Forward-looking Statements

This release contains forward-looking statements regarding operating trends and future results of operations. Such forward-looking statements are subject to a number of risks and uncertainties that could cause actual results to differ materially from those we express in these forward-looking statements, including, but not limited to, reductions in discretionary consumer spending, adverse macroeconomic conditions and their impact on levels of disposable consumer income and wealth, changes in interest rates, inflation, a decline in general economic activity or recession in the U.S. and/or global economies, extensive regulation of our business, pending or future legal proceedings, ability to maintain gaming licenses and concessions, dependence on key employees, general global political conditions, adverse tourism trends, travel disruptions caused by events outside of our control, dependence on a limited number of resorts, competition in the casino/hotel and resort industries, uncertainties over the development and success of new gaming and resort properties, construction and regulatory risks associated with current and future projects (including Wynn AI Marjan Island), cybersecurity risk and our leverage and ability to meet our debt service obligations. Additional information concerning potential factors that could affect the Company's financial results is included in the Company's Annual Report on Form 10-K for the year ended December 31, 2022, as supplemented by the Company's other periodic reports filed with the Securities and Exchange Commission from time to time. The Company is under no obligation to (and expressly disclaims any such obligation to) update or revise its forward-looking statements as a result of new information, future events or otherwise, except as required by law.

Non-GAAP Financial Measures

(1) "Adjusted Property EBITDAR" is net income (loss) before interest, income taxes, depreciation and amortization, pre-opening expenses, impairment of goodwill and intangible assets, property charges and other, triple-net operating lease rent expense related to Encore Boston Harbor, management and license fees, corporate expenses and other (including intercompany golf course, meeting and convention, and water rights leases), stock-based compensation, change in derivatives fair value, loss on debt financing transactions, and other non-operating income and expenses. Adjusted Property EBITDAR is presented exclusively as a supplemental disclosure because management believes that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Management uses Adjusted Property EBITDAR as a measure of the operating performance of its segments and to compare the operating performance of its properties with those of its competitors, as well as a basis for determining certain incentive compensation. We also present Adjusted Property EBITDAR because it is used by some investors to measure a company's ability to incur and service debt, make capital expenditures and meet working capital requirements. Gaming companies have historically reported EBITDAR as a supplement to GAAP. In order to view the operations of their casinos on a more stand-alone basis, gaming companies, including us, have historically excluded from their EBITDAR calculations pre-opening expenses, property charges, corporate expenses and stock-based compensation, that do not relate to the management of specific casino properties. However, Adjusted Property EBITDAR should not be considered as an alternative to operating income (loss) as an indicator of our performance, as an alternative to cash flows from operating activities as a measure of liquidity, or as an alternative to any other measure determined in accordance with GAAP. Unlike net income (loss), Adjusted Property EBITDAR does not include depreciation or interest expense and therefore does not reflect current or future capital expenditures or the cost of capital. We have significant uses of cash flows, including capital expenditures, triple-net operating lease rent expense related to Encore Boston Harbor, interest payments, debt principal repayments, income taxes and other non-recurring charges, which are not reflected in Adjusted Property EBITDAR. Also, our calculation of Adjusted Property EBITDAR may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

(2) "Adjusted net income (loss) attributable to Wynn Resorts, Limited" is net income (loss) attributable to Wynn Resorts, Limited before pre-opening expenses, impairment of goodwill and intangible assets, property charges and other, change in derivatives fair value, loss on debt financing transactions, foreign currency remeasurement and other, and nonrecurring income tax benefit from release of valuation allowance, net of noncontrolling interests and income taxes calculated using the specific tax treatment applicable to the adjustments based on their respective jurisdictions. Adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited per diluted share are presented as supplemental disclosures to financial measures in accordance with GAAP because management believes that these non-GAAP financial measures are widely used to measure the performance, and as a principal basis for valuation, of gaming companies.

These measures are used by management and/or evaluated by some investors, in addition to net income (loss) and loss per share computed in accordance with GAAP, as an additional basis for assessing period-to-period results of our business. Adjusted net income (loss) attributable to Wynn Resorts, Limited and adjusted net income (loss) attributable to Wynn Resorts, Limited per diluted share may be different from the calculation methods used by other companies and, therefore, comparability may be limited.

The Company has included schedules in the tables that accompany this release that reconcile (i) net income (loss) attributable to Wynn Resorts, Limited to adjusted net income (loss) attributable to Wynn Resorts, Limited, (ii) operating income (loss) to Adjusted Property EBITDAR, and (iii) net income (loss) attributable to Wynn Resorts, Limited to Adjusted Property EBITDAR.
