supplemented by hedging activities as considered necessary. We cannot assure you that these risk management strategies will have the desired effect, and interest rate fluctuations could have a negative impact on our results of operations.

On 27 July 2017, the UK Financial Conduct Authority (the "FCA") announced that it intended to phase out LIBOR by the end of 2021. On 5 March 2021, the FCA extended the transition dates of certain LIBOR tenors to 30 June 2023, after which LIBOR reference rates will cease to be provided. As of 31 December 2021, all non-U.S. dollar LIBOR publications have been phased out. Accordingly, we will need to renegotiate our credit agreements extending beyond 30 June 2023 that utilize LIBOR as a factor in determining the interest rate to replace LIBOR with a new reference rate, such as the Secured Overnight Financing Rate. At the date of this annual report, it is not possible to predict the effect that any discontinuance, modification or other reforms to LIBOR or any other reference rate, or the establishment of alternative reference rates may have on LIBOR or other benchmarks. Furthermore, the use of alternative reference rates or other reforms could cause the interest rate calculated on certain debt instruments to be materially different from the rate that is currently expected.

The borrowings under the WM Cayman II Revolver bear interest at LIBOR or HIBOR (as applicable) plus a margin based on WM Cayman II's leverage ratio. If it is not possible to determine LIBOR (or HIBOR) in accordance with the terms of the credit facilities agreement or if notice is served to us that the funding cost of our majority lender(s) exceeds LIBOR (or HIBOR), we must enter into good faith negotiations for a period of up to 30 days with a view to agreeing an alternative basis for determining the rate of interest applicable to our affected borrowings. Failing such agreement within the prescribed time, each relevant lender, acting reasonably, is to certify an alternative basis for maintaining its participation in the affected borrowings which may include an alternative method of fixing the applicable interest rate, alternative interest periods and/or alternative currencies provided such basis reflects the cost of funding its participation from whatever sources it may in good faith select. Each certified alternative basis is binding on WM Cayman II and treated as part of the credit facilities agreement and applicable related agreements. WM Cayman II may then seek to settle the affected outstanding borrowings. The potential effect of any such event could have on our business and financial condition cannot yet be determined.

BUSINESS REVIEW

The Management Discussion and Analysis section of this annual report forms part of this business review.

A “Model Citizen” of the Greater Bay Area

We strive to be a force for positive change in Macau and across the Greater Bay Area, which is the region encompassing Macau, Hong Kong and southern Guangdong Province. Through the “Wynn Care” program, we drive reinvestment in our community, encourage volunteerism and promote responsible gaming. Since launching this program, we have centralized our community-focused initiatives under one umbrella and continued to engage in various volunteer activities and community events in Macau, the Greater Bay Area and beyond. We are also fully committed to supporting the sustainable development for the benefit of Macau and endeavor to provide our guests with a premium experience while remaining environmentally conscious by monitoring and reducing inefficient energy and resource consumption and embracing technologies that help us to responsibly use our resources.

BUSINESS REVIEW (CONTINUED)

A “Model Citizen” of the Greater Bay Area (continued)

We are committed to upskilling local labor. A majority of our employees and management team are from Macau. We provide opportunities for movement within our company to ensure employees can pursue their career goals with us. We provide employees with professional development and training opportunities to elevate core and leadership skills. We launched our “Career Advancement Program” in 2016, which offers gaming employees an alternative career option in hospitality services and a chance in a management role after a one-year intensive training and immersion program. We also provide our employees with a “Leadership Effectiveness Program” to expand the abilities of our next generation of leaders. We believe we will continue to be the employer of choice in the industry.

Environmental and Climate Change

The Group is committed to being environmentally responsible. We have developed and implemented programs, both in our guest offerings and our operational systems, to promote efficient operations and conserve resources. Innovations that improve operational efficiencies are regularly tested and implemented at Wynn Palace and Wynn Macau.

Details of our sustainability program and performance will be published in a separate and comprehensive sustainability report for the year ended 31 December 2021, which will also address the requirements set out in Appendix 27 of the Listing Rules. Our Sustainability Principles are presented on our Company’s website.

Compliance with Laws and Regulations

Our senior management works closely with relevant departments such as Legal, Finance, Compliance, Security, Human Resources and Learning and Advancement to ensure that substantial and up to date training on compliance and regulatory matters is provided to our employees. The work of our Board, the Board committees and the Internal Audit department as described in the Corporate Governance Report of this annual report further contribute to enhance our compliance efforts. In addition to our Compliance Committee which was established before our operations commenced in 2006 and meets regularly, we have also established focused sub-committees to specifically review and manage specific compliance and regulatory matters including anti-money laundering/know-your-client matters and anti-corruption matters on a regular basis. These sub-committees are comprised of relevant senior management and employees and meet on a regular basis.

As far as the Company is aware, we have complied, in all material respects, with all relevant laws and regulations which have a significant impact on the Group.

Relationship with our Employees

Our talented and dedicated employees collectively play an integral role in the overall success of the Group. In recognition of the importance of our employees to our business, we place great emphasis on creating a collegiate and conducive environment for our employees to excel and advance. Our desire is to have our employees achieve their highest potential, both as professionals and as individuals. To this end, the Group's senior management is committed to providing the highest level of compassionate leadership. As part of our culture, our employees are encouraged to share their experiences of the wonderful things that happen at the workplace. We also invest significantly in the health and wellbeing and learning and advancement of our employees.

Our employees also benefit from our employee ownership scheme, which is described on pages 82 to 84 of this annual report. As of 31 December 2021, we had approximately 12,250 employees.

Relationship with the Community

Giving back to the community in which we operate is part of who we are. We believe that donating our time, talents, skills and resources with compassion to worthy causes and dedicating ourselves for the benefit of those in need are meaningful and effective ways of giving back to the community. We value being a part of the Macau community and cherish the social positive impact we can make on the development of Macau and its community.

We care deeply for the Macau community which is why our dedicated community and government relations department launched "Wynn Care", our initiative with a mission to reach out to the Macau community through support of local government and association projects for the betterment of all Macau citizens. To achieve these goals Wynn Care will focus on eight areas: Youth and Education, Small and Medium size Enterprises ("SMEs"), Localization & Positive Social Impact, Volunteerism, Charity and Community Support, Going Green & Sustainability, Responsible Gaming and Government Relations. Working together with our community and government partners, we will aspire to further our position as a leading local Macau company which can affect powerful positive change. Through our charitable foundation "Wynn Care Foundation", we continue to broaden our efforts in pursuing positive social impact and supporting charitable development within Macau and the PRC.

Charitable Giving and Sponsorships

Each year, we donate money and goods to a wide variety of charities and non-profit organizations that support worthy causes such as local education promotion, children's charities, disaster relief, the elderly and infirm, the abused, the underprivileged, the mentally or physically disabled, vulnerable animals and those in various forms of rehabilitation. During the years ended 31 December 2021 and 2020, we contributed HK\$142.2 million and HK\$119.6 million in direct cash donations, respectively.

Relationship with our Customers

The Group believes in providing all our customers with unique and superior customer experiences in all our offerings at our integrated luxury resorts. Our gaming and non-gaming offerings are thoughtfully designed, tailored and refined for the enjoyment of our discerning customers, who can also expect the highest standard of service from our experienced and dedicated employees. In our continuous efforts to supplement our knowledge and understanding of our customers' needs, preferences, expectations and desires, we gather customer feedback through a variety of methods including, but not limited to, direct interaction and the use of dedicated hotlines, inquiry email and guest comment cards. Further information about our relationship with our customers can be found in the section headed "Management Discussion and Analysis — Factors Affecting our Results of Operations and Financial Condition" of this annual report.

Relationship with our Suppliers

We have developed relationships with an extensive network of suppliers in an effort to ensure that we satisfy our procurement needs on competitive terms that meet our high standards.

We support the Macau government's initiatives to promote the cultivation and development of SMEs as we recognize that locally owned SMEs play a crucial role in both boosting and diversifying Macau's economy and ultimately to pursue a mutually beneficial business partnership for both us and suppliers. We actively seek qualified locally owned enterprises that can provide competitive and high-quality products and services, and aim to find opportunities to assist in the development and competitiveness of local SMEs through instruction, mentoring, and other outreach activities.

To the knowledge of the Board, none of our Directors had any interest in any business in Macau which competed with our Company's business during the year ended 31 December 2021.

CONNECTED TRANSACTIONS

During the year ended 31 December 2021, the Group engaged in certain transactions with the WRL Group which constituted connected transactions under the Listing Rules.

Wynn Resorts, Limited is considered a "connected person" under the Listing Rules by virtue of it being the holding company (an "associate" as defined in the Listing Rules) of WM Cayman Holdings Limited I (which, holding more than 10% of the Company's share capital, is a substantial shareholder and "connected person" of the Group). Pursuant to the Listing Rules, any member of the WRL Group is also considered an "associate" of WM Cayman Holdings Limited I and a "connected person" of the Group. Any transaction between the Group and the WRL Group is accordingly a connected transaction.

Continuing Connected Transactions

During the year ended 31 December 2021, the following non-exempt connected transactions were in effect between the Group and the WRL Group, such transactions being subject to disclosure requirements (including disclosure in this annual report) under the Listing Rules:

Worldwide Wynn Employment Framework Agreements

Nature and purpose of transaction. On 19 September 2009, the Company and WRM each entered into an employment framework agreement with Worldwide Wynn, a wholly-owned subsidiary of Wynn Resorts, Limited, under which Worldwide Wynn provides certain U.S. residents based in or to be based in Macau ("U.S. Resident Staff") to the Group through secondment arrangements. The U.S. Resident Staff have formal employment arrangements with the Group through the secondment arrangements. The secondment arrangements were put in place to ensure that each U.S. Resident Staff is, in addition to the provision of his or her services to the Group, employed by a U.S.-incorporated entity in order to allow such person to continue to enjoy certain benefits relating to pension, personal income tax and health and life insurance. The secondment arrangements benefit the Group by allowing the Group to attract and retain U.S. Resident Staff.

Pricing. Under the employment framework agreements, Worldwide Wynn is to be reimbursed for the cost of the secondments (including salaries and benefits of the seconded employee) and is entitled to receive a fee of 5% of the aggregate cost of the secondment of the employee during the secondment period, for its role in the arrangement. Approximately HK\$40.1 million was charged to the Group by Worldwide Wynn under this arrangement during the year ended 31 December 2021.

Term. The employment framework agreements were renewed for a period of three years from 1 January 2021 to 31 December 2023. Pursuant to the terms therein, unless terminated by either party to the agreements by giving one month's written notice in advance to the other party, and subject to compliance with the Listing Rules requirements, or, alternatively, any waivers obtained from strict compliance with such requirements, upon expiration of the initial term or subsequent renewal term, the agreements are automatically renewed for a further term of three years each time (or for such other period as may be permitted under the Listing Rules). In compliance with the Listing Rules, the Company announced on 8 December 2020 the renewal of these agreements for a further term of three years from 1 January 2021 to 31 December 2023 and the respective annual caps set for the year ended 31 December 2021, and the year ending 31 December 2022 and 2023.

Marketing and Secondment Services Framework Agreements

Nature and purpose of transaction. On 19 September 2009, the Company and WRM each entered into a marketing and secondment service framework agreement with WIML, an affiliate of Wynn Resorts, Limited. Pursuant to the agreements, WIML will (1) provide, directly and through its authorized agents, marketing services to WRM, including the development, implementation and operation of an international promotional and marketing plan for WRM's casino resorts, and (2) provide certain non-Macau residents based in or to be based in Macau ("Foreign Resident Staff") to the Group through secondment arrangements. Marketing efforts conducted through a uniform marketing plan for all casino resorts bearing the "WYNN" brand name ensure that a consistent image and style is and will be adopted globally. The secondment arrangements were put in place to ensure that each Foreign Resident Staff is, in addition to the provision of his or her services to the Group, employed by an appropriate offshore entity in order to allow such person to continue to enjoy certain benefits relating to pension, personal income tax and health and life insurance.

Pricing. Under the marketing and secondment service framework agreements, the fee for the services provided by WIML is based on a cost and expense reimbursement basis plus a fee of 5% of the aggregate costs and expenses incurred by WIML in the performance of its services. Approximately HK\$38.9 million was charged to the Group by WIML under this arrangement during the year ended 31 December 2021.

Term. The marketing and secondment services framework agreements were renewed for a period of three years from 1 January 2021 to 31 December 2023. Pursuant to the terms therein, unless terminated by either party to the agreements by giving one month's written notice in advance to the other party, and subject to compliance with the Listing Rules requirements, or, alternatively, any waivers obtained from strict compliance with such requirements, upon expiration of the initial term or subsequent renewal term, the agreements are automatically renewed for a further term of three years each time (or for such other period as may be permitted under the Listing Rules). In compliance with the Listing Rules, the Company announced on 8 December 2020 the renewal of these agreements for a further term of three years from 1 January 2021 to 31 December 2023 and the respective annual caps set for the year ended 31 December 2021, and the year ending 31 December 2022 and 2023.

Design Services Framework Agreement

Nature and purpose of transaction. On 19 September 2009, the Company and WRM entered into a design services framework agreement with Wynn Design & Development, a subsidiary of Wynn Resorts, Limited, under which Wynn Design & Development would provide certain design services for the Group's projects in Macau, including the development, design and construction, enhancement and renovation works at Wynn Palace and Wynn Macau and Encore.

Pricing. Under the design services framework agreement, the fee for the services provided by Wynn Design & Development is based on a cost and expense reimbursement basis incurred by Wynn Design & Development for the provision of its service. Approximately HK\$18.5 million was charged to WRM by Wynn Design & Development under this arrangement during the year ended 31 December 2021.

Term. The design services framework agreement was renewed for a period of three years from 1 January 2021 to 31 December 2023. Pursuant to the terms therein, unless terminated by either party to the agreement by giving one month's written notice in advance to the other party, and subject to compliance with the Listing Rules requirements, or, alternatively, any waivers obtained from strict compliance with such requirements, upon expiration of the initial term or subsequent renewal term, the agreement is automatically renewed for a further term of three years each time (or for such other period as may be permitted under the Listing Rules). Corporate Allocation Agreements

Nature and purpose of transaction. On 19 September 2009, the Company and WRM entered into a corporate allocation agreement and an amended and restated corporate allocation agreement, respectively, with Wynn Resorts, Limited. Under the respective agreements, Wynn Resorts, Limited: (1) provides the Company and WRM with access to its employees in a number of non-gaming departments, including corporate treasury, legal, financial accounting and audit, corporate risk management and information systems, for the purposes of ensuring that the Company and WRM each complies with the reporting, legal, tax, accounting and disclosure requirements that are applicable to NASDAQ-listed Wynn Resorts, Limited and Wynn Resorts, Limited's subsidiaries (including the Group), and (2) allows the Company and WRM to use aircraft assets owned by Wynn Resorts, Limited or Wynn Resorts, Limited's subsidiaries (other than the Group). Similarly, the Company and WRM had reciprocal arrangements to allow Wynn Resorts, Limited or Wynn Resorts, Limited's subsidiaries (other than the Group) to use any aircraft assets that they could own in the future and to have access to the services of any of its respective employees provided that such services do not materially interfere with such employee's obligations to and responsibilities with the Group. No aircraft assets are currently owned by the Company or WRM.

Pricing. Under the corporate allocation agreements, the annual fee for the services (other than for the use of the aircraft assets) provided by Wynn Resorts, Limited is based on an allocation of the actual proportion of Wynn Resorts, Limited's annual corporate departments' costs (including salaries and benefits for such employees during the period in which such services are rendered) and overhead expense related to the provision of the services, and in any event, such annual fee shall not exceed 50% of the aggregate annual corporate departments' costs and overhead expense incurred by Wynn Resorts, Limited during any financial year. For services provided by employees of the Company and WRM, Wynn Resorts, Limited shall pay for the services based on a cost (including salaries and benefits for such employees during the period when such services are being rendered) and expense reimbursement basis.

Approximately HK\$44.0 million was charged to WRM by Wynn Resorts, Limited during the year ended 31 December 2021 for Wynn Resorts, Limited's services. There was no charge to the Group by Wynn Resorts, Limited for the use of aircraft during the year ended 31 December 2021. For the same periods, Wynn Resorts, Limited or Wynn Resorts, Limited's subsidiaries (other than the Group) did not require WRM's services under the reciprocal arrangement.

Intellectual Property License Agreements

Nature and purpose of transaction. On 19 September 2009, the Company and WRM entered into an intellectual property license agreement and an amended and restated intellectual property license agreement, respectively, with Wynn Resorts, Limited and Wynn Resorts Holdings, LLC, a subsidiary of Wynn Resorts, Limited. Under the respective agreements, Wynn Resorts, Limited and Wynn Resorts Holdings, LLC grant the Company and WRM the license to use certain intellectual property, including certain trademarks, domain names, "WYNN" related trademarks, copyrights and service marks in connection with a variety of goods and services. These marks include "WYNN MACAU", "ENCORE" and "WYNN PALACE" as well as trademarks of the Chinese characters representing "WYNN."

Pricing. Under the intellectual property license agreements, the license fee payable to Wynn Resorts Holdings, LLC equals the greater of (1) 3% of the intellectual property gross monthly revenues, or (2) US\$1.5 million (approximately HK\$11.7 million) per month. License fees payable to Wynn Resorts Holdings, LLC were calculated based on 3% of intellectual property gross monthly revenues given such revenues justified payments in excess of US\$1.5 million (approximately HK\$11.7 million) per month. Gross revenues for the year ended 31 December 2021 were HK\$12.84 billion and approximately HK\$385.2 million was charged by Wynn Resorts, Limited to WRM under this arrangement during the year ended 31 December 2021.

Continuing Connected Transactions (continued)

Intellectual Property License Agreements (continued)

Term. The intellectual property license agreements entered into by each of the Company and WRM with Wynn Resorts, Limited and Wynn Resorts Holdings, LLC have a perpetual term but may be terminated in the following circumstances:

- (1) Wynn Resorts, Limited ceases to hold or have the right to exercise more than 50% of the voting rights to the shares in the Company or WRM;
- (2) there is a material breach of, or non-compliance with the terms of, the relevant intellectual property license agreement by the Company, WRM or any relevant members of the Group that are authorized to use the licensed intellectual property rights ("Relevant Subsidiaries"); or
- (3) (I)(i) there is a suspension or revocation of privileged gaming licenses issued by governmental authorities, or (ii) Wynn Resorts Holdings, LLC, in good faith, deems that the acts of the Company, WRM or any Relevant Subsidiary jeopardizes any such privileged gaming licenses or gaming business activities of Wynn Resorts, Limited, Wynn Resorts Holdings, LLC or its affiliates (in each case, a "Relevant Event"); and (II) the Relevant Event continues for 30 consecutive days after written notice of the occurrence of the Relevant Event has been provided to the Company, WRM or the Relevant Subsidiaries, as the case may be. Prior written consent of the Company, WRM or the Relevant Subsidiaries, as the case may be, is required if Wynn Resorts, Limited or Wynn Resorts Holdings, LLC seeks to terminate any agreement that grants Wynn Resorts Holdings, LLC the intellectual property rights.

A waiver from the announcement and independent shareholders' approval requirements, as required under the Listing Rules, for the initial term of the agreements, which will expire on 26 June 2022, has been granted by the Hong Kong Stock Exchange.

MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed for the year ended 31 December 2021.

MAJOR CLIENTS AND SUPPLIERS

Our clients are individual players and our five largest clients, together, generate substantially less than 30% of the Group's total operating revenues for the year ended 31 December 2021.

We depend on our suppliers to provide us with products and services such as utilities, supplies, transportations, food and beverage products, construction and renovations, maintenance and other administrative services. In 2021, our five largest suppliers were Companhia de Electricidade de Macau — CEM, S.A., Willis Hong Kong Ltd, Macau Branch Office, Kin Ngai Hong (Macau) Lda., Angel Macau Ltd. and Transmac — Transportes Urbanos de Macau, S.A.R.L., which accounted for approximately 10%, 4%, 4%, 2% and 1% of our total purchases, respectively.

Save as disclosed above, to the knowledge of the Board, none of our Directors, their respective close associates or any of our Shareholders (which to the knowledge of the Directors own more than 5% of the Company's issued share capital) had any material interest in any of our top five suppliers in 2021.

SUBSTANTIAL SHAREHOLDERS' INTERESTS AND SHORT POSITIONS IN THE SHARES AND UNDERLYING SHARES OF THE COMPANY (CONTINUED)

Save as disclosed above, according to the register kept by the Company under Section 336 of the SFO, there was no other person who had a substantial interest or short positions in the Shares or underlying Shares of the Company as at 31 December 2021.

REMUNERATION POLICY

As at 31 December 2021, the Group had approximately 12,250 employees. Employees of the Group are selected, remunerated and promoted on the basis of their merit, qualifications, competence and contribution to the Group.

Compensation of key executives of the Group is determined by the Company's remuneration committee which reviews and determines executives' compensation based on the Group's performance and the executives' respective contributions to the Group.

The Group operates a defined contribution retirement benefit scheme (the "Retirement Benefit Scheme"). The Retirement Benefit Scheme allows eligible employees to contribute 5% of their base salary to the Retirement Benefit Scheme and the Group matches the contributions with an equal amount. The Group's matching contributions vest to the employees at 10% per year with full vesting in ten years. On 1 July 2019, the Group offered the option for the eligible Macau resident employees to join the non-mandatory central provident fund (the "CPF") system. Eligible Macau resident employees joining the Group from 1 July 2019 onwards have the option of enrolling in the CPF system while the Group's existing Macau resident employees who are currently members of the Retirement Benefit Scheme will be provided with the option of joining the CPF system or staying within the existing Retirement Benefit Scheme, which will continue to be in effect in parallel. The CPF system allows eligible employees to contribute 5% or more of their base salary to the CPF while the Group matches with a 5% of such salary as employer's contribution to the CPF. Same as the Retirement Benefit Scheme, the Group's matching contributions under the CPF system vest at 10% per year with full vesting in ten years. The assets of both Retirement Benefit Scheme and the CPF are held separately from those of the Group in independently administered funds and overseen by the Macau government.

The Company also has an employee ownership scheme and share option schemes. Further details on the Company's employee ownership scheme and share option schemes are set out below.

Report of the Directors

EMPLOYEE OWNERSHIP SCHEME

On 30 June 2014, the Company adopted the employee ownership scheme, enabling employees or officers of any member of the Group to become shareholders of the Company, with the purpose of aligning employees' interests with those of the Group, and encouraging and retaining them to make contributions to the long-term growth and profits of the Group. Staff and line management are each granted 1,000 non-vested shares upon joining the Group. Senior management personnel is each granted non-vested shares annually as a component of their total compensation. These non-vested shares are subject to vesting periods, criteria and conditions as determined from time to time, subject to applicable law. The resolutions to, among other things, approve and adopt the employee ownership scheme and grant an employee ownership scheme mandate to the Directors of the Company to allot, issue, procure the transfer of and otherwise deal with up to 50,000,000 Shares in connection with the employee ownership scheme during the relevant period (as defined in the Company's circular dated 9 April 2014) were passed at the Company's annual general meeting in May 2014. In May 2020, an ordinary resolution was passed at the Company's annual general meeting to increase the scheme limit under the employee ownership scheme from 50,000,000 Shares to 75,000,000 Shares. Further resolutions were passed at the Company's annual general meeting in May 2021 to, among other things, effectively extend the aforementioned relevant period until the conclusion of the Company's upcoming annual general meeting in 2022.

Shares will be acquired by an independent trustee at the cost of the Company or Shares will be allotted to the independent trustee under the employee ownership scheme mandate granted or to be granted by the Shareholders of the Company at general meetings from time to time and be held in trust for the awarded persons ("Selected Participant"), other than a connected person of the Company or an associate of a connected person of the Company, until the end of each vesting period. A summary of the terms of the employee ownership scheme is set out below:

Number of Shares Available under the Employee Ownership Scheme

The Company can allot, issue, procure the transfer of and otherwise deal with a maximum of 75,000,000 Shares in connection with the employee ownership scheme. As at the date of this annual report, there were 34,838,809 Award Shares outstanding under the employee ownership scheme, representing approximately 46.45% of the maximum Shares available under the employee ownership scheme. 40,161,191 Shares remain available for future Awards under the employee ownership scheme, representing approximately 0.77% of the total number of issued Shares of the Company as at the date of this annual report.

Maximum Entitlement of Participant

The total number of non-vested Shares awarded to a Selected Participant under the employee ownership scheme shall not exceed 0.5% of the total number of issued Shares from time to time.

Report of the Directors

EMPLOYEE OWNERSHIP SCHEME (CONTINUED)

Duration and Termination

The employee ownership scheme is valid and effective unless and until terminated on the earlier of: (i) the 10th anniversary date of the adoption date of the scheme (the "Award Period"); and (ii) such date of early termination as determined by the Board provided that such termination does not affect any subsisting rights of any Selected Participant.

Operation

The Board shall select any Eligible Person to be a Selected Participant and grant Award during the Award Period. The Company shall, as soon as reasonably practicable from the grant of award date, for the purposes of satisfying the Awards, issue and allot Shares to the Trustee and/or transfer to the Trust the necessary funds and instruct the Trustee to acquire Shares through on-market transactions at the prevailing market price.

Restrictions

No award may be made to the Selected Participants and no direction or recommendation shall be given to the Trustee with respect to a grant of an Award under the employee ownership scheme: (i) where any director of the Company is in possession of unpublished inside information in relation to the Company or where dealings by directors of the Company are prohibited under any code or requirement of the Listing Rules or any applicable laws, rules or regulations; (ii) during the period of 60 days immediately preceding the publication date of the annual results or, if shorter, the period from the end of the relevant financial year up to the publication date of the results; and (iii) during the period of 30 days immediately preceding the publication date of the half-year results or, if shorter, the period from the end of the relevant half-year period up to the publication date of the results.

Vesting and Lapse

The Award to be vested is subject to vesting criteria and conditions or periods to be determined by the Board from time to time, subject to all applicable law. In the event a Selected Participant ceases to be an Eligible Person on or prior to the relevant vesting date and the Award in respect of the relevant vesting date shall lapse or be forfeited pursuant to the employee ownership scheme, such Award shall not vest on the relevant vesting date and the Selected Participant shall have no claims against the Company or the Trustee, unless the Board determines otherwise at its absolute discretion.

Voting Rights

The Trustee shall not exercise the voting rights in respect of any Shares held under the Trust (including but not limited to the Award Shares, the returned Shares, any bonus Shares and any scrip Shares).

Report of the Directors

EMPLOYEE OWNERSHIP SCHEME (CONTINUED)

Share Awards Grants

During the year ended 31 December 2021, the Company had awarded a total of 5,368,849 non-vested Shares and 1,115,309 immediate vested Shares to Eligible Persons under the employee ownership scheme. Subsequent to 31 December 2021 and up to the date of this annual report, the Company awarded 5,141,754 non-vested Shares to Eligible Persons under the employee ownership scheme. The awards were satisfied by the Trustee acquiring Shares on-market, Shares allotted to the Trustee or by returned Shares.

The following table sets forth the total Shares granted to employees, net of forfeitures, and the associated fair values as at 31 December 2021.

	Number of employees	Number of Shares	Fair Value (HK\$)
Total Shares vested	12,824	19,880,693	126,640,014
Total Shares non-vested	3,378	10,024,737	63,857,575
As at 31 December 2021	14,572	29,905,430	190,497,589

Other details of the scheme are disclosed in note 22 to the Financial Statements.

SHARE OPTION SCHEMES

The Company adopted a share option scheme on 16 September 2009 until it was terminated upon the Company's adoption of a new share option scheme on 30 May 2019 for a period of 10 years ("WML Share Option Scheme"). The maximum number of Shares which may be issued pursuant to the WML Share Option Scheme is 519,695,860 Shares. The purpose of the share option schemes is to reward participants, which may include Directors and employees of the Group, who have contributed to the Group and to encourage them to work towards enhancing the value of the Company and its Shares for the benefit of the Company and its Shareholders as a whole. The options granted under the share option schemes do not give immediate ownership of the underlying Shares as they require payment of an exercise price which must be higher than the then prevailing market price of the Shares on the date of the options granted.

Report of the Directors

SHARE OPTION SCHEMES (CONTINUED)

During the year ended 31 December 2021, share options for a total of 9,065,000 Shares were granted under the WML Share Option Scheme (2020: 8,895,000 Shares). Subsequent to 31 December 2021 and up to the date of this annual report, no share options were granted under the WML Share Option Scheme. A summary of the terms of the WML Share Option Scheme is set out below:

Number of Shares Available for Issue under the WML Share Option Scheme

A maximum of 519,695,860 Shares are available for issuance under the WML Share Option Scheme, representing approximately 10.0% of the total number of issued Shares of the Company as at the date of this annual report.

Maximum Entitlement of Participant

The maximum number of Shares issued and to be issued upon exercise of the share options granted to each participant under the WML Share Option Scheme (including both exercised and outstanding share options) in any 12-month period shall not (when aggregated with any Shares subject to share options granted during such period under any other share option scheme of the Company other than those share options granted pursuant to specific approval by the Shareholders in a general meeting) exceed one percent of the Shares in issue for the time being.

Where any further grant of share options to a participant would result in the Shares issued and to be issued upon exercise of all share options granted and to be granted to such person (including exercised, cancelled and outstanding share options) in the 12-month period up to and including the date of such further grant representing in aggregate over one percent of the Shares in issue, such further grant must be separately approved by Shareholders in general meeting with such participant and his associates abstaining from voting.

Exercise Period

Subject to any restrictions applicable under the Listing Rules and notwithstanding the terms of grant thereof, a share option may be exercised by the grantee in accordance with the terms of the WML Share Option Scheme at any time during the period to be determined and notified by the Board to each grantee at the time of making an offer of the grant of a share option which shall not expire later than 10 years from the date on which it is granted. The minimum period in which a share option must be held before it can be exercised is determined and notified by the Board to each grantee.

Report of the Directors

SHARE OPTION SCHEMES (CONTINUED)

Payment on Acceptance of Share Option

An amount of HK\$1.00 must be paid as consideration for the grant of a share option and such payment must be made within 28 days from the date the share option grant offer is made by the Board.

Determination of Exercise Price

The exercise price is determined by the Board in its absolute discretion but in any event shall not be less than the highest of:

- (i) the closing price of the Shares as stated in the daily quotations sheets issued by the Hong Kong Stock Exchange on the date of the granting of the share option which must be a business day in Hong Kong;
- (ii) the average closing price of the Shares as stated in the daily quotations sheets issued by the Hong Kong Stock Exchange for the five business days immediately preceding the date of the granting of the share option; and
- (iii) the nominal value of the Shares.

Life of the WML Share Option Scheme

The WML Share Option Scheme became effective for a period of 10 years from 30 May 2019.

PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

Neither the Company, nor any of its subsidiaries purchased, sold or redeemed any of the Group's listed securities during the year ended 31 December 2021.

SUFFICIENCY OF PUBLIC FLOAT

Based on the information available to the Company and within the knowledge of the Directors, as at the date of this annual report, the Company maintained the prescribed public float under the Listing Rules.

Report of the Directors

PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the laws of the Cayman Islands or under the Company's articles of association that require the Company to offer new Shares on a pro-rata basis to its existing Shareholders.

AUDITOR

Our external auditor, Ernst & Young, will retire and a resolution for their reappointment as auditor of the Company will be proposed at the forthcoming annual general meeting of the Company. There have been no changes of our external auditor in the preceding three years.

LITIGATION

The Group did not have any material litigation outstanding as at 31 December 2021. The litigation matter set out below is disclosed on a voluntary basis and, as with all litigations, no assurances can be provided as to the outcome thereof.

Macau Litigation Related to Dore

WRM has been named as a defendant in lawsuits filed in the Macau Court of First Instance by individuals who claim to be investors in or persons with credit in accounts maintained by Dore Entertainment Company Limited ("Dore"), an independent, Macau registered and licensed company that operated a gaming promoter business at Wynn Macau. In connection with the alleged theft, embezzlement, fraud and/or other crime(s) perpetrated by a former employee of Dore (the "Dore Incident"), the plaintiffs of the lawsuits allege that Dore failed to honor withdrawal of funds deposited with Dore as investments or gaming deposits that allegedly resulted in certain losses for these individuals. The principal allegations common to the lawsuits are that WRM, as a gaming concessionaire, should be held responsible for Dore's conduct on the basis that WRM is responsible for the supervision of Dore's activities at Wynn Macau that resulted in the purported losses.

On 19 November 2021, the Macau Court of Final Appeal issued a final ruling (the "Ruling") with respect to one such lawsuit that WRM was held jointly liable to a plaintiff. Pursuant to the Ruling, WRM was required to pay approximately HK\$9.3 million, inclusive of accumulated interest, to such plaintiff.

Report of the Directors

LITIGATION (CONTINUED)

Macau Litigation Related to Dore (continued)

We believe most remaining cases are without merit and unfounded and intend to vigorously defend against the remaining claims pleaded against us in these lawsuits. The Group has made estimates for potential litigation costs based upon its assessment of the likely outcome and has recorded provisions for such amounts in the accompanying consolidated financial statements for the year ended 31 December 2021. No assurances can be provided as to the outcome of the pending Dore cases and actual results may differ from these estimates.

PERMITTED INDEMNITY PROVISION

Pursuant to the Company's articles of association, every Director shall be entitled to be indemnified out of the assets of the Company against all losses or liabilities incurred or sustained by him as a Director in defending any proceedings, whether civil or criminal, in which judgment is given in his favor, or in which he is acquitted. The Company has arranged appropriate directors' and officers' liability insurance for the Directors and officers of the Group to the extent permitted by law. Such permitted indemnity provisions were in force during the course of the financial year ended 31 December 2021 and remained in force as of the date of this annual report.

WRM EXECUTIVE DIRECTOR

WRM, as a gaming concessionaire, is required by Macau law to have an executive director serving on its board of directors who is a Macau permanent resident and holds at least 10% of the voting shares and capital in WRM. The appointment of the executive director and of any successor is ineffective without the approval of the Macau government. Ms. Linda Chen meets the aforementioned requirements and currently serves as WRM's Executive Director. The WRM shares held by Ms. Linda Chen provide in aggregate a nominal preferential annual dividend and capital distribution rights of up to one Macau pataca. To facilitate the appointment of the executive director, WRM indemnifies the executive director to the extent permitted by law against any and all actions, suits, proceedings, claims, demands, costs and expenses which may be made against, incurred or payable by the executive director in connection with the executive director's position as a member of the board of directors of WRM and shareholder of WRM, and the executive director's service in such capacity under applicable agreements.

EQUITY-LINKED AGREEMENTS

Other than the employee ownership scheme and the share option schemes as disclosed above, no equity-linked agreements were entered into by the Company during the year or subsisted at the end of the financial year ended 31 December 2021.

Report of the Directors

CONTINUING DISCLOSURE PURSUANT TO LISTING RULES 13.18 AND 13.21

Under the terms of the WM Cayman II revolver, it is a mandatory prepayment event if Wynn Resorts, Limited, the Company's controlling shareholder, ceases to legally and beneficially own and control, directly or indirectly, more than 50% of the outstanding share capital of WM Cayman II through the Company measured by voting power.

In addition, the terms of the WML 2024 Notes, WML 2026 Notes, WML 2027 Notes, WML 2028 Notes and WML 2029 Notes contain a change of control provision that would, if triggered, give rise to a right in favor of the holders of the WML 2024 Notes, WML 2026 Notes, WML 2027 Notes, WML 2028 Notes and WML 2029 Notes to require the Company to repurchase such notes. Under the indentures of the WML 2024 Notes and WML 2027 Notes, the circumstances that will constitute a change of control include, among others, the consummation of any transaction that results in any party other than the Company's former Chairman and Chief Executive Officer and his related parties becoming the direct or indirect owner of more than 50% of the outstanding voting stock of WRL. Under the indentures of the WML 2026 Notes, WML 2028 Notes and WML 2029 Notes, respectively, the circumstances that will constitute a change of control include, among others, the consummation of any transaction that results in any party other than WRL or any affiliate of WRL becoming the beneficial owner, directly or indirectly, of more than 50% of the outstanding voting stock of the Company, measured by voting power rather than number of equity interests. For further details, please refer to the Company's announcements dated 14 September 2017, 11 December 2019, 14 June 2020 and 20 August 2020.

Save as disclosed above, our Company does not have any other disclosure obligations under Rules 13.18 and 13.21 of the Listing Rules.

BOARD COMMITTEES (CONTINUED)

Nomination and Corporate Governance Committee (continued)

The nomination and corporate governance committee held one meeting during the year ended 31 December 2021. The attendance record of the said meeting is set out below.

Name of committee member	Number of meetings attended/held during 2021	Attendance rate
Mr. Lam Kin Fung Jeffrey	1/1	100%
Mr. Nicholas Sallnow-Smith	1/1	100%
Dr. Allan Zeman	1/1	100%
Ms. Leah Dawn Xiaowei Ye	1/1	100%

The nomination and corporate governance committee has assessed the independence of the existing independent non-executive Directors and recommended the re-appointment of the retiring Directors at the annual general meeting for the year ended 31 December 2021 of the Company. The nomination and corporate governance committee also reviewed and agreed on measurable objectives for implementing diversity on the Board. The measurable objectives identified by the nomination and corporate governance committee include: a material number of members of the Board should have gaming industry experience; certain members of the Board should have experience with companies with an international presence and exposure; and certain members of the Board should have experience with conducting businesses in the Asia Pacific region. The nomination and corporate governance committee is satisfied that the composition of the Board is sufficiently diverse. The nomination and corporate governance committee also reviewed the structure, size and composition of the Board as well as the Company's policies and practices on compliance with corporate governance practices under the legal and regulatory requirements.

BOARD DIVERSITY POLICY

The Board first adopted a board diversity policy on 7 November 2013, which was amended on 6 December 2018. The board diversity policy sets out the Company's approach to achieve diversity on the Board.

The Company recognizes and embraces the benefits of having a diverse Board and views diversity at the Board level as an important element in supporting the attainment of its strategic objectives and its sustainable development. In designing the Board's composition, Board diversity will be considered from a variety of aspects, including but not limited to gender, age, educational background, ethnicity, professional (including regional and industry) experience, skills, knowledge and length of service. The Board may adopt, and amend, from time to time, such aspects that are appropriate to the Company's business and Board succession planning, as applicable.

Corporate Governance Report

BOARD DIVERSITY POLICY (CONTINUED)

The nomination and corporate governance committee of the Company will review the board diversity policy periodically to ensure its effectiveness and will recommended revisions to the Board for consideration and approval as appropriate.

DIRECTOR NOMINATION POLICY

The Board has adopted a director nomination policy on 6 December 2018, which sets out criteria and process in the nomination and appointment of directors of the Company. Whilst the overall responsibility for the selection and appointment of directors rests with the Board, the Board has delegated general responsibilities and authority to the nomination and corporate governance committee of the Company to assist with implementing the director nomination policy.

In evaluating and selecting candidates for directorship, the Board will consider the following factors including, but not limited to: the candidate's character, integrity and qualifications, including professional qualifications, skills, knowledge and experience; the diversity aspects under the board diversity policy; the requirement for the Board to have independent directors in accordance with the Listing Rules; and the candidate's willingness and ability to devote adequate time to discharge duties as a member of the Board.

For the appointment of new directors, the nomination committee and/or the Board will evaluate such candidate based on the criteria as set out above, rank them by order of preference based on the needs of the Company and reference check of each candidate (where applicable) and then recommend to the Board to appoint the appropriate candidate for directorship, as applicable. For any person that is nominated by a shareholder for election as a director at the general meeting of the Company, the nomination committee and/or the Board will evaluate such candidate based on the criteria as set out above and where appropriate, make recommendation to shareholders in respect of the proposed election of director at the general meeting.

For the re-election of a director at general meeting, the nomination and corporate governance committee and/or the Board should review the overall contribution and service to the Company of the retiring director and the level of participation and performance on the Board, to determine whether the retiring director continues to meet the criteria summarized above and then make recommendations to shareholders in respect of the proposed re-election of director at the general meeting.

The nomination committee will conduct regular reviews of the structure, size and composition of the Board and the director nomination policy and where appropriate, make recommendations on changes to the Board to complement the Company's corporate strategy and business needs.

Corporate Governance Report

DIVIDEND POLICY

The Company has adopted a dividend policy, which sets out the principles and guidelines that the Company intends to apply in relation to the declaration and payment of dividends to the Shareholders.

The Board has the discretion to declare and distribute dividends subject to the requirements of the Articles of the Association of the Company, Cayman Islands law and other applicable laws and regulations. The Company's ability to pay dividends depends substantially on the receipt of cash contributions (i.e. dividends) from its subsidiaries.

The Board shall have regard to the following factors of the Company and its subsidiaries when considering the declaration and payment of dividends: past financial results; past and forecasted cash flows; business conditions and strategies; future operations and earnings; capital requirements and expenditure plans; interests of Shareholders; any restrictions on payment of dividends (including contractual restrictions, i.e. from financing-related agreements); and any other factors that the Board may consider relevant.

For the avoidance of doubt, there is no assurance that dividends will be paid in any particular amount (or at all) for any given period notwithstanding the adoption of this policy. If the Board decides to recommend, declare or pay dividends, the form, frequency and amount will depend upon the situation and applicable factors at the relevant time. The Board will review the dividend policy as appropriate from time to time.

FINANCIAL REPORTING

Directors' Responsibility

The Directors acknowledge their responsibility for the preparation and true and fair presentation of the Financial Statements in accordance with International Financial Reporting Standards and the disclosure requirements of the Hong Kong Companies Ordinance.

This responsibility includes designing, implementing and maintaining internal control relevant to the preparation and the true and fair presentation of the Financial Statements that are free from material misstatement, whether due to fraud or error; selecting and applying appropriate accounting policies; and making accounting estimates that are reasonable in the circumstances. The Directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern as at 31 December 2021. Accordingly, the Directors have prepared the Financial Statements for the year ended 31 December 2021 on a going concern basis.

Corporate Governance Report

FINANCIAL REPORTING (CONTINUED)

Auditor's Responsibility

A statement by the external auditor of the Company, Ernst & Young, is included in the Independent Auditor's Report on pages 110 to 118 of this annual report.

Auditor's Remuneration

Fees for auditing services provided by our external auditor, Ernst & Young, for the year ended 31 December 2021 are included in note 3.2 to the Financial Statements. There were no non-auditing services provided by our external auditor for the year ended 31 December 2021.

RISK MANAGEMENT AND INTERNAL CONTROLS

The Board has overall responsibility for overseeing the risk management and internal control systems of the Group and ensuring the effectiveness of these systems at least annually, which are designed to provide reasonable, but not absolute, assurance against material misstatement or loss, and to manage rather than eliminate risks of failure in achieving our objectives.

As an integral part of the Board's function and strategic decision making process, the Board evaluates the risks faced by the Group and determines the risk exposure acceptable to the Group for the purposes of achieving its objectives. Management is responsible for designing, implementing and monitoring appropriate risk management and internal control systems. The processes for developing the framework for our risk management and internal control systems involve the collaborative efforts of management which possess a wide range of skills, knowledge and experience as a result of the diverse nature of risk. Such risks include financial risk, political risk, market risk, compliance risk, operational risk and material risks relating to Environmental, Social and Governance ("ESG"). As part of this framework, management periodically reports to the audit and risk committee and the Board on market trends, business operations and performance, corporate activities, developments and other relevant information. Management has been trained to identify and handle information which may be considered material inside information. In accordance with our policies and practices, which comply with the relevant legal and regulatory requirements, such information is reported to the audit and risk committee and the Board in a timely manner to facilitate the formulation of the appropriate response. Furthermore, procedures including pre-clearance on dealing in the Group's securities by designated members of management, notification of regular blackout and securities dealing restrictions to relevant Directors and employees and dissemination of information on a need-to-know basis have been implemented by the Group to help ensure proper handling of inside information within the Group. Supporting this framework is the Company's internal audit department, which was established and functioning prior to the commencement of operations of the Group.

Corporate Governance Report

RISK MANAGEMENT AND INTERNAL CONTROLS (CONTINUED)

The internal audit department is responsible for conducting independent reviews of the adequacy and effectiveness of the risk management and internal controls systems of the Group. The internal audit department prepares an annual audit plan based on applicable regulatory requirements and risk assessments for the consideration and approval of the audit and risk committee. Upon approval, audit work and testing is performed during the course of the year in accordance with the audit plan. The internal audit department communicates the audit findings and recommendations for remedial action (if any) with relevant management and performs follow-up work (as necessary) to confirm that adequate remedial action has been taken. The internal audit department reports its findings and conclusions, typically on a quarterly basis, to the audit and risk committee, which in turn provides feedback to management, the internal audit department and the Board as appropriate.

During the year ended 31 December 2021, no material internal control deficiency that might have an adverse impact on the financial position or operations of the Group was detected. In respect of the year ended 31 December 2021, the Board reviewed the scope and quality of management's risk management and internal control systems, and through the review and findings of the audit and risk committee and the internal audit department, considered that (i) the Group's risk management and internal control systems were effective and the Group had complied with the provisions on risk management and internal controls as set forth in the Code; and (ii) the resources, staff qualifications and experience, training programs and budget of the Group's accounting, internal audit, financial reporting functions, as well as those relating to the Company's ESG performance and reporting were adequate.

DIRECTORS' AND OFFICERS' INSURANCE

The Company has arranged for appropriate insurance cover in respect of legal actions against our Directors and officers acting in such a capacity on behalf of the Company.

COMPANY SECRETARY

Ms. Ho Wing Tsz Wendy of Tricor Services Limited ("Tricor"), our external service provider of company secretarial services, is company secretary and authorized representative of the Company. Tricor's primary contact person at the Company is Ms. Yan Guan, the Senior Vice President — Legal and General Counsel of the Company. For the year ended 31 December 2021 and up to the date of this annual report, Ms. Ho Wing Tsz Wendy has taken no less than 15 hours of relevant professional training to update her skills and knowledge.

To the shareholders of Wynn Macau, Limited
(Incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of Wynn Macau, Limited (the "Company") and its subsidiaries (the "Group") set out on pages 119 to 204, which comprise the consolidated statement of financial position as at 31 December 2021, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2021, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA"). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the HKICPA's *Code of Ethics for Professional Accountants* (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

Key audit matter	How our audit addressed key audit matter
Classification of interest-bearing borrowings	
Referring to notes 1 and 18 to the Group's consolidated financial statements for the Concession Agreement and interest-bearing borrowings, the Group classified the outstanding amounts under the WML Senior Notes and WM Cayman II Revolver (collectively the "Borrowings") as non-current liabilities at 31 December 2021.	We evaluated and tested the design and operating effectiveness of the controls over management's process to determine the classification of the Borrowings, including such controls over (i) assessing the Group's compliance with the requirements of the Group's interest-bearing borrowings and, (ii) identifying and assessing applicable authoritative accounting standards and related interpretive literature, as well as the information used by management in those controls.

KEY AUDIT MATTERS (CONTINUED)

Key audit matter	How our audit addressed key audit matter
Classification of interest-bearing borrowings (continued)	
<p>These Borrowings have maturity dates beyond 12 months from 31 December 2021. Under the indentures governing the WML Senior Notes and the facility agreement governing the WM Cayman II Revolver, upon the occurrence of any event after which the Group does not own or manage casino or gaming areas or operate casino games of fortune and chance in Macau in substantially the same manner and scope as of the issue dates of the respective senior notes or the date of the facility agreement, for a period of 10 consecutive days or more in the case of the WML Senior Notes or a period of 30 consecutive days or more in the case of the WM Cayman II Revolver, and such event has a material adverse effect on the financial condition, business, properties or results of operations of the Group, taken as a whole, holders of the WML Senior Notes can require the Company to repurchase all or any part of the WML Senior Notes at par, plus any accrued and unpaid interest under the special put option, and any amounts owed under the WM Cayman II Revolver may become immediately due and payable under the property mandatory prepayment event.</p>	<p>We reviewed the relevant covenant requirements of the Borrowings, ensured the Group's compliance to these requirements as at the reporting date and up to the date of approval of these consolidated financial statements.</p> <p>We reviewed and considered management's assertion that the Group will continue to maintain its gaming business in its current form after the concession's expiry on 26 June 2022.</p> <p>We assessed management's application of authoritative accounting standards and related interpretive literature pertaining to the current or non-current classification of liabilities.</p>

KEY AUDIT MATTERS (CONTINUED)

Key audit matter	How our audit addressed key audit matter
<i>Classification of interest-bearing borrowings</i> (continued)	
<p>The Group's current concession ends on 26 June 2022. On 11 March 2022, the Group submitted its request for an extension until 31 December 2022. The extension of its concession is subject to approval by the Macau government.</p> <p>We identified the classification of the Borrowings as non-current liabilities at 31 December 2021 as a key audit matter because it has involved significant management judgement. Factors taken into account by management in their assessment included, but were not limited to, whether there was a breach of covenants associated with the Borrowings as at 31 December 2021 and up to the date of approval of the consolidated financial statements; and, as detailed in note 1 to the Group's consolidated financial statements, that the Group continues to believe that its concession will be extended or renewed beyond 26 June 2022.</p>	<p>We assessed relevant information known to us, including information provided to us by the management and information that was publicly available, particularly regarding recent developments pertaining to the formulation by the Macau government of the process and requirements for renewal or the potential extension of the Group's Concession Agreement.</p> <p>We assessed the adequacy of the Group's disclosures regarding the interest-bearing borrowings, expectation of extension of the current concession and renewal of the Concession Agreement in the Group's consolidated financial statements.</p>

<i>Provision for expected credit losses</i>	
Referring to note 2.5 to the Group's consolidated financial statements for significant accounting judgements and estimates, the Group uses a provision matrix to calculate the expected credit losses ("ECLs") for trade receivables. The provision matrix is calibrated to adjust the historical credit loss experience with known customer information and forward-looking information. Management's assessment of the correlation between historical observed default rates, forecast economic conditions and the ECLs can provide significant changes in the estimate between periods. Further disclosures on the ECLs of the Group's trade receivables are set out in note 13 to the consolidated financial statements.	<p>We evaluated and tested the design and operating effectiveness of the controls over the accounting process of provision for ECLs of trade receivables.</p> <p>We evaluated management's assumptions and judgements by comparing the Group's provisioning rates against historical collection data.</p> <p>We considered the support related to the original issuance of casino credits and/or their subsequent settlements when performing analysis of receivables' aging brackets and write-offs as a percentage of gross trade receivables.</p> <p>We corroborated management's representations with the source data for specific provisions made for certain trade receivables, performed ratio analysis on the Group's provision for ECLs; and re-calculated the provision for ECLs using management's model and considered the adequacy of the provision.</p> <p>We assessed the Group's provisioning policy applied, which included assessing whether the calculation was made in accordance with IFRS 9.</p> <p>We assessed the time value of money considered in the ECLs impairment model and tested the mathematical accuracy of the calculations.</p> <p>We assessed the adequacy of the Group's disclosures regarding provision for ECLs of trade receivables.</p>

OTHER INFORMATION INCLUDED IN THE ANNUAL REPORT

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF THE DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit and Risk Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

Independent Auditor's Report

To the shareholders of Wynn Macau, Limited
(Incorporated in the Cayman Islands with limited liability)

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
 - Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
 - Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
-

Independent Auditor's Report

To the shareholders of Wynn Macau, Limited
(Incorporated in the Cayman Islands with limited liability)

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit and Risk Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)

We also provide the Audit and Risk Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit and Risk Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Samuel Yuen Ka Cheong.

1. CORPORATE AND GROUP INFORMATION

The Company was incorporated in the Cayman Islands as an exempted company with limited liability on 4 September 2009. The Company's Shares were listed on the Main Board of the Hong Kong Stock Exchange on 9 October 2009. The Company's registered office address is P.O. Box 309, Ugland House, Grand Cayman, KY1-1104, Cayman Islands, or at such other place as the Directors may from time to time decide.

The Group owns and operates hotel and casino resorts in Macau, namely Wynn Palace and Wynn Macau. WRM conducts gaming activities in our casinos in Macau under a concession contract signed with the Macau government on 24 June 2002. The 20-year concession period commenced on 27 June 2002 and will expire on 26 June 2022.

The Group is a party to land concessions for approximately 51 acres of land in the Cotai area of Macau (the "Cotai Land") where Wynn Palace is located and approximately 16 acres of land on the Macau peninsula where Wynn Macau is located for terms of 25 years from May 2012 and August 2004, respectively.

WM Cayman Holdings Limited I owns approximately 72% of the Shares of the Company and approximately 28% of the Shares of the Company is owned by public shareholders. The ultimate parent company of Wynn Macau, Limited is Wynn Resorts, Limited, a publicly-traded company incorporated in the United States of America.

Information about subsidiaries (continued)

- * Shares directly held by the Company
- ** 10% of the shares are held by a Macau-resident investor which entitle the holder to 10% of the voting rights and social rights and the rights to maximum dividend or payment upon dissolution of one MOP. The remaining 90% of the shares held by the Group are entitled to 90% of the voting rights and 100% of the profit participation or economic interest.

None of the subsidiaries had any debt securities outstanding at the end of the year or at any time during the year.

The Company has consolidated certain operating entities within the Group without any legal interests. Due to the implementation of the employee ownership scheme of the Group mentioned in note 22, the Company has set up a structured entity, Trust. In addition, WRM has set up a charitable foundation in Macau, Wynn Care Foundation, which is a structured entity of the Group. The particulars of the structured entities are as follows:

Structured Entities	Principal Activities
Trust	Administering and holding the Company's Shares acquired for the employee ownership scheme, which is set up for the benefits of eligible persons of the scheme
Charitable foundation	Conducting charitable activities for the benefit of Macau and the PRC

Impact of COVID-19

In early January 2020, an outbreak of a respiratory illness caused by a novel coronavirus was identified and the disease has since spread rapidly across the world causing the World Health Organization to declare the outbreak a pandemic on 12 March 2020 (the "COVID-19 Pandemic"). The COVID-19 Pandemic has had and will likely continue to have an adverse effect on the Group's results of operations. Given the evolving conditions created by and in response to the COVID-19 Pandemic, measures that have been lifted may be reintroduced if there are adverse developments in the COVID-19 situation in Macau and other regions with access to Macau, the Group is currently unable to determine when COVID-19 specific protective measures and the suspension of certain offerings in effect at our Macau Operations will be lifted. Given the uncertainty around the extent and timing of the potential future spread or mitigation of the COVID-19 Pandemic and around the imposition or relaxation of protective measures, management cannot reasonably estimate the impact to the Group's future results of operations, cash flows, or financial condition.

Concession Agreement

The term of the Group's Concession Agreement with the Macau government ends on 26 June 2022. If the term of this Concession Agreement is not extended or renewed or is not replaced by a new gaming concession, all of the Group's gaming operations and related equipment in Macau will be automatically transferred to the Macau government without compensation on that date and the Group will cease to generate gaming revenues from its Macau Operations. In addition, under the indentures governing the Company's HK\$36.65 billion aggregate principal amount of WML Senior Notes and the facility agreement governing the WM Cayman II Revolver, upon the occurrence of any event after which the Group does not own or manage casino or gaming areas or operate casino games of fortune and chance in Macau in substantially the same manner and scope as of the issue date of the respective senior notes or the date of the facility agreement, for a period of 10 consecutive days or more in the case of the WML Senior Notes or a period of 30 consecutive days or more in the case of the WM Cayman II Revolver, and such event has a material adverse effect on the financial condition, business, properties or results of operations of WML and its subsidiaries, taken as a whole, holders of the WML Senior Notes can require the Company to repurchase all or any part of the WML Senior Notes at par, plus any accrued and unpaid interest (the "Special Put Option"), and any amounts owed under the WM Cayman II Revolver may become immediately due and payable (the "Property Mandatory Prepayment Event").

In January 2022, the Macau government published a draft of its proposed revisions to the gaming law which is currently under review by the Macau Legislative Assembly. On 3 March 2022, the Macau government announced its intention to extend the term of Macau's six concession and subconcession contracts until 31 December 2022 in order to ensure sufficient time to complete the amendment to the Macau gaming law and conduct a public tender for the awarding of new gaming concessions. The Macau government invited WRM to submit a formal request for an extension along with a commitment to pay the Macau government approximately MOP47.0 million (approximately HK\$45.6 million) and provided a bank guarantee to secure the fulfillment of WRM's payment obligations towards its employees should WRM be unsuccessful in tendering for a new concession contract after its concession expires. WRM submitted its request for an extension on 11 March 2022. The extension of WRM's concession is subject to approval by the Macau government. The Group is monitoring developments with respect to the Macau government's concession extension and renewal process, and at this time believes that its concession will be extended and renewed beyond 26 June 2022. The failure to extend or renew the Group's concession or obtain a new concession and the resulting ability of the WML Senior Notes holders to exercise the Special Put Option and triggering of the Property Mandatory Prepayment Event would have a material adverse effect on the Group's business, financial condition, results of operations, and cash flows.

For the year ended 31 December 2021

2.1 BASIS OF PREPARATION

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRS") as issued by the International Accounting Standards Board ("IASB"). These financial statements also comply with the accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance relating to the preparation of financial statements. They have been prepared on a historical cost basis and on a going concern basis. These financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand (HK\$'000) except when otherwise indicated.

As at 31 December 2021, the Group was in a deficiency in assets of HK\$10.02 billion, however, the Group had total cash and cash equivalents, excluding restricted cash, of HK\$11.66 billion, and had access to approximately HK\$1.66 billion of available borrowing capacity from the WM Cayman II Revolver. In addition, the Group has undertaken various cost containment initiatives to manage through the current environment. Given the Group's liquidity position as at 31 December 2021 and the steps the Group has taken as further described in note 18, the Group believes it is able to support continuing operations and respond to the COVID-19 Pandemic challenges. Moreover, the Group is monitoring developments with respect to the Macau government's concession extension and renewal process as described in note 1, and at this time believes that its concession will be extended and renewed beyond 26 June 2022.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 31 December 2021. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

The subsidiaries are fully consolidated from the date on which control is transferred to the Group, and will continue to be consolidated until the date that such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

2.1 BASIS OF PREPARATION (CONTINUED)

Basis of consolidation (continued)

On 15 May 2014, the Board of Directors approved an employee ownership scheme under which shares may be awarded to employees of the Group in accordance with the related terms and conditions. Pursuant to the rules of the employee ownership scheme, the Group has set up a Trust for the purpose of administering the employee ownership scheme and holding the awarded shares before they vest.

In August 2020, WRM set up a charitable foundation, "Wynn Care Foundation". Through Wynn Care Foundation, we continue to broaden our efforts in pursuing positive social impact and supporting charitable development within Macau and the PRC. As the Group has control over the Trust and the foundation, the Directors of the Company consider that it is appropriate to consolidate these structured entities.

All intra-group balances, equity, income, expenses and cash flows relating to transactions between group companies are eliminated in full on consolidation. Unrealized gains and losses resulting from transactions between group companies are eliminated, except where unrealized losses provide evidence of an impairment of the asset transferred.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Fair value measurement

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

Financial Statements

Notes to Financial Statements

For the year ended 31 December 2021

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Fair value measurement (continued)

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data is available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 — based on quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 — based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly

Level 3 — based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognized in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

Goodwill

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognized for non-controlling interests and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets of the subsidiary acquired, the difference is, after reassessment, recognized in the consolidated statement of profit or loss and other comprehensive income as a gain on bargain purchase.

Goodwill arising on acquisition is recognized in the consolidated statement of financial position as an asset, initially measured at cost and subsequently at cost less any accumulated impairment losses.

Financial Statements

Notes to Financial Statements

For the year ended 31 December 2021

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Goodwill (continued)

Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill as at 31 December. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each cash-generating unit ("CGU") of the Group, or groups of CGUs, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Impairment is determined by assessing the recoverable amount of the CGU or the group of CGUs to which the goodwill relates. Where the recoverable amount of the CGU or the group of CGUs is less than the carrying amount, an impairment loss is recognized. An impairment loss recognized for goodwill is not reversed in a subsequent period.

Where goodwill has been allocated to a CGU or a group of CGUs and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on disposal of the operation. Goodwill disposed of in this circumstance is measured based on the relative values of the operation disposed of and the portion of the CGU retained.

Foreign currencies

The consolidated financial statements are presented in Hong Kong dollars, which is the Company's functional and presentation currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognized in the consolidated statement of profit or loss and other comprehensive income. Non-monetary items that are measured in terms of historical cost in foreign currencies are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in foreign currencies are translated using the exchange rates at the dates when the fair values were measured. The gain or loss arising on translation of a non-monetary item is treated in line with the recognition of the gain or loss on change in fair value of the item.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Foreign currencies (continued)

In determining the exchange rate on initial recognition of the related asset, expense or income on the derecognition of a non-monetary asset or non-monetary liability relating to an advance consideration, the date of initial transaction is the date on which the Group initially recognizes the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Group determines the transaction date for each payment or receipt of the advance consideration.

The functional currencies of subsidiaries are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into Hong Kong dollars at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss are translated into Hong Kong dollars at the weighted average exchange rates for the year. The resulting exchange differences are recognized in other comprehensive income and accumulated in the currency translation reserve.

Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

- (b) the party is an entity where any of the following conditions applies: (continued)
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

Property and equipment and construction in progress

Property and equipment, other than construction in progress, are stated at cost, net of accumulated depreciation and accumulated impairment losses, if any. The cost of an item of property and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use. Expenditures incurred after items of property and equipment have been put into operation, such as repair and maintenance costs, are recognized in the consolidated statement of profit or loss and other comprehensive income in the period in which they are incurred. When significant parts of property and equipment are required to be replaced at intervals, the Group recognizes such parts as individual assets with specific useful lives and depreciates them accordingly. Likewise, when a major inspection is performed, its cost is recognized in the carrying amount of the property and equipment as a replacement if the recognition criteria are satisfied. The present value of the expected cost for the decommissioning of an asset after its use is included in the cost of the asset if the recognition criteria for a provision are met.

Financial Statements

Notes to Financial Statements

For the year ended 31 December 2021

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Property and equipment and construction in progress (continued)

Depreciation is calculated on the straight-line basis to write off the cost of each item of property and equipment to its residual value over its estimated useful life. The estimated useful lives used are as follows:

Buildings and improvements	10 to 45 years
Furniture, fixtures and equipment	3 to 5 years
Leasehold improvements (shorter of remaining lease period and estimated useful life)	1 to 5 years

An item of property and equipment is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of an asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit or loss and other comprehensive income when the asset is derecognized.

Residual values, useful lives and methods of depreciation are reviewed at least at each financial year end and adjusted prospectively, if appropriate.

Construction in progress represents assets under development or construction, which are stated at cost less any impairment losses, and are not depreciated. Cost comprises the direct costs of construction and capitalized borrowing costs on related borrowed funds during the period of construction.

Construction in progress is reclassified to the appropriate category of property and equipment when completed and ready for use.

Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use are capitalized as part of the cost of the respective assets. The capitalization of such borrowing costs ceases when the assets are substantially ready for their intended use. Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs capitalized. All other borrowing costs are expensed in the period in which they are incurred. Borrowing costs consist of interest and other costs that an entity incurs in connection with the borrowing of funds.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any such indication exists, or when annual impairment testing for an asset is required, the Group estimates the asset's recoverable amount. An asset's recoverable amount is the higher of an asset's or a CGU's fair value less costs of disposal and its value-in-use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. When the carrying amount of an asset or a CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value-in-use, the estimated future cash flows are discounted to their present value using pre-tax discount rates that reflect current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account, if available. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Group bases its impairment calculations on detailed budgets and forecast calculations, which are prepared separately for each of the Group's CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long-term growth rate is calculated and applied to projected future cash flows after the fifth year.

Impairment losses are recognized in the consolidated statement of profit or loss and other comprehensive income in those expense categories consistent with the function of the impaired assets.

For assets excluding goodwill, an assessment is made at each reporting date as to whether there is any indication that previously recognized impairment losses may no longer exist or may have decreased. If such an indication exists, the Group estimates the asset's or CGU's recoverable amount. A previously recognized impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognized. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment losses been recognized for the asset in prior years. Such reversal is recognized in the consolidated statement of profit or loss and other comprehensive income unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Investments and other financial assets

Initial recognition and measurement

Financial assets are classified, at initial recognition, as subsequently measured at amortized cost, fair value through other comprehensive income ("OCI") and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component, the Group initially measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs.

The Group determines the classification of its financial assets on initial recognition and, it shall reclassify the affected financial assets when, only when the Group changes its business model for managing financial assets.

All regular way purchases and sales of financial assets are recognized on the trade date, which is the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Subsequent measurement of financial assets at amortized cost

The Group measures financial assets at amortized cost if both of the following conditions are met:

- i. The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows, and
- ii. The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

The Group's financial assets consist of trade and other receivables, deposits, amounts due from related companies, cash and cash equivalents and restricted cash and cash equivalents that are subsequently measured at amortized cost using the effective interest rate ("EIR") method less any allowances for impairments. Gains and losses are recognized in the consolidated statement of profit or loss and other comprehensive income when the financial assets at amortized cost are derecognized, modified or impaired, as well as through the amortization process.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Impairment of financial assets

Financial assets at amortized cost

The Group recognizes an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original EIR. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms. The carrying amount of the asset is reduced through use of an allowance account and the loss is recognized in the consolidated statement of profit or loss and other comprehensive income.

ECLs are recognized in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12 months. For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default.

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognizes a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience from customers, adjusted for forward-looking factors specific to the debtors and the economic environment.

In certain cases, the Group may also consider a financial asset to be in default and a provision for impairment is made when there is objective evidence (such as the probability of insolvency or significant financial difficulties of the debtor) that the Group will not be able to collect all of the amounts due under the original terms of the transaction. Impaired debts are written off when they are assessed as uncollectible.

Inventories

Inventories are valued at the lower of cost and net realizable value. Cost is determined on the first-in, first-out, weighted average or specific identification methods as appropriate. Net realizable value is based on estimated selling prices less estimated costs to be incurred on completion and disposal.

Cash and cash equivalents

Cash and cash equivalents in the consolidated statement of financial position and the consolidated statement of cash flows comprise cash at banks and on hand and short term deposits with an original maturity of generally three months or less, which are subject to an insignificant risk of changes in value and are not restricted as to use.

Financial liabilities at amortized cost

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

The Group's financial liabilities include accounts payable, other payables, amounts due to related companies, lease liabilities, interest-bearing borrowings, construction payables, construction retentions payable and other current and long-term liabilities, which are subsequently measured at amortized cost, using the EIR method unless the effect of discounting would be immaterial, in which case they are stated at cost.

All financial liabilities are recognized initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

Interest-bearing borrowings

After initial recognition, interest-bearing borrowings are subsequently measured at amortized cost, using the EIR method. Gains and losses are recognized in the consolidated statement of profit or loss and other comprehensive income when the liabilities are derecognized as well as through the EIR amortization process.

Amortized cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortization is included in finance costs in the consolidated statement of profit or loss and other comprehensive income.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Derecognition of financial assets and liabilities

Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognized (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay cash flow receipts in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risks and rewards of ownership of the asset. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognize the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognizes an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

Financial liabilities

A financial liability is derecognized when the obligation under the liability is discharged or cancelled, or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability, and the difference in the respective carrying amounts is recognized in the consolidated statement of profit or loss and other comprehensive income.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognized amounts and there is an intention to settle on a net basis, or to realize the assets and settle the liabilities simultaneously.

Provisions

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation. When the Group expects some or all of a provision to be reimbursed, for example, under an insurance contract, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. The expense relating to any provision is presented in the consolidated statement of profit or loss and other comprehensive income net of any reimbursement. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. Where discounting is used, the increase in the provision due to the passage of time is recognized as a finance cost in the consolidated statement of profit or loss and other comprehensive income.

Pensions and other post-employment benefits

The Group operates a defined contribution retirement benefit scheme (the "Retirement Benefit Scheme"). The Retirement Benefit Scheme allows eligible employees to contribute 5% of their base salary to the Retirement Benefit Scheme and the Group matches the contributions with an equal amount. The Group's matching contributions vest to the employees at 10% per year with full vesting in ten years. On 1 July 2019, the Group offered the option for the eligible Macau resident employees to join the non-mandatory central provident fund (the "CPF") system. Eligible Macau resident employees joining the Group from 1 July 2019 onwards have the option of enrolling in the CPF system while the Group's existing Macau resident employees who are currently members of the Retirement Benefit Scheme will be provided with the option of joining the CPF system or staying within the existing Retirement Benefit Scheme, which will continue to be in effect in parallel. The CPF system allows eligible employees to contribute 5% or more of their base salary to the CPF while the Group matches with a 5% of such salary as employer's contribution to the CPF. Same as the Retirement Benefit Scheme, the Group's matching contributions under the CPF system vest at 10% per year with full vesting in ten years. The assets of both Retirement Benefit Scheme and the CPF are held separately from those of the Group in independently administered funds, and overseen by the Macau government. Forfeitures of unvested contributions are used to reduce the Group's liability for its contributions payable. The contributions are charged to the consolidated statement of profit or loss and other comprehensive income as they become payable in accordance with the rules of the Retirement Benefit Scheme and the CPF.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Share-based payments

Employees (including senior executives and directors) of the Group receive remuneration in the form of share-based payments; whereby, employees render services as consideration for equity instruments in the form of common shares or options to purchase common shares of the ultimate parent company, Wynn Resorts, and beginning in September 2009, the Company.

In situations where equity instruments are issued and some or all of the goods or services received by the entity as consideration cannot be specifically identified, they are measured as the difference between the fair value of the share-based payment transactions and the fair value of any identifiable goods or services received at the grant date. This is then capitalized or expensed as appropriate.

Equity-settled transactions

The cost of equity-settled transactions with employees, for awards granted after 7 November 2002, is measured by reference to the fair value at the date on which they are granted. The fair value is determined by using an appropriate pricing model, further details of which are given in note 22.

The cost of equity-settled transactions is recognized in employee benefit expense, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled, ending on the date on which the relevant employees become fully entitled to the award (the "vesting date"). The cumulative expense recognized for equity-settled transactions at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the consolidated statement of profit or loss and other comprehensive income for a period represents the movement in cumulative expense recognized as at the beginning and end of that period and is recognized in staff costs.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Share-based payments (continued)

Equity-settled transactions (continued)

For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognized. When awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum, an expense is recognized as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognized for any modification that increases the total fair value of the share-based payment or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognized for the award is recognized immediately. This includes any award where non-vesting conditions within the control of either the entity or the employee are not met. However, if a new award is substituted for the cancelled award, and designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph. All cancellations of equity-settled awards are treated equally.

The dilutive effect of outstanding options and non-vested shares are reflected as additional share dilution in the computation of diluted earnings per share.

As disclosed in note 20 to the financial statements, the Group has set up the Trust for the employee ownership scheme, where the Trust purchases Shares issued by the Group and the consideration paid by the Company, including any directly attributable incremental costs, is presented as "Shares held for employee ownership scheme" and deducted from the Group's equity.

Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases (continued)

Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group has elected to combine lease and associated non-lease components as a single lease component in its determination of lease payments, except for certain asset classes that have a significant non-lease component. The Group recognizes lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

a) Right-of-use assets

The Group recognizes right-of-use assets at the commencement date of the lease (i.e., the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognized, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets.

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

The right-of-use assets are also subject to impairment. Refer to the Group's accounting policy for impairment of non-financial assets in this section.

b) Lease liabilities

At the commencement date of the lease, the Group recognizes lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, variable lease payments that depend on an index or a rate, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate. Variable lease payments that do not depend on an index or a rate are recognized as expenses in the period in which the event or condition that triggers the payment occurs.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Leases (continued)

Group as a lessee (continued)

b) Lease liabilities (continued)

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

c) Short-term leases and leases of low-value assets

The Group applies the short-term lease recognition exemption to its short-term leases (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of assets that are considered to be low value. Lease payments on short-term leases and leases of low-value assets are recognized as expenses on a straight-line basis over the lease term.

Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in revenue in the consolidated statement of profit or loss and other comprehensive income due to its operating nature. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the leased asset and recognized over the lease term on the same basis as rental income. Contingent rents are recognized as revenue in the period in which they are earned.

Revenue recognition

Revenue from contracts with customers

The Group's revenue from contracts with customers consist of casino wagers; providing services of rooms, food and beverage; and sales of retail and other goods.

2.2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue recognition (continued)

Revenue from contracts with customers (continued)

Gross casino revenues are measured by the aggregate net difference between gaming wins and losses. The Group applies a practical expedient by accounting for its casino wagering transactions on a portfolio basis versus an individual basis as all wagers have similar characteristics. Commissions rebated to customers either directly or indirectly through gaming promoters and other cash incentives earned by customers are recorded as a reduction of casino revenues. In addition to the wager, casino transactions typically include performance obligations related to complimentary goods or services provided to incentivize future gaming or in exchange for points earned under the Group's loyalty programs.

For casino transactions that include complimentary goods or services provided by the Group to incentivize future gaming, the Group allocates the standalone selling price of each good or service to the appropriate revenue type based on the good or service provided. Costs of complimentary goods or services that are provided under the Group's control and discretion and supplied by third parties are recorded as other operating expenses.

Under the Group's loyalty program, customers earn points based on their level of table games and slots play, which can be redeemed for free play, gifts and complimentary goods or services provided by the Group. For casino transactions that include points earned under the Group's loyalty programs, the Group defers a portion of the revenue by recording the estimated standalone selling price of the earned points that are expected to be redeemed as a liability. Upon redemption of the points for Group-owned goods or services, the standalone selling price of each good or service is allocated to the appropriate revenue type based on the good or service provided. Upon the redemption of the points with third parties, the redemption amount is deducted from the liability and paid directly to the third party.

After allocating amounts to the complimentary goods or services provided and to the points earned under the Group's loyalty programs, the residual amount is recorded as casino revenue.

The transaction price for rooms, food and beverage, retail and other transactions is based on the net amounts collected from other customers for similar goods and services provided and is recorded as revenue when the goods are provided or services are performed. Advance deposits on rooms are performance obligations that are recorded as customer deposits until services are provided to the customer. Revenues from contracts with multiple goods or services are allocated to each good or service based on its relative standalone selling price.

Revenue recognition (continued)

Revenue from other sources

Retail and other revenue primarily includes rental income. The Group's accounting policy for recognition of revenue from operating leases is described in the accounting policy for leases within note 2.2.

Finance revenue is accrued on a time-proportion basis by reference to the principal outstanding and at the applicable interest rates.

Taxes

Current income tax

Current income tax assets and liabilities are measured at the amounts expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amounts are those that are enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred income tax

Deferred income tax is provided using the liability method on temporary differences at the end of the reporting period between the tax basis of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred income tax liabilities are recognized for all taxable temporary differences, except:

- when the deferred income tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
 - in respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

Taxes (continued)

Deferred income tax (continued)

Deferred income tax assets are recognized for all deductible temporary differences, and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are only recognized to the extent that it is probable that taxable profits will be available against which the deductible temporary differences, and the carryforward of unused tax credits and unused tax losses can be utilized, except:

- when the deferred income tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, deferred income tax assets are recognized only to the extent it is probable the temporary differences will reverse in the foreseeable future and taxable profits will be available against which the temporary differences can be utilized.

The carrying amount of deferred income tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the deferred income tax asset to be utilized. Unrecognized deferred income tax assets are reassessed at the end of each reporting period and are recognized to the extent it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred income tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realized or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the end of the reporting period. Deferred income tax assets and deferred income tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current income tax liabilities and the deferred income taxes relate to the same taxable entity and the same taxation authority.

Gaming taxes and premiums

According to the Concession Agreement granted by the Macau government and the relevant legislation, the Group is required to pay a 35% gaming tax on gross gaming win. The Group is also required to pay an additional 4% of gross gaming win as public development and social related contributions. The Group also makes certain variable and fixed payments to the Macau government based on the number of slot machines and table games in operation on a monthly and yearly basis, respectively. These expenses are reported as "gaming taxes and premiums" in the consolidated statement of profit or loss and other comprehensive income.

Fine art

The Group's fine art is stated at cost less any impairment losses. Any fine art impairment is assessed based on the CGU to which it belongs. No impairment has been recognized for the years ended 31 December 2021 and 2020.

Fine art is derecognized upon disposal. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the consolidated statement of profit or loss and other comprehensive income when the asset is derecognized.

Dividends

Dividends are recognized as a liability when they are approved by the shareholders in a general meeting.

Interim/special dividends are simultaneously proposed and declared because the Company's memorandum and articles of association grant the Directors the authority to declare interim/special dividends. Consequently, interim/special dividends are recognized immediately as a liability when they are proposed and declared.

Statutory reserve

In accordance with the provisions of the Macau Commercial Code, WRM and Palo incorporated in Macau are required to transfer a minimum of 10% of their annual net profit to a legal reserve until that reserve equals 25% of their issued capital. This reserve is not distributable to shareholders.

2.3 IMPACT OF REVISED IFRSs

The Group has adopted the following revised standards for the first-time for the current year's financial statements:

Amendments to IFRS 9, IAS 39, IFRS 7, IFRS 4 and IFRS 16	<i>Interest Rate Benchmark Reform — Phase 2</i>
Amendments to IFRS 16	<i>Covid-19-Related Rent Concessions</i>

The adoption of these revised standards did not have a material impact on the consolidated financial statements of the Group.

Amendments to IFRS 16	<i>Covid-19-Related Rent Concessions beyond 30 June 2021¹</i>
Amendments to IFRS 1 and IAS 12	<i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction³</i>
Amendments to IAS 1	<i>Classification of Liabilities as Current or Non-current³</i>
Amendments to IAS 1	<i>Disclosure of Accounting Policies³</i>
Amendments to IAS 8	<i>Definition of Accounting Estimates³</i>
Amendments to IAS 16	<i>Property, Plant and Equipment: Proceeds before Intended Use²</i>
Amendments to IAS 37	<i>Onerous Contracts — Cost of Fulfilling a Contract²</i>
Annual Improvements to IFRS Standards 2018–2020 Cycle	<i>Amendments to IFRS 1, IFRS 9, IFRS 16 and IAS 41²</i>

1 Effective for annual periods beginning on or after 1 April 2021

2 Effective for annual periods beginning on or after 1 January 2022

3 Effective for annual periods beginning on or after 1 January 2023

The revised standards are not expected to have a significant impact on the Group's consolidated financial statements.

2.5 SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES

The preparation of the Group's consolidated financial statements requires management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates may result in outcomes that may require a material adjustment to the carrying amount of the asset or liability affected in the future. Key sources of estimation uncertainty and critical judgments in applying the Group's accounting policies, which have a significant effect on the consolidated financial statements are set out below.

Financial Statements

Notes to Financial Statements

2.5 SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES (CONTINUED)

Useful lives of property and equipment

The useful lives of assets are based on management's estimations. Management considers the impact of changes in technology, customer service requirements, availability of capital funding and the required return on assets and equity to determine the optimum useful life expectation for each of the individual categories of property and equipment. The estimations of residual values of assets are also based on management's judgments as to whether the assets will be sold or used to the end of their useful lives and what their condition will be like at that time. Depreciation is calculated on the straight-line basis to write off the cost of each item of property and equipment to its residual value over its estimated useful life. Management's periodic reviews on the estimations made could result in changes in depreciable lives and, therefore, depreciation expense in future periods.

Impairment of non-financial assets

Management is required to make judgments concerning the cause, timing and amount of impairments. In the identification of impairment indicators, management considers the impact of changes in current competitive conditions, cost of capital, availability of funding, technological obsolescence, discontinuance of services and other circumstances that could indicate that an impairment exists. The Group applies the impairment assessments to its separate CGUs. This requires management to make significant judgments concerning the existence of impairment indicators, identification of separate CGUs' remaining useful lives of assets and estimates of projected cash flows and fair values less costs of disposal. For non-financial assets other than goodwill, management's judgments are also required when assessing whether a previously recognized impairment loss should be reversed. Where impairment indicators exist, the determination of the recoverable amount of a CGU requires management to make assumptions to determine the fair value less costs of disposal and value-in-use. In addition, for goodwill, the recoverable amount is estimated annually whether or not there is any indication of impairment.

Key assumptions on which management has based its determinations of fair values less costs of disposal include the existence of binding sale agreements, and for the determination of values in use include projected revenues, gross margins, and average revenue per asset component, capital expenditures, expected customer base and market share. Management is also required to choose suitable discount rates in order to calculate the present values of those cash flows. Changes in key assumptions on which the recoverable amounts of assets are based could significantly affect the Group's financial condition and results of operations.

Provision for ECLs of trade receivables

The Group uses a provision matrix to calculate ECLs for trade receivables. The provision rates are based on days outstanding for groupings of customers that have shared credit risk characteristics.

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust the historical credit loss experience with known customer information and forward-looking information. For instance, if forecast economic conditions are expected to deteriorate over the next year which can lead to an increased number of defaults in the gaming sector, the historical default rates are adjusted. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analyzed.

The assessment of the correlation between historical observed default rates, forecast economic conditions and ECLs is a significant estimate. The amount of ECLs is sensitive to changes in circumstances and forecast economic conditions. The Group's historical credit loss experience and forecast of economic conditions may also not be representative of customer's actual default in the future. The information about the ECLs on the Group's trade receivables is disclosed in note 13.

Determining the lease term of contracts with renewal and termination options — Group as a lessee

The Group determines the lease term as the non-cancellable term of the lease, together with any periods covered by an option to extend the lease if it is reasonably certain to be exercised, or any periods covered by an option to terminate the lease, if it is reasonably certain not to be exercised. The Group has several lease contracts that include extension and termination options. The Group applies judgement in evaluating whether it is reasonably certain whether or not to exercise the option to renew or terminate the lease. That is, it considers all relevant factors that create an economic incentive for it to exercise either the renewal or termination. After the commencement date, the Group reassesses the lease term if there is a significant event or change in circumstances that is within its control and affects its ability to exercise or not to exercise the option to renew or to terminate. Furthermore, the periods covered by termination options are included as part of the lease term only when they are reasonably certain not to be exercised.

Leases — Estimating the incremental borrowing rate

The interest rate implicit in the lease is not readily determinable, therefore, the Group uses its incremental borrowing rate ("IBR") to measure lease liabilities. The IBR is the rate of interest that the Group would have to pay to borrow over a similar term, and with a similar security, the funds necessary to obtain an asset of a similar value to the right-of-use asset in a similar economic environment. The IBR therefore reflects what the Group 'would have to pay', which requires estimation when no observable rates are available or when they need to be adjusted to reflect the terms and conditions of the lease. The Group estimates the IBR using observable inputs when available and is required to make certain entity-specific estimates.

2.5 SIGNIFICANT ACCOUNTING JUDGMENTS AND ESTIMATES (CONTINUED)

Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-makers, who are responsible for allocating resources and assessing performance of the operating segments and making strategic decisions. For management purposes, during the year ended 31 December 2021, the Group reviewed Wynn Palace and Wynn Macau as two reportable segments.

Fair value estimation — Black-Scholes pricing model

The Group uses the Black-Scholes pricing model to value Wynn Resorts, Limited's and Wynn Macau, Limited's grants of options. The Black-Scholes pricing model uses assumptions of expected volatility, risk-free interest rates, the expected terms of options granted, and expected rates of dividends. Changes in these assumptions could materially affect the estimated fair values. Expected volatility is based on implied and historical factors related to Wynn Resorts, Limited's and Wynn Macau, Limited's common stock. Expected term represents the weighted average time between the option's grant date and its exercise date. The risk-free interest rate used is equal to the U.S. Treasury yield curve and the Hong Kong Exchange Fund Bills for the WRL Omnibus Plan and Wynn Macau, Limited's share option schemes, respectively, at the time of grant for the period equal to the expected term.

Income taxes

Income taxes represent the sum of income taxes currently payable and any deferred taxes. The calculation of deferred income taxes and any associated tax reserve is subject to a significant amount of judgment. The Group's income tax returns may be examined by governmental authorities. Accordingly, the Group reviews any potentially unfavorable tax outcome and, when an unfavorable outcome is identified as probable and can be reasonably estimated, a tax reserve is established.

4. INCOME TAX EXPENSE (CONTINUED)

The Group incurred Macau tax losses of approximately HK\$1.85 billion, HK\$2.38 billion and HK\$1.83 billion during the tax years ended 31 December 2021, 2020 and 2019, respectively. These tax losses will expire in 2024, 2023 and 2022, respectively. As at 31 December 2021, the Group's deferred tax assets relating to the pre-opening costs and other, University of Macau Development Foundation contribution, share-based payment plan, executive compensation, fixed assets, tax loss carryforwards and others amounting to HK\$1.30 billion (2020: HK\$1.35 billion) were not recognized as the Group determined it was not probable that future taxable profits will be available against which the deferred tax assets could be utilized.

On 15 October 2015, WRM received a 5-year exemption from Macau's 12% Complementary Tax on casino gaming profits (the "Tax Holiday") effective through 31 December 2020. In April 2020, WRM received an extension of the exemption through 26 June 2022, the date on which the Concession Agreement expires. For the year ended 31 December 2021, the Group did not have any casino gaming profits which would otherwise have been exempted from the Macau's 12% Complementary Tax (2020: nil). The Group's non-gaming profits remain subject to the Macau's 12% Complementary Tax and its casino winnings remain subject to the Macau special gaming tax and other levies in accordance with its Concession Agreement.

In August 2016, WRM renewed the WRM Shareholder Dividend Tax Agreement with the Macau Special Administrative Region that provided for annual payments of MOP12.8 million (approximately HK\$12.4 million) to the Macau Special Administrative Region in lieu of Complementary Tax on dividend distributions to its shareholders from gaming profits for each of the years 2016 through 2020. In March 2021, an extension was granted with a payment of MOP12.8 million (approximately HK\$12.4 million) for year 2021 and MOP6.3 million (approximately HK\$6.1 million) for the period ending 26 June 2022, the date on which the Concession Agreement expires.

The Group is exempted from income tax in the Isle of Man and the Cayman Islands. The Group's subsidiaries file income tax returns in Macau and various foreign jurisdictions as required by law. The Group's income tax returns are subject to examination by tax authorities in the locations where it operates. The Group's 2017 to 2020 Macau Complementary Tax returns remain subject to examination by the Financial Services Bureau of the Macau Special Administrative Region (the "Financial Services Bureau"). In January 2020, the Financial Services Bureau commenced examination of Palo's 2015 and 2016 Macau Complementary Tax returns. In July 2020, the Financial Services Bureau issued final tax assessments for Palo for the years 2015 and 2016 and the examination resulted in no change to the tax returns. In July 2020, the Financial Services Bureau issued final tax assessments for WRM for the years 2015 and 2016, while no additional tax was due, adjustments were made to WRM's tax loss carryforwards. In March 2021, Palo received final tax assessments from the Financial Services Bureau for the years 2017 and 2018 and there is no change to the tax returns. In January 2022, the Financial Services Bureau issued final tax assessments for WRM for the years 2017 and 2018, while no additional tax was due, adjustments were made to WRM's tax loss carryforwards. In March 2022, the Financial Services Bureau commenced examination of Palo's 2019 and 2020 Macau Complementary Tax returns.

4. INCOME TAX EXPENSE (CONTINUED)

Quarterly, the Group undertakes reviews for any potentially unfavorable tax outcomes and when an unfavorable outcome is identified as being probable and can be reasonably estimated, the Group then establishes a tax reserve for such possible unfavorable outcome. Estimating potential tax outcomes for any uncertain tax issues is highly judgmental and may not be indicative of the ultimate settlement with the tax authorities.

The Group considered whether it has any uncertain tax positions and concluded that it is not probable that the tax authorities will accept certain tax positions taken by the Group. As at 31 December 2021, the Group had unrecognized tax losses of HK\$6.06 billion (2020: HK\$6.88 billion) and the Group believes that these unrecognized tax losses are adequate to offset any adjustments that might be proposed by the Macau tax authority. The Group believes that it has adequately provided reasonable reserves for prudent and foreseeable outcomes related to uncertain tax matters.

5. DIVIDEND

No dividend was declared for the year ended 31 December 2021 (2020: nil).

6. LOSS PER SHARE ATTRIBUTABLE TO OWNERS OF THE COMPANY

The calculation of basic loss per Share for the year ended 31 December 2021 is based on the consolidated net loss attributable to owners of the Company and on the weighted average number of Shares in issue of 5,191,307,258 during the year (2020: 5,185,949,947), excluding Shares issued, purchased and reserved for the Company's employee ownership scheme. No Shares (2020: nil) were purchased and reserved and 8,943,000 Shares (2020: 180,000) were issued and reserved for the Company's employee ownership scheme during the year. 4,934,549 of awarded non-vested shares vested under the Company's employee ownership scheme during the year. The Company also awarded 1,115,309 immediate vested Shares during the year.

No adjustment had been made to the basic loss per Share amount presented for the year ended 31 December 2021 and 2020 in respect of a dilution as the impact of the share options and vesting of awards had an anti-dilutive effect on the basic loss per Share amount presented.

7. SEGMENT INFORMATION

The Group's principal operating activities occur in Macau, which is the sole geographic area in which the Group is domiciled. The Group reviews the results of operations for each of its operating segments. Wynn Palace, which opened on 22 August 2016, is managed as an operating segment and a reportable segment. Wynn Macau and Encore at Wynn Macau are managed as a single integrated resort and are aggregated as one operating segment, which is also a reportable segment ("Wynn Macau"). The Group identifies each integrated resort as a reportable segment considering operations within each integrated resort have similar economic characteristics, type of customers, types of services and products, the regulatory environment of the operations and the Group's organizational and management reporting structure. Other Macau primarily represents cash and cash equivalents held by the Company.

9. RIGHT-OF-USE ASSETS

(a) Lessee arrangements

The Group has entered into leases primarily for warehouse facilities, certain office equipment, shuttle buses for guests and an apartment unit for an executive in Macau. These leases typically contain renewal or continuation clauses.

In addition to the leases described above, the Group has the leasing rights for approximately 51 acres of the Cotai Land where Wynn Palace is located and approximately 16 acres of land on the Macau peninsula where Wynn Macau is located. Both pieces of leased land are under land concession contracts each with terms of 25 years from May 2012 and August 2004, respectively. Land concessions in Macau are generally renewable for additional periods, subject to applicable legislation.

Set out below are the carrying amounts of right-of-use assets recognized and the movements during the year:

(b) Lessor arrangements

The Group has entered into leases for space with many high-end retailers which represent approximately 105,000 and 59,000 square feet of space at Wynn Palace and Wynn Macau, respectively. The lease arrangements generally include minimum base rent and contingent rental clauses based on a percentage of net sales. Generally, the terms of the leases range between three and five years. The Group records revenue on a straight-line basis over the term of the lease, and recognizes revenue for contingent rentals when the contingency has been resolved.

The following table sets out the minimum and contingent rental income for the year:

10. GOODWILL

In September 2004, the Group acquired all of the 17.5% indirect ownership interests in WRM held by third parties, in exchange for 1,333,333 shares of Wynn Resorts, Limited's common stock. As a result of the acquisition, WRM became an indirectly wholly-owned subsidiary of the Group.

In accordance with the Group's accounting policy for the acquisition of non-controlling interests, the assets and liabilities of WRM were not restated to reflect their fair values at the date of the acquisition. The difference between the purchase price and the non-controlling interests' share of the assets and liabilities reflected within the consolidated statement of financial position of HK\$398.3 million at the date of the acquisition was recorded as goodwill.

The recoverable amount of a CGU has been determined based on value-in-use calculations. These calculations use pre-tax cash flow projections based on financial budgets approved by management covering a five-year period. Cash flows beyond the five-year period are extrapolated using an estimated weighted average growth rate of 3% that is determined based on past performance and expectations for market development. The weighted average growth rate used is consistent with the forecasts used in the industry. The discount rate applied to the cash flow projections is 7.02% (2020: 7.29%). The discount rate used is pre-tax and reflects specific risks relating to the Group.

During the year ended 31 December 2021, there was no impairment of goodwill with indefinite useful lives (2020: nil).

WM Cayman II Revolver, unsecured

On 16 September 2021, WM Cayman II, an indirect wholly owned subsidiary of WML, as borrower and WML as guarantor, entered into a facility agreement with, among others, Bank of China Limited, Macau Branch as agent and a syndicate of lenders, pursuant to which the lenders will make available in an aggregate amount of HK\$11.70 billion equivalent revolving unsecured credit facility consisting of one tranche in an amount of US\$312.5 million (approximately HK\$2.44 billion) and one tranche in an amount of HK\$9.26 billion to WM Cayman II. WM Cayman II has the ability to upsize the total WM Cayman II Revolver by an additional HK\$7.80 billion equivalent under the facility agreement and related agreements upon the satisfaction of various conditions.

18. INTEREST-BEARING BORROWINGS (CONTINUED)

Notes (continued):

(a) **Bank loans** (continued)

WM Cayman II Revolver, unsecured (continued)

The final maturity of all outstanding loans under the WM Cayman II Revolver is 16 September 2025 (or if 16 September 2025 is not a business day, the next business day in the relevant calendar month), by which time any outstanding borrowings from the WM Cayman II Revolver must be repaid.

Each loan under the revolving facility, consisting of both United States dollar and Hong Kong dollar tranches, will bear interest at LIBOR or HIBOR, as applicable, plus a margin of 2.625% per annum until 30 June 2022, the date from which the margin will be 1.875% to 2.875% per annum based on the leverage ratio of WM Cayman II on a consolidated basis.

Borrowings of HK\$8.48 billion under the WM Cayman II Revolver, along with HK\$1.56 billion of cash, were used to facilitate the prepayment of the outstanding HK\$9.79 billion of borrowings under the Wynn Macau Credit Facilities, and to pay related fees and expenses totaling HK\$236.0 million, which was recorded as debt financing costs within the consolidated statement of financial position. The Group recognized this transaction primarily as a modification of existing debt with the related unamortized debt financing costs reallocated to the WM Cayman II Revolver. For those components of debt that were deemed extinguished, the Group recognized a loss on extinguishment of debt of HK\$6.0 million. As at 31 December 2021, the Group had approximately HK\$1.66 billion in funding available under WM Cayman II Revolver.

The facility agreement contains representations, warranties, covenants and events of default customary for similar financings, including, but not limited to, restrictions on indebtedness to be incurred by WM Cayman II or its group members and restrictions on creating security over the assets of WM Cayman II or by its group members. The facility agreement also requires WM Cayman II to maintain a certain leverage ratio and interest coverage ratio from time to time as provided under the facility agreement. The facility agreement also contains certain events of default (some of which are subject to grace and remedy periods and materiality qualifiers). It is a property mandatory prepayment event under the facility agreement if there is a loss of gaming operation or Concession Agreement by the Group. Customary fees and expenses were paid by WM Cayman II in connection with the facility agreement and related agreements. It is a mandatory prepayment event under the facility agreement if Wynn Resorts, Limited ceases to legally and beneficially own and control, directly or indirectly, more than 50% of the outstanding share capital of WM Cayman II through the Company measured by voting power.

As at 31 December 2021, there was no non-compliance with covenants contained in the WM Cayman II Revolver, and accordingly the outstanding balance was classified as non-current liabilities.

Wynn Macau Credit Facilities, secured

As at 31 December 2020, the Group's Wynn Macau Credit Facilities consisted of an approximately HK\$9.83 billion equivalent senior secured term loan facility (the "Wynn Macau Term Loan") and an approximately HK\$5.82 billion equivalent senior secured revolving credit facility. The borrower was WRM, an indirect subsidiary of the Company.

The borrowings under the Wynn Macau Credit Facilities bear interest at LIBOR or HIBOR plus a margin of 1.50% to 2.25% per annum based on WRM's leverage ratio. Customary fees and expenses were paid by WRM in connection with the Wynn Macau Credit Facilities.

During 2020, the Group prepaid HK\$7.28 billion equivalent, excluding contractual amortization payments of HK\$780.5 million equivalent, on the Wynn Macau Term Loan using the proceeds from issuances of WML senior notes and operating cash. In January 2021, the Group prepaid HK\$3.20 billion equivalent of the Wynn Macau Term Loan, and accordingly, has presented that amount as a current liability on the accompanying consolidated statement of financial position as of 31 December 2020.

As discussed above, in September 2021, the Wynn Macau Credit Facilities were prepaid in full along with related financing costs.

(b) **Senior notes**

WML Senior Notes, unsecured

On 20 September 2017, the Company completed the issuance of 4.875% senior notes due 2024 with an aggregate principal amount of US\$600.0 million (approximately HK\$4.68 billion) (the "WML 2024 Notes") and 5.500% senior notes due 2027 with an aggregate principal amount of US\$750.0 million (approximately HK\$5.85 billion) (the "WML 2027 Notes"). The Company used the net proceeds from the WML 2024 Notes and WML 2027 Notes and cash on hand to fund the cost of extinguishing the WML 2021 Notes. Interest on the WML 2024 Notes and WML 2027 Notes is payable semi-annually in arrears on 1 April and 1 October of each year, beginning on 1 April 2018. The WML 2024 Notes and WML 2027 Notes, which are listed on the Hong Kong Stock Exchange, mature on 1 October 2024 and 1 October 2027, respectively.

On 17 December 2019, the Company completed the issuance of 5.125% senior notes due 2029 with an aggregate principal amount of US\$1.00 billion (approximately HK\$7.80 billion) (the "WML 2029 Notes"). Interest on the WML 2029 Notes is payable semi-annually in arrears on 15 June and 15 December of each year, beginning on 15 June 2020. The WML 2029 Notes, which are listed on the Hong Kong Stock Exchange, mature on 15 December 2029. During 2020, the Company issued US\$1.00 billion (approximately HK\$7.80 billion) of 5.500% senior notes due 2026 (the "WML 2026 Notes") and US\$1.35 billion (approximately HK\$10.53 billion) of 5.625% senior notes due 2028 (the "WML 2028 Notes"). Interest on the WML 2026 Notes is payable semi-annually in arrears on 15 January and 15 July of each year, beginning on 15 January 2021. Interest on the WML 2028 Notes is payable semi-annually in arrears on 26 February and 26 August of each year, beginning on 26 February 2021. The WML 2026 Notes and WML 2028 Notes, which are listed on the Hong Kong Stock Exchange, mature on 15 January 2026 and 26 August 2028, respectively. Certain amounts from the net proceeds were used to facilitate repayments of the Wynn Macau Credit Facilities and the Company expects to use the remaining proceeds for general corporate purposes.

18. INTEREST-BEARING BORROWINGS (CONTINUED)

Notes (continued):

(b) **Senior notes** (continued)

WML Senior Notes, unsecured (continued)

The WML Senior Notes are WML's general unsecured obligations and rank pari passu in right of payment with all of WML's existing and future senior unsecured indebtedness, will rank senior to all of WML's future subordinated indebtedness, if any; will be effectively subordinated to all of WML's future secured indebtedness to the extent of the value of the assets securing such debt; and will be structurally subordinated to all existing and future obligations of WML's subsidiaries, including the WM Cayman II Revolver.

The WML Senior Notes indentures contain covenants limiting WML's (and certain of its subsidiaries') ability to, among other things: merge or consolidate with another company; transfer or sell all or substantially all of its properties or assets; and lease all or substantially all of its properties or assets. The WML Senior Notes indentures also contain customary events of default. In the case of an event of default arising from certain events of bankruptcy or insolvency, all WML Senior Notes then outstanding will become due and payable immediately without further action or notice.

Upon the occurrence of (1) any event after which none of the Company or any of its subsidiaries have such licenses, concessions, subconcessions or other permits or authorizations as necessary to conduct gaming activities in substantially the same manner and scope as it does on the date on which each of the WML Senior Notes are issued, for a period of ten consecutive days or more, and such event has a material adverse effect on the financial condition, business, properties, or results of operations of WML and its subsidiaries, taken as a whole, or (2) the termination, rescission, revocation or modification of any such licenses, concessions, subconcessions or other permits or authorizations which has had a material adverse effect on the financial condition, business, properties, or results of operations of the Company and its subsidiaries, taken as a whole, each holder of the WML Senior Notes will have the right to require the Company to repurchase all or any part of such holder's WML Senior Notes at a purchase price in cash equal to 100% of the principal amount thereof, plus accrued and unpaid interest.

If the Company undergoes a Change of Control (as defined in the WML Senior Notes indentures), it must offer to repurchase the WML Senior Notes at a price equal to 101% of the aggregate principal amount thereof, plus accrued and unpaid interest. Under the indentures of the WML 2024 Notes and WML 2027 Notes, the circumstances that will constitute a Change of Control include, among others, the sale, transfer, conveyance or other disposition of all or substantially all of the properties or assets of the Group to any person other than to the Company's former Chairman and Chief Executive Officer or a related party of the Company's former Chairman and Chief Executive Officer, the consummation of any transaction that results in any party other than the Company's former Chairman and Chief Executive Officer and his related parties becoming the direct or indirect owner of more than 50% of the outstanding voting stock of WRL and the first day on which a majority of the members of the Board are not continuing directors. Under the indentures of the WML 2026 Notes, WML 2028 Notes and WML 2029 Notes, respectively, the circumstances that will constitute a Change of Control include, among others, the consummation of any transaction that results in any party other than WRL or any affiliate of WRL becoming the beneficial owner, directly or indirectly, of more than 50% of the outstanding voting stock of the Company, measured by voting power rather than number of equity interests.

As at 31 December 2021, there was no non-compliance with covenants contained in the WML Senior Notes indentures, and accordingly the outstanding balance was classified as non-current liabilities.

In providing goods and services to its customers, there is often a timing difference between the Group receiving cash and the Group recording revenue for providing services or holding events. The Group's primary liabilities associated with customer contracts are customer deposits, outstanding chip liabilities, loyalty program and related liabilities and other gaming-related liabilities.

- (1) Customer deposits include casino front money deposits and advance room and other deposits. Casino front money deposits represent funds deposited by customers before gaming play occurs. Such amounts may be recognized as revenue or will be redeemed for cash in the future. The advance room and other deposits represent cash received in advance for goods and services to be provided in the future. These amounts will be recognized as revenue when the goods and services are provided. Decreases in this balance generally represent the recognition of revenue and increases in the balance represent additional deposits made by customers. The deposits are expected to be primarily recognized as revenue within one year.

- (2) Outstanding chips generally represent amounts owed to gaming promoters and customers for chips in their possession. The amounts may be recognized as revenue or will be redeemed for cash in the future. As of 31 December 2021, the Group had no agreements in place with gaming promoters.
- (3) Loyalty program and related liabilities represent the deferral of revenue until the loyalty points or other complimentaries are redeemed. The amounts are expected to be recognized as revenue within one year from being earned by customers.
- (4) Other gaming-related liabilities generally represent unpaid wagers primarily in the form of unredeemed slot tickets.

21. SHARE PREMIUM ACCOUNT AND RESERVES

The Group's share premium account mainly includes the amounts transferred from the share option reserve upon vesting of share awards under the employee ownership scheme. It also includes the difference between the nominal value of the shares of the subsidiaries acquired pursuant to the Group Reorganization prior to the Listing of the Company's Shares, over the nominal value of the Company's Shares issued in exchange with adjustments arising from the Group Reorganization.

The amount of the Group's deficit and the movements therein for the current and prior years are presented in the consolidated statement of changes in equity on page 122 of the financial statements.

In accordance with the provisions of the Macau Commercial Code, WRM and Palo incorporated in Macau are required to transfer a minimum of 10% of their annual net profit to a legal reserve until that reserve equals 25% of their issued capital. WRM and Palo met this statutory requirement and WRM continues to maintain the required reserve of HK\$48.6 million in "statutory reserve". This reserve is not distributable to the respective shareholders.

22. SHARE-BASED PAYMENT PLAN

The Company's share option schemes

The Company adopted a share option scheme on 16 September 2009 until it was terminated upon the Company's adoption of a new share option scheme on 30 May 2019 for a period of 10 years (the "WML Share Option Scheme"). The maximum number of Shares which may be issued pursuant to the WML Share Option Scheme is 519,695,860 Shares. The purpose of the share option schemes is to reward participants, which may include Directors and employees of the Group, who have contributed to the Group and to encourage them to work towards enhancing the value of the Company and its Shares for the benefit of the Company and its Shareholders as a whole. The options granted under the share option schemes do not give immediate ownership of the underlying Shares as they require payment of an exercise price which must be higher than the then prevailing market price of the Shares on the date of the options granted. Subsequent to 31 December 2021 and up to the date of approval of these financial statements, no share options were granted under the WML Share Option Scheme.

22. SHARE-BASED PAYMENT PLAN (CONTINUED)

The Company's share option schemes (continued)

The weighted average fair value of the share options granted during the year was estimated at HK\$2.06 per option (2020: HK\$4.19 per option) based on the Black-Scholes pricing model. The following table lists the assumptions used in estimating the fair values of the share options on the date of grant.

	2021	2020
Expected dividend yield	2.9%	4.7%
Expected stock price volatility	46.4%	42.6%
Risk-free interest rate	1.1%	1.0%
Expected average life of options (years)	6.5	6.5
Share price on the date of grant (HK\$ per Share)	6.36	16.76
Exercise price (HK\$ per Share)	6.92	16.76

Changes in subjective assumptions could materially affect the fair value estimate.

The Company's employee ownership scheme

On 30 June 2014, the Company approved and adopted the employee ownership scheme. The employee ownership scheme allows for the grant of Awards to eligible employees. The employee ownership scheme is administered by the Company's Board of Directors and has been mandated under the plan to allot, issue and procure the transfer of a maximum of 50,000,000 Shares. In May 2020, an ordinary resolution was passed at the Company's annual general meeting to increase the scheme limit under the employee ownership scheme from 50,000,000 Shares to 75,000,000 Shares. The Board of Directors has discretion on the vesting and service requirements, exercise price and other conditions, subject to certain limits. The fair value of the awarded non-vested Shares was calculated based on the market prices of the Company's Shares at the respective grant dates.

Gaming premium commitment

Pursuant to the Concession Agreement signed with the Macau government, the Group has committed to paying an annual premium of MOP30.0 million (approximately HK\$29.1 million) plus a variable annual premium which is equal to MOP300,000 (approximately HK\$291,000) per gaming table reserved exclusively for certain kinds of games or players, MOP150,000 (approximately HK\$146,000) per gaming table not so reserved and MOP1,000 (approximately HK\$970) per electrical or mechanical gaming machine, including slot machines, subject to an annual minimum of MOP45.0 million (approximately HK\$43.7 million).

Performance guarantee

In connection with the initial financing of the Wynn Macau project, the Group entered into a bank guarantee reimbursement agreement with Banco Nacional Ultramarino, S.A. ("BNU") to secure a guarantee currently in the amount of MOP300.0 million (approximately HK\$291.3 million) until 180 days after the end of the term of the Concession Agreement. This guarantee, which is for the benefit of the Macau government, assures certain aspects of the Group's performance under the Concession Agreement, including the payment of premiums, fines and indemnities for any material failures to perform under the terms of the Concession Agreement. The Group is obligated, upon demand by BNU, to promptly repay any claims made on the guarantee by the Macau government. The Group paid an annual fee to BNU of approximately MOP2.3 million (approximately HK\$2.2 million) for the guarantee during 2021.

Other service commitments

The Group has entered into agreements for providing shuttle-bus services for customers and for employees commuting to and from work. The Group has also entered into various agreements for operations and maintenance of hotel and other facilities for both Wynn Palace and Wynn Macau. Under these agreements, the Group was obligated to make the following future payments as at 31 December 2021 and 2020:

	As at 31 December	
	2021	2020
	HK\$	HK\$

After one year but not more than five years	314,617	261,563
	585,525	613,078

As at 31 December 2021, the Group was committed to purchases of operating supplies totaling HK\$99.8 million (2020: HK\$80.2 million).

As at 31 December 2021, in addition to the MOP300.0 million (approximately HK\$291.3 million) bank guarantee issued for the Concession Agreement as described above, banks granted guarantees to the Group for other purposes totaling HK\$39.9 million (2020: HK\$39.9 million).

Employment agreements

The Group has entered into employment agreements with several executive officers, other members of management and certain key employees. These agreements generally have three-year terms and typically indicate a base salary and often contain provisions for a discretionary bonus. Certain executives are also entitled to a separation payment if terminated without "cause" or upon voluntary termination of employment for "good reason" following a "change of control" (as these terms are defined in the employment contracts).

Litigation

The Group did not have any material litigation outstanding as at 31 December 2021. The litigation matter set out below is disclosed on a voluntary basis and, as with all litigations, no assurances can be provided as to the outcome thereof.

Macau litigation related to Dore

WRM has been named as a defendant in lawsuits filed in the Macau Court of First Instance by individuals who claim to be investors in or persons with credit in accounts maintained by Dore Entertainment Company Limited ("Dore"), an independent, Macau registered and licensed company that operated a gaming promoter business at Wynn Macau. In connection with the alleged theft, embezzlement, fraud and/or other crime(s) perpetrated by a former employee of Dore (the "Dore Incident"), the plaintiffs of the lawsuits allege that Dore failed to honor withdrawal of funds deposited with Dore as investments or gaming deposits that allegedly resulted in certain losses for these individuals. The principal allegations common to the lawsuits are that WRM, as a gaming concessionaire, should be held responsible for Dore's conduct on the basis that WRM is responsible for the supervision of Dore's activities at Wynn Macau that resulted in the purported losses.

On 19 November 2021, the Macau Court of Final Appeal issued a final ruling (the "Ruling") with respect to one such lawsuit that WRM was held jointly liable to a plaintiff. Pursuant to the Ruling, WRM was required to pay approximately HK\$9.3 million, inclusive of accumulated interest, to such plaintiff.

We believe most remaining cases are without merit and unfounded and intend to vigorously defend against the remaining claims pleaded against us in these lawsuits. The Group has made estimates for potential litigation costs based upon its assessment of the likely outcome and has recorded provisions for such amounts in the accompanying consolidated financial statements for the year ended 31 December 2021. No assurances can be provided as to the outcome of the pending Dore cases and actual results may differ from these estimates.

Notes (continued):

(iii) **International marketing expenses**

These administrative, promotional and marketing services are provided through branch offices located in various cities around the world under the direction and supervision provided by WIML. For the services provided under this arrangement, WIML charges a service fee equal to the total costs it incurs in rendering the services plus 5%.

(iv) **Staff secondment payroll charges**

Worldwide Wynn, a subsidiary of Wynn Resorts, is responsible for supplying management personnel to WRM for pre-determined lengths of time through secondment arrangements. Worldwide Wynn is compensated for these services of the seconded employees during the period of secondment to WRM with a service fee equal to its aggregate costs plus 5%.

(v) **Design/development payroll**

Wynn Design & Development provides design and development services to the Group in connection with the construction and renovation works at Wynn Palace, Wynn Macau and Encore. A service fee is charged at the costs incurred by Wynn Design & Development to the Group for the services provided.

The above transactions were carried out on terms mutually agreed between the Group and the related companies. There were no significant charges from the Group to the related companies during the years ended 31 December 2021 and 2020. In the opinion of the Directors, the related party transactions were conducted in the ordinary and usual course of the Group's business.

All such outstanding balances between the Group and the related companies are deemed to be trade in nature.

27. FAIR VALUE OF FINANCIAL INSTRUMENTS

Management has assessed that the fair values of cash and cash equivalents, restricted cash and cash equivalents, trade and other receivables, deposits, balances with related companies, accounts payable, the current portion of interest-bearing borrowings, construction payables and the current portion of financial liabilities included in other payables and accruals and other liabilities approximate to their carrying amounts largely due to the short term maturities of these instruments.

The fair values of the non-current portion of interest-bearing borrowings have been calculated by discounting the expected future cash flows using rates currently available for instruments with similar terms, credit risks and remaining maturities. The fair value of the lease liabilities is calculated by discounting the expected future cash flows using the Group's incremental borrowing rate. The non-current portion of financial liabilities included in other payables and accruals, other liabilities and construction retentions payable were not discounted as the discounting factors were considered by management to be insignificant.

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group’s principal financial liabilities comprise interest-bearing borrowings, lease liabilities, construction payables, construction retentions payable, accounts payable, amounts due to related companies, other payables and other liabilities. The main purpose of these financial liabilities is to finance the Group’s construction activities and its operations. The Group has various financial assets such as trade receivables and cash and cash equivalents, which arise directly from its operations.

The main risks arising from the Group’s financial instruments are interest rate risk, foreign currency risk, credit risk and liquidity risk. The Board of Directors reviews and agrees policies for managing each of these risks, which are summarized below.

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Interest rate risk

The Group's primary exposure is changes in market interest rates associated with its bank loans that bear interest based on variable rates. The Group attempts by managing the mix of long-term fixed rate borrowings and variable rate borrowings, supplemented by hedging activities as believed by us to be appropriate. These risk management strategies may not always have the desired effect, and interest rate fluctuations could have a negative impact on the results of operations.

As at 31 December 2021, all of the interest-bearing bank loans were variable rate borrowings based on LIBOR or HIBOR plus a margin (2020: same). Based on borrowings as at 31 December 2021, an assumed 100-basis-point change in the variable rates would cause the annual interest expenses, without adjusting for any amounts to be capitalized, to change by HK\$100.4 million (2020: HK\$129.9 million).

Foreign currency risk

The financial statements of foreign operations are translated into Hong Kong dollars, the Company's and the Group's presentation currency, for incorporation into the consolidated financial statements. Some of the Group's activities were denominated in currencies other than the functional currencies of the entities making the activities (primarily US\$). The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. However, the exchange linkages of the Hong Kong dollar and the Macau pataca, and the Hong Kong dollar and the U.S. dollar, are subject to potential changes due to, among other things, changes in governmental policies and international economic and political developments.

As at 31 December 2021 and 2020, the Group had certain assets and liabilities that were denominated in currencies (primarily US\$) other than Hong Kong dollar. Based on the financial position as at 31 December 2021, an assumed 1% increase or decrease in the value of the Hong Kong dollar against the U.S. dollar would cause the Group to recognize a gain or loss of HK\$302.1 million (2020: HK\$267.6 million).

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Credit risk

Credit risk arises from financial assets of the Group, which comprise trade and other receivables, deposits, amounts due from related companies, cash and cash equivalents and restricted cash and cash equivalents. The Group's exposure to credit risk arises from the potential default of the counterparty, with a maximum exposure equal to the carrying amounts of these instruments. Exposure at the reporting dates is outlined under each applicable note. The Group does not hold any credit derivatives or collateral to offset its credit exposure.

Financial instruments that potentially subject the Group to concentrations of credit risk consist principally of casino accounts receivable.

The Group issues credit in the form of markers to approved casino customers following investigations of creditworthiness. The Group maintains strict controls over the issuance of markers and aggressively pursues collection from those customers who fail to pay their marker balances on a timely basis. These collection efforts may include the mailing of statements and delinquency notices, personal contacts, the use of outside collection agencies, and litigation. Markers are generally legally enforceable instruments in Macau, however, markers are not legally enforceable instruments in some other countries. The collectability of markers given to foreign customers is affected by a number of factors including changes in currency exchange rates and economic conditions in the customers' home countries.

In assessing the allowance for credit losses, the Group applies a simplified approach to measure credit risk. The simplified approach requires the recognition of a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for current and forward-looking factors specific to the debtors and the economic environment.

Further quantitative data in respect of the Group's exposure to credit risk arising from trade and other receivables are disclosed in note 13 to the financial statements.

29. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONTINUED)

Liquidity risk

The Group measures and monitors its liquidity structure based on the overall assets, liabilities and debt in conjunction with its expected cash flows to ensure the capability to meet any unexpected and material cash requirements in the ordinary course of business. In addition, the Group's bank facilities' governing documents contain capital spending restrictions and other affirmative and negative covenants that require the maintenance of certain financial ratios.

As at 31 December 2021, the estimated fair value for level 2 of the Group's outstanding debt instruments was HK\$43.81 billion (2020: HK\$50.22 billion). The Group did not hold any assets or liabilities measured at fair value for levels 1 and 3 during the years 2021 and 2020. Level 1 fair values are those measured using quoted prices (unadjusted) in active markets for identical financial instruments, level 2 fair values are those measured using quoted prices in active markets for similar financial instruments, or using valuation techniques in which all significant inputs are directly or indirectly based on observable market data and level 3 fair values are those measured using valuation techniques in which any significant input is not based on observable market data.

The table below analyzes the Group's financial liabilities into relevant maturity groupings based on the remaining period to the contractual maturity date as at 31 December 2021 and 2020. The amounts disclosed are based on the contractual undiscounted cash flows of financial liabilities that include principal and interest payments. The maturities are calculated assuming the effect of interest rates with respect to variable rate financial liabilities remains constant as at the respective year ends and there are no changes in the aggregate principal amount of financial liabilities other than repayments at scheduled maturities as reflected in the table below.

Capital management

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating in order to support its business and maximize shareholders' value.

The Group manages its capital structure and makes adjustments to it as economic conditions change, i.e., interest rates and equity markets. To maintain a strong capital structure and in response to changes in economic conditions, the Group may modify debt instruments to obtain additional debt financing, and may adjust dividend payments to shareholders as conditions require.

The gearing ratio is a key indicator of the Group's capital structure. The gearing ratio is net debt divided by total capital deficiency plus net debt.
